The financial statements are prepared on a going concern basis for all Funds except the PIMCO RAE PLUS US Fund, whose shares were fully redeemed during the financial period ended 30 June 2019.

The financial statements presented are unaudited condensed financial statements for the six month period ended 30 June 2019. They have been prepared in accordance with Financial Reporting Standard ("FRS") 104: "Interim Financial Reporting" as issued by the Financial Reporting Council ("FRC") and the UCITS Regulations.

The unaudited condensed financial statements should be read in conjunction with the Annual Audited Financial Statements, on which the auditors' opinion was unqualified, and which were prepared in accordance with accounting standards generally accepted in Ireland (FRS 102), Irish statute, comprising the Companies Act 2014, and the UCITS Regulations. The accounting standards generally accepted in Ireland in preparing financial statements are those issued by the FRC.

The financial statements are prepared under the historical cost convention as modified by the revaluation of financial assets and liabilities held at fair value through profit or loss.

Financial statement figures have been rounded to thousands unless otherwise indicated throughout the report.

3. INVESTMENTS AT FAIR VALUE

The Company is required to disclose the fair value hierarchy in which fair value measurements are categorised for assets and liabilities. The disclosures are based on a three-level fair value hierarchy for the inputs used in valuation techniques to measure fair value.

Fair value is defined as the amount for which an asset could be exchanged, a liability settled, or an equity instrument granted could be exchanged, between knowledgeable, willing parties in an arm's length transaction. Disclosure of a fair value hierarchy is required separately for each major category of assets and liabilities that segregates fair value measurements into levels (Levels 1, 2, and 3). The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. Levels 1, 2, and 3 of the fair value hierarchy are defined as follows:

- Level 1 — The unadjusted quoted price in an active market for identical assets or liabilities that the entity can access at the measurement date.
- Level 2 — Inputs other than quoted prices included within Level 1 that are observable (i.e. developed using market data) for the asset or liability, either directly or indirectly.
- Level 3 — Inputs are unobservable (i.e. for which market data is unavailable) for the asset or liability.

Refer to the Schedule of Investments for analysis, of each Fund's financial assets and liabilities measured at fair value as at 30 June 2019 and 31 December 2018. The methodology applied by the Funds', to classify financial assets and liabilities measured at fair value using a fair value hierarchy, is consistent with that applied in the Annual Audited Financial Statements.

4. EFFICIENT PORTFOLIO MANAGEMENT

To the extent permitted by the investment objectives and policies of the Funds and subject to the limits set down by the Central Bank from time to time and to the provisions of the Prospectus, utilisation of financial derivative instruments and investment techniques shall be employed for efficient portfolio management purposes by all the Funds. The Funds may use these financial derivative instruments and investment techniques to hedge against changes in interest rates, non-functional currency exchange rates or securities prices or as part of their overall investment strategy.

The total interest income/(expense) arising from Repurchase Agreements during the financial period ended 30 June 2019 was \$46,086,672/(\$541,444) (30 June 2018 \$17,365,610/(\$1,140,152)).

The total interest income/(expense) arising from Reverse Repurchase Agreements during the financial period ended 30 June 2019 was \$1,615,423/(\$139,516,420) (30 June 2018 \$813,165/(\$74,629,665)).

The total interest income/(expense) arising from Sale-Buyback Transactions during the financial period ended 30 June 2019 was \$100,243/(\$4,624,024) (30 June 2018 \$217,793/(\$8,686,391)).

5. DIVIDEND DISTRIBUTION POLICY

As set out in the relevant Fund Supplement, dividend distributions may be declared out of;

- (i) Net investment income which consists of interest and dividends.
- (ii) Realised profits on the disposal of investments less realised and unrealised losses (including fees and expenses). In the event that the realised profits on the disposal of investments less realised and unrealised losses are negative the Funds may still pay dividends out of net investment income and/or capital.
- (iii) Other funds (including capital) as may be lawfully distributed from the relevant Fund or Share Class of the relevant Fund.

Management fees and other fees, or a portion thereof, may be charged to capital and as a result capital may be eroded and income may be achieved by foregoing the potential for future capital growth. This cycle may continue until all capital is depleted. The rationale for charging to capital is to maximise the amount distributable to investors.

In the case of the Income II share class (which seeks to provide an enhanced yield to Shareholders) the Directors may, at their discretion, pay fees out of capital as well as take into account the yield differential between the relevant hedged Share Class and the base Share Class (which constitutes a distribution from capital). The yield differential can be positive or negative and is calculated taking into account the contribution of the Share Class hedging arising from the hedged Classes.

In the case of the M Retail Classes, PIMCO Asia High Yield Bond Fund, Emerging Asia Bond Fund, Euro Income Bond Fund, Euro Short-Term Fund, Income Fund, Low Duration Income Fund, Mortgage Opportunities Fund and US Short-Term Fund, save for the G Institutional, G Retail and Investor Income A Classes (where applicable) of the aforementioned Funds, dividend distributions will be declared monthly and, depending on the shareholder's election, paid in cash or reinvested in additional shares monthly.

In the case of the G Institutional, G Retail and Investor Income A Classes, dividends will be declared annually and depending upon the shareholder's election, paid in cash or reinvested in additional Shares on an annual basis.

In the case of all other Funds with Income Class Shares, dividends distributions will be declared quarterly and, depending upon the shareholder's election, paid in cash or reinvested in additional shares after declaration.

Dividend distributions to holders of redeemable shares are classified as finance costs on the Statement of Operations. The income or gains allocated to Accumulation Shares will neither be declared or distributed but the NAV per share of Accumulation Shares will be increased to take account of such income or gains. Dividend distributions not reinvested in shares will be paid to the shareholder by way of bank transfer. Any dividend distribution unclaimed after a period of six years from the date of declaration of such dividend distribution shall be forfeited and shall revert to the account of the relevant Fund. Shareholders can elect to reinvest dividend distributions in additional shares or have the dividend distributions paid in cash by ticking the appropriate box on the Application Form.

A portion of dividend distributions per the Statement of Operations was paid out of capital for the below Funds (amounts in thousands);

Fund	Period ended 30-Jun-2019	Period ended 30-Jun-2018
Euro Income Bond Fund	€ 673	€ 431
Global Multi-Asset Fund	0	\$ 854

The PIMCO RAE PLUS US Fund has terminated, with no remaining investors and no further subscriptions being invested into the Fund.

The PIMCO Asia High Yield Bond Fund, PIMCO Emerging Markets Opportunities Fund and PIMCO StocksPLUS™ AR Fund launched during the financial period.

The Management Fee attributable to the H Institutional, E Class, G Retail, M Retail and T Class share classes is generally higher than the Management Fee attributable to the other share classes. From this higher fee the Manager may pay for the expense of distribution, intermediary and other services rendered to Shareholders in these share classes of the Funds directly or indirectly by distributors or broker dealers, banks, financial intermediaries, or other intermediaries. Given the fixed nature of the Management Fee, the Manager, and not Shareholders, takes the risk of any price increases in the cost of the services covered by the Management Fee and takes the risk of expense levels relating to such services increasing above the Management Fee as a result of a decrease in net assets. Conversely, the Manager, and not Shareholders, would benefit from any price decrease in the cost of services covered by the Management Fee, including decreased expense levels, as a percentage of net assets, resulting from an increase in net assets.

Due to the nature of the Z Class offering there is no Management Fee disclosed on the Statement of Operations (the Z Class is offered primarily for other Funds of the Company or for direct investment by institutional investors who have entered into an investment management or other agreement with the Investment Advisors or a PIMCO affiliate) and in an effort to avoid the duplication of fees, the Management Fee for the Z Class will be set at 0.00% per annum.

(c) Investment Advisory Services

On behalf of the Company, the Manager provides and/or procures investment advisory services. Such services include the investment and reinvestment of the assets of each Fund. The fees of the Investment Advisors (together with VAT, if any thereon) are paid by the Manager from the Management Fee.

(d) Administration, Depositary Services and Other Services

On behalf of the Company, the Manager provides and/or procures administration, depositary and other services. Such services include administration, transfer agency, fund accounting, depositary and sub-custody in respect of each Fund. The fees and expenses of the Administrator and Depositary (together with VAT, if any thereon) are paid by the Manager from the Management Fee, or by the Investment Advisors.

On behalf of the Company, the Manager provides and/or procures certain other services. These may include listing sponsor services, paying agent and other local representative services, accounting, audit, legal and other professional advisor services, company secretarial services, printing, publishing and translation services, and the provision and co-ordination of certain supervisory, administrative and shareholder services necessary for operation of the Funds. Fees and any ordinary expenses in relation to these services (together with VAT, if any thereon) are paid by the Manager, or by the Investment Advisors on behalf of the Manager, from the Management Fee.

The Funds will bear other expenses related to their operation that are not covered by the Management Fee which may vary and affect the total level of expenses within the Funds including, but not limited to, taxes and governmental fees, brokerage fees, commissions and other transaction expenses, costs of borrowing money including interest expenses, establishment costs, extraordinary expenses (such as litigation and indemnification expenses) and fees and expenses of the Company's Independent Directors and their counsel.

The Company paid Directors' fees of €90,000 during the financial period ended 30 June 2019 (30 June 2018 €116,500). In addition, each Independent Director is reimbursed for any reasonable out-of-pocket expenses. Directors' fees are a component of "Other expenses" on the Statement of Operations.

Service Fee The Service Fee which applies to the Investor Classes only is paid to the Manager and may be used to reimburse broker-dealers, financial intermediaries, or other intermediaries that provide services in connection with the distribution and marketing of Shares and/or the provision of certain shareholder services or the administration of plans or programmes that use Fund Shares as their funding medium, and to reimburse other related expenses. The services are provided directly by the Manager or indirectly through broker-dealers, financial intermediaries, or other intermediaries to all shareholders of the Investor Classes. The same services apply to all

shareholders of the Investor Classes for the fees levied. These services may include responding to shareholder inquiries about the Funds and their performance; assisting shareholders with purchases, redemptions and exchanges of Shares; maintaining individualised account information and providing account statements for shareholders; and maintaining other records relevant to a shareholder's investment in the Funds.

Plans or programmes that use Fund Shares as their funding medium may include unit-linked insurance products and pension, retirement or savings plans maintained by employers. All shareholders in the Investor Classes will receive services pursuant to agreements entered into with financial intermediaries with whom those shareholders have a servicing relationship. The Service Fee is calculated on the basis of 0.35% per annum of the NAV of each Fund attributable to the Investor Classes. The Service Fee was unchanged from 2018 to 2019. The Service Fee is paid out of the NAV attributable to the Investor Classes of the NAV of those Funds. The Service Fee for each Fund is accrued on each Dealing Day and is payable monthly in arrears. The Manager may retain for its own benefit in whole or in part any Service Fee not payable to broker dealers, financial intermediaries or other intermediaries.

Trail Fee The Trail Fee which applies to Administrative share classes is paid to the Distributor for personal services rendered to shareholders of the Funds and the maintenance of shareholder accounts, including compensation to, and expenses (including telephone and overhead expenses) of, financial consultants or other employees of participating or introducing brokers, certain banks and other financial intermediaries who assist in the processing of purchase or redemption requests or the processing of dividend payments, who provide information periodically to shareholders showing their positions in a Fund's shares, who forward communications from the Company to shareholders, who render ongoing advice concerning the suitability of particular investment opportunities offered by the Funds in light of the shareholders' needs, who respond to inquiries from shareholders relating to such services, or who train personnel in the provision of such services.

The services are provided directly by the Distributor or indirectly through broker dealers, banks, financial intermediaries, or other intermediaries to all shareholders of Administrative share classes. The Trail Fee is calculated on the basis of a percentage of the Net Asset Value of the relevant Fund attributable to the applicable Classes of such Fund as will be set out in the Prospectus. The Trail Fee for each Fund is accrued on each Dealing Day and is payable monthly in arrears. The Distributor may retain for its own benefit in whole or in part any Trail Fee not payable to broker dealers, banks, financial intermediaries or other intermediaries.

The Trail Fee of each Fund (expressed as a per annum percentage of its NAV), with the exception of the StocksPLUS™ Fund, is 0.50% per annum of the NAV attributable to the Administrative classes. The Trail Fee of the StocksPLUS™ Fund (expressed as a per annum percentage of its NAV) is 0.75% per annum of the NAV attributable to the Administrative classes.

The Trail Fees were unchanged from 2018 to 2019.

(e) Distribution Fee

The Distribution Fee which applies to T Class share classes is paid to the Distributor for services rendered to shareholders of the Funds.

The services are provided directly by the Distributor or indirectly through broker-dealers, banks, financial intermediaries, or other intermediaries to all shareholders of T Class share classes.

The Distribution Fee is calculated on the basis of 0.40% per annum of the NAV of each Fund attributable to the T Class share classes, except in relation to PIMCO Credit Opportunities Bond Fund, Dynamic Bond Fund, Euro Bond Fund, Global Bond Fund, Global Bond ESG Fund, Global Bond Ex-US Fund, Global Libor Plus Bond Fund, Global Low Duration Real Return Fund, Global Real Return Fund, PIMCO MLP & Energy Infrastructure Fund, PIMCO RAE PLUS US Fund (up to the date of termination) and Total Return Bond Fund which attract a Distribution Fee of 0.30% per annum of the NAV of the Fund attributable to the T Class share classes.

Notes to Financial Statements (Cont.)

The Distributor Fee for each Fund is accrued on each Dealing Day and is payable monthly in arrears. The Distributor may retain for its own benefit in whole or in part any Distribution Fee not payable to broker-dealers, banks, financial intermediaries or other intermediaries.

(f) Expense Limitation (including Management Fee Waiver and Recoupment)

The Manager has agreed with the Company, pursuant to the Management Agreement between the Company and the Manager dated as of 28 January 1998, as amended, to manage total annual fund operating expenses for any Class of Fund, by waiving, reducing or reimbursing all or any portion of its Management Fee, to the extent that (and for such period of time that) such operating expenses would exceed, due to the payment of establishment costs and pro rata Directors' Fees, the sum of such Class of such Fund's Management Fee (prior to the application of any applicable Management Fee waiver), any Service or Trail Fees, as applicable, and other expenses borne by such Fund's share Class not covered by the Management Fee as described above (other than establishment costs and pro rata Directors' fees), plus 0.0049% per annum (calculated on a daily basis based on the NAV of the Fund).

In any month in which the Management Agreement is in effect, the Manager may recoup from a Fund any portion of the Management Fee waived, reduced or reimbursed pursuant to the Management Agreement (the "Reimbursement Amount") during the previous 36 months, provided that such amount paid to the Manager will not 1) exceed 0.0049% per annum of the Class of the applicable Fund's average net assets (calculated on a daily basis); 2) exceed the total Reimbursement Amount; 3) include any amounts previously reimbursed to the Manager; or 4) cause any Class of a Fund to maintain a net negative yield.

The Management Fee as disclosed in the Statement of Operations is recognised gross of the relevant management fee waiver where applicable. Management fee waivers are recognised within Reimbursement by Investment Advisors in the Statement of Operations. The Management Fee is paid to the Manager net of the waiver.

Certain Funds invest in the Z Class of the PIMCO China Bond Fund and PIMCO US Dollar Short-Term Floating NAV Fund which are considered to be affiliated with the Company. Due to the nature of the Z Class offering and in an effort to avoid the duplication of fees, the Management Fee for the Z Class of both funds is set at 0.00% per annum.

Certain Funds invest into the PIMCO Euro Short Maturity Source UCITS ETF Fund, PIMCO Sterling Short Maturity Source UCITS ETF Fund and PIMCO US Dollar Short Maturity Source UCITS ETF Fund, and these are considered to be affiliated with the Company. Since these Funds do not offer a zero fee share class, Management Fees are paid by both the Fund investing and the underlying affiliated Fund. Therefore, an Investment Advisory Fee Waiver is offset prior to payment by the investing Fund to the Manager, which is accounted for on the Statement of Operations within Reimbursement by Investment Advisors.

16. REMUNERATION

The Company operates a remuneration policy in accordance with applicable UCITS requirements and which is summarised in the Prospectus.

Details of the Company's remuneration and associated financial disclosures will be made within the annual audited financial statements for the financial year ended 31 December 2019.

17. REGULATORY AND LITIGATION MATTERS

The Company is not named as a defendant in any material litigation or arbitration proceedings and is not aware of any material litigation or claim pending or threatened against it.

The foregoing speaks only as of the date of this report.

18. CREDIT FACILITY

The Global High Yield Bond Fund and US High Yield Bond Fund (the "Funds" and each a "Fund") entered into a syndicated amended and restated credit facility (the "Facility") dated 29 September 2017 as amended pursuant to a first amendment agreement dated 31 August 2018, with effect from 24 August 2018 (the "Credit Agreement") between, amongst others, the Funds, certain lenders including MUFG Bank Ltd. ("MUFG") (as "Lenders") and MUFG (as "Agent" and "Lead Arranger"). Each Fund is permitted to utilise the Facility for temporary purposes to fund shareholder redemptions and other short-term liquidity purposes which are provided for in its investment policies.

The aggregate commitment available for utilisation by the Funds is, subject to the terms of the Credit Agreement, \$341,000,000. The Funds, together with the other borrowers (together, the "Borrowers"), may, subject to the terms of the Credit Agreement, request an increase to the aggregate amount committed by the Lenders under the Credit Agreement of up to \$160,000,000. This increased commitment would be available for utilisation by the Borrowers in accordance with the terms of the Credit Agreement.

There are two rates of interest available under the Credit Agreement. Each Fund, when utilising a loan will elect which interest rate will apply to the relevant loan with the applicable interest rate being determined by reference to (i) the Alternate Base Rate or (ii) the Adjusted Offered Rate. The Alternate Base Rate is 1.125% above the Federal Funds Rate (as defined in the Credit Agreement) in effect on the relevant determination date. The interest rate determined by reference to the Adjusted Offered Rate is the sum of the Applicable Margin (being 1.125%) and the applicable Adjusted Offered Rate.

Notes to Financial Statements (Cont.)

The Adjusted Offered Rate applicable to any Interest Period (as defined in the Credit Agreement) is a rate per annum equal to the quotient obtained by dividing (a) the LIBOR Offered Rate (as defined in the Credit Agreement) by (b) 1.00 minus the Reserve Percentage (as defined in the Credit Agreement).

A loan which is subject to the Alternate Base Rate is, subject to the terms of the Credit Agreement, repayable within 60 days of drawdown. A loan which is subject to the Adjusted Offered Rate is, subject to the terms of the Credit Agreement, repayable on the last day of an applicable interest period (which can, subject to selection by a Fund, be a one week, one month or two month period).

All loans are provided on an unsecured basis and the recourse of the Lenders to a Fund is limited to the assets of such Fund.

As at 30 June 2019 and 31 December 2018, neither Fund had borrowings under the Credit Agreement.
