Portfolio Objective/ Strategy/ Key Features 基金目標/ 策略/ 特色

The Portfolio seeks long term growth of capital by investing in an actively managed portfolio of equity securities of issuers from markets around the world, including developed markets as well as emerging markets. In selecting securities for investment, the Investment Manager seeks to identify companies whose growth potential appears likely to outpace market expectations and focus investments on companies exposed to or poised to benefit from secular growth trends.

本基金擬透過投資於一個積極管理的環球股本證券組合（包括由成熟市場及新興市場發行人發行的證券），尋求長期資本增值。在揀選投資證券時，投資管理人尋求識別增長前景有望高於市場預期的公司，並專注投資於涉及或傾向受惠於長期增長趨勢的公司。
