- (L) Payment for Units issued for cash shall be due forthwith upon the issue thereof. If payment in full in cleared funds shall not have been received by the Depositary (or the Managers on behalf of the Depositary) within the usual time limits as the Managers may from time to time specify in the Prospectus, then the Managers may in any event refuse the application and cancel the issue or transfer of the relevant Units and shall cancel such issue or transfer if the Depositary and/or the Managers so require or alternatively the Managers may treat the application as an application for such number of Units as may be purchased or subscribed with such payment on the Dealing Day upon which such payment is received by the Depositary or such other Dealing Day as the Managers may determine. Upon such cancellation, the relevant Units shall be deemed never to have been issued and the applicant therefor shall have no right or claim in respect thereof against the Managers or the Depositary, provided that no previous valuations of the Deposited Property shall be re-opened or invalidated as a result of the cancellation of such Units. - (B) Any amount payable to the Managers under sub-clause (A) of this Clause 16 shall be payable as soon as practicable thereafter against surrender to the Depository of the Certificates, if any, to be cancelled or against delivery to the Depository of particulars of the Units to be cancelled in respect of which no Certificate is outstanding. Upon such payment and surrender, the Units in question shall be deemed to have been cancelled and withdrawn from issue.
- (C) The right of the Managers to require cancellation of any Unit shall be suspended during any period when the right of Holders to require the realisation of Units is suspended pursuant to Clause 17(E) hereof.
- (D) The Depository shall be under no obligation to check the calculation of the amount payable to the Managers but shall be entitled at any time before audited accounts of the Trust have been prepared covering the relevant Dealing Day to require the Managers to justify the same.

#### **REALISATION OF UNITS BY OTHER HOLDERS**

17. The following provisions shall have effect in regard to the realisation and (where appropriate) cancellation of Units upon the request of a Holder other than the Managers:-
- (A) Subject to the provisions of sub-clause (G) of this Clause 17, no Holder shall be entitled to realise part only of his holding of Units if such realisation would result in his holding being reduced to less than the Minimum Number of Units, and the following provisions (other than sub-clause (G) of this Clause 17) are to be read and construed subject thereto.
- (B) Subject to the provisions of sub-clauses (E) or (G) and (H) of this Clause 17, the Managers shall at any time during the continuance of the Trust, on receipt by them or

their duly authorised agents of a request from a Holder in writing or in such other form as the Managers may accept, effect the realisation of Units at not less than the Realisation Price of such Units as at the day on which the request is received (if such day is a Dealing Day and if such request is duly received on such Dealing Day by not later than such time of day as the Managers may specify from time to time in relation to the location in which the application is received) or (in any other case) as at the next Dealing Day following such receipt. Except pursuant to the provisions of sub-clause (E) of this Clause 17, a Holder may only withdraw a realisation request in whole or in part at any time prior to realisation being effected with the express consent of the Managers.

- (C) Such realisation may be effected at the discretion of the Managers (1) by the purchase of the Units by the Managers at not less than the Realisation Price or (2) by the cancellation of the Units and the payment of the Realisation Price out of the relevant Portfolio or (3) partly in one manner and partly in the other.
- (D) In relation to the foregoing provisions of this Clause 17 the following provisions shall apply:-
- (1) Where realisation is to be effected by cancellation of Units the Managers shall proceed to effect any sales of Investments or other property necessary to provide the cash required, shall notify the Depository that such Units are to be realised and cancelled in accordance with the provisions of this Clause 17 and shall (save where the Managers and the Depository shall have exercised their discretion under the provisions of Clause 9(G) hereof) deliver to the Depository for cancellation the Certificate if any representing the said Units and in such event the Trust shall be reduced by the cancellation of such Units and the Depository shall pay to the Managers out of the relevant Portfolio in respect of the cancellation of such Units the Realisation Price in respect of such Units and the Managers shall pay over the same to the Holder.
  - (2) The Managers shall be entitled in the name and on behalf of any Holder who has requested realisation of Units to execute an instrument of transfer in respect of any Units to be realised hereunder by purchase by the Managers and to endorse and sign on the appropriate Certificate in respect of any Units to be realised hereunder by cancellation such statement as may be necessary or desirable as evidence that such Holder no longer has any interest in the said Units PROVIDED THAT in either event the Managers shall within a reasonable period thereafter furnish to the Depository the authority under which they acted but the Depository shall not be concerned to require the endorsement of any such statement and shall be entitled to cancel Units upon compliance with the procedure hereinbefore in this Clause 17 provided.
  - (3) Unless specifically requested by the Holder or former Holder concerned so to do not later than one month after the relevant Dealing Day,, the Depository shall be under no obligation to check the calculation of the amount payable in connection with any purchase or cancellation of Units pursuant to this Clause 17 but shall be entitled at any time before the audited accounts of the Trust

have been prepared covering the relevant Dealing Day to require the Managers to justify the same.

- (4) The Managers reserve the right to withhold any amount payable to a Holder by the Managers in respect of the realisation of Units where it is considered necessary or appropriate to carry out or complete identification procedures in relation to the Holder pursuant to a statutory, regulatory or European Union obligation.
  - (5) Any amount payable to a Holder by the Managers in respect of the realisation of Units may be paid sooner but shall be payable on the expiration of the fifth Business Day after the Dealing Day on which the relevant Units were realised or, if later, the day on which the appropriate documents are received by the Managers or their duly appointed agent. For this purpose the appropriate documents shall be the Certificate therefor with the realisation request on the reverse thereof duly completed or, where no Certificate has been issued, a realisation request duly completed in such form as the Managers may approve.
- (E) The Managers may at any time with the approval of the Depositary suspend the right of the Holders to require the realisation of Units of any particular class under this Clause 17 and/or may delay the payment of any moneys in respect of any such realisation during any of the following periods:-
- (1) any period when any market on which a substantial part of the Investments for the time being comprised in the relevant Portfolio to which units of such class relate are quoted, listed or dealt in is closed or when trading on such a market is limited or suspended;
  - (2) any period when dealings on any such Market are restricted or suspended;
  - (3) during the existence of any state of affairs as a result of which disposal of Investments or other property for the time being comprised in that Portfolio cannot, in the opinion of the Managers, be effected normally or without seriously prejudicing the interests of Holders of Units of such class;
  - (4) during any breakdown in the means of communication normally employed by the Managers in determining the Net Asset Value of that Portfolio or when for any other reason the Value of any Investment or other property for the time being comprised in that Portfolio cannot in the opinion of the Managers be promptly and accurately ascertained;
  - (5) any period during which the Depositary is unable to repatriate funds required for making payments due on redemption of Units or during which the realisation of Investments or other property for the time being comprised in that Portfolio or the transfer of funds involved in such realisation cannot, in the opinion of the Managers, be effected at normal prices or normal rates of exchange.

Such suspension shall take effect forthwith upon the declaration thereof by the

Managers and thereafter there shall be no realisation of Units of the relevant class and/or payment of moneys in respect of any such realisation until the Managers shall declare the suspension at an end, except that the suspension shall terminate in any event on the day following the first Business Day on which (a) the condition giving rise to the suspension shall have ceased to exist and (b) no other condition under which such suspension is authorised under this sub-clause (E) shall exist. Each declaration by the Managers to this sub-clause shall be consistent with such official rules and regulations, if any, relating to the subject matter thereof as shall have been promulgated by any authority having jurisdiction over the Trust and as shall be in effect at the time. To the extent not inconsistent with such official rules and regulations and subject to the foregoing provisions of this sub-clause (E), the determination of the Managers shall be conclusive. At any time after such suspension, any Holder may withdraw any application for the realisation of Units of the relevant class and the Managers shall permit any applicant for Units of the relevant class to withdraw his application for the issue of Units, in either case such withdrawal to be effected by notice in writing to the Managers. If no such notice withdrawing any such application has been received by the Managers before termination of such suspension, the Managers shall, subject to and in accordance with the terms of this Deed, realise Units in respect of which they have received such application for realisation or (as the case may be) consider such application for the issue of Units as at the Dealing Day next following the termination of such suspension. Any suspension can only be on a temporary basis, and the Central Bank will be notified immediately and in any event within the working day on which such suspensions take place.

- (F) Any such suspension shall be publicised in a national daily newspaper circulating in Dublin and Hong Kong if in the opinion of the Managers it is likely to exceed fourteen (14) days and shall be notified to investors requesting issue or realisation of Units at the time of application or filing of the irrevocable written request for such realisation. Any such suspension can only be on a temporary basis and the Central Bank will be notified immediately and in any event within the working day on which such suspensions take place.

The Managers shall have the right, whether on the establishment of a Portfolio or from time to time, to create one or more sub-classes of Units within each class of units, the terms of issue of which may be differentiated by reference to Issue Price, the amount of the Preliminary Charge, Management Fee or other fees and expenses, currency of designation or such other terms and conditions of issue as the Managers may determine at the date of their creation, provided that all of the Holders of the Units of each respective sub-class within each class shall together rank *pari passu* in respect of the Portfolio to which the Units of such class are referable.

- (G) The Managers shall be entitled with the approval of the Depositary to limit the total number of Units of any class which Holders are entitled to realise, on any Dealing Day to 10 per cent. of the total number of Units in issue of the Portfolio on such Dealing Day (the "Deferral Policy"). The Deferral Policy is to be applied *pro rata* to all Holders who have validly requested realisations on such Dealing Day and the Managers so that the proportion realised of each holding so requested to be realised (or, in the case of the

Managers, to be cancelled under Clause 16 hereof) is the same for all such Holders and for the Managers. Any Units which, by virtue of the powers conferred on the Managers by this sub-clause (G), are not realised or, as the case may be, cancelled shall be realised or cancelled (subject to any further application of Deferral Policy) on the next succeeding Dealing Day. If realisation requests are carried forward as aforesaid, the Managers will give immediate notice to the Holders of Units affected thereby that such Units have not been realised or cancelled and that (subject as aforesaid) they shall be realised or cancelled on the next succeeding Dealing Day.

- (H) (1) On any Dealing Day where a Holder wishes to realise 5% or more of the net asset value of a Portfolio the Managers may at their discretion, satisfy any request for realisation of Units by the transfer in specie to those Unitholders requesting realisation of assets provided (a) the Holder requesting realisation consents to such transfer in specie or (b) the Holder has requested such transfer in specie. The assets transferred in specie pursuant to this sub-clause (H) shall have a value (calculated in accordance with paragraph 6 of Schedule 1 of this Deed) equal to the Realisation Price as if the realisation proceeds were paid in cash, less any charges or costs incurred in connection with the sale of in-specie transfer including an amount equivalent to any Stamp Duty Reserve Tax (SDRT) to be paid in relation to the cancellation of the Units. The assets to be transferred in specie to the relevant Holder will be selected in consultation with and subject to the approval of the Depositary on such terms as the Managers deems equitable and not prejudicial to the Unitholders in the relevant Fund or class. Holders may however, by notice in writing to the Managers, request the Managers to sell such assets, less such costs of the sale, which shall be borne by the relevant Holder.
- (2) Where a Unitholder has consented or requested such in-specie transfer pursuant to the provisions of clause (H) (1) hereof amounting to 5% or more of the Units in issue in a Portfolio, the percentage of Units to be selected in specie will not be included in the calculation of the percentage of Units used to determine the Deferral Policy as set out in the sub-clause (G). Where a Unitholder has elected or consented to receive in-specie transfer, the Managers shall advise the Holder that a Deferral Policy may operate if cash settlement is requested.

- (2) The appropriate percentage shall be ascertained as follows:-
  - (a) subject to sub-paragraph (b), the appropriate percentage shall be 0.45% per cent. or such higher percentage (or such scale of percentages applicable to different parts of the Net Asset Value of the relevant Portfolio, being a scale of percentages resulting or capable of resulting in a higher overall rate of Administration Fee) as may be fixed by an Extraordinary Resolution or by a deed supplemental hereto sanctioned by an Extraordinary Resolution; and
  - (b) the Managers may from time to time by notice in writing to the Depositary fix as the appropriate percentage some smaller percentage, (or some scale or other scale of percentage applicable to different parts of the Net Asset Value of the relevant Portfolio not resulting in or capable of resulting in a higher overall rate of Administration Fee than that hereinbefore provided for) in which event and for such period as may be specified in such notice (or if no period is so specified then until further notice in writing shall be given to the Managers, and not less than three months' notice in writing shall be given to the Holders, cancelling the previous notice) such smaller percentage or scale of percentages shall be the appropriate percentage.

### VALUATION RULES

1. The Net Asset Value per Units of each class, and the Issue Price and Realisation Price of Units of each class on each Dealing Day shall be calculated by the Managers or their duly appointed delegates as at the Valuation Point on such day in accordance with the following Rules;
2. The Net Asset Value of each Portfolio shall be calculated in the currency of account referred to in clause 11(B)(1) by valuing the assets of the Portfolio in accordance with Rules 4 and 5 below and deducting the liabilities of the relevant Portfolio in accordance with Rule 5. The resultant sum shall be divided by the number of Units of the relevant class in issue on the relevant Dealing Day, and the resultant amount shall be the Net Asset Value of a Unit of the relevant class

Where sub-classes are in issue, the Net Asset Value of each Portfolio calculated as above shall be allocated between each sub-class in accordance with the respective values in the currency of account of the Portfolio of the subscriptions and redemptions of Units of each sub-class received or made from time to time. The portion of the Net Asset Value of each Portfolio allocated to each sub-class shall be then be divided by the number of Units of the relevant sub-class in issue on the relevant Dealing Day, and the resultant amount shall be the Net Asset Value of a Unit of the relevant sub-class. Rule 3 shall then apply to the calculation of Issue and Realisation prices of Units of each sub-class as if such sub-class were the class referred to in Rule 3.

3. (A) With the exception of the initial issue of Units of any class, the Issue Price of Units of a particular class on each Dealing Day shall be the amount equal to the Net Asset Value (calculated as provided in this Schedule) of one Unit plus at the discretion of the Managers a service charge determined by the Managers and not exceeding one per cent. of such Net Asset Value (in respect of fiscal and purchase charges). Where the resultant total is not a whole multiple of one cent or the smallest unit of currency in the currency of account of the relevant Portfolio such amount shall be rounded up to the nearest cent or nearest such unit.

(B) The Realisation Price of Units of any class on each Dealing Day shall be the amount equal to the Net Asset Value (calculated as provided in this Schedule) of one Unit less at the discretion of the Managers a service charge determined by the Managers and not exceeding one per cent. of such Net Asset Value (in respect of fiscal and sale charges). Where the resultant total is not a whole multiple of one cent or the smallest unit of currency in the currency of account of the relevant Portfolio such amount shall be rounded down to the nearest cent or nearest such unit.

4. The Value of the assets comprised in each Portfolio shall be calculated on the following basis:-
  - (a) The value of Investments which are listed or traded on a regulated market or

exchange shall be valued at their last traded price (or, if no last traded price is available, at mid-market prices).

- (b) Unquoted Investments shall be valued at the probable realisable value estimated with care and in good faith by the Managers or a competent person, firm or corporation (including the Investment Manager) selected by the Managers and approved by the Depositary.
- (c) Cash deposits and similar Investments shall normally be valued at face value (together with accrued interest) unless, in the opinion of the Managers, any adjustment should be made to reflect the Value thereof.
- (d) Certificates of deposit shall be valued by reference to the best bid price for certificates of deposit of like maturity, amount and credit risk on the relevant Dealing Day.
- (e) Treasury bills and bills of exchange shall be valued with reference to prices ruling in the appropriate markets for such instruments of like maturity, amount and credit risk on the relevant Dealing Day.
- (f) Collective Investment Schemes are valued, where appropriate, on the basis of the last published net asset value per share, or the last published bid price per share excluding any preliminary charges.
- (g) Interest and other income and liabilities are, where practicable, accrued from day-to-day.
- (h) Forward foreign exchange contracts shall be valued with reference to the prevailing market maker quotation, namely, the price at which a new forward contract of the same size and maturity could be undertaken or, if unavailable, at the settlement price as provided by the counterparty.
- (i) Derivatives traded on a regulated market shall be valued at the settlement price as determined by the market. If the settlement price is not available, the value shall be the probable realisation value estimated with care and in good faith by the Managers or a competent person, firm or corporation (including the Investment Manager) selected by the Managers and approved by the Depositary.
- (j) OTC derivative contracts will be valued daily either (i) on the basis of a quotation provided by the relevant counterparty and such valuation shall be approved or verified at least weekly by a party who is approved for the purpose by the Depositary and who is independent of the counterparty (the "Counterparty Valuation"); or (ii) using an alternative valuation provided by a competent person appointed by the Managers or the Managers and approved for the purpose by the Depositary (the "Alternative Valuation"). Where such Alternative Valuation method is used the Managers will follow international best practice and adhere to the principles on valuation of OTC instruments established by bodies such as IOSCO and AIMA and will be reconciled to the Counterparty Valuation on a monthly basis. Where significant differences arise these will be promptly investigated and explained.

- (k) In the case of any Investment or any option which is quoted, listed or normally dealt in on a market but in respect of which for any reason, prices on that market may not be available at the relevant time, the value thereof shall be based on the probable realisation value estimated by the Managers with care and in good faith or by a competent person approved by the Depositary.
- (l) Notwithstanding any of the foregoing sub-paragraphs, the Managers may with the consent of the Depositary adjust the Value of any Investment if, having regard to currency, applicable rate of interest, maturity, marketability and/or such other considerations as they may deem relevant, they consider that such adjustment is required to reflect the fair Value thereof. Fair value pricing may be used by the Managers to adjust the Value of any Investment. Fair value pricing (FVP) may be defined as the application of the Managers' best estimate of the amount a Portfolio might receive on a sale, or expect to pay on a purchase, of one or more Investments, at the Valuation Point in respect of a Portfolio, with the intention of producing a fairer dealing price, and with the objective of acting in the best interests of Unitholders. The Managers may at their discretion apply FVP in respect of Investments in circumstances including but not limited to the following : (i) where market conditions may be such that the last applicable real time quoted price of an Investment or the Valuation Point does not capture the best reflection of the buying and selling price of an Investment; (ii) where market quotations are deemed by the Managers in their opinion, to be unreliable; (iii) where Investments have been suspended for trading on a particular market; (iv) where the prices of Investments have been affected by significant events or financial irregularities; or in the event of a market on which Investments are listed or traded remains closed.
- (m) Where any Investments or any options do not fall to be valued in accordance with any of the foregoing paragraphs they shall be valued by such method available to the Managers as they with the consent of the Depositary shall determine, provided that such method of valuation has been approved by the Central Bank.
- (n) Notwithstanding any of the foregoing sub-paragraphs, the Managers may with the approval of the Depositary (i) value the assets at lowest market dealing bid prices where on any Dealing Day, the value of all realisation requests received exceeds the value of all applications for Units or (ii) at highest market dealing offer prices where on any Dealing Day the value of all applications for Units received for that Dealing Day exceeds the value of all realisation requests received on that Dealing Day, provided that in each case, the valuation policy by the Managers shall be applied consistently through the various categories of assets and will be applied consistently (with effect from the date of this Amended and Restated Trust Deed) through the lifetime of the Unit Trust or each Fund, for as long as the Unit Trust or each Fund is operated on a going concern basis. The calculation of such prices shall take into account any provision for market spreads, duties and charges and other dealing costs related to the adjustment or disposal of investments and to preserve the value of the underlying assets of the relevant Portfolio.

5. In calculating the Net Asset Value of each Portfolio:-

(I) Any entity wholly owned by the Trust pursuant to the provisions of Clause 19(C) shall be valued on the basis of its net assets (being the difference between the Value of its assets and liabilities) and in valuing its net assets, the provisions of this Schedule shall mutatis mutandis apply.

## SCHEDULE H

### INVESTMENTS AND PROVISION OF SERVICES

The Depository evaluates the regulatory and operational infrastructures of each market prior to offering custody and related asset servicing services in such.

Through its analysis the Depository will determine if there is a legal, taxation or operational requirement for client assets to be maintained in segregated accounts in the name of the relevant Portfolio or Trust. In accordance with market practice, if there is such a requirement, the Depository will establish segregated client accounts accordingly. If there is no such requirement, and the regulatory and operational infrastructure recognises the market practice of operating with omnibus accounts, the Depository will establish tax-effective omnibus accounts through Sub-Custodians.

The Depository provides safekeeping in the markets listed below in relation to Financial Instruments listed below and set forth in the Prospectus. Changes in the markets listed below will be agreed in writing from time to time between the parties.
