### Notes:

#The CPF interest rate for the Ordinary Account (OA) is based on the average 12-month fixed deposit and savings rates published by the major local banks. Under the CPF Act, the CPF Board pays a minimum interest of 2.5% p.a. when this interest formula yields a lower rate. The interest rate for the Special Account (SA) and Medisave Accounts (MA) is pegged to the 12-month average yield of 10-year Singapore Government Securities (10YSGS) plus 1%, or 4% whichever is the higher. The interest rate to be credited to the Retirement Account (RA) will be the weighted average interest of the entire portfolio of Special Government Securities (SSGS) which the RA savings are invested in, which earn a fixed coupon equal to the 12-month average yield of the 10YSGS plus 1% at the point of issuance, or 4%, whichever is the higher. As announced on 22 September 2017, the Government will maintain the 4% p.a. minimum rate for interest earned on all RA monies until 31 December 2018. In addition, the CPF Board will pay an extra interest rate of 1% p.a. on the first S\$60,000 of a CPF member's combined balances, including up to S\$20,000 in the OA. Only monies in excess of S\$20,000 in the OA and S\$40,000 in the Special Account can be invested.
