The Sub-Fund will comprise 6 Classes, namely USD Class A, SGD Class A, USD Class I, SGD Class I, USD Class L <sup>7</sup> and SGD Class L <sup>7</sup> . <sup>5</sup> Expense ratio (excluding preliminary expenses and including underlying funds' expense ratios).

<sup>6</sup> A “disruptor” is a company that changes the traditional way an industry operates, especially in a new and effective way.

<sup>7</sup> Class L Units of the Sub-Fund may only be offered to us, investment funds managed by us, certain distributors and to such other investors at our sole discretion.

<p>We currently do not intend to make distributions for the Sub-Fund. Distribution payments shall, at our sole discretion, be made out of either (a) income; or (b) net capital gains; or (c) capital of the Sub-Fund or a combination of (a) and/or (b) and/or (c). The declaration and/or payment of distributions (whether out of income and/or capital) may have the effect of lowering the net asset value of the Sub-Fund. Moreover, distributions out of capital may amount to a reduction of a Holder's original investment.</p> <p>You should note that the Units are Excluded Investment Products and prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018), and that the Sub-Fund is subject to the applicable investment limits and/or restrictions.</p>	
<b>Investment Strategy</b>	
<p>The Sub-Fund will invest in a portfolio of globally diversified disruptors. To construct the portfolio, we use the five factors (market capitalisation, price-to-sales ratio, price volatility, long-term earnings-per-share growth and sales growth) to mechanically screen and distil 100 stocks from the investible universe. The investible universe comprises companies that challenge the existing business models and whose innovative ideas have been proven and commercialised. There is no target country or sector allocation.</p> <p>The portfolio will be rebalanced quarterly.</p> <p>We may use FDIs for such purposes as may be permitted under the Code on Collective Investment Schemes and subject to compliance with the limits and/or restrictions (if any) applicable to Excluded Investment Products and prescribed capital markets products.</p>	<p>Refer to the Section 8.4.2 of the Prospectus for further information on features of the product.</p>

## Liquidity Risks

- **You are exposed to Liquidity Risks**

- o Trading volume on stock exchanges in emerging markets can be substantially less than on the stock exchanges of the major markets, so that acquisition and disposal of holdings may be time consuming and/or may need to be conducted at unfavourable prices.
- o The Sub-Fund is not listed and you can redeem only on Dealing Days.

## Product Specific Risks

- **You are exposed to Derivatives Risks**

- o The Sub-Fund may from time to time invest in derivative, such as futures, options, warrants, forwards and swaps for hedging purposes or for the purpose of efficient portfolio management. While the judicious use of derivatives by professional investment managers can be beneficial, derivatives involve risks different from, and, in some cases, greater than, the risks presented by more traditional securities investments.

- **You are exposed to Newly Established Companies Risk**

- o The Sub-Fund may potentially invest in companies that are newly established and do not have prior or established track record. Consequently, there can be no assurance that our assessment of the short-term or long-term prospects of such investment will prove accurate, or that the Sub-Fund will achieve its investment objective.

#### Cooling Off Period

If you are subscribing for Units in the Sub-Fund for the first time, you may cancel your subscription of Units within 7 calendar days from the date of subscription by submitting a Notice to Cancel Form to us or our authorised distributors, subject to cancellation terms and conditions. Subject to the provisions of the Deed, you will be refunded the lower of the market value of the Units held on the day of receipt and acceptance of such form or the original amount paid by you. Where the market value of the Units held is greater than the original amount paid by you, we are not obliged to pay the excess amount to you and the excess amount shall be retained in the Sub-Fund.

#### Realisation

Any Units not realised shall be realised on the next Dealing Day, subject to the same limitation until all Units in that Sub-Fund or Class (as the case may be) to which the original request relates have been realised.

You may realise your holdings in the Sub-Fund or Class (as the case may be) on any Dealing Day by submitting a realisation form to us or our appointed agents or distributors.

As Units are realised on a forward pricing basis, the realisation price of Units is not ascertainable at the time of realisation.
