| Micron Technology Inc | 5.59 | Activision Blizzard Inc | 3.00 |
| Western Digital Corp  | 4.98 | ASML Holding NV         | 2.92 |

## Key benefits

- Exposure to a dynamic range of technology themes.
- Diversification from investment in multiple sectors.
- Exposure to both developed and emerging markets.
- Factor and specific exposures controlled through our proprietary risk management system.
- Our fundamental valuation approach and quantitative screening process seek to identify attractive investments in any market environment.
- Our global analysts provide local expertise and in-depth knowledge to support our stock and industry selection.

## Risks

UBS Sector Funds invest in equities and may therefore be subject to high fluctuations in value. For this reason, an investment horizon of at least five years and corresponding risk tolerance and capacity are required. Focusing intentionally on individual sectors may entail additional risks. All investments are subject to market fluctuations. Every fund has specific risks, which can significantly increase under unusual market conditions. The fund can use derivatives, which may result in additional risks (particularly counterparty risk).
