This figure may vary from year to year. It excludes performance fees and portfolio transaction costs, except in the case of an entry/exit charge paid by the Compartment when buying or selling units/shares in another collective investment undertaking. **For more information about charges, please see section "Fund expenses" of the Fund prospectus, which is available at www.pictetfunds.com**

INVESTMENT OBJECTIVE

RISK CONSIDERATIONS

- The risk category shown is based on historical data and may not be a reliable indication for the future risk profile of the Share class.
- The risk category shown is not a target or a guarantee and may change over time.
- The lowest category does not mean a risk-free investment.
- Equity investments are subject to high price volatility (variations in net asset value of the Share class) but may offer rewards in line with the risks taken, which is why this Share class is in this risk category.
- This value is affected by various factors, including:
 - The Compartment offers no capital guarantee or asset protection measures.
 - The Compartment may invest in emerging markets.
 - This asset class is subject to political and economic risks which may have a significant impact on the Compartment's performance and volatility.
 - Because of our investment approach, the Compartment may be exposed to currency risk.
- The Share class also bears the following risks that are not explained by the synthetic risk indicator:
 - Liquidity risk: when market conditions are unusual or a market is characterised by particularly low volumes, the Compartment may encounter difficulties in valuing and/or trading some of its assets, particularly to satisfy large redemption requests.
 - Operational risk: the Compartment is subject to the risk of material losses resulting from human error or system failures or incorrect valuation of the underlying securities.
 - Counterparty risk: the use of derivatives in the form of contracts with counterparties may imply significant losses if a counterparty defaults and cannot honour its liabilities.
