Garant 5, a compartment of GENERALI INVESTMENTS SICAV

Class: D, Share: X (Accumulation) ISIN: LU0499461126

This SICAV is managed by Generali Investments Luxembourg S.A.

Objectives and investment policy

The Fund seeks an increase of the value of your investment over a 5-year investment term while preserving the principal and participating in the positive evolution of the Euro Zone stock markets. The Fund may not be appropriate if you plan to withdraw your money within 5 years.

The Fund may invest mainly in stocks of companies belonging to the Euro Stoxx 50 Index, in government and covered bonds, short term debt and financial derivatives instruments in Euro. The capital guarantee feature is contingent upon a Shareholder holding his shares until the end of each 5-year investment term. If the shareholder redeems all or part of his shares prior to the end of the investment term, he will not benefit from the capital guarantee.

In such case, he will receive a redemption amount dependent on the net asset value of his shares at the day of the redemption and may not get back the original amount invested.

If the shareholder redeems his shares at the end of the investment term as defined in the prospectus, he will receive at least 100% of the guaranteed amount. The capital guarantee and the guarantor are as described in the prospectus.

The Fund is open-ended. You may redeem shares of the Fund on any Luxembourg business day.

The Share Class makes no dividend payment.

Liquidity Risk: The Fund is invested in markets that may be affected by a decrease of liquidity. Such market conditions would impact the prices at which the Fund Manager opens and closes positions.
