Edgewood L Select - US Select Growth - Class I EUR Z

ISIN-Code: LU0952587946

Management Company: Duff & Phelps (Luxembourg) Management Company S.à r.l.

Objectives and Investment Policy

The Fund aims to offer shareholders a portfolio of equities considered to be stable, of high quality and demonstrating global growth prospects.

The Fund may use US common stocks (securities issued by companies whose registered office is located in the United States or whose main economic activities are based in the United States or which hold, as holding companies, prominent participations in companies based in the United States) which shall at all times represent at least 2/3 of the Fund's total assets. The Fund shall invest principally in securities that are undervalued in relation to their potential, in order to generate profits. Derivatives shall be used solely for the purpose of hedging.

The Fund applies the strictest selection criteria in order to ensure that only businesses of quality are chosen. These criteria are, among others, market share, unit growth, barriers to entry to the market that the business can impose on the sector in question, a track record of growth and profitability, production costs in comparison to the relevant business sector,

government regulations, use of debt and quality of management. The investment manager is free to choose how the Fund is invested and does not manage it with reference to an index.

The investment manager may also lend the Fund's portfolio securities to eligible third parties in order to generate additional income.

Dividends that the Fund receives are automatically reinvested in the Fund and are thus part of the Fund's value. No dividends will be distributed for this class.

Subscriptions and redemptions of the Fund's shares can be made on each day which is a normal bank business day in Luxembourg and in the United States.

Recommendation: This Fund may not be appropriate for investors who plan to withdraw their money within 5 years.
