as at 31/03/2013

A ranking, a rating or an award
provides no indicator of future
performance and is not
constant over time.

The Allianz US Equity Fund has a
bias to large US companies who
look undervalued with good
prospects for increasing their
profits.

Aim of the Fund

The Fund aims to achieve capital growth through investment in large US companies considered to have good prospects for increasing profits and selling on attractive price/ earnings ratios. Please see the Key Investor Information Document for objectives and investment policy.

Portfolio Manager

Seung Minn

Seung Minn is a Senior Portfolio Manager & CIO of U.S. Systematic Equities. Seung joined Allianz Global Investors in 1998 as a Portfolio Manager and now leads the Systematic Investment Group. He manages US Core Equity and US

Value Equity portfolios, and oversees research efforts to enhance existing processes and develop new investment products. Prior to Allianz Global Investors, Seung was a Senior Vice President and Head of International Quantitative Research at Putnam Investments in Boston. Previously, Seung was a Vice President and a Portfolio Manager for Templeton Quantitative Advisors in New York City. He received a B.S.E. in Civil Engineering and Operations Research from Princeton University. Seung is a CFA charter holder, as well as a member of the CFA Institute and the Security Analysts of San Francisco. Seung has managed the Allianz US Equity Fund since April 2007.

Source: Lipper, A (Acc) share class, percentage growth total return, in sterling, mid to mid, with no initial charges, as at 31.07.13.

IMA Sector: North America; Benchmark: S&P 500.

Performance data include annual charges but exclude initial charges.

Discrete performance is measured over the last full calendar quarter end.

Past performance is not a reliable indicator of future performance. You should not make any assumptions on the future on the basis of performance information. The value of an investment and the income from it can fall as well as rise as a result of market and currency fluctuations and you may not get back the amount originally invested.

Technical Details

Share Class	A
Initial Charge	4.00%
Annual Charge	1.50%
Ongoing Charges ¹	1.57%
Minimum Investment	
Lump Sum	£500
Monthly	£50
Yield ²	0.21%
Ex-Dividend Dates	1 May
Dividend Payment Dates	30 Jun

1. A share class as at 30/04/2013. The ongoing charges represent the Fund's management fees and additional costs, and are calculated by dividing the total costs of the Fund by its assets.

2. Basis of calculation: annualised amount available for distribution (net of fees, gross of tax), divided by the gross midmarket value of the Fund.

ISA Investments (Share Class A)

Initial Charge	3.00%
Minimum Investment	
Lump Sum	£1,000
Monthly	£200

Specific Risks and Disclaimer

As this Fund may invest in overseas securities it may be exposed to and can hold currencies other than pounds sterling. As a result, exchange rate movements may cause the value of investments to decrease or increase.

The Fund has the ability to invest in companies that may have a volatile share price (e.g. the healthcare and technology sectors). Accordingly, investment in the Fund may be subject to sudden and large falls in value and you might not get back the full amount originally invested.

The Fund may have a concentrated portfolio of assets; lower diversification and active stock selection can result in greater than average investment in individual companies. Such concentration can give rise to more risk than where investments are spread over a large number of companies. Whilst this may increase the potential gains, this concentration of exposure and lack of diversification may also substantially increase the risk of loss to the Fund.

Smaller companies may be riskier and less liquid than larger companies, which means that their share price may be more volatile.
