This Product Disclosure Statement (PDS) is made up of the PDS, the Investment Options Menu and the following documents which contain all statements and information incorporated by reference:

- Reference Guide – Transacting on your account
- Reference Guide – Complex Funds.

A reference to 'the PDS' includes a reference to all of those documents. You should assess whether the product is appropriate for you and speak to your financial adviser before making a decision to invest in the product. You can obtain a copy of that information, free of charge, by calling us on 13 13 36, visiting our website at colonialfirststate.com.au/fcwinv, or from your financial adviser.

If any part of the PDS (such as a term or condition) is invalid or unenforceable under the law, it is excluded so that it does not in any way affect the validity or enforceability of the remaining parts.

Investments in FirstChoice Wholesale are offered by Colonial First State Investments Limited ('Colonial First State', 'the responsible entity', 'we', 'our' or 'us'). Colonial First State is a subsidiary of Commonwealth Bank of Australia ABN 48 123 123 124 AFS Licence 234945 ('the Bank').

The issue of the FirstChoice Wholesale Investments PDS is authorised solely by Colonial First State. Apart from Colonial First State, neither the Bank nor any of its subsidiaries are responsible for any statement or information contained within the PDS relating to FirstChoice Wholesale Investments.

FirstRate Wholesale products are deposit products of the Bank. The issue of FirstRate Wholesale products is authorised solely by the Bank. To the extent permitted by law, neither Colonial First State nor any of its subsidiaries are responsible for any statement or information contained within the PDS that relates to FirstRate Wholesale products. Colonial First State does not guarantee the performance or return of capital on investments in FirstRate Wholesale products.

The Bank and its subsidiaries do not guarantee the performance of FirstChoice Wholesale Investments or the repayment of capital by FirstChoice Wholesale Investments. With the exception of FirstRate Wholesale products, investments in FirstChoice Wholesale Investments are not deposits or other liabilities of the Bank or its subsidiaries, and investment-type products are subject to investment risk, including loss of income and capital invested.

The responsible entity may change any of the terms and conditions contained or referred to in the PDS, subject to compliance with the Constitution and laws and, where a change is material, the responsible entity will notify you in writing within the timeframes provided for in the relevant legislation.

Investment options

With FirstChoice Wholesale Investments, you can access a vast range of investment opportunities from well-respected Australian and international investment managers, including specialist boutique investment managers, across different asset classes such as shares, fixed interest, property and cash, all in the one place.

More than 130 ways to achieve your specific investment goals

FirstChoice Wholesale Investments has more than 130 investment options across different asset classes and investment managers so that you can tailor an investment portfolio to meet your needs.

You can choose from:

- multi-manager portfolios which are pre-mixed for you, and/or
- single manager options allowing you to tailor-make your portfolio.

You can choose one option or a combination of different options. You can transfer your money into other options at any time.

Each investment option has a different level of risk and potential level of returns.

Warning: Before choosing an investment option or a range of investment options in which to invest, you should consider the likely investment return of each option, the risk of investing in any or all of those options and your investment timeframe.

Personal customer service every time

We understand that our success depends on our ability to provide you with great service – every time. We have some of the most dedicated and highly trained people in the market, and we constantly aim for exceptional service.

No waiting for reports and statements

Instead of you waiting weeks for annual reports and tax statements, FirstChoice Wholesale provides you with consolidated reporting at least twice a year, which will give you a complete picture of all your investments and a summary of all your transactions.

FirstNet makes it easy

You can also access up-to-date information on your investments at any time via our secure internet site, FirstNet.

FirstRate Wholesale deposit choices

There are a number of ways to keep the cash portion of your portfolio growing alongside your other investments. One of these ways is to use FirstRate Wholesale deposit choices.

The benefits of FirstRate Wholesale deposit choices are:

- competitive interest rates
- no ongoing management fees
- you have the added reassurance that your money is on deposit with one of Australia's leading financial institutions, Commonwealth Bank of Australia.

FirstRate Wholesale deposit choices give you a suite of options to choose from, based on your needs.

FirstRate Wholesale Saver is a low-risk cash alternative, which offers a competitive variable interest rate with no ongoing management fees, account keeping fees or buy/sell spread.

FirstRate Wholesale Term Deposits allow you to lock away a competitive interest rate for periods of three months to 15 years, with a range of interest payment options. It's a helpful facility allowing you to invest with the confidence of knowing upfront exactly what your return will be and how much you'll get at the end of the term.

Please note: You should read the **separate** FirstRate Deposit Products PDS before investing in this product.

FirstRate Wholesale Investment Deposits are longer-term deposit options designed to provide you with a highly competitive interest rate at a fixed margin above the Reserve Bank of Australia (RBA) cash rate.

Please note: You should read the **separate** FirstRate Deposit Products PDS and relevant offer term sheet before investing in this product.

You should read the Investment Options Menu and all the statements and information incorporated by reference in the Reference Guide – Transacting on your account, available online at colonialfirststate.com.au/fcwinv or by calling 13 13 36. The material relating to investments may change between the time you read the PDS and the day you sign the application form.

3 How FirstChoice Wholesale Investments works

When you invest in FirstChoice Wholesale Investments, your money is combined with other investors' money in a managed investment scheme. Each FirstChoice Wholesale investment option is a separate managed investment scheme except for FirstRate Wholesale products, which are deposit products of the Bank. We may invest directly or indirectly in other managed investment schemes managed by us to gain exposure and administrative efficiencies.

How your account works

When you make an investment into FirstChoice Wholesale Investments, you are issued units in the investment option(s) you select.

The unit price you receive is the unit price which applies on the day we receive a transaction request, provided the request is received before 3pm, Sydney time, on any NSW business day.

The value of units fluctuates as a result of changes in the value of the underlying assets or as a result of costs reflected in the unit price (except for FirstRate Wholesale products, where the value changes as a result of the payment of interest). This means that your account balance can fluctuate on a daily basis depending on the value of the units which you hold in your account.

Depending on the investment option(s) you select, you may receive income in the form of distributions.

There may be tax consequences as a result of your investment.

Receiving income

Any income that you receive from your investment, other than FirstRate Wholesale products, will be in the form of distributions. Your distribution may include income such as interest, dividends and realised capital gains.

FirstRate Wholesale products will pay interest only. The payment of interest will follow the distribution choices you make on your FirstChoice Wholesale Investments account.

Distributions are based on the number of units you hold in a particular option, in proportion to the number of units held by all unitholders, at the distribution date. Distributions are not pro-rated for investors who were not unitholders for the whole period. The type of income you receive depends on the asset classes in which each option invests.

Withdrawal of funds

Where an option is suspended, restricted or unavailable, we may not process withdrawal requests. Further, where an option is not liquid, we cannot allow investors to withdraw from the option unless we make an offer to withdraw. There is no obligation for us to make such an offer and if we do, investors may only be able to withdraw part of their investment. Any decision whether to process withdrawals or partial withdrawals will be made in the best interests of investors as a whole, and if any payment is to be made, then the exit price used to calculate this payment will be the one determined at the time the payment is made.

You should note that unless an option is suspended, restricted or unavailable, you may withdraw from an option in accordance with our normal processes.

4 Risks of investing

What is risk?

Understanding investment risk is the key to successfully developing your investment strategy. Before you consider your investment strategy, it is important to understand that:

- all investments are subject to risk
- there may be loss of principal, capital or earnings
- different strategies carry different levels of risk depending on the assets that make up the strategy, and
- assets with the highest long-term returns may also carry the highest level of short-term risk.

When considering your investment, it is important to understand that:

- the value of investment options will go up and down
- returns are not guaranteed
- you may lose money
- previous returns don't predict future performance
- laws affecting investments may change
- the appropriate level of risk for you will vary, depending on your age, investment timeframe, where other parts of your money are invested and how comfortable you are with the possibility of losing some of your investment in some years.

Different investments perform differently over time. Investments that have provided higher returns over the longer term have also tended to produce a wider range of returns. These investments are generally described as more risky, as there is a higher chance of losing money, but they can also give you a better chance of achieving your long-term objectives. Investments that have provided more stable returns are considered less risky, but they may not provide sufficient long-term returns for you to achieve your long-term goals. Selecting the investments that best match your investment needs and timeframe is crucial in managing this risk.

Your adviser can help you understand investment risk, including those applicable to complex options, and design an investment strategy that is right for you.

General risks for all investment options

The main risks which typically affect all investment options are:

Market risk

Investment returns are influenced by the performance of the market as a whole. This means that your investments can be affected by things like changes in interest rates, investor sentiment and global events, depending on which markets or asset classes you invest in and the timeframe you are considering.

Security and investment-specific risk

Within each asset class and each option, individual securities like mortgages, shares, fixed interest securities or hybrid securities can be affected by risks that are specific to that investment or that security. For example, the value of a company's shares can be influenced by changes in company management, its business environment or profitability. These risks can also impact on the company's ability to repay its debt.

Management risk

Each option in the PDS has an investment manager to manage your investments on your behalf. There is a risk that the investment manager will not perform to expectation. Management risk may arise from the use of financial models by the investment manager to simulate the performance of financial markets. The performance of financial markets may differ to that anticipated by the financial models.

Liquidity risk

Liquidity risk refers to the difficulty in selling an asset for cash quickly without an adverse impact on the price received. Assets such as shares in large listed companies are generally considered liquid, while 'real' assets such as direct property and infrastructure are generally considered illiquid. Under abnormal or difficult market conditions, some normally liquid assets may become illiquid, restricting our ability to sell

them and to make withdrawal payments or process switches for investors without a potentially significant delay.

Counterparty risk

This is the risk that a party to a transaction such as a swap, foreign currency forward or stock lending fails to meet its obligations such as delivering a borrowed security or settling obligations under a financial contract.

Legal, regulatory and foreign investment risk

This is the risk that any change in taxation, corporate or other relevant laws, regulations or rules may adversely affect your investment.

In particular, for funds investing in assets outside Australia, your investment may also be adversely impacted by changes in broader economic, social or political factors, regulatory change and legal risks applicable to where the investment is made or regulated.

Distribution risk

In some circumstances, the frequency or rate of distribution payments may vary or you may not receive a distribution. This is more likely to occur when an option employs extensive currency hedging or uses derivatives.

Environmental, social and governance (ESG) and climate risk

The value of individual securities may be influenced by environmental, social and governance factors. These factors include the potential impact that climate change and global warming may have on the valuation of a security. For example, a company's revenue may be reduced due to weather events and this may then reduce the value of the company's shares.

Option-specific risks

Typical option-specific risks are described below and cross-referenced to particular options in the table on pages 16 to 19 in the Investment Options Menu.

Securities lending risk

When an option engages in securities lending, there is a risk that the borrower may become insolvent or otherwise become unable to meet, or refuse to honour, its obligations to return the loaned assets. In this event, the option could experience delays in recovering assets and may incur a capital loss. Where an option invests any collateral it receives as part of the securities lending program, such investments are also subject to the general investment risks outlined above.

Further information on securities lending is provided on page 6 in the Investment Options Menu.

Currency risk

Investments in global markets or securities which are denominated in foreign currencies give rise to foreign currency exposure. This means that the Australian dollar value of these investments may vary depending on changes in the exchange rate. Investment options in the PDS which have significant currency risks adopt different currency management strategies. These strategies may include currency hedging, which involves reducing or aiming to remove the impact of currency movements on the value of the investment, whereas some investment options remain unhedged.

Information on the currency management strategy for each option with a significant currency risk is set out in that option's description in the Investment Options Menu.

Because different options have different currency management strategies, you should consult your financial adviser on the best approach for you.

Derivatives risk

Derivatives are contracts between two parties that usually derive their value from the price of a physical asset or market index. They can be used to manage certain risks in investment portfolios or as part of an investment strategy. However, they can also increase other risks in a portfolio or expose a portfolio to additional risks. Risks include: the possibility that the derivative position is difficult or costly to reverse; that there is an adverse movement in the asset or index underlying the derivative; or that the parties do not perform their obligations under the contract.

In general, investment managers may use derivatives to:

- protect against changes in the market value of existing investments
- achieve a desired investment position without buying or selling the underlying asset
- leverage a portfolio
- manage actual or anticipated interest rate and credit risk
- alter the risk profile of the portfolio or the various investment positions
- manage currency risk.

Derivatives may be used in an option to provide leverage and may result in the effective exposure to a particular asset, asset class or combination of asset classes exceeding the value of the portfolio. The effect of using derivatives to provide leverage may not only result in capital losses but also an increase in the volatility and magnitude of the returns (both positive and negative) for the option.

As financial instruments, derivatives are valued regularly, and movements in the value of the underlying asset or index should be reflected in the value of the derivative. Information on whether an investment option in this PDS uses derivatives, such as futures, options, forward currency contracts and swaps, is outlined in the strategy of the investment option in the Investment Options Menu.

Credit risk

Credit risk refers to the risk that a party to a credit transaction fails to meet its obligations, such as defaulting under a mortgage, a mortgage-backed security, a hybrid security, a fixed interest security or a derivative contract. This creates an exposure to underlying borrowers and the financial condition of issuers of these securities.

Term deposit risk

Specific risks apply to investments in term deposits. Refer to the **separate** FirstRate Deposit Products PDS for information about this product.

Gearing risk

Some of the options in the PDS use gearing. Gearing means the option borrows so that it can invest more to increase potential gains. Gearing can magnify gains and always magnifies losses from the option's investments.

For an option geared at 50%, if the underlying investments' rise is less than the option's borrowing and management costs, then it is unlikely that the geared option will outperform an equivalent ungeared portfolio. Consequently, a geared option will not always magnify market gains

(particularly in a low return environment), but it will always magnify market losses.

In extreme market conditions, such as a rapid fall of over 60% in the value of investments in the FirstChoice Wholesale Geared Global Share option, or over 40% for the other geared options, you may lose all your capital.

We suggest you consult a financial adviser regarding the impact of these investments on your overall portfolio.

Short selling risk

Some of the options in the PDS use short selling. Short selling means the option sells a security it does not own to try and profit from a decrease in the value of the security. This is generally done by borrowing the security from another party to make the sale. The short sale of a security can greatly increase the risk of loss, as losses on a short position are not limited to the purchased value of the security.

Short selling strategies involve additional risks such as:

- **Liquidity risk**
In certain market conditions, an option that adopts a short selling strategy may not be able to reverse a short position because the security it needs to buy may not be available for purchase in a reasonable timeframe or at all. In this event, losses may be magnified.
- **Leverage risk**
Whilst short selling can often reduce risk, it is also possible for an option's long positions and short positions to both lose money at the same time.
- **Prime broker risk**
When short selling is employed, the assets of the investment option are generally held by the prime broker (which provides the broking, stock lending and other services). As part of this arrangement, assets may be used by or transferred to the prime broker under a securities lending arrangement which will also expose the option to securities lending risk. There is a risk that the prime broker does not return equivalent assets or value to the option (for example, because of insolvency). This would have a substantial negative impact on the value of your investment. This risk is managed by having arrangements with large, well established and globally operating prime brokers. If you would like details of our prime broker, please contact us.

If an option uses short selling, this is detailed in the strategy of the option – refer to the Investment Options Menu.

Emerging markets risk

Due to the nature of the investments in emerging markets, there is an increased risk that the political and/or legal framework may change and adversely impact your investments. This could include the ability to sell assets. Options that invest in global markets may have exposure to emerging markets.

All of the investment options in the PDS are subject to some or all of these risks, which can also vary from time to time. You should consult your financial adviser before making a decision to invest. Your financial adviser is required to be qualified in understanding the risk and return associated with the wide range of investment options available to you and can help you make decisions regarding these investment options.

Further details about option-specific risks, such as currency, gearing, emerging markets and short selling risks and ways to manage investment risk are contained on pages 12 to 14 of the Investment Options Menu, which forms part of the PDS.

Role of your financial adviser

Your financial adviser may play a large role in implementing your financial plan and can assist you to meet your financial needs. We have therefore designed an online platform service to enable your adviser to monitor the progress of your portfolio and make transactions on your behalf if you nominate this.

If you choose to appoint your financial adviser to transact on your FirstChoice account, please complete the adviser online transaction authority in the application forms section.

Colonial First State can at any time remove an adviser or refuse to record or deal with an adviser nominated on your account.

You should read all the important information about the investment risks and diversification in the Investment Options Menu, which forms part of the PDS, before making an investment decision. The material relating to investments may change between the time you read the PDS and the day you sign the application form.

Additional disclosure required for hedge funds and other complex options

Hedge funds and funds with certain hedge fund characteristics can pose more complex risks for investors than traditional managed investment schemes. This can arise due to their diverse investment strategies, in many cases involving the use of leverage and complex and offshore structures.

The Australian Securities and Investments Commission (ASIC) has identified some characteristics that distinguish hedge funds from other managed investment schemes in its Regulatory Guide 240, such as the use of leverage, derivatives and short selling, charging performance fees, or funds that have complex investment strategies or structures. Where an option exhibits two or more of the characteristics defined, ASIC now requires responsible entities to provide additional reporting and disclosure. We will provide this additional reporting and disclosure for the following options:

Option name
Acadian Wholesale Australian Equity Long Short
Acadian Wholesale Defensive Income
Acadian Wholesale Global Equity Long Short
Aspect Wholesale Diversified Futures
Bennelong Kardinia Wholesale Absolute Return
Colonial First State Wholesale Target Return Income
FirstChoice Wholesale Alternatives
Platinum Wholesale Asia
Platinum Wholesale International
PM Capital Wholesale Enhanced Yield
PM Capital Wholesale Global Companies

For each option identified, we will report against the following benchmarks as required by ASIC:

- valuation of assets: information about whether assets which are not exchange-traded are valued by an independent administrator or an independent valuation service provider, and
- periodic reporting.

Where we can't provide all the components of the periodic reporting benchmark, we will explain why we can't and the types of information which will be provided instead so that you can monitor the investment performance of your investment.

In addition, for each option identified, we will provide the following information in the Reference Guide – Complex Funds, available online at colonialfirststate.com.au/complex. This information will be updated from time to time, in accordance with our legal obligations.

Disclosure principle	Description
Investment strategy	Details of the option's investment strategy, including the type of strategy, how it works and how risks are managed.
Investment manager	Information about the people responsible for managing the option's investments.
Fund structure	An explanation of the investment structures involved.
Valuation, location and custody of assets	Disclosure on the types of assets held, where they are located, how they are valued and the custodial arrangements.
Liquidity	The option's ability to realise its assets in a timely manner and the risks of illiquid classes of assets.
Leverage	Outlines the maximum level of leverage (where applicable) of the option.
Derivatives	The purpose and types of derivatives used by the appointed investment manager and the associated risks.
Short selling	How short selling (where applicable) may be used as part of the investment strategy and the associated risks and costs of short selling.
Withdrawals	Circumstances in which Colonial First State allows withdrawals. A full explanation of how your withdrawal will be processed can be found in the Reference Guide for the product you are investing in, which is available on our website, colonialfirststate.com.au

This disclosure principle information is available on our website at colonialfirststate.com.au/complex

5 Fees and other costs

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns. For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000). You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (www.moneysmart.gov.au) has a managed investment fee calculator to help you check out different fee options.

This document shows fees and other costs that you may be charged. These fees and other costs may be deducted from your money, from the returns on your investment or from the assets of the managed investment scheme as a whole.

Taxes are set out in section 6.

You should read all the information about fees and other costs because it is important to understand their impact on your investment.

Fees and costs for particular investment options are set out on pages 7 to 10.

FirstRate Wholesale Saver is a deposit product of the Bank, refer to section 7 for information.

- 1 Refer to pages 11 to 13 for more details on the different types of performance-related fees, how they have been calculated and how they have been estimated in the assessment of fees and costs. This estimate is generally based on the performance of the option over the 12 months to 31 January 2017 and the associated performance-related fee. As past performance is no indicator of future performance, the performance-related fee charged in the future may differ.
- 2 The two figures shown above for the geared share options are based on the gross (g) assets (which includes the option's borrowings (as at 31 January 2017) and is the lower of the two fees) and on net (n) assets (which excludes the option's borrowings and is the higher of the two fees). **Please note:** Borrowings include any exposure to borrowings from an option investing directly or indirectly into another managed investment scheme which borrows.
- 3 Buy/sell spreads depend on the specific gearing level of the option.
- 4 These options have not been in existence for 12 months (as at 31 January 2017). For these options, this is an estimated management cost. For these options with performance-related fees, we assume no outperformance.
- 5 FirstRate Wholesale Investment Deposits and FirstRate Wholesale Term Deposits are deposit products of the Bank. You should read the separate FirstRate Deposit Products PDS and the relevant offer term sheet (if applicable) before investing in these products.
- 6 FirstRate Wholesale Saver is a deposit product of the Bank; refer to section 7.
- 7 For these options, we are not remunerated by way of a cash fee. Instead, each month we receive units in the options at no cost in consideration for managing the options.
- 8 This estimated performance-related fee has been calculated on a per annum basis from the option's inception (March 2010) to 31 January 2017. The actual performance-related fee paid in the last 12 months to 31 January 2017 was 0.62% on Aspect Wholesale Diversified Futures. As past performance is no indicator of future performance, the performance-related fee, if any, charged in the future may differ.

Additional explanation of fees and costs

Management costs

The terms 'management costs' and 'management fees' mean different things.

Management costs include management fees, estimated performance-related fees (if applicable), investment expenses and custody fees. Management costs are deducted from the performance of the option (ie they are not charged directly to your account). They do not include contribution fees, transaction costs or additional service fees. The management costs for each option are an estimate based on current financial information. They are expressed as a percentage of each option's net assets and, together with any applicable buy/sell spreads, are outlined in the table on pages 7 to 10.

Management fees are the fees payable under the Constitution for the management of each option. Management fees are calculated from gross assets of the option. For details of the maximum management fees allowed under the Constitution, see page 13.

Example of annual fees and costs for a balanced investment option

This table gives an example of how fees and costs in the Colonial First State Wholesale Diversified option for this managed investment product can affect your investment over a one-year period. You should use this table to compare this product with other managed investment products.

EXAMPLE

The Colonial First State Wholesale Diversified option		Balance of \$50,000 with a contribution of \$5,000 during year
Contribution fees	0%	Nil
PLUS		
Management costs	0.97% pa	And , for every \$50,000 you have in the balanced investment option, you will be charged \$485 each year.
EQUALS		
Cost of balanced investment option		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you will be charged fees of: up to \$533.50 What it costs you will depend on the investment option you choose and the fees you negotiate.

These figures are inclusive of the net effect of GST.

Additional fees may apply.

Establishment fee: \$0.

And, if you leave the managed investment scheme early, you may also be charged exit fees of 0% of your total account balance.

Please note that this is just an example. In practice, the actual investment balance of an investor will vary daily and the actual fees and expenses we charge are based on the value of the option, which also fluctuates daily.

Buy/sell spreads also apply. Refer to pages 7 to 10.

Performance-related fees

Performance-related fees are payable from some investment options if the investment returns of the option, or a portion of the option's investments, exceed specified targets. The table on pages 7 to 10 shows which options are subject to performance-related fees.

Performance-related fees increase the management costs for the relevant option. Performance-related fees are reflected in the daily unit price and are paid monthly at the relevant rate (inclusive of the net effect of GST).

The fee is calculated as a percentage rate of the relevant investment return outperformance. The outperformance is the percentage return above the relevant benchmark.

Please note: There is no standard that is applied to how performance-related fees are calculated. You should carefully compare the different performance-related fee types in the tables below, noting which benchmark they aim to outperform and whether performance-related fees are calculated before or after management fees are charged.

Performance-related fees disclosed in this PDS are estimates only. The actual amounts paid may be greater or less than the amounts disclosed.

The following tables show which options within the PDS are subject to performance-related fees.

PERFORMANCE-RELATED FEE BEFORE MANAGEMENT FEES

Option	Benchmark	Management fee (pa)	Performance-related fee rate ⁹
Aspect Wholesale Diversified Futures ¹⁰	Greater than 0% on futures and forwards trading accounts	1.70%	20%
Ausbil Wholesale Australian Emerging Leaders ¹¹	Composite benchmark	1.10%	15%
Bennelong Kardinia Wholesale Absolute Return	Reserve Bank of Australia cash rate	1.65%	20.9%

9 This rate is inclusive of the net effect of GST.

10 The performance-related fee is calculated on the dollar value of positive performance (less carried forward negative performance) generated on the trading accounts only (this may include futures, forwards and/or options).

Please note: Earnings generated on cash allocations held outside the trading accounts are excluded from attracting a performance-related fee.

11 The composite benchmark consists of a weighting of 70% to the S&P/ASX Midcap 50 Accumulation Index and 30% to the S&P/ASX Small Ordinaries Accumulation Index.

12 This rate is inclusive of the net effect of GST.

13 The return on the option includes total income grossed up by the amounts of Australian franking credits.

14 The performance-related fee is calculated based on the amount by which the investment return of the option (after management fees) is greater than the return generated by the S&P/ASX 300 Accumulation Index excluding that part of the return that is generated by the stocks included in the S&P/ASX 20 Leaders Index.

15 The return on the option includes total income, inclusive of overseas withholding tax deducted at source and grossed up by the amounts of Australian franking credits.

16 The Constitution for PM Capital Wholesale Global Companies provides for a performance benchmark of greater than 0%.

Dollar fee example – performance-related fees (after management fees) for the Acadian Wholesale Australian Equity Long Short option

Assumptions for this example: 2.00% return before management fees above the relevant benchmark, \$50,000 investment, performance-related fee rate of 15% and a management fee of 1.10% pa.

Fees calculation		Fee amount
Management cost (excluding performance-related fee)	1.12% pa	\$560
Plus Performance-related fee example: $15\% \times (2.00\% - 1.10\%)$	0.135% pa	\$67.50
Management cost (including performance-related fee)	1.255% pa	\$627.50 inclusive of the net effect of GST

Sometimes the calculation of the performance-related fee will result in a negative dollar amount (negative performance-related fee). This negative performance-related fee is offset against any entitlement to future performance-related fees. We do not have to reimburse the option for negative performance. In extreme circumstances (eg if the net outflow from the option is more than 10% in one month) the negative performance-related fee which is offset may be reduced pro rata with the percentage of net outflow.

However, if there is a change to the option, such as a change of investment manager or investment strategy, the performance-related fee for the new option will be based on the rates prescribed in the tables above and will not take into account any negative performance-related fee for the previous option.

It is also possible for the investment manager to exceed the relevant benchmark (and therefore be entitled to a performance-related fee) even where an option has had negative performance over a period, as that option may have performed better relative to the benchmark.

Colonial First State may keep some of the performance-related fee. For periods of high outperformance, the performance-related fee may be substantial. We recommend you discuss this with your financial adviser to understand the impact of the performance-related fee.

Performance-related fees – alternative investments

The following performance-related fees are paid on the returns achieved from assets managed under a particular mandate, not the option as a whole; in this case, our alternatives mandate. Alternative investments typically include investments in futures, forwards and options and are not limited to investments in shares, bonds, cash and/or property.

FirstChoice Wholesale Conservative, FirstChoice Wholesale Diversified, FirstChoice Wholesale Moderate, FirstChoice Wholesale Balanced and FirstChoice Wholesale Growth may have an exposure to alternative investments by investing in multiple underlying funds that hold these investments. Their respective allocations are shown in the Investment Options Menu on pages 20 to 21.

FirstChoice Wholesale Alternatives also has exposure to alternative investments by investing in multiple underlying funds that hold these investments that, together, comprise the investment option.

Each of the underlying funds that hold the alternative investments may pay a performance-related fee of up to 27.50% for performance above a benchmark of either 0%¹ or a benchmark such as the Reserve Bank of Australia (RBA) cash rate.

The effect of any performance-related fee paid is reflected in the return of the allocation that each option makes to alternative investments.

Example – performance-related fees for multi-manager multi-sector options

Assuming all alternative investment managers achieve 2% performance above their relevant benchmark, FirstChoice Wholesale Balanced (which has a 7% allocation to alternative investments) would effectively incur 0.039% in performance-related fees ($2\% \times 7\% \times 27.50\%$), which would reduce the performance of the FirstChoice Wholesale Balanced option by this amount.

Example – performance-related fees for FirstChoice Wholesale Alternatives

Assuming all the investment managers of the underlying funds achieve 2% performance above their relevant benchmark, FirstChoice Wholesale Alternatives (assuming a 100% allocation to alternative investments) would effectively incur 0.55% in performance-related fees ($2\% \times 27.50\%$), which would reduce the performance of the FirstChoice Wholesale Alternatives option by this amount.

FirstChoice Wholesale Lower Volatility Australian Share

The FirstChoice Wholesale Lower Volatility Australian Share option has exposures to multiple underlying funds that, together, comprise the option.

The underlying funds may pay a performance-related fee to the investment manager of up to 30% for performance above a benchmark such as the S&P/ASX 200 Accumulation Index or the Reserve Bank of Australia (RBA) cash rate (calculated before the deduction of their management fees). The effect of any performance-related fees paid to underlying investment managers is reflected in the return of the allocation that the option makes to each underlying investment manager, and this will result in a reduction of the investment performance for the option.

Example – performance-related fees for FirstChoice Wholesale Lower Volatility Australian Share

Assuming two out of five underlying investment managers in the option, who together hold 35% of the total value of the option, achieve 6% performance above their relevant benchmark and that the agreed performance-related fee is 30%, the option would effectively incur 0.63% in performance-related fees ($6\% \times 35\% \times 30\%$), which would reduce the investment performance of the option by this amount.

AZ Sestante Wholesale options

The AZ Sestante Wholesale Conservative, AZ Sestante Wholesale Diversified and AZ Sestante Wholesale Growth options each have exposures to multiple underlying funds that, together, comprise the assets of each AZ Sestante option. These underlying funds may pay a performance-related fee to the underlying investment manager of up to 30% for absolute performance or performance above a benchmark such as the

¹ The performance-related fee is calculated on the dollar value of positive performance (less carried forward negative performance) generated on the trading accounts only (this may include futures, forwards and/or options). **Please note:** Earnings generated on cash allocations held outside the trading accounts are excluded from attracting a performance-related fee. Also, the performance-related fee is calculated before the deduction of the option's management fees.

S&P/ASX 300 Accumulation Index or the Reserve Bank of Australia (RBA) cash rate. Such performance-related fees may be calculated before or after the deduction of management fees depending on the underlying fund. The effect of any performance-related fees paid by the underlying fund is reflected in the return of the allocation that the AZ Sestante option makes to each underlying fund, and this will result in a reduction of the investment performance for the AZ Sestante option. The allocation to underlying investment funds with or without performance-related fees may change at any time without notice to investors. Although performance-related fees may be paid to the underlying investment managers, no performance-related fees are paid to AZ Sestante.

Example – performance-related fees for AZ Sestante Wholesale Diversified

This example assumes that the AZ Sestante Wholesale Diversified option includes a 15% allocation to three underlying investment funds that each have a performance-related fee. Each of the underlying investment funds has a 5% allocation and achieves the following outcomes:

Investment manager 1: 3% return and applies a 20% performance-related fee on absolute return ($3\% \times 5\% \times 20\%$).

Investment manager 2: 3% return above RBA cash rate and applies a 20% performance-related fee ($3\% \times 5\% \times 20\%$).

Investment manager 3: 2% return above S&P/ASX 300 Accumulation Index and applies a 30% performance-related fee ($2\% \times 5\% \times 30\%$).

The overall investment performance of the AZ Sestante Wholesale Diversified option would effectively be reduced by 0.09% due to performance-related fees ($3\% \times 5\% \times 20\%$) + ($3\% \times 5\% \times 20\%$) + ($2\% \times 5\% \times 30\%$).

Increases or alterations to the fees

We may vary the management fees used to calculate the management costs set out on pages 7 to 10 at any time at our absolute discretion, without your consent, within the limits prescribed in each option's Constitution. If the variation is an increase in a fee or charge, we will give you 30 days prior written notice.

For all other options with performance-related fees other than those listed in the table below, a maximum performance-related fee rate of 25% (inclusive of the net effect of GST) is provided for under the Constitution.

Option name	Maximum performance-related fee rate ²
Acadian Wholesale Global Equity Long Short and Acadian Wholesale Australian Equity Long Short	15.00%
Acadian Wholesale Defensive Income, Aspect Wholesale Diversified Futures and Magellan Wholesale Global Share	27.50%

² All maximum performance-related fees in the table are inclusive of the net effect of GST.

³ Maximum fee is charged for this option.

These figures are inclusive of the net effect of GST.

Please note: The maximums are provided for information and are not the current fees charged. The current fees are shown on pages 7 to 10.

Transaction costs

Transaction costs are the costs of buying and selling assets directly or indirectly held by an option and may include brokerage, government taxes/duties/levies, bank charges, custodian charges on transactions and the buy/sell spread of any underlying funds.

If the amount payable to acquire an investment exceeds the price for which it would be disposed of at that time, the difference is also a transaction cost.

Transaction costs are an additional cost to you. Transaction costs are usually paid for from the assets directly or indirectly held by an option at the time of the transaction.

Buy/sell spreads

For most options, there is a difference between the unit price used to issue and redeem units and the value of the option's assets. This difference is due to what is called the buy/sell spread. When you (or any person you have authorised) invest, switch or withdraw all or part of your investment in these options, we use the buy/sell spread to pay for the transaction costs incurred as a result of the transaction. We use the buy/sell spread to allocate transaction costs to the investor transacting rather than other investors in the option.

An option's buy/sell spread is set to reflect the estimated transaction costs the option will incur as a result of member transactions. The buy/sell spread that applies to each option is shown in the table on pages 7 to 10.

Please note: that the buy/sell spreads can be altered at any time and may be altered without prior notice to you.

Buy/sell spreads example: If you make a \$50,000 investment in or withdrawal from the Colonial First State Wholesale Diversified option, you will incur buy/sell spreads of \$100.

Other operating expenses and abnormal costs

The Constitution for each option allows for the ongoing operating costs, charges, expenses and properly incurred outgoings (such as registry, trust accounting, investment, audit, regulatory, production of the offer documents and taxation advice) and other administration costs, charges and expenses to be paid directly from the option. Alternatively, the responsible entity is entitled to recover these costs from the option. The Constitution does not place any limit on these costs that can be paid from each option.

Abnormal costs (such as costs of unitholder meetings, recovery and realisation of assets, changes to the Constitution and defending or pursuing legal proceedings) are paid out of the option. These costs are incurred fairly infrequently.

Where short-term settlement borrowing or borrowing for underlying funds occurs (including geared options), borrowing costs such as interest on borrowings, legal fees and other related costs are payable by those options.

What is paid to your adviser?

The adviser recommending this product may receive from us certain non-monetary benefits allowed under law (soft dollar). Under our obligations pursuant to the Corporations Act 2001 and the Financial Services Council Code of Practice, we keep a record of soft dollar payments which we are entitled to make to dealer groups or advisers. Please contact us if you would like to view this register.

Dealer groups and other licensees who have an arrangement with us may receive remuneration from us to the extent that it is permitted under law. This remuneration will be paid out of the fees we derive from you that are indicated in the table on pages 7 to 10 in a given year. If these amounts are paid, they are paid by us from our revenue and are not an extra amount paid from the fund, nor are they a further amount you pay.

Adviser service fee and licensee service fee

You can also agree with your financial adviser to have an adviser service fee, for advice received relating to your investment in FirstChoice Wholesale Investments, including FirstRate Wholesale products, paid directly from one of your

investment options. The adviser service fee will be paid to your current adviser or any subsequent adviser on your investment. Your adviser may agree with their dealer group or licensee that a portion of the adviser service fee will be paid to the dealer group or licensee for services they provide to your adviser in relation to financial product advice provided by your adviser. Where this applies, this is not an additional amount paid by you but is included in the adviser service fee.

Alternatively, you may agree with your financial adviser to have a separate ongoing licensee service fee paid to the dealer group (licensee) for services they provide to your adviser in relation to financial product advice provided by your adviser. Where this applies, this separate licensee fee will be paid directly from your investment. The licensee service fee is payable so that your adviser can provide the financial product advice. This fee is in addition to your adviser service fee (if applicable). The licensee service fee will continue to be paid if you change the adviser on your investment.

You can review all your fee arrangements with your adviser at any time.

The adviser service fee and/or licensee service fee will generally be deducted from the most conservative investment option unless you nominate an option.

Please note: Paying an adviser service fee and/or licensee service fee from a FirstRate Wholesale Term Deposit will be treated as an early withdrawal, and this will reduce your interest rate or the amount you receive may be subject to an adjustment (reduction), depending on the investment term you choose. Please refer to the **separate** FirstRate Deposit Products PDS for more details on the FirstRate Term Deposit investment options.

This adviser service fee can either be charged as an ongoing fee or a one-off fee, or a combination of both. The licensee service fee can only be charged as an ongoing fee.

An **ongoing** fee can be charged as:

- a percentage of your account value, and/or
- a set dollar amount.

You can also choose to increase any ongoing set dollar amount by a percentage based on the Consumer Price Index (or 3%, whichever is greater).¹

Please nominate this on your application form.

This ongoing fee will be deducted from one of your options on a monthly basis within the first five business days of the following month.

A **one-off** adviser service fee can also be charged as:

- a set dollar amount.

You can choose to have this one-off fee deducted from one or all of your options. Where you choose to deduct the fee from all of your options, it will be based on the investment weighting on the day of the deduction.

This one-off fee will be deducted within the first five business days of the following month.

Colonial First State may at its discretion reduce or refuse to deduct an adviser service fee or a licensee service fee or refuse to record or deal with your adviser at any time. Please contact your adviser directly regarding the negotiation of the adviser service fee and/or licensee service fee.

¹ Indexation will be applied in August each year and may occur within the first year, depending on the date of the request. We will notify you in writing prior to the increase each year.

The adviser service fee and licensee service fee agreed with your financial adviser must be expressly stated as being in relation to financial product advice provided by your adviser, in the relevant section of the application form. You must consent to the amount of the adviser service fee and/or licensee service fee deducted from your account and paid to your financial adviser through your financial adviser's dealer group.

Details of the adviser service fees and licensee service fee deducted from your investment will be included in your statements and should be disclosed to you by your adviser in the Statement of Advice which your adviser must give you.

Management cost rebates

You may be entitled to a portfolio rebate of part of the management costs on investment options. No trail rebate is payable on FirstChoice Wholesale accounts.

Management cost rebates are calculated and paid before income tax. You may be assessable for income tax on the rebate amount, so you should ensure that this amount is included in your annual tax return. You should speak to your financial adviser or accountant for more information.

Management cost rebates are calculated monthly using your account balances² and the rebate rate that applied on the last day of the month. If you close your account, your redemption will only include a rebate calculated to the end of month prior to the redemption. Management cost rebates will be credited to your account in the form of additional units as follows:

Management cost rebate	Frequency of payment
Portfolio rebate	Six-monthly in September and March

Unless you nominate a particular investment option, the management cost rebates will be paid to your investment options as outlined on page A2 in the application forms section.

Portfolio rebate

You may be entitled to a portfolio rebate depending on the size of your portfolio invested in eligible FirstChoice Wholesale products. Eligible FirstChoice Wholesale products (including Colonial First State Wholesale Cash and FirstRate Wholesale investment options) which determine the eligibility and the level of your portfolio rebate are:

- FirstChoice Wholesale Investments³
- FirstChoice Wholesale Personal Super, and
- FirstChoice Wholesale Pension.

Only investments in this range of the FirstChoice range of products are eligible for the portfolio rebate. However, no rebate is payable on your investments in the Colonial First State Wholesale Cash and FirstRate Wholesale products investment options.

FirstChoice Wholesale accounts held under the same Online Identity Number (OIN) are automatically eligible and are counted towards your portfolio rebate. If you have more than one OIN, please contact us to ensure that your portfolio rebate is calculated correctly. You can also nominate investments held in joint names or as trustee for a trust or superannuation fund to be included in your portfolio rebate. Each account can only be linked to one OIN for portfolio rebate purposes. We do not allow the linking of nominee company accounts.

If you have more than one eligible FirstChoice Wholesale product, all your investments will be aggregated for the purposes of calculating the portfolio rebate, and the rebate will be paid to each eligible product in proportion to your total portfolio.

The following table details the level of portfolio rebate you may be entitled to:

Value of eligible FirstChoice Wholesale products and investment options	Portfolio rebate (pa)
First \$800,000	Nil
Next \$400,000	0.10%
Over \$1,200,000	0.20%

Please note: Cash and deposit amounts are counted first in each tier amount.

Example calculation: A FirstChoice Wholesale Investments investor has the following investments:

FirstRate Wholesale Saver	\$500,000
Colonial First State Wholesale Cash	\$500,000
FirstChoice Wholesale Balanced	\$1,000,000
TOTAL PORTFOLIO	\$2,000,000

Portfolio balance	Rate	Portfolio rebate
First \$800,000 (Cash/Saver options counted first)	\$800,000 × 0.00%	\$0
Next \$400,000 (Cash/Saver option – \$200,000 remaining × 0.00% plus \$200,000 × 0.10%)	\$200,000 × 0.10%	\$200
Over \$1,200,000	\$800,000 × 0.20%	\$1,600
TOTAL		\$1,800

We may change the portfolio rebate level or eligibility criteria at any time. If you require any clarification, please refer to our website, colonialfirststate.com.au, contact Investor Services on 13 13 36 or speak to your financial adviser.

Tax implications

Please note that this portfolio rebate will have income tax and may have GST implications. Please discuss this with your financial adviser.

Differential fees

We may issue units to certain investors such as sophisticated, professional, wholesale investors or Bank employees with reduced management costs. Such arrangements would be subject to individual negotiation, compliance with legal requirements and any applicable ASIC class orders.

² In calculating your portfolio rebate, your account balance is determined using the gross unit price of each option.

³ Where your FirstChoice Wholesale Investments account receives a rebate under an arrangement outlined under the heading 'Differential fees' on this page, this account will not count towards determining eligibility or the level of your portfolio rebate.

6 How managed investment schemes are taxed

General taxation information has been provided for you in this PDS. However, because the Australian taxation system is complex and different investors have different circumstances, you should consider seeking professional taxation advice before investing in FirstChoice Wholesale investment options.

You may be required to pay tax in relation to your investment in an option (generally income or capital gains tax); however, you may be able to claim some tax credits or receive the benefit of some tax concessions.

Some tax information has been provided for you below. However, although every care is taken, it is never possible to rule out the risk that on a subsequent review, taxation liabilities of each option could be increased or the benefit of concessions reduced.

Because investors can move into and out of an option at different points in time, there is a risk that taxation liabilities in respect of gains that have benefited past investors may have to be met by subsequent investors.

This tax information is current as at 4 April 2017.

The levels and basis of tax may change in the future. We will send you all the information you need each year in order for you to complete your tax return.

Will you be liable to pay tax on income distributions you receive from an option?

You may, depending on your total level of taxable income and your income tax rate. This is the case regardless of whether the money is actually paid to you or reinvested. Any tax you pay depends on what makes up the distributions. Distributions could comprise:

- income (such as dividends and interest)
- net capital gains (from the sale of the option's investments), and
- tax credits (such as franking credits attached to dividend income and credits for tax paid on foreign income).

Will you be liable for tax when you switch or withdraw money from an option?

You may, depending on your total level of taxable income and your income tax rate. Australian residents are generally subject to capital gains tax on gains when they switch or withdraw from an option or transfer units to another person or entity. Depending on the type of taxpayer you are defined as and how long you have held your units, you may be entitled to a capital gains tax concession which can reduce the liability by up to 50% if you are an individual, or 33.33% if the investment is by a complying superannuation entity.

Do you have to quote a Tax File Number (TFN) or an Australian Business Number (ABN)?

(Australian residents only)

Under law (Income Tax Assessment Act 1997) we can collect your TFN. You are not required by law to quote your TFN. However, without your TFN or appropriate exemption information, we are required to withhold tax at the highest marginal tax rate (plus Medicare and other applicable levies) from income distributions and interest payments made to you. We will only use your TFN for lawful purposes (which are subject to legislative changes).

Non-residents

Non-residents may be subject to withholding tax on distributions. The exact amount cannot be determined in advance because it varies depending upon the type of income. Generally, for the options offered in this document (with the exception of the property securities options), non-residents will not be subject to Australian tax on capital gains arising at redemption. However, non-residents seeking to invest should obtain tax advice on their specific circumstances.

Withholding

We may be required to withhold an amount from any payment to you to meet our obligations under foreign or domestic law, including those imposed pursuant to sections 1471 to 1474 of the United States Internal Revenue Code 1986 (FATCA).

Changes to the taxation of managed investment trusts (MITs)

Legislation has been passed which allows an eligible MIT to elect into a new taxation regime called Attribution Managed Investment Trust (AMIT). A MIT that elects into the new regime will also be referred to as an AMIT. We have chosen for eligible funds to opt into the AMIT regime on behalf of our investors from 1 July 2017.

Under the AMIT regime we will attribute income and tax offsets to you on a fair and reasonable basis. You will generally be assessed on this income and may be entitled to claim the tax offsets attributed to you.

The AMIT regime also provides you with the ability to adjust the cost base of your interest in the AMIT upwards or downwards where amounts attributed to you differ to the amounts that you have received as a cash distribution.

7 FirstRate Wholesale Saver

What is FirstRate Wholesale Saver?

FirstRate Wholesale Saver can provide you with an easy to use, low risk deposit account with a competitive variable interest rate.

How do you establish and operate FirstRate Wholesale Saver?

FirstRate Wholesale Saver works together with your FirstChoice Wholesale Investments account. This provides you and your financial adviser the convenience and ease of establishing and managing the different investments in your portfolio in the one place.

Who are the parties involved?

FirstRate Wholesale Saver is a deposit product of Commonwealth Bank of Australia ('the Bank'), one of Australia's leading financial institutions. When you or a person you authorise makes or requests a deposit to FirstRate Wholesale Saver, you enter into an agreement with the Bank on the terms and conditions (incorporated by reference) in the Reference Guide – Transacting on your account, available online at colonialfirststate.com.au/fcwinv

The Bank has appointed Colonial First State Investments Limited to collect information, administer and otherwise deal with matters relating to FirstRate Wholesale Saver.

Benefits of FirstRate Wholesale Saver

- **No fees** – There are no transaction or account keeping fees.
- **Peace of mind** – Knowing at the time what interest you will earn and that your money is on deposit with a leading Australian bank.
- **Easy set-up** – Simply use the same application form as FirstChoice Wholesale Investments.
- **Ask us once** – You can transact on FirstRate Wholesale Saver at the same time as your other FirstChoice Wholesale investments.
- **Your investments at a glance** – One consolidated and easy to understand statement and you can view your account through the FirstNet secure online service.
- **Switch with ease** – Move your money between the FirstRate Wholesale deposit products and other FirstChoice Wholesale Investments options with ease.

8 How to open an account, cooling off and complaints

Read this PDS

You should read all parts of the PDS. You can contact Colonial First State on 13 13 36 or email us at contactus@colonialfirststate.com.au if you would like a paper copy to be sent to you free of charge. You should assess whether the product is appropriate for you and speak to your financial adviser before making a decision to invest in the product.

If you decide to invest in the product, you should always check that you are completing an application form from the most up-to-date version of the PDS.

By completing the application, you agree to the content of the PDS available at the date you first become an investor in FirstChoice Wholesale Investments. Thereafter, we will notify you of changes to the PDS in accordance with our legal obligations.

Complete the forms required in the application forms section

Complete the application form included with or accompanied by the PDS and send it to us. Alternatively, you can complete the application online. Please refer to the application form checklist to help you determine which forms to complete.

Units in FirstChoice Wholesale cannot be issued to you unless you use the application form attached to or accompanied by either a paper or an electronic copy of the PDS.

Is there a cooling-off period?

A 14-day 'cooling-off period' will apply to your initial investment in FirstChoice Wholesale Investments in certain circumstances. If, during the 14-day cooling-off period, you decide that the investment does not meet your needs, then contact your financial adviser and advise us in writing.

The 14 days start when your transaction confirmation is received by you or five days after your units are issued, whichever is earlier.

We will refund your investment, reduced or increased for market movements (and, where relevant, once we have established your identity). We will also deduct any tax or duty incurred and an amount for reasonable transaction and administration costs we incur in relation to your investment in the fund, including determining your application. As a result, the amount returned to you may be less than your original investment.

Please note: The cooling-off period does not apply to FirstRate Wholesale products. FirstRate Wholesale products terms and conditions deal with the withdrawal of your investment, together with accrued interest. Refer to the Reference Guide – Transacting on your account, available online at colonialfirststate.com.au/fcwinv or the **separate** FirstRate Deposit Products PDS (whichever is applicable).

Additional information on setting up account types

Joint accounts

If this is a joint application and you have not advised us otherwise, either applicant may operate and transact on the account without the authority of the other applicant.

Please note: If there is a dispute relating to your account (for example, inconsistent instructions given by the applicants), we reserve the right not to process the transaction until we receive a court order, which advises us on how to deal with your account.

Accounts on behalf of a minor

We do not accept any investments in the name of a minor (under 18 years of age); however, the investment may be held 'as designation' for the minor. In order to set up an account as designation for a minor, please insert the minor's name in the 'Account designation' field under section 2. It is important that you also complete Investor 1 and/or Investor 2 as owners of the account, and provide the TFN(s) of the investor(s) rather than the minor. If you would like to set up accounts for more than one minor, then you will need to complete a new application form for each minor.

Superannuation fund or trust

Please insert the entity's name under 'Superannuation fund/trust'. We will also require information of the trustees. To supply this trustee information, please complete Investor 1 and/or Investor 2 if trustees are individuals. If the trustee is a company, please complete the 'Company name' field.

Default order for deduction of fees and management cost rebates

Please note: Where amounts are to be deducted from or credited to your investment; for example, adviser service fees, licensee service fees or management cost rebates and no option or an invalid option has been nominated by you, a default order exists. Generally, the default order draws from or credits to your more conservative option, as determined by us. Special rules may apply where you hold FirstRate Wholesale Term Deposit or FirstRate Wholesale Investment Deposit options. Please call Investor Services on 13 13 36 should you require further information.

12 DECLARATION AND SIGNATURE**About your application**

You acknowledge that if your application to become a unitholder is accepted, your unitholding will be subject to the terms of the Constitution.

By applying for FirstChoice Wholesale Investments, you:

- confirm that you have received and read the FirstChoice Wholesale Investments Product Disclosure Statement and/or the FirstRate Deposit Products Product Disclosure Statement and have access to all statements and information that are incorporated by reference, together referred to below as ‘the PDS’
- confirm that you have accepted this offer in Australia
- confirm that, where you are applying for FirstRate Wholesale Saver, you have received and read all relevant terms and conditions
- confirm that you have received the PDS personally or electronically and it was included with or accompanied by this application form
- declare that answers to all questions, declarations and all information supplied by you or on your behalf in relation to this application is true and correct
- declare that you have legal power to invest
- understand that if this is a joint application, each of you agrees that your investment is as joint tenants, unless otherwise indicated on this application or in the relevant investment option’s terms and conditions; this means each of you is able to operate the account and bind the other(s) to any transaction, including investments, switches or withdrawals by any available method
- confirm that if you are investing as trustee on behalf of a superannuation fund or trust, you are acting in accordance with your designated powers and authority under the trust deed; in the case of superannuation funds, you also confirm that it is a complying fund under the Superannuation Industry (Supervision) Act 1993
- when you give us personal information about another person, you represent that you are authorised to do so and agree to inform that person of the contents of this statement as it relates to them
- agree that future investments will be made in line with the most recent transaction (excluding FirstRate Wholesale Term Deposits, FirstRate Wholesale Investment Deposits and/or regular investment plans) unless you tell us otherwise
- confirm that by investing (and remaining invested) with Colonial First State, you give your consent to the collection, use and disclosure of personal information as set out in the PDS and the Group’s Privacy Policy available at www.commbank.com.au
- declare that you are not in the United States or a ‘US Person’ (as defined in Regulation S under the US Securities Act 1933, as amended) in the United States, nor are you acting for the account or benefit of a US Person

- declare that you are not a European Union citizen residing in the European Union
- agree that you will provide Colonial First State with additional information if it is needed for Colonial First State to comply with its obligations to foreign or domestic regulators
- understand that other than FirstRate Wholesale products, which are deposit products of Commonwealth Bank of Australia, investments in FirstChoice Wholesale Investments options are not investments, deposits or other liabilities of Commonwealth Bank of Australia or its subsidiaries and are subject to investment and other risks, including possible delays in repayment and the loss of income and principal invested
- understand that neither Colonial First State nor Commonwealth Bank of Australia or its subsidiaries guarantee the repayment of capital, performance, or any particular rate of return from FirstChoice Wholesale Investments options
- will promptly advise Colonial First State if any information supplied changes
- as an individual, certify that you are the named person or you are authorised to provide information on their behalf
- as an entity, are authorised by, and have consent of, the entity and any beneficial owners to provide the information
- as an entity, and any beneficial owners are aware that information about them and the account may be provided to the tax authorities.

About your financial adviser

- You agree that your adviser will receive the payments specified in this application form via the sale of units from your investment or via a withdrawal (if you have selected that this will be via a withdrawal from a FirstRate Wholesale product), and you consent to Colonial First State deducting and paying the adviser service fee and licensee service fee (if applicable) to your adviser through their dealer group (licensee).

Direct Debit Request Authorisation

- You authorise Colonial First State Investments Limited (User ID 011802) to arrange for funds to be debited from the nominated bank account you nominated in this application form and in accordance with the Bulk Electronic Clearing System (BECS).
- You confirm you have read the ‘Direct debit customer service agreement’ provided in this PDS (page A24) and you agree with its terms and conditions.
- You request this arrangement to remain in force in accordance with details set out in section 7, and in compliance with the ‘Direct debit customer service agreement’.

12 DECLARATION AND SIGNATURE (CONTINUED)

Conditions for authorising an adviser to transact on your behalf

Adviser Online Transaction Authority

By signing this authority, you authorise the named adviser, and any person authorised by that adviser (authorised delegate), to have details of your investments for each Colonial First State account(s) identified in section 10 and to perform the following activities on your account (via your pre-nominated bank account) online (if available) on your behalf personally, (unless you tell us otherwise):

- make an additional investment, set up or modify a regular investment plan (including modifying the adviser fees as agreed by you and your adviser from time to time), switch between investment options and modify account details (excluding bank account details)
- modify investment selection and frequency (including auto-rebalancing)
- withdraw an investment (does not apply to superannuation or pension accounts)
- transact on FirstRate products (including managing maturity instructions).

By signing this authority you acknowledge:

- The adviser remains authorised, even if this adviser transfers to a new dealer group (with the current dealer's release) without notice to you.
- If the dealer group's Australian Financial Services Licence is suspended or cancelled by ASIC, we have the discretion to switch off the adviser authority.
- We can refuse to accept an authority, permit a person to transact or carry out a transaction.
- We will process transactions under this authority until we receive a signed notification, from you, amending or revoking this authority.

- This authority continues until the second business day after we receive written notice from you of cancellation of the authority.
- You agree to release, discharge and indemnify us from and against any liability, cost or loss that is incurred by us or you as a result of our acting on this authority except if we have acted fraudulently or have wilfully defaulted in our obligations to you.
- Use of Colonial First State's online facilities is subject to specific terms and conditions. These are available on our internet site.
- We can cancel or vary these conditions by giving you not less than seven (7) days prior written notice.
- If during our normal business hours FirstNet is unavailable or online transactions are not being processed (as determined by us), then this authority will permit your adviser (or their delegate) to transact on your behalf using fax instructions. The terms of fax usage which will then apply are set out in the Reference Guide – Transacting on your account.

Please note:

- By providing this authority to your adviser, you will also be automatically updated to full transaction access on your account via FirstNet, if you do not already have this level of access.
- As the adviser may delegate this authority you should carefully consider the implications of giving this authority.
- The adviser and the authorised delegate will be authorised to carry out these activities online only.
- We will not accept or be on notice of any restrictions on their authority.
- Investments and withdrawals can only be made to and from a bank account pre-nominated by you.

PLEASE NOTE THAT BY APPOINTING AN ADVISER TO TRANSACT ON YOUR BEHALF, YOU ARE GIVING THAT ADVISER, AND ANY PERSON ACTING ON BEHALF OF THE ADVISER, AUTHORITY TO TRANSACT AND MODIFY DETAILS ON YOUR ACCOUNT(S), UNTIL WE RECEIVE A VALID WRITTEN NOTIFICATION, SIGNED BY YOU, AMENDING OR REVOKING THIS AUTHORITY.

Joint applicants must both sign.

Sole signatories signing on behalf of a company confirm that they are signing as sole director and sole secretary of the company.

Identification and Verification Form – individuals and sole traders

Please complete a separate form for each investor.

Full name of investor

All clients applying for a new FirstChoice Wholesale Investments account (including FirstRate Wholesale products) **must** complete the identification procedures (for the purposes of Anti-Money Laundering and Counter-Terrorism Financing laws). This form is to assist with those procedures for individuals and sole traders. If you are making an application for a non-individual account (for example, a company or trust), you or your adviser will be required to complete different forms to establish your identity, which can be obtained from our forms library at colonialfirststate.com.au or by phoning Investor Services on **13 13 36**.

Financial advisers undertake identification and verification procedures by completing sections 1 to 3 of this form or by using other industry standard forms.

If you do not have a financial adviser, you are required to complete sections 1 and 2 of this form and provide certified copies of the ID documents (do not send original documents). **Please note:** For joint accounts, a separate form is required for each investor.

The list of the parties who can certify copies of the documents is set out below. To be correctly certified, we need the ID documents to be clearly noted 'True copy of the original document'. The party certifying the ID documents will also need to state what position they hold and sign and date the certified documents. If this certification does not appear, you may be asked to send in new certified documents.

List of persons who can certify documents¹ (for the purposes of Anti-Money Laundering and Counter-Terrorism Financing laws):

- Justice of the Peace
- Solicitor
- Police Officer
- Magistrate
- Notary Public (for the purposes of the Statutory Declaration Regulations 1993)
- Employee of Australia Post (with two or more years of continuous service)
- Your financial adviser (provided they have two or more years of continuous service)
- Your accountant (provided they hold a current membership to a professional accounting body)
- Australian consular officer or an Australian diplomatic officer (within the meaning of the Consular Fees Act 1955)
- An officer of a bank, building society, credit union or finance company provided they have two or more years of continuous service.

Direct debit customer service agreement

Our commitment to you

- We will send you regular transaction statements in addition to the initial confirmation of your drawings.
- Where the due date for a drawing falls on a non-business day, we will draw the amount on the next business day.
- We will provide written notice of any proposed changes to your drawing arrangement, providing no less than 14 days notice. If you are unhappy with any changes we make, you may cancel your direct debit arrangement without fee or charge by providing us with written notice as outlined under the heading 'Your rights'.
- We may terminate your direct debit arrangement if drawings are returned unpaid, or if debit is unsuccessful three times in any 12-month period.
- We will keep all information provided by you, and details of your nominated account at the financial institution, private and confidential.
- We will investigate and deal promptly with any queries, claims or complaints regarding debits, providing a response within 21 business days.

Your commitment to us

- It is your responsibility to check with your financial institution prior to completing the direct debit request, that direct debiting is available on that account.
- It is your responsibility to ensure that the authorisation on the direct debit request is identical to the account signing instruction held by the financial institution of the nominated account.
- It is your responsibility to ensure at all times that sufficient funds are available in the nominated account to meet a drawing on the due date for payment.

- It is your responsibility to advise us if the account nominated by you to receive the drawings is altered, transferred or closed.
- It is your responsibility to arrange with us a suitable alternative payment method if the drawing arrangements are stopped either by you or by the nominated financial institution.
- It is your responsibility to meet any charges resulting from the use of the direct debit system. This may include fees charged by us as a result of drawings returned unpaid, such fees being equal to actual costs we incur.

Your rights

- You may request to defer or alter the agreed drawing schedule by giving written notice to us or by calling Investor Services on 13 13 36. Such notice should be received by us at least five business days prior to the due date for the next drawing.
- You may cancel the direct debit arrangement at any time by giving written notice to us or by calling Investor Services on 13 13 36. Such notice should be received by us at least five business days prior to the due date for the next drawing. Your nominated financial institution may also accept a request to cancel your direct debit arrangement with us.
- All transaction disputes, queries and claims should be raised directly with us. We will provide a verbal or written response within 21 business days from the date of the notice. If the claim/dispute is successful, we will reimburse you by way of cheque or electronic credit to your nominated account.

Please phone Colonial First State Investor Services on 13 13 36 with any enquiries or send an email to contactus@colonialfirststate.com.au

Related party remuneration

All the entities referred to below are subsidiaries of Commonwealth Bank of Australia ('the Bank') and related bodies corporate of the responsible entity and trustee.

The Colonial Mutual Life Assurance Society Limited ABN 12 004 021 809, trading as Commlnsure, receives insurance premiums for the insurance benefits it provides.

Colonial First State Investments Limited (CFSIL) ABN 98 002 348 352 AFS Licence 232468 is the responsible entity for most of the investment options in FirstChoice. CFSIL receives and retains fees in connection with those investment options, as disclosed in this document and the relevant disclosure document. The Bank may charge annual maintenance levies to us as an issuer of underlying investments. These are not additional charges to you. The only fees payable in respect of those investment options are the charges disclosed in the relevant disclosure documents.

CFSIL may appoint different investment managers to manage the investment options. Some of these investment managers may be related parties of CFSIL and can include Colonial First State Asset Management (Australia) Limited ABN 89 114 194 311 AFS Licence 289017 (Colonial First State Global Asset Management) and Realindex Investments Pty Limited ABN 24 133 312 017 AFS Licence 335381.

Commonwealth Bank of Australia ABN 48 123 123 124 AFS Licence 234945 may provide products that are available through FirstChoice. The Bank receives and retains fees in connection with these products.

Your adviser may belong to a related party of the Bank, responsible entity or trustee, such as Commonwealth Financial Planning ABN 65 003 900 169 AFS Licence 231139, Financial Wisdom ABN 70 006 646 108 AFS Licence 231138 or Count Financial Limited ABN 19 001 974 625 AFS Licence 227232. Details of these relationships should be disclosed by your adviser in documents such as the Financial Services Guide which your adviser must give you.

Colonial SuperTrace Eligible Rollover Fund (SuperTrace) ABN 73 703 878 235 is the nominated eligible rollover fund of FirstChoice Super and Pension and FirstChoice Employer Super. SuperTrace receives and retains fees in connection with those services.

For more information on related party transactions, refer to the 'Managing conflicts of interest' section following.

Managing conflicts of interest

CFSIL is a subsidiary of the Commonwealth Bank of Australia. All related party transactions are conducted on arm's length terms. Accordingly, CFSIL believes that related parties are receiving reasonable remuneration. Any conflict of interest or potential conflict of interest is managed in accordance with the Bank's Conflicts of Interest Policy.

CFSIL is the responsible entity and the trustee of FirstChoice and makes its investment decisions in accordance with its systems and processes separately from other members of the Bank. The available investments may include securities or other financial products issued by members of the Bank. As a result, the Bank's activities may have an effect on the investments.

CFSIL makes no representation as to the future performance of any underlying investments held in FirstChoice, including those issued by members of the Bank.

CFSIL, other members of the Bank and their directors and employees may hold, buy or sell shares or other financial products included in the options in FirstChoice. Members of the Bank may have business relationships (including joint ventures) with related parties or any of the entities included in FirstChoice investments. In addition, members of the Bank may from time to time advise CFSIL in relation to activities unconnected with FirstChoice.

Such relationships and advisory roles may include acting as general financial adviser in respect of, without limitation, corporate advice, financing, funds management, property and other services.

The directors and employees of CFSIL and other members of the Bank may hold directorships in the companies included in FirstChoice investments. Any confidential information received by the Bank and its directors and employees as a result of the business relationships, advisory roles and directorships discussed above will not be made available to CFSIL.

Interests of the directors of the responsible entity

Executive directors may receive remuneration as employees of the Bank or one of its related entities. Non-executive directors are also remunerated for their services. From time to time, directors may hold interests in shares or other securities issued by the Bank or hold investments in one or more of the funds offered by Colonial First State.

This PDS has been authorised under delegation by our directors.

Financial Services Guide

Dated 15 May 2017

This Financial Services Guide (FSG) is an important document which we are required to give to you under the requirements of our Australian Financial Services Licence. It provides you with information about Colonial First State Investments Limited ABN 98 002 348 352 ('Colonial First State', 'we', 'our', or 'us') to help you decide whether to use the financial services we provide. This FSG outlines the types of services and products we can offer to you. It also explains how we (and other relevant persons) are remunerated for these services and includes details of our internal and external complaints handling procedures and how you can access them.

To invest in any of our financial products, you, or your participating employer sponsor (if applicable), must complete the application form attached to or accompanying the relevant Product Disclosure Statement (PDS). The PDS contains information about the particular product and will assist you in making an informed decision about that product.

If we provide you with personal financial product advice rather than general financial product advice, we will give you a Statement of Advice (SOA), unless we are exempted from doing so. Personal financial product advice is advice that takes into account one or more of your objectives, financial situation and needs. The SOA will contain the advice, the basis on which it is given and information about fees, commissions and any associations which may have influenced the advice.

Who are we?

Colonial First State is one of Australia's leading wealth management providers and a part of the Commonwealth Bank of Australia Group ('the Bank').

Any financial services offered will be provided by a representative of Colonial First State. Colonial First State has an Australian Financial Services Licence granted under the Corporations Act to provide these services to you.

We are also licensed to be the trustee of superannuation funds under the Superannuation Industry (Supervision) Act 1993.

We do not act as a representative of any other licensee in relation to the services we provide you.

To contact us you can:

- call Investor Services on 13 13 36
- visit our website at colonialfirststate.com.au
- write to us at Reply Paid 27, Sydney NSW 2001
- email us at contactus@colonialfirststate.com.au

What financial services and products do we offer?

Colonial First State is authorised to offer a range of financial services including:

- dealing in financial products
- giving advice on financial products
- operating registered managed investment schemes
- being the trustee of superannuation funds.

We also offer a range of managed investment, superannuation and pension products. Some of our superannuation products offer life insurance benefits. We can help you to apply for these products and can also give you general financial advice in relation to our products, or products offered by other financial institutions, including other members of the Bank.

We do not generally provide financial planning services. We only give personal financial product advice in limited situations. Personal financial product advice is not provided through our website or Investor Services.

How can you transact with us?

You can give us instructions electronically, by telephone, mail, fax or via our website. Any dealings with us by telephone, fax or electronically will be governed by our standard 'telephone, fax and electronic communications terms and conditions'. These terms and conditions are contained in the Reference Guide – Transacting on your account for each product and are also available on the website at colonialfirststate.com.au

There are also terms and conditions of use for our website and FirstNet, our secure internet service. These terms and conditions can be obtained on the website.

How are we remunerated for the services we provide?

If you invest in a product we offer, Colonial First State will receive remuneration in relation to your investment in that product. Where we advise you about a product offered by another company of the Bank and you acquire that product, then that company will receive remuneration. This remuneration may include contribution fees and management costs (which include transaction, ongoing and, if applicable, any borrowing costs). In some situations, withdrawal fees, account fees and transaction fees may apply. The remuneration we will receive for the products we offer is set out in the PDS for the particular product. The remuneration we will receive for this product is set out in the 'Fees and other costs' section of the PDS on pages 6 to 15 of this combined document.

Colonial First State does not receive any fees, nor do we charge you additional fees for providing financial product advice.

What commissions, fees or other benefits are received?

Employees of Colonial First State who give you advice do not receive specific payments or commissions for the giving of that advice. These employees and our directors receive salaries, bonuses and other benefits from us. Bonus payments and other benefits are discretionary, and based on achievement of pre-determined objectives, in compliance with the Corporations Act 2001. You may receive advice in relation to the products we offer from financial advisers who do not work for Colonial First State or may be representatives of other licensees in the Bank. These advisers may receive some benefits from us. The adviser's remuneration is included in the fees you pay when investing in our products. The amount of this benefit is set out in the PDS for the particular product. The remuneration we pay advisers in relation to this product is set out in the 'What is paid to your adviser?' section of the PDS on page 14 of this combined document. We do not pay commissions or provide other benefits to third parties for referring customers to us.

What kind of compensation arrangements are in place for a breach of our legal obligations?

Where we are liable to meet a claim, payment will generally be paid from our cash flows and available resources.

For claims we may rely on and claim under the professional indemnity insurances that we hold. These insurances are between us and the insurer and are intended to respond to civil liability resulting from significant claims for compensation made against us for financial services provided by us or our representatives. These insurances provide cover even if one of our representatives has ceased to act or work for us. Our compensation arrangements comply with the legal requirements set out in section 912B of the Corporations Act.¹
