The articles of incorporation of the SICAV (the "Articles") were published in the Mémorial of December 15, 2004 amended by notarial act dated August 12, 2011.

The SICAV is registered in the Luxembourg Trade and Companies Register under number R.C.S. B 104 485.

NOTES TO THE FINANCIAL STATEMENTS AS AT JUNE 30, 2016 (continued)

NOTE 2

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) General

The financial statements are prepared in accordance with generally accepted accounting principles and presented in accordance with the legal reporting requirements applicable in Luxembourg relating to undertakings for collective investment.

b) Presentation of financial statements

The reference currency of the SICAV is the USD.

The accounting year of the SICAV terminates on December 31.

c) Combined financial statements of the SICAV

The combined financial statements of the SICAV are expressed in USD and correspond to the sum of items in the financial statements of each sub-fund, converted into USD at the exchange rate prevailing at the closing date.

d) Valuation of Assets of the SICAV

The value of any cash on hand or on deposit, bills and demand notes and accounts receivable (including any rebates on fees and expenses payable by any Investment Fund), prepaid expenses, cash dividends declared and interest accrued, and not yet received are deemed to be the full amount thereof, unless, however, the same is unlikely to be paid or received in full, in which case the value thereof is determined after making such discount as the Board may consider appropriate to reflect the true value thereof.

The value of securities (including shares or units of closed-ended Investment Funds) which are quoted, traded or dealt in on any stock exchange is based on the closing prices or, if appropriate, on the average price on the stock exchange which is normally the principal market of such securities, and each security traded on any other regulated market is valued in a manner as similar as possible to that provided for quoted securities.

For non-quoted securities or securities not traded or dealt in on any stock exchange or other regulated market as well as quoted or non-quoted securities on such other market for which no valuation price is available, or securities for which the quoted prices are, in the opinion of the Board of Directors, not representative of the fair market value, the value thereof is determined based on the valuation method proposed in good faith by the Board of Directors taking into consideration:

- the latest available price;
- the basis of recent events that may have an impact on the value of the securities; or
- any other available assessment.

Liquid assets and money market instruments are valued at nominal value plus any accrued interest or on an amortised cost basis.

Pictet Alternative Funds

NOTES TO THE FINANCIAL STATEMENTS AS AT JUNE 30, 2016 (continued)

Futures and options are valued by reference to the previous day's closing price on the relevant market; the market prices used are the futures exchanges settlement prices.

Swaps are valued at fair value based on the last available closing price of the underlying security.

In determining the value of the assets of the SICAV, shares in open-ended Underlying Funds, including shares of other sub-funds of the SICAV in case of investment by a sub-fund in one or more sub-funds of the SICAV, are valued at the current Net Asset Value ("NAV") for such shares or units as of the relevant Valuation Day, or if no such actual NAV is available as of such Valuation Day, they are valued at the estimated NAV as of such Valuation Day, or if no such estimated NAV is available they are valued at the last available actual or estimated NAV which is calculated prior to such Valuation Day whichever is the closer to such Valuation Day. If events have occurred which may have resulted in a material change in the NAV of such shares or units since the date on which such actual or estimated NAV was calculated, the value of such shares or units is adjusted in order to reflect, in the reasonable opinion of the Board of Directors, such change but the Board Directors is not required to revise or recalculate the NAV on the basis of which subscriptions, redemptions or conversions may have been previously accepted.

In respect of shares or units held by the SICAV, for which issues and redemptions are restricted and a secondary market trading is effected between dealers who, as main market makers, offer prices in response to market conditions, the Board of Directors may decide to value such shares or units in line with the realisation prices so established.

The Administrative Agent, the Board of Directors and the Management Company may rely solely on the valuations provided by UCIs with respect to the investment such UCIs have made. Valuations provided by UCIs may be subject to adjustments made by such UCIs subsequent to the determination of the NAV of a sub-fund. Such adjustments, whether increasing or decreasing the NAV of a sub-fund, do not affect the amount of the redemption proceeds received by redeeming shareholders. As a result, to the extent that such subsequently adjusted valuations from UCIs adversely affect the NAV of a sub-fund, the remaining outstanding shares of such sub-fund will be adversely affected by redemptions. Conversely, any increases in the NAV of a sub-fund resulting from such subsequently adjusted valuations are entirely for the benefit of the remaining outstanding shares of such sub-fund.

The Administrative Agent and the Board of Directors may consult with the Investment Manager(s) and the Investment Adviser(s) in valuing each sub-fund's net assets. Year-end NAV calculations are audited by the SICAV's independent auditors and may be revised as a result of such audit. As discussed above, such revisions may result from adjustments in valuations provided by UCIs.

In no event shall the Board of Directors, the Management Company, the Depositary Bank, the Administrative Agent, the Investment Manager(s) or the Investment Adviser(s) incur any individual liability or responsibility for any determination made or other action taken or omitted by them in the absence of negligence, wilful misfeasance or bad faith.

Pictet Alternative Funds

NOTES TO THE FINANCIAL STATEMENTS AS AT JUNE 30, 2016 (continued)

If events have occurred which may have resulted in a material change of the NAV of such shares or units in other Investment Funds since the day on which the latest official NAV of these UCIs was calculated, the value of such shares or units may be adjusted in order to reflect, in the reasonable opinion of the Board of Directors, such change of value.

All other securities and assets are valued at fair market value as determined in good faith pursuant to procedures established by the Board of Directors.

e) Formation expenses

The expenses incurred by the SICAV in relation to the launch of new sub-funds are borne by, and payable out of the assets of, those sub-funds, unless otherwise decided by the Board of Directors of the SICAV, and may be amortized over a period not exceeding five years, it being understood that the new sub-fund is also charged a prorata portion of the initial establishment expenses unamortized as of its launch.

f) Conversion of foreign currencies

Cash at banks, other net assets as well as the market value of the investment portfolio in currencies other than the currency of the sub-fund are converted into the base currency of the sub-fund at the exchange rates prevailing at the closing date.

Income and expenses expressed in currencies other than the base currency of the SICAV are converted into the currency of the SICAV at the exchange rate applicable on the transaction date.

Resulting foreign exchange gains and losses are recorded in the statement of operations and changes in net assets.

g) Net realised gain/loss on sales of investments

Net realised gain or loss on sales of investments is calculated on the basis of the weighted average cost of the investments sold.

h) Cost of investment securities

Cost of investment securities in currencies other than the currency of the sub-fund is translated into the currency of the sub-fund at the exchange rate applicable at purchase date.

i) Income

Dividends are recorded at ex-date. Interest is recorded on an accrual basis.

j) Valuation of forward foreign exchange contracts

The net unrealised gains or losses resulting from outstanding forward foreign exchange contracts are determined on the valuation day on the basis of the forward rates applicable on this date and are included in the statement of net assets.

Pictet Alternative Funds

NOTES TO THE FINANCIAL STATEMENTS AS AT JUNE 30, 2016 (continued)

k) Loans

Loans are recorded in the accounts up to the amount of cash received. Interest is accrued, recorded separately and is included in the appropriate liabilities and expenses accounts.

l) Transaction fees

Transaction fees represent the costs incurred by the SICAV in connection with purchases and sales of investments. Transaction fees include brokerage fees, bank commissions, foreign tax, depositary fees and other fees. Transaction fees are included in the statement of operations and changes in net assets.

NOTE 3

MANAGEMENT FEE, SERVICE FEE AND DEPOSITARY FEE

An annual management fee and service fee are calculated on the average net asset values of the classes and are paid to the Management Company in payment for the services provided by it to the SICAV. These fees also enable the Management Company to remunerate the Investment Manager, investment advisers and distributors, if applicable, and the Administrative Agent for the functions of transfer agent, administrative agent and paying agent.

The Depositary Bank is entitled to receive, out of the assets of each sub-fund, fees calculated in accordance with normal banking practice in Luxembourg. In addition, the Depositary Bank is entitled to be reimbursed by the SICAV for its respective reasonable out-of-pocket expenses properly incurred in carrying out its duties as such and for the charges of any correspondents.

Such fees cannot exceed the amounts specified below:

Such tax is payable quarterly and calculated on the net asset value of the relevant class at the end of the relevant quarter. For the portion of the assets of the SICAV invested in other UCIs which are established in Luxembourg, no such tax is payable as provided for in article 174 of the Law if it is already paid for the underlying UCI.
