

# Pictet – Water

## Simplified Prospectus (April 2010)

### Important information

This prospectus contains essential information relating to the Pictet – Water compartment (the “Compartment”). For more detailed information, please refer to the most recent version of the complete current Pictet (the “Fund”) prospectus. The full prospectus, as well as the latest annual and semi-annual reports, may be obtained free of charge from the Fund or the Custodian Bank.

### 1. Legal structure

Pictet (the “Fund”) is an open-ended investment company (SICAV) with multiple compartments incorporated under Luxembourg law, in accordance with the provisions of Part I of the Law of 20 December 2002 governing undertakings for collective investment. The Fund was incorporated for an indefinite period on 20 September 1991 under the name of Pictet Umbrella Fund. Its Articles of Association were last amended by notarial act dated 9 April 2010. The Fund has designated Pictet Funds (Europe) S.A. (the “Management Company”) to act as management company in compliance with section 13 of the Law of 20 December 2002.

### 2. Investment policy and objectives

The compartment aims to invest in equities issued by companies operating in the water and air sector worldwide.

The companies targeted in the water sector will include water production companies, water conditioning and desalination companies, water suppliers, water bottling, transport and dispatching companies, companies specialising in the treatment of waste water, sewage and solid, liquid and chemical waste, companies operating sewage treatment plants and companies providing equipment, consulting and engineering services in connection with the above-described activities.

The companies targeted in the air sector will include companies responsible for inspecting air quality, suppliers of air-filtration equipment and manufacturers of catalytic converters for vehicles.

The compartment will invest at least two-thirds of its total assets or wealth in equities issued by companies operating in the water sector.

This compartment will hold a diversified portfolio composed of securities issued by listed companies, within the limits allowed by the investment restrictions. These securities may be ordinary or preferred shares and, to a lesser extent, warrants on transferable securities and options. In addition, the Compartment may also invest up to 10% of its net assets in UCIs.

The compartment may also invest in structured products, such as bonds or other transferable securities whose returns are linked to the performance of an index, transferable securities or a basket of transferable securities, or an undertaking for collective investment, for example.

The compartment may use derivative techniques and instruments for efficient management, within the limits specified in the investment restrictions.

### 3. Risk profile of the Compartment

The Compartment is subject to certain risks inherent in each investment, such as the following:

- risks specific to a given market
- variations in exchange rates
- variations in interest rates.

Invested capital may fluctuate downwards as well as upwards, and investors may not recuperate the entire value of the capital initially invested.

**Investors should be aware that the acquisition of derivative instruments involves certain risks that could have a negative effect on the performance of the compartment. In addition, due to their volatility, warrants present an above-average economic risk.**

For further information regarding the risks associated with the investment policy, please refer to the full prospectus.

Low risk    Lower than average risk    Average risk    Higher than average risk    High risk

#### 4. Typical investor profile

The compartment is an investment vehicle for investors:

- who wish to invest in the shares of companies focused on the water-related sector worldwide;
- who are willing to bear significant variations in market value and thus have a low aversion to risk;
- who have a long-term investment horizon (at least 7 years).
