Credit risk he Sub-Fund is exposed to credit risk for all or part of its total assets. The value of these assets may rise or fall

price of the underlying financial instrument may result in a substantial movement in the price of the FDI.

Derivative risk The price of a financial derivative instrument (FDI) can be very volatile. This is because a small movement in the Investment in FDIs may result in losses in excess of the amount invested. Further details are provided in the Full Prospectus. The following Share Classes may be issued: Share Class Information A Shares: are available to all investors. E Shares: are available in certain countries, subject to the relevant regulatory approval, through specific distributors selected by the Distributor. E Shares will incur annual management fees equivalent to that of the Class A Shares plus 0.3% to 0.5% per annum of the net asset value of Class E Shares, which may be payable to specific distributors in certain countries. I Shares: are available through specific distributors selected by the Distributor. J Shares:* are available for investment by fund of fund ranges managed by the HSBC Group only. P Shares: are available for subscription in certain jurisdictions or through certain distributors selected by the Distributor. W Shares: are available through specific distributors that will also be members or affiliated entities of the HSBC Group as selected by the Distributor provided that the investors qualify as institutional investors within the meaning of article 129 of the 2002 Law. No operating, administrative and servicing expenses will be charged to Class W Shares. All the fees and charges allocated to this Class will be paid directly by members or affiliated entities of the HSBC Group X Shares: are available through specific distributors selected by the Distributor provided that the investors qualify as institutional investors within the meaning of article 129 of the 2002 Law and fall into one of the following categories: companies or company pension funds, insurance companies or registered charities company. are available to investors having entered into a discretionary management agreement with Z Shares : an HSBC Group entity and to investors subscribing via distributors selected by the Distributor provided that such investors qualify as institutional investors within the meaning of article 129 of the 2002 Law. *Successive Classes J in a given sub-fund are numbered 1, 2, 3... and will be referred to as J1, J2, J3... (see section entitled "Charges and Expenses" in the Full Prospectus for further details) Within each share Class of a sub-fund, separate currency hedged Classes may be issued (suffixed by "H" and the currency into which the Base Currency is hedged e.g. "HEUR" or "HGBP"). For any hedged Class launched after 1 December 2008, the Administration Agent is entitled to any fees relating to the execution of the currency hedging policy, which will be borne by the relevant currency hedged Class. These fees are in addition to the operating, administrative and servicing expenses detailed under Section 2.8 (4) of the Full Prospectus. The Company issues Distribution and Capital-Accumulation Shares in different Classes: **Distribution** Policy Capital-Accumulation Shares are identifiable by a "C" following the sub-fund and Class names and do not pay any dividends. Distribution Shares are identifiable by a "D" following the sub-fund and Class names. The distribution policy of the Distribution Shares can be summarised as follows: Dividends will be declared separately in respect of each Distribution Class of each sub-fund by the meeting of shareholders of the relevant Class of Shares of the relevant sub-fund at the end of each financial year. The board of directors of the Company may declare interim dividends in respect of certain sub-funds. Dividends will be announced in the financial press. Payment of dividends will be made within six weeks of such declaration to holders of Shares in the respective sub-funds at the dividend record date as stated in such resolution.

Annual Performance

Calculation date: 31 March 2009 Currency: Base Currency

The investment policy of the Sub-Fund was amended on 10 June 2005. Annual Performance prior to 7 April 2003 relates to the HSBC Asset Management High Return European Bonds from which this Sub-Fund was formed. The original launch date of this Sub-Fund was 19 November 2001. The name of the Sub-Fund was Euro Credit Bond before 16 April 2007, date on which its investment policy was amended.

The historical performance of other Classes is similar but may vary according to the amount of fees charged or as a result of other specific features such as their dividend policy. Historical performance may also vary as a result of the currency denomination or hedging policy applicable in relation to any specific Class.

The historical performance of the other Classes is available at the registered office of the Management Company.

Please note that past performance is not a guide to future performance. Investors may not get back the full amount invested, as prices of Shares and the income from them may fall as well as rise.

Annualized turnover

Calculation date: 31 March 2009 1475 %*

*Calculated in accordance with the provisions of the CSSF Circular 03/122 of 19 December 2003.
