## Investment Objective

The Schroder Asian Growth Fund (the "Fund") aims to achieve long term capital growth primarily through investing in securities of companies quoted on some or all of the stock markets in countries in Asia, including Australia and New Zealand but excluding Japan. The portfolio of the Fund will be broadly diversified with no specific industry or sectoral emphasis.

The net asset value ("NAV") of the Fund is likely to have high volatility due to its investment policy or portfolio management techniques. This fund may use financial derivative instruments as a part of the investment process.

The distributions are not guaranteed and might be changed at the Manager's discretion in accordance with the Trust Deed. Ordinarily, they will be reviewed annually.

In the event of the Fund's income and realised gains being less than indicated distribution amount per unit per annum, distributions will be made from capital, subject to trustee approval. Investors should be aware that the distributions may exceed the income and realised gains of the Fund at times and lead to a reduction of the amount originally invested, depending on the date of initial investment.

The CPF interest rate for the CPF-OA is based on the 12-month fixed deposit and month-end savings rates of the major local banks. Under the CPF Act, the CPF Board pays a minimum interest rate of 2.5% per annum when this interest formula yields a lower rate. The interest rate for the Special and Medisave Accounts ("SMA") is pegged to the 12-month average yield of 10-year Singapore Government Securities (10YSGS) plus 1%, or 4% whichever is the higher, adjusted quarterly. The interest rate to be credited to the Retirement Account ("RA") is the weighted average interest rate of the entire portfolio of Special Singapore Government Securities (SSGS) the RA savings are invested in which earn a fixed coupon equal to the 12-month average yield of the 10YSGS plus 1% at the point of issuance, or 4% whichever is the higher, adjusted yearly. As announced in September 2017, the Singapore government will maintain the 4% p.a. minimum rate for interest earned on all SMA and RA monies until 31 December 2018. Thereafter, interest rates on all CPF account monies will be subject to a minimum rate of 2.5% p.a.. In addition, the CPF Board will pay an extra interest rate of 1% per annum on the first S\$60,000.00 of a CPF member's combined balances, including up to S\$20,000.00 in the CPF-OA. The first S\$20,000.00 in the CPF-OA and the first S\$40,000.00 in the CPF-SA are not allowed to be invested under the CPFIS. Investors should note that the applicable interest rates for each of the CPF accounts may be varied by the CPF Board from time to time.
