## Objectives and investment strategy

The Fund aims to provide investors with regular distributions and long term growth, and invests all or substantially all of its assets in First State Asian Equity Plus Fund (the "Underlying Sub-Fund"), under the Dublin registered First State Global Umbrella Fund plc.

The Underlying Sub-Fund invests primarily (at least 70% of its net asset value) in equity securities or equity-related securities of companies that are listed, or have their registered offices in, or conduct a majority of their economic activity in the Asia Pacific region (excluding Japan). Such companies will be selected on the basis of their potential dividend growth and long term capital appreciation.

\* MSCI AC Asia Pacific ex Japan Index

The Fund may hold multiple equity securities in the same company, which have been combined to provide the Fund's total position in that company. Index weights, if any, typically include only the main domestic-listed security. The above Fund weightings may or may not include reference to multiple securities.

The fair value of China A-share securities has been recognised within First State Funds in the calculation of January's performance. However, MSCI Index monthly returns for January may not fully reflect the extent of the closure of the A-share market, hence the large discrepancy in relative performance.

\* Allocation percentage is rounded to the nearest one decimal place and the total allocation percentage may not add up to 100%.

The CPF interest rate for the Ordinary Account (OA) is based on the 12-month fixed deposit and month-end savings rates of the major local banks. Under the CPF Act, the Board pays a minimum interest of 2.5% per annum when this interest formula yields a lower rate. The government will maintain the 4% per annum minimum rate for interest earned on all Special and Medisave Accounts (SMA) and Retirement Account (RA) monies until 31 December 2020, subject to updates from the CPF board. The CPF Board will pay an extra interest rate of 1% per annum on the first S\$60,000 of a CPF member's combined balances, including up to S\$20,000 in the OA. In addition, CPF members aged 55 and above will also earn an additional 1% extra interest on the first \$30,000 of their combined balances (with up to \$20,000 from the OA). Only monies in excess of S\$20,000 in the OA and S\$40,000 in the Special Account can be invested.
