Dear Valued Unitholder,

**NOTICE OF MEETING OF UNITHOLDERS – RATIONALISATION OF FEEDER FUND STRUCTURE
JANUS HENDERSON GLOBAL TECHNOLOGY FUND (THE “FUND”)**

We are writing in relation to your investment in the Fund, a feeder fund that feeds into the Luxembourg-domiciled Janus Henderson Horizon Fund – Global Technology Fund (the “**Underlying Fund**”). The Underlying Fund is recognised by the Monetary Authority of Singapore.

In an effort to reduce fees for clients and streamline product offerings, we, as managers of the Fund (the “**Manager**”), are proposing to terminate the Fund and merge any **eligible** proceeds into the Underlying Fund as described below. This will remove fees associated with the additional layer of the master-feeder fund structure and achieve economies of scale as both funds invest in the same investment strategy. We hope that you will agree with the proposed changes below and look forward to your response regarding your investment. Please refer to *Appendix A* for a comparison of the Fund and the Underlying Fund.

We are inviting you to consider and approve the following proposals:

- i. **Amend** the Deed¹ to provide for the automatic exchange described in (iii) below.
- ii. **Terminate** the Fund on **7 February 2020**, or such later date as we may, in consultation with BNP Paribas Trust Services Singapore Limited (the “**Trustee**”) determine (the “**Effective Date**”).
- iii. After termination, **automatically exchange** the **Eligible Units**² of the Fund for A2 SGD class shares of the Underlying Fund of equivalent value (the “**Automatic Exchange**”). **Ineligible Units**³ will not participate in the Automatic Exchange and Unitholders of Ineligible Units will receive liquidation proceeds in proportion to their interests in the Fund after termination of the Fund. You will not be liable for any exchange fee, initial sales charge, realisation charge, or liquidation charge in relation to the Automatic Exchange or payment of liquidation proceeds.

Please find the following documents enclosed:

- Appendix A: Comparison of the Fund and Underlying Fund, an explanatory diagram to determine if you hold Eligible or Ineligible Units and a list of Frequently Asked Questions relating to the proposed changes
- Appendix B: Notice of Meeting of Unitholders of the Fund
- Appendix C: Voting Proxy Form
- Appendix D: Schedule of proposed modifications to the Deed

¹ “**Deed**” means the Deed of Trust dated 7 October 1997, as amended and supplemented, constituting the Fund.

² “**Eligible Units**” are Units in the Fund held beneficially through a distributor’s nominee account as at 31 January 2020 by:

- i) “**Cash Unitholders**” are Unitholders who had subscribed via cash and CPF15 Unitholders.
- ii) “**CPF15 Unitholders**” are Unitholders who had subscribed through the Central Provident Fund (“**CPF**”) Investment Scheme (“**CPFIS**”) monies who have been converted into registered Unitholders pursuant to section 15 of the CPF Act, Chapter 36 of Singapore.

³ “**Ineligible Units**” are Units held by:

- i) Unitholders who had subscribed using CPFIS monies but excludes CPF15 Unitholders (“**CPFIS Unitholders**”);
- ii) Unitholders who had subscribed using Supplementary Retirement Scheme (“**SRS**”) monies; and
- iii) Cash Unitholders who as at 31 January 2020 still hold their Units directly as a registered Unitholder instead of beneficially through a distributor’s nominee account.

Cash Unitholders

Eligible Units: If you hold Eligible Units through a distributor, should the resolution pursuant to our proposals be passed, your Units in the Fund will be automatically exchanged for shares of the Underlying Fund and will continue to be held with your distributor. As you hold Units of the Fund through a distributor, and your Units in the Fund are registered in the name of the distributor, please note that you will not be able to attend, or vote at, the meeting unless your distributor appoints you as its proxy in relation to your Units. Please contact your distributor to make the necessary arrangements if you wish to attend, or vote at, the meeting.

You may instruct your distributor to vote on your Units in a manner instructed by you by returning the enclosed proxy form or via an alternative arrangement. Please contact your distributor to make the necessary arrangements. Your distributor may require the proxy form in advance of 9 a.m. on 25 November 2019.

Your distributor will have to execute the enclosed proxy form and deposit it before the deadline of 9 a.m. on 25 November 2019.

Ineligible Units: If you receive quarterly holding statements directly from Janus Henderson Investors on Janus Henderson Investors letterhead addressed to you, you are holding Ineligible Units. Should the resolution be passed, you will need to urgently transfer your Units to a nominee account with a distributor before 31 January 2020 to participate in the Automatic Exchange. Alternatively, you may contact your distributor for verification. If not transferred before 31 January 2020, you will receive liquidation proceeds upon termination instead.

CPFIS Unitholders & SRS Unitholders

As the Underlying Fund is not included under the Central Provident Fund Investment Scheme (“**CPFIS**”) or Supplementary Retirement Scheme (“**SRS**”), CPFIS Units & SRS Units are ineligible for the Automatic Exchange and you will receive liquidation proceeds upon termination. Should the resolution pursuant to our proposals be passed, you will be provided with a period to switch your holdings to other schemes included under CPFIS or SRS (as may be applicable). During this period, no switching fee will be imposed by us and all transaction costs, including CPF/SRS agent bank fees, will be borne by us. Further details will be provided to you when we notify you of the outcome of the meeting of Unitholders.

Notice of Meeting

The terms of the extraordinary resolution for the purposes of approving:

- (i) the relevant amendments to the Deed are set out in the schedule (please see *Appendix D*) and notice of the meeting of Unitholders (the “**Notice of Meeting**”) (please see *Appendix B*);
- (ii) the termination of the Fund; and
- (iii) the Automatic Exchange.

A proxy form to enable your vote to be counted at the meeting if you are unable to attend in person is attached to the Notice of Meeting (please see *Appendix C*). You are urged to **complete and return** this proxy form as soon as possible so that it will arrive at the Manager’s office at 138 Market Street, #34-03/04, Singapore 048946, no later than **9 a.m. on 25 November 2019**. We have enclosed a self-addressed envelope for this purpose.

Duly completed proxy forms received prior to such deadline will be valid for the meeting and any adjourned meeting. Submission of a proxy form will not prevent you from attending and voting at the meeting in person if you wish.

The proposed timeline for this exercise is as follows:

- Meeting of Unitholders to be held on at **9 a.m. on 27 November 2019** at 138 Market Street, CapitaGreen, #34-03/04, Singapore 048946.

- If a quorum⁴ is present at the meeting of Unitholders and assuming the extraordinary resolution⁵ is passed, the Fund will be terminated on the Effective Date. To determine the number of Unitholders and the total number of Units of the Fund as at the date of the meeting, such numbers will be based on the register of Unitholders as at **25 November 2019, 9 a.m.**
- If no quorum is present at the meeting of Unitholders, the meeting will be adjourned to **16 December 2019**. Notice of the adjourned meeting will be sent out on **29 November 2019**. Assuming a quorum⁶ is present at the adjourned meeting and that the extraordinary resolution is passed, the Fund will be terminated on the Effective Date.
- Upon termination of the Fund, **Unitholders holding Eligible Units** will receive A2 SGD class shares of the Underlying Fund and **Unitholders holding Ineligible Units** will receive liquidation proceeds in proportion to their interest in the Fund.

Underlying Fund Documents

Before making a decision, you should read the Singapore Prospectus of the Underlying Fund (the “**Underlying Fund Prospectus**”) carefully to understand the specific risks of investing in the Underlying Fund and consult your financial advisor to help you assess the suitability of the Underlying Fund for your personal financial needs.

An electronic copy of the Underlying Fund Prospectus and the relevant Product Highlights Sheet of the Underlying Fund is available at www.janushenderson.com/sg, and hard copies of the same may be obtained from our office, as well as from your distributor.

The Trustee, while expressing no opinion of the merits of the extraordinary resolution, has no objection to the extraordinary resolution being submitted to the Unitholders for their consideration.

You should note that neither the Manager, the Trustee or any of their directors are making any recommendation as to the advantages or disadvantages of the proposed termination of the Fund and the Automatic Exchange. Unitholders should seek their own independent advice on the consequences of the changes/proposed changes affecting their investment in the Fund.

If you have any queries, please feel free to contact us at +65 6813 1067 or your distributor.

We thank you for your continued support and look forward to serving you.

KEY RISKS	
<p>WHAT ARE THE KEY RISKS OF THIS INVESTMENT?</p> <p>There is no guarantee that investors will get back the invested amount given that the value of investments is subject to market conditions and therefore may go up as well as down. These risk factors may cause you to lose some or all of your investment:</p>	<p>Refer to the “Risks”, “Realisation of Units”, “Suspension of Dealing” and “Appendix 1” in the Prospectus for further information on risks of the product.</p>
Market and Credit Risks	
<ul style="list-style-type: none"> ▪ You are exposed to the market risks in global markets. The value of the investments in the Fund may go up or down due to changing operational, interest rate, credit, foreign exchange and market conditions that impact the share price of the companies that the Fund invests in. ▪ You are exposed to currency risk. The value of an investment in the Fund, whose units are denominated in SGD, may be unfavourably affected by the fluctuations in the exchange rate of SGD against another. Adverse fluctuations in currency exchange rates can result in a decrease in return and in a loss of capital. 	
Liquidity Risks	
<ul style="list-style-type: none"> ▪ The Fund is not listed and you can redeem only on Dealing Days. There is no secondary market for the Fund. All redemption requests should be made to the Managers or its distributors. ▪ Flexibility in redemption may be restricted. The Fund may suspend the redemption of units of the Fund in certain circumstances. ▪ Difficulty in realising the value of investments readily may delay payment of redemption proceeds. In certain market conditions, investments held by the Luxembourg Fund may not be as liquid as they would be in normal circumstances. A reasonable price may be harder to attain in such conditions and there is a risk that the price at which the investment is valued may not be realisable in the event of sale. The Luxembourg Fund may therefore be unable to readily sell such investment. 	

Product-Specific Risks	
<ul style="list-style-type: none"> ▪ You are exposed to derivatives risks. The use of FDI involves certain special risks in relation to market volatility, liquidity of the FDI and the credit of the counterparty, and the value of the FDI may not necessarily correlate perfectly with the underlying investments. While some strategies involving FDI can reduce the risk of loss, they can also reduce the opportunity for gain or even result in losses to the Luxembourg Fund. ▪ You are exposed to technology related risks. Investments in securities of technology related companies are likely to be affected by factors associated with technology industries (eg. greater regulatory scrutiny and subsequent changes, development failure and costs, obsolescence due to scientific and technological advancements, etc) and exposed to greater risk and market fluctuations than a broader range of portfolio securities covering wider economic sectors. ▪ You are exposed to concentration risks. Investing in companies that are in similar businesses may be more susceptible to any single economic market, political or regulatory occurrence affecting that industry or group of industries. The performance of the Fund, having its investments focus in a particular industry or sector, may be more volatile than a fund that does not concentrate its investments. ▪ You are exposed to securities lending risks. The Luxembourg Fund may lend its portfolio securities to financial institutions and expose to the risk that the borrower defaults and fails to return the borrowed securities. The loaned securities may be secured by cash collateral that may be reinvested and may incur losses or underperforms relative to other investment options. Parties in a securities lending transaction may fail to comply, either inadvertently or purposely, with either contractual covenants or laws and regulations governing securities lending activities.
