GENERAL INFORMATION

1 - INFORMATION TO THE SHAREHOLDERS

Annual reports and semi-annual reports are at the disposal of the shareholders with the administrative agent.

The periodical reports contain financial information regarding the BBVA DURBANA INTERNATIONAL FUND (the "SICAV" or the "Fund"), the composition and evolution of its assets and its consolidated situation.

The list of movements that took place in the composition of the securities portfolio for the financial period starting on January 1, 2018 are available for free with the head office of the administrative agent.

2 - NET ASSET VALUE PER SHARE

The accounts of every Sub-Fund are held in the currency corresponding to each of these Sub-Funds. The net asset value is calculated for each Sub-Fund and is expressed in the corresponding currency. The net asset value is calculated every bank business day in Luxembourg for all Sub-Funds except for the Sub-Funds, AMURA, GLOBAL INVESTMENTS, DRIZA, RUMBO and SPINNAKER, which are calculated every first and third monday of each month on the basis of the last known quotations.

The net asset value of the shares of each Sub-Fund or Class is calculated by dividing the net assets of each Sub-Fund or Class by the total number of shares of the Sub-Fund or Class in issue at that time. The net assets of the

Subscriptions cannot be received on the basis of financial reports. Subscriptions are valid only if made on the basis of the current prospectus and Key Investors Information Document ("KIID"), supplemented by the last annual report and the most recent semi-annual report if published thereafter.

Sub-Fund or Class correspond to the difference between the total assets and total liabilities attributable to such Sub-Fund or Class.

The semi-annual report shows all Sub-Funds except the sub-funds mentioned above with a Net Asset Value dated on June 30, 2018. For the above Sub-Funds the semi-annual report shows the last tradable Net Asset Value dated on June 29, 2018 due to the NAV calculation frequency as described in the Prospectus.

3 - INFORMATION TO SHAREHOLDERS IN SWITZERLAND

Edmond de Rothschild Asset Management (Suisse), S.A., was authorised by the Swiss Financial Market Supervisory Authority as Swiss representative of the SICAV and acts also as paying agent. The prospectus, the Key Investor Information Document, the articles, the annual and semi-annual reports of the SICAV, as well as the list of the purchases and sales which the SICAV has undertaken during the financial year, may be obtained, on simple request and free of charge, at the head office of the Swiss representative, Edmond de Rothschild Asset Management(Suisse), S.A., 18, rue de Hesse, CH-1204 Geneva.

The Total Expense Ratio (TER) as at June 30, 2018 for each Sub-Fund are calculated in accordance with the guidelines of the Swiss Funds and Asset Management Association (SFAMA), approved by the Swiss Financial Market Supervisory Authority.

TER (Total Expense Ratio)

The Total Expense Ratio (TER) represents the ratio of the total expenses, except transactions fees, annually supported by the Fund for each Sub-Fund.

The TER should be calculated as follows :

TER = Total charges of the Sub-Fund/Average net asset value of the Sub-Fund.

Average net asset value of the Sub-Fund = Amount of net assets over the year / Observation's number.

The TER is calculated for the preceding 12 months at the close of the annual report. In the case of newly launched Sub-Funds, the operating expenses are annualized.

Each Sub-Fund's TER are detailed in this Semi-Annual Report in the "TER" section.

GENERAL INFORMATION (continued)

3 - INFORMATION TO SHAREHOLDERS IN SWITZERLAND (continued)

TER (Total Expense Ratio) (continued)

If a collective investment scheme invests at least 10% of its net assets as a fund of funds in other collective investment schemes (target funds) which publish a TER within the meaning of the present guidelines, a composite (synthetic) TER is to be calculated as of the closing date of the financial year or the end of the first half of the financial year. This corresponds to the sum of:

- the prorated TER of the individual target funds, weighted on the basis of their proportion in the net assets of the fund of funds as of the closing date,
- the issue and redemption commissions of the target funds actually paid, and
- the TER of the fund of funds minus the reimbursements received from the target funds during the reporting period.

If any of the target funds does not publish a TER pursuant to the present guidelines, the following procedure must be followed when disclosing the costs incurred by the fund of funds:

- Reference must be made to the fact that no composite (synthetic) TER can be determined for the respective portion of the fund of funds.

- A composite (synthetic) value must be indicated for the overall costs that the fund of funds is expected to incur.

To this end

- o a truncated (synthetic) TER is calculated which – weighted on the basis of the fund of fund's investment proportion – includes the TERs of all target funds for which the TER is determined as per the present guidelines (i.e. target funds with TER), and
- o to this are added for each of the other target funds (i.e. target funds without TER) the issue and redemption commissions plus as precise as possible an estimate of the upper limit of the costs relevant for the TER. This value – weighted on the basis of the target funds' weighting in the fund of fund – must include the maximum management fee and the most recent performance-related management fee available for this target fund.

A (synthetic) TER has been calculated for the following Sub-Funds :

- BBVA MULTI-ASSET FLEXIBLE FUND
- BBVA MULTI-ASSET MODERATE EUR FUND
- BBVA MULTI-ASSET MODERATE USD FUND
- BBVA GLOBAL EQUITY FUND
- BBVA GLOBAL BOND FUND

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2018

GENERAL

BBVA DURBANA INTERNATIONAL FUND (the «Fund») was incorporated under the name BILBAO VIZCAYA INTERNATIONAL FUND as an investment company with variable capital (Société d'Investissement à Capital Variable) and incorporated in Luxembourg under the provisions of the Law of 1915, registered under Part I of modified Luxembourg Law of 17 December 2010 and qualifies as UCITS under article 1(2) of the Directive 2009/65/EC as modified. Directive 2014/91/EU of the European Parliament and the Council of 13 July 2019 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities modifying Directive 2009/65/EC was implemented in national law under the Luxembourg Law of 10 May 2016 amending the modified Law of 17 December 2010.

Until June 2, 2016, the Fund was a self-managed SICAV in accordance with article 27 of the Law of 2010. The Legal Notice regarding the issue of shares was deposited with the Office of the District Court of and in Luxembourg. Since June 2, 2016, the Fund has appointed BBVA Asset Management S.A., S.G.I.I.C. to act as its designated management company in accordance with the Law.

The articles of incorporation of the Fund were published on May 6, 1988 in the Mémorial, Recueil Spécial des Sociétés et Associations du Luxembourg (Official Journal, Section of Companies and Association of Luxembourg) and were deposited with the Office of the District Court of Luxembourg where copies can be obtained.

The Articles of Incorporation were amended for the last time on November 18, 2013. These amendments have been published in the Mémorial on December 14, 2013.

The capital of the Fund is at any time equal to the total net assets of the various Sub-Funds (the «Sub-Funds»).

The articles of incorporation have been amended recently, in particular by means of a Extraordinary General Meeting held on December 20, 2017. These amendments have been published in the Recueil Electronique des Sociétés et Associations (RESA) on the January 24, 2018.

As at June 30, 2018, the Fund was composed of 29 Sub-Funds.

The following Sub-Funds are dormant since November 21, 2016:

- BBVA DURBANA INTERNATIONAL FUND - ESTRIBOR

- BBVA DURBANA INTERNATIONAL FUND - COMPAS
- BBVA DURBANA INTERNATIONAL FUND - BARLOVENTO

The following Sub-Funds are dormant respectively since December 22, 2016 and December 23, 2016:

- BBVA DURBANA INTERNATIONAL FUND - ANCLA
- BBVA DURBANA INTERNATIONAL FUND - ESTAY

The following Sub-Fund is dormant since August 16, 2016:

- BBVA DURBANA INTERNATIONAL FUND - LA ENCINA

The following Sub-Fund is dormant since March 20, 2017:

- BBVA DURBANA INTERNATIONAL FUND - ESLORA

The object of the Fund is to offer its shareholders the possibility to access international financial markets and to share the results of a professional management focused on capital increase.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of preparation

The Fund prepares its combined financial statements and those of each Sub-Fund in conformity with legal and regulatory requirements in Luxembourg. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities during the reporting period. Actual results could differ from those estimates.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

b) Valuation of the securities portfolio (continued)

The value of any securities listed or exchanged on a stock exchange or regulated market is calculated on the basis of the last available price. The value of securities dealt in on the over the counter market or on any other regulated market is based on the last available price. The last available price for the Brazilian Treasury bonds held in the portfolio of the Sub-Fund BBVA LATAM FIXED INCOME FUND is a price including the interest that has accrued since the issue of the most recent coupon payment (i.e. dirty price).

In the event that the securities held in the portfolio on the relevant valuation date are not listed or exchanged on a stock exchange or another regulated market or if the price as determined pursuant to paragraph above is not representative of the fair market value of the relevant securities, the value of such securities is determined based on the reasonably foreseeable sales price determined prudently and in good faith by the Board of Directors of the Fund.

More specifically, where the fair values of securities or financial instruments cannot be derived from active markets at a valuation date they are determined using a variety of valuation techniques, comparison to similar instruments for which market observable prices exist, and options pricing models and other relevant valuation models, including models provided by counterparties or service providers as well as broker statements in order to reflect what is believed to be the fair value of those securities at the portfolio's valuation point.

The input to these models is taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values.

The judgments include considerations of liquidity and model inputs such as correlation and volatility for longer dated instruments. Use of available information and application of judgment are inherent in the formation of estimates. Actual results in the future could differ from such estimates and the differences may be material to the valuation retained.

Units or shares in open-ended undertakings for collective investment shall be valued on the basis of their last available net asset value, except for Exchange Traded Funds (ETF) for which the last available price is used.

c) Valuation of listed futures and options

Futures and options are valued by reference to the last available price on the relevant market. The market prices used are the futures/options exchange settlement prices.

d) Valuation of forward foreign exchange contracts

Forward foreign exchange contracts on currencies are valued at the forward rate applicable at the statement of net assets date for the remaining period until maturity. Gains or losses resulting from forward foreign exchange contracts are recognised in the statement of operations and changes in net assets.

e) Net realised gain or loss on sales of investments, futures and options

Profits or losses on securities sales are calculated on the basis of the weighted average price of such securities. Profits or losses on future and options sales are calculated on the basis of the first in first out principle.

f) Conversion of foreign currencies

Assets and liabilities expressed in currencies other than the Sub-Fund's reporting currency are converted into the reporting currency at the exchange rates prevailing on the valuation date. Income and expenses in currencies other than the Sub-Fund's reporting currency are converted at the rate of exchange prevailing at payment date.

g) Acquisition costs of the securities held in the portfolio

For securities expressed in a currency other than the reporting currency of the Sub-Funds, the acquisition cost is calculated on the basis of the exchange rate at the day of such acquisition. Expenses incurred on the acquisition and/or sale of an investment are included under Transaction fees in the statement of operations and changes in net assets.

h) Formation/reorganisation expenses

Formation expenses are amortised on a straight line basis over a period of 5 years. If a new Sub-Fund is created in the future, the upfront costs for the Sub-Fund will be borne by the Sub-Fund exclusively and will be amortized over a period of 5 years with effect from the launch date of the said Sub-Fund.

i) Income and expense recognition

Dividends are taken into account on the date upon which the relevant investments are first listed as ex-dividend. Interest income is accrued on a daily basis. Income is recorded net of withholding tax, if any.

PRESENTATION BASIS OF COMBINED FINANCIAL STATEMENTS

The combined financial statements of the Fund are expressed in EUR.

Consequently, net assets and net results of each Sub-Fund expressed in a foreign currency other than EUR are converted and combined in EUR at the exchange rate applicable at the date of the financial statements.

The difference between opening Net Assets stated at exchange rates ruling at the beginning of the period and their value at the end of the period is shown as an exchange difference in the combined statement of operations and changes in net assets.

CROSS INVESTMENTS

Cross investments (where one sub-fund has invested in another sub-fund of the Fund) representing 0.04% of the Combined net assets as at June 30, 2018 have not been eliminated for presentation purposes of the combined results.

ANNUAL TAX

The Fund is governed by the Luxembourg taxation Laws.

Under the currently applicable legislation and regulation, the Fund is liable in Luxembourg to a tax of 0.05% per annum of its net assets, such tax being payable quarterly and calculated on the basis of the net assets at the end of the relevant quarter.

However such rate is decreased to 0.01% per annum of their Net Asset Value for specific classes of shares

reserved to institutional investors in a Sub-Fund (ie Class I). In accordance with article 175 of the Law of December 17, 2010, the value of assets represented by shares held in other undertaking for collective investment already subject to the subscription fee is free from such taxation.

Under current Law and practice, the Fund is not liable to Luxembourg taxes on income or capital gains, nor are dividends paid by the Fund liable to any Luxembourg withholding tax. Interests, dividends and capital gains on securities may be subject to withholding or capital gains taxes in certain countries.

TRANSACTIONS FEE

The total amount of transaction fees is included in the statement of operations and changes in net assets and includes Depositary and Sub-Custodian fees, Correspondent's expenses and Brokerage fees.

GLOBAL FEE

The Fund pays a Global Fee which includes fees for the Investment Managers and the distributors. The Global Fee is payable quarterly and calculated on the average net asset value of each Sub-Fund concerned for the quarter in question. The Global Fee is set per annum as follows:

PRINCIPAL DISTRIBUTOR

On June 2, 2016, the Fund and BBVA ASSET MANAGEMENT S.A. , S.G.I.I.C. signed a Principal Distributor Agreement for an unlimited duration.

PERFORMANCE FEE

The Investment Manager may, in addition to the management fee payable out of the Global Fee, be entitled to a performance fee.

The performance fee is calculated and accrued on each Valuation Day on the basis of the Net Asset Value (the "NAV"), after deduction of all costs as well as of the Global Fee (but not the performance fee) adjusted in order to take into account all subscriptions during the period of calculation of the performance fee so as not to impact the calculation of the performance fee.

For the Sub-Fund BBVA ALTERNATIVE SOLUTIONS FUND, the performance fee shall be equal to 15% of the increase in the Net Asset Value per share over 3 months of Euribor + 1.25% multiplied by the number of shares in circulation and is also subject to an annual "high water mark" principle. Accordingly, no performance fee can be accrued or paid until the losses for such financial period (if any) are recovered.

For the Sub-Funds BBVA FIXED INCOME PORTFOLIO FUND and BBVA PORTFOLIO STRATEGY 33 FUND, the performance fee shall be equal to 15% of the increase in the Net Asset Value per share multiplied by the number of shares in circulation and is also subject to an annual "high water mark" principle. Accordingly, no performance fee can be accrued or paid until the losses for such financial period (if any) are recovered.

The annual high water mark is defined as the greater of the two following values:

- the last Net Asset Value per share of the previous financial year (for the first financial year of the Sub-Fund/Share Class the initial subscription price shall be used);
- the last Net Asset Value per share having given rise, during a quarter of the financial year in question, to payment of a performance fee.

BBVA DURBANA INTERNATIONAL FUND

PERFORMANCE FEE (continued)

If the Net Asset Value per share is lower than the high water mark, no performance fee shall be accrued.

If redemptions are made on a date other than the date of payment of the performance fee, but where performance fees have been accrued, the portion of the accruals attributable to such redemptions shall be paid at the end of the relevant quarter.

The share classes of the following Sub-funds are entitled to a performance fee:

BBVA ALTERNATIVE SOLUTIONS FUND

Class A (EUR)

BBVA FIXED INCOME PORTFOLIO FUND

Class PP (EUR)

Class PP (USD)

BBVA PORTFOLIO STRATEGY 33 FUND

Class PP (EUR)

Class PP (USD)

The performance fee is payable within fifteen business days following the last day of each calendar quarter.

The amount of performance fee per Sub-Fund is detailed in the statement of operations and changes in net assets of each Sub-Fund concerned.

Some share classes of the Sub-Funds of BBVA PORTFOLIO STRATEGY 66 FUND, BBVA PORTFOLIO STRATEGY 100 and BBVA PORTFOLIO EQUITY STRATEGY FUND are entitled to a performance fees. However, as at period-end, there were no such share classes active during the period.

RETROCESSION

The Management Company may enter into retrocession fee arrangements with any distributor in relation to their distribution services. The rebates paid to the SICAV due to the Investment in third party funds are presented in the next table splitted by sub-funds, average net assets of every sub-fund and percentage of the Rebate over net assets.

DEPOSITARY AND ADMINISTRATION FEES

Edmond de Rothschild Asset Management (Luxembourg), a public limited liability company under the supervision of CSSF and a wholly-owned subsidiary of Edmond de Rothschild (Europe), has been appointed as Administrative, Registrar, Transfer Agent and Paying Agent of the Fund.

Edmond de Rothschild (Europe) remains the Depositary, Domiciliary Agent of the Fund.

The Administrative Agent and Depositary activities are remunerated by a commission paid out of the assets of the Fund and calculated per quarter on the basis of the average value of net assets of the Fund for the relevant quarter.

DISTRIBUTION POLICY

The annual general meeting of shareholders may, upon proposal of the Board, resolve on the portion of the investment income to be allocated to each Sub-Fund, and within each Sub-Fund on the allocation of investment income between distributing shares and accumulation shares pro rata to the corresponding assets.

The portion of investment income allocated to accumulation shares shall be reinvested in the Fund and shall thus increase the Net Asset Value relating to the accumulation shares. With respect to the investment income allocated to distributing shares, the distributable amount for each Sub-Fund may consist of interests, dividends, realised or unrealised capital gains and other realised income after deduction of costs, realised or unrealised capital losses as well as the capital of such Sub-Fund, within the limits set forth by article 27 of the Law of December 17, 2010.

Dividends payable to holders of distributing shares shall be payable within five months following the end of the financial year. Upon proposal of the Board, the general meeting may also decide the distribution to shareholders of a dividend in a form of shares in the relevant Sub-Funds in proportion of existing shares of the same class.

With respect to distributing shares, any dividend declared but not claimed within five years after its allocation shall be forfeited to the Sub-Fund concerned.

No interest shall be paid on a dividend declared by the Fund and held by the Fund on behalf of the shareholders. The Board of Directors of the Fund may decide on the payment of interim dividend in compliance with legal requirements. Dividend announcement shall be made in newspapers with appropriate circulation.

During the period, the following dividends have been paid and are included in the caption “Dividend paid” in the statement of operations and changes in net assets of :

BBVA USD CORPORATE BOND FUND Class D Sub-Fund:

Class	Dividend	Ex-Date
Class D	0.52576	01.02.18
	1.06965	04.03.18

BBVA FIXED INCOME PORTFOLIO FUND Class PD Sub-Fund:

Class	Dividend	Ex-Date
Class PD (EUR)	0.96441	01.02.18
	0.93955	04.03.18
Class PD (USD)	0.99369	01.02.18
	0.97304	04.03.18

SWING PRICE

In addition the Board may adjust the Net asset Value of any of the Sub-Funds or Classes through the application of a swing pricing mechanism as a percentage of the Net Asset Value per share. A Sub-Fund may suffer dilution of the Net Asset Value per share due to investors buying or selling shares in a Sub-Fund at a price that does not reflect the dealing and other costs that arise when security trades are undertaken by the Investment Manager to accommodate cash inflows or outflows. In order to counter this impact, a swing pricing mechanism may be adopted to protect the interests of shareholders of each Sub-Fund.

If on any Valuation Day, the aggregate net transactions in shares of a Sub-Fund exceed a pre-determined threshold, as determined and reviewed for each Sub-Fund on a periodic basis by the Board, the Net Asset Value per share may be adjusted upwards or downwards to reflect the effects of net inflows and net outflows respectively. The net inflows and net outflows will be determined by the Board based on the latest available information at the time of calculation of the Net Asset Value per share. The swing pricing mechanism may be applied across all Sub-Funds. The extent of the price adjustment will be set by the Board to reflect dealing and other costs. Such adjustment may vary from Sub-Fund to Sub-Fund and will not exceed 2% of the original Net Asset Value per share.

The Board of Directors decided on August 6, 2014 to introduce a swing pricing mechanism for the Sub-Fund USD LONG TERM CORPORATE BOND FUND.
