INFORMATION TO THE SHAREHOLDERS

All information concerning the SICAV is published in newspapers designated by the Board of Directors and, if required by law, in the Mémorial, the official gazette of Luxembourg, and deposited with the Registrar of the Luxembourg District Court.

The marketing of the SICAV may give rise to the remuneration of distributors as stated in the prospectus. These distributors are entities of the Edmond de Rothschild Group, like for example Edmond de Rothschild Asset Management (France) which consequently receives up to 50% of Management and Distribution fees and 20% of performance/outperformance fees.

The articles of incorporation have been deposited with the Registrar of the Luxembourg District Court, where they are available for inspection and where copies may be obtained.

The issue and redemption prices of shares of each Sub-Fund are made public at the registered office of the SICAV, where the annual and semi-annual reports may be obtained.

Investors residing in Germany can receive, free of charge, from the German Payments and Information Office the prospectus, the articles of association of the investment company and the most recent report on activities and,

insofar as subsequently published, also the latest semi-annual report, as well as requesting the net asset value per share, the current issue, exchange and redemption prices of the shares and all other financial information about the SICAV which is available to the shareholders from the registered office of the investment company.

The issue and redemption prices of the shares of each Sub-Fund as well as other communications to the shareholders are published in the “Bundesanzeiger”.

Subscriptions cannot be received on the basis of this financial report. Subscriptions are valid only if made on the basis of the current prospectus, supplemented by the latest annual report and the most recent semi-annual report if published thereafter.

The Management Company draws the attention of investors to the fact that before subscribing to any Shares, investors may consult the key investor information document (“KIID”) for the Share Classes, available from the website www.edmond-de-rothschild.com. A paper copy of the key investor information may also be obtained free of charge from the registered office of the Management Company, the Global Distributor or from intermediaries who are part of the distribution network.

NET ASSET VALUE PER SHARE

For all the QUAM Sub-Funds, the net asset value of the shares is calculated on each business day in Luxembourg.

For the Sub-Fund EDMOND DE ROTHSCHILD FUND - CHINA, the net asset value of the shares is calculated on each day on which banks are generally open for business in Luxembourg and in France and any other day on which the French and the Chinese financial markets are open (official calendar of Euronext Paris S.A. and the Hong Kong Stock Exchange) is a Valuation Day.

For the Sub-Funds EDMOND DE ROTHSCHILD FUND - BIG DATA and EDMOND DE ROTHSCHILD FUND - US VALUE the net asset value of the shares is calculated on each day on which banks are generally open for business in Luxembourg, in France and any other day on which the French and the American financial markets are open (official calendar of NYSE and Euronext Paris S.A.) is a Valuation Day.

For the Sub-Funds EDMOND DE ROTHSCHILD FUND - GLOBAL CONVERTIBLES and EDMOND DE ROTHSCHILD FUND - GLOBAL SUSTAINABLE CONVERTIBLES the net asset value of the shares is calculated on each day on which banks are generally open for business in Luxembourg, the United States and in France and any other day on which the French and the

American financial markets are open (official calendar of NYSE and Euronext Paris S.A.) is a Valuation Day.

For the Sub-Fund EDMOND DE ROTHSCHILD FUND - ASEAN EQUITY, the net asset value is calculated on each day on which banks are generally open for business in Luxembourg and in France and any other day on which the French financial markets and Hong Kong financial markets are open (official calendar of Euronext Paris S.A. and the Hong Kong Stock Exchange) is a Valuation Day.

**NET ASSET VALUE PER SHARE
(continued)**

For all other Sub-Funds the net asset value of the shares is calculated on each day on which banks are generally open for business in Luxembourg and in France and any other day on which the French financial markets are open (official calendar of Euronext Paris S.A.) is a Valuation Day.

For all Sub-Funds, the Net Asset Value:

- is not calculated on Good Friday or December 24 (Christmas Eve)
- is calculated and published on the first Business Day following the relevant Valuation Day (the "NAV calculation day").

In establishing the audited annual report and the unaudited semi-annual report, the Company will, for each Sub-Fund, carry out an additional valuation of its securities' portfolio by using for this purpose the closing prices of the same day. As such and if necessary, at the closing date of the Financial Year and the semester, the Company will carry out two determinations of the Net Asset Value of the Sub-Funds concerned, one based on the principle of the securities' portfolio valued at the last available rates at the moment of the determination of the price applicable to subscriptions, redemptions and conversions processed on this date, and the other based on the principle of the securities' portfolio valued at the closing prices of the same day and intended to be published in the annual revised report and in the non-revised semi-annual report.

If the September 30 and/or the March 31 are not bank working days in Luxembourg, a net asset value per share will be calculated for each Sub-Fund on the base of the last closing prices at the same day.

INFORMATION TO THE SHAREHOLDERS AND TO THE INVESTORS IN SWITZERLAND

Edmond de Rothschild (Suisse) S.A. has been authorized by the Swiss Financial Market Supervisory Authority FINMA as Swiss representative of the Sub-funds of the SICAV for the offer in Switzerland to non-qualified investors and also acts as paying agent of the Sub-funds of the SICAV.

TER (Total Expense Ratio)

The Total Expense Ratio (TER) as at September 30, 2021 for each Sub-Fund is calculated in accordance with the recommendations of the "SFAMA" guideline, approved by the FINMA and is included under the statistical information of each Sub-Fund.

As at September 25, 2020, the SFAMA ("Swiss Funds & Asset Management Association") merged with AMP ("Asset Management Platform") to become the AMAS ("Asset Management Association Switzerland").

The Total Expense Ratio (TER) represents the ratio of the total expenses, except transactions fees, annually supported by the Fund for each Sub-Fund.

The TER should be calculated as follows:

$TER = \text{Total charges of the Sub-Fund's} / \text{Average net asset value of the Sub-Fund.}$

$\text{Average net asset value of the Sub-Fund} = \text{Amount of net assets over the year} / \text{Observation's number.}$

If a collective investment scheme invests at least 10% of its net assets, as a fund of funds, in other collective investment schemes (target funds) which publish a TER within the meaning of the present guidelines, a composite (synthetic) TER of the fund of funds is to be calculated as of the closing date of the financial year or the end of the first half of the financial year. This corresponds to the sum of:

- the prorated TER of the individual target funds, weighted on the basis of their proportion in the net assets of the fund of funds as of the closing date,
- the issue and redemption commissions of the target funds actually paid, and

The prospectus, the Key Investors Information Document (KIID), the articles of incorporation, the annual and semi-annual reports of the SICAV, as well as the list of the purchases and sales which the SICAV has undertaken during the period, may be obtained, on simple request and free of charge, from the Swiss representative.

- the TER of the fund of funds minus the reimbursements received from the target funds during the reporting period.
If any of the target funds does not publish a TER pursuant to the present guidelines, the following procedure must be followed when disclosing the costs incurred by the fund of funds:

- Reference must be made to the fact that no composite (synthetic) TER can be determined for the respective portion of the fund of funds.
- A composite (synthetic) value must be indicated for the overall costs that the fund of funds is expected to incur.
To this end:
 - o a truncated (synthetic) TER is calculated which - weighted on the basis of the fund of funds' investment proportion - includes the TERs of all target funds for which the TER is determined as per the present guidelines (i.e. target funds with TER), and
 - o to this are added for each of the other target funds (i.e. target funds without TER) the issue and redemption commissions plus as precise as possible an estimate of the upper limit of the costs relevant for the TER. This value - weighted on the basis of the target funds' weighting in the fund of funds - must include the maximum management fee and the most recent performance-related management fee available for this target fund.

For the Sub-Funds launched during the period, the Total Expense Ratio (TER) is not presented as it is not representative.

NOTES TO THE FINANCIAL STATEMENTS
September 30, 2021

GENERAL

EDMOND DE ROTHSCHILD FUND ("the SICAV") is an investment company with variable capital (*Société d'Investissement à Capital Variable*) with multiple sub-funds formed as a limited liability company under the Law of August 10, 1915 and authorised pursuant to Part I of the amended Law of December 17, 2010.

The SICAV was incorporated on June 15, 2000 under the name of R FUND for an unlimited duration. The SICAV was renamed LCF ROTHSCHILD FUND on October 4, 2000 and EDMOND DE ROTHSCHILD FUND on December 31, 2003. The Articles were amended for the last time on July 28, 2015 and the deed of amendment was published in the Memorial on October 6, 2015. These documents are available for inspection at the Registry of Trade and Companies in Luxembourg, and copies may be obtained on request upon payment of the administrative costs as determined by Grand-Ducal Regulation.

The SICAV is registered with the Registry of Trade and Companies in Luxembourg under number B 76441.

As at September 30, 2021, the SICAV includes the following Sub-Funds:

The main objective of the SICAV is to preserve the capital in real terms and ensure the growth of its assets. Obviously, no guarantee is given that this objective will be achieved.

The SICAV intends to achieve this objective by the active management of the Sub-Funds which can be divided into five categories. The first category deals primarily with short-term transferable securities and money market instruments. The second category concentrates exclusively on bonds. The third category concerns exclusively stocks and shares. The fourth category invests both in international bonds and equities. Lastly, the fifth category offers specifically profiled investments in terms of risk/return or a combination of both in the makeup of its portfolio.

Generally speaking, the Sub-Funds' portfolios consist of transferable securities, without restriction or limitation as to industrial, economic or geographical diversification, unless otherwise specifically defined in the investment policy of each Sub-Fund offered.

Shares are issued in registered form for each Sub-Fund. Fractions of shares are issued with four decimal places.

GENERAL (continued)

The Management Company may create within each Sub-Fund different Classes of Shares whose assets are commonly invested pursuant to the specific investment policy of the relevant Sub-Fund. Such Classes are distinguished by their fee structure, their distribution policy, their liquidity, and the minimum subscription applicable to them (this list is not exhaustive). The features of the relevant Classes issued within each Sub-Fund are as set out in the relevant Data Sheets.

The Classes in certain Sub-Funds may themselves be divided into a number of Sub-Classes, each with a different valuation currency by a decision of the Board. Investors' attention is drawn to the fact that depending upon the foreign exchange risk hedging operations put in place or not for each Sub-Class (hedged Sub-Classes are denominated "(H)"), investors are exposed to the risk that the Net Asset Value of any Sub-Class denominated in a given valuation currency may change unfavourably in comparison with that of a Sub-Class denominated in a different valuation currency. It is nevertheless stipulated that the expenses related to any financial instruments that may be employed in foreign exchange risk hedging operations for the Sub-Class in question are allocated exclusively to that Sub-Class.

In order to ensure efficient management, the Board of Directors may decide in accordance with the Articles to manage all or a part of the assets of one or more Sub-Funds together with those of other Sub-Funds (the pooling technique), or to co-manage the entirety or part of the assets with, if necessary, the exception of a reserve in cash, of one or several Sub-Funds together with the assets of other Luxembourg investment funds, or of one or more sub-funds of other Luxembourg investment funds (the Party or Parties to the Assets under Co-Management) for which the Depositary has been designated as the depositary bank. The Co-Management of the relevant assets shall be carried out in accordance with the respective investment policies of the Parties to the Assets under Co-Management, where each pursues identical or comparable objectives (the assets so co-managed or pooled being the Assets under Co-Management). The Parties to the Assets under Co-Management shall only participate in any such pooling or co-management arrangements authorised by their own individual Prospectuses, and in compliance with their own specific investment restrictions.

Each Party to the Assets under Co-Management will participate in the Assets under Co-Management in proportion to their contribution to the Assets under Co-Management. The assets shall be attributed to each Party to the Assets under Co-Management in proportion to their contribution to the Assets under Co-Management.

The rights of each Party to the Assets under Co-Management which take part shall be applicable to each of the lines of investment of such Assets under Co-Management.

Such Assets under Co-Management shall be constituted by the transfer of cash or, if appropriate, other assets of each of the Parties to the Assets under Co-Management. Subsequently, the Board may proceed regularly to make transfers to the Assets under Co-Management. The Assets may equally be transferred back to one of the Parties to the Assets under Co-Management up to the value of the holding of that Party to the Assets under Co-Management.

Dividends, interest, and other distributions which are by nature earnings generated within the context of the Asset Co-Management shall be due to each of the Parties to the Assets under Co-Management in proportion to their holding. Such earnings may be retained by the Party to the Assets under Co-Management with a holding, or be reinvested in the Assets under Co-Management.

All of the costs and expenses incurred with the context of the Co-Management of Assets shall be debited from the Assets under Co-Management. Such costs and expenses shall be attributed to each Party to the Assets under Co-Management in proportion to the rights of each in respect of the Assets under Co-Management.

In the event of a breach of the investment restrictions affecting a Sub-Fund, when such Sub-Fund is a Party to the Assets under Co-Management, the Board of Directors shall, even if the Management Company or, if applicable, the Manager has observed the investment restrictions by applying them to the Assets under Co-Management in question, require that the Management Company or, if applicable, the Manager reduces the investments in question in proportion to the holding of the Sub-Fund in question in the Assets under Co-Management or, if appropriate, shall reduce the holding in the Assets under Co-Management in question such that the investment restrictions are observed in respect of that Sub-Fund.

In the event that the SICAV is dissolved or if the Board of Directors decides without the required notice to withdraw the holding of the SICAV or of a Sub-Fund in the Assets under Co-Management, the Assets under Co-Management shall be allocated to the Parties to the Assets under Co-Management, each in proportion to their holding in the Assets under Co-Management. Investors should be aware of the fact that such Assets under Co-Management are employed solely in order to ensure effective management insofar as all of the Parties to the Assets under Co-Management have the same depositary bank. The Assets under Co-Management do not constitute distinct legal entities and are not directly accessible to investors. Nevertheless, the assets and liabilities of each of the Sub-Funds shall at all times be separate and identifiable.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements are prepared in accordance with Luxembourg legal and regulatory requirements relating to investment funds under the going concern basis of accounting. As such, the financial statements for this sub-fund have been prepared on a non-going concern basis. The application of the non-going concern basis of accounting has not lead to material adjustments to the sub-fund's published net asset value.

a) *Combined financial statements*

The various positions of the combined financial statements of the SICAV are equal to the sum of the various corresponding positions in the financial statements of each Sub-Fund and are expressed in euros (EUR). Bank accounts, other net assets/(liabilities), the value of the portfolio securities, the income and fees that are expressed in a currency other than EUR were converted to EUR at the exchange rates prevailing on September 30, 2021.

b) *Valuation of investments in securities*

All securities listed on an official stock exchange or on any other regulated market, operating regularly, recognised and open to the public are valued at the last price known in Luxembourg on the valuation day and, if the security is traded on several markets, on the basis of the last known price on the main market of this security. If the last known price is not representative, the valuation is based on the fair value at which it is expected it can be sold, as determined with prudence and in good faith by the Board of Directors.

Unlisted securities or securities not traded on a stock exchange or any other regulated market, operating regularly, recognised and open to the public, are valued based on the fair value at which it is expected they can be sold, as determined with prudence and in good faith by the Board of Directors.

The value of money market instruments are valued by the amortised cost method, which approximates market values. At maturity the difference with the purchase price is disclosed under interest on bonds.

Shares or units of undertakings for collective investment are valued on the basis of their last available net asset value.

c) *Net realised gain or loss on the sales of investments*

In the financial statements, the caption "Net realised result on Investments" includes the Net realised on Investment and if applicable the realised on futures contracts.

Realised gains or losses on sales of investments are calculated on the basis of average cost of investments sold.

d) *Conversion of foreign currencies*

The accounts of all the Sub-Funds of the SICAV are kept in EUR, except the accounts of the Sub-Funds EDMOND DE ROTHSCHILD FUND - EMERGING CREDIT, EDMOND DE ROTHSCHILD FUND – EMERGING SOVEREIGN, EDMOND DE ROTHSCHILD FUND - ASEAN EQUITY that are kept in USD.

The financial statements of the Sub-Funds are expressed in the above-mentioned currencies. Bank accounts, other net assets/(liabilities) as well as the valuation value of the portfolio securities that are expressed in a currency other than the currency of the Sub-Fund were converted to the applicable currency at the exchange rates prevailing on September 30, 2021.

Income and fees in currencies other than the currency of each Sub-Fund were converted to the applicable currency at the exchange rates prevailing on the transaction date.

Values expressed in any other currency than the reference currency of the Sub-Fund in question will be converted using the mean rate of exchange of the currency concerned.

e) *Cost of investments in securities*

The cost of investments in securities in currencies other than the currency of the Sub-Fund is converted to the currency of the Sub-Fund at the exchange rate prevailing on the purchase date.

The combined cost of investments in securities for the SICAV is equal to the sum of the cost of investments in securities of each Sub-Fund converted to EUR at the exchange rate prevailing on September 30, 2021.

f) *Valuation of forward foreign exchange contracts*

Unmatured forward foreign exchange contracts are valued by reference to the forward exchange rate prevailing on the remaining life of the contract. The resulting unrealised profit or loss is recorded in the statement of changes in net assets.

g) Valuation of futures contracts

Futures contracts are valued based on their closing price the previous day on the market concerned. Prices used are settlement prices on forward markets.

h) Valuation of options

The liquidating value of options contracts traded on exchanges or on Regulated markets is based upon the last available prices of these contracts on exchanges and regulated markets on which the particular options contracts are traded.

i) Valuation of swaps and CDS

Swaps are valued at their fair market value based upon the last known price of the underlying asset.

CDS are marked to model daily based upon spread of the market makers and the change in value, if any, is recorded as “Change in net unrealised appreciation or depreciation on CDS” in the Statement of Operations and Changes in Net Assets. Any payment received or paid to initiate a contract is recorded as a liability or asset in the Statement of Net Assets. When the swap contract is terminated early, the SICAV records a realised gain or loss for any payments received or paid.

j) Formation expenses

If a new Sub-Fund is created in the future, the preliminary and incorporation expenses of this Sub-Fund will, in principle, be borne by this Sub-Fund exclusively and amortised over a 5 year period, as of the aforesaid Sub-Fund launching date.

k) Income recognition

Dividends are taken into account on the date upon which the relevant investments are first listed as ex-dividend. Interest income is accrued on a daily basis. Income is recorded net of withholding tax, if any.

l) Cross-investments

As at September 30, 2021, the total of cross Sub-Funds’ investment amounts to 98,419,004.12 EUR and therefore total combined net asset value at the level of the SICAV at year-end without cross-investment would amount to 7,708,392,179.11 EUR.

Cross-investment concerns the Sub-Funds EDMOND DE ROTHSCHILD FUND - BOND ALLOCATION, EDMOND DE ROTHSCHILD FUND - INCOME EUROPE, EDMOND DE ROTHSCHILD FUND - PREMIUM BRANDS, EDMOND DE ROTHSCHILD FUND - EURO HIGH YIELD, EDMOND DE ROTHSCHILD FUND - EUROPE SYNERGY, EDMOND DE ROTHSCHILD FUND - EQUITY EURO CORE and EDMOND DE ROTHSCHILD FUND - EUROPE CONVERTIBLES.

MANAGEMENT OF THE SICAV

The Board of Directors is responsible for the management and the control including the determination of each Sub-Fund's investment policy.

Pursuant to a management company agreement entered into with effect from September 1, 2013, the Board of Directors of the SICAV has appointed Edmond de Rothschild Asset Management (Luxembourg) as Management Company responsible, on a day-to-day basis and under the supervision of the Board of Directors, for the provision of administration, investment management and marketing services in respect of all the Sub-Funds with the possibility to delegate part or all of such functions to third parties.

This agreement has been replaced by an agreement dated February 25, 2015 entered into force on January 1, 2015.

The Management Company was incorporated as a société anonyme on July 25, 2002 and its articles of incorporation were amended for the last time on December 29, 2014 and published in the Mémorial on February 20, 2015. The Management Company is registered with the Register of Commerce and Companies in Luxembourg under number B 88 591. The Management Company has been authorised by the CSSF to pursue its object, which consists of exercising the business of a management company under the provisions of Chapter 15 of the Law of 2010.

DEPOSITARY AND DOMICILIARY AGENT

Edmond de Rothschild (Europe) has been appointed by the SICAV, in accordance with the Depositary Agreement, as domiciliary and depositary bank of the SICAV for the supervision/oversight (surveillance) of all assets of the SICAV, including those that are not entrusted to, or kept in safe custody by, the Depositary, as well as for the custody/safekeeping (conservation) of the assets of the SICAV that are entrusted to, or kept in safe custody by, the Depositary and the operations concerning the day-to-day administration of such assets.

This agreement has been replaced by a Depositary Bank Agreement dated February 25, 2015 entered into force on January 1, 2015.

A new Depositary Bank Agreement between Edmond de Rothschild (Europe), Edmond de Rothschild Asset Management (Luxembourg) and the SICAV entered into force on December 12, 2016.

By an agreement entered into force for an unlimited duration, the Central Administration Agreement, Edmond de Rothschild (Europe) has been appointed, at the request and with the consent of the SICAV, as the SICAV's Administrative Agent, Registrar and Transfer Agent and

Paying Agent (collectively, the "Central Administration"). Further to a transfer of activity, Edmond de Rothschild Asset Management (Luxembourg) has been appointed as Central Administration pursuant to a Central Administration Agreement dated February 25, 2015 coming into force on January 1, 2015.

The Central Administration is in charge of processing of the issue, redemption and conversion of the SICAV's shares and settlement arrangements thereof, keeping the register of the SICAV's shareholders, calculating the net asset value per share, maintaining the records and other general functions as more fully described in the Central Administration Agreement.

The Central Administration may delegate, with the prior consent of the Management Company and subject to the approval of the CSSF, part or all of its administrative functions and duties to a sub-contractor, which, having regard to the nature of the functions and duties to be delegated, must be qualified and capable of undertaking the duties in question.

The Depositary Bank's commission and the Central Administration's commission based on the total net assets of each Sub-Fund (excluding the sub-depositary fees) is set at a maximum of 0.30% per annum.

Any sub-contractor of the Central Administration is paid by the Administrative Agent out of its own remuneration.

FEES ON THE ISSUE AND REDEMPTION OF THE SICAV'S SHARES

The issue of Shares takes place every Valuation Day. The Shares may be subscribed with the Transfer Agent or the Global Distributor or sales agents or distributors. Investors should note that the redemption price of the Shares is based on the Net Asset Value per Share which may significantly vary over time and that therefore, the redemption price may be higher than, equal to, or lower than the price at which the Shares were acquired by the shareholder at the time of their subscription.

All shareholders who have subscribed to Shares in the SICAV may, at any time, request the redemption of all or part of their Shares.

Requests for conversion should be sent to the Transfer Agent, the Global Distributor, the sales agents or distributors at its registered office in Luxembourg.

INVESTMENT MANAGERS

The Management Company has appointed, at the request and with the consent of the SICAV, Edmond de Rothschild Asset Management (France), Paris, Edmond de Rothschild (Suisse) S.A., Geneva and Samsung Asset Management (Hong Kong) Limited (the Investment Managers), as investment managers of certain Sub-Funds, as described in the relevant Data Sheets of the Prospectus.

As the date of the report, the maximum proportion of management fees charged both to the Sub-Fund and to the UCITS and/or other investment Funds in which the Sub-Fund invests does not exceed 2.5% p.a.

PERFORMANCE AND OUTPERFORMANCE FEES

The Management Company and the Investment Managers, in respect of certain Sub-Funds specified in the Data Sheets of the Prospectus, may also receive a performance fee (the “Performance Fee”). The Performance Fee payable out of the assets of a Sub-Fund is, unless otherwise set out in a Data Sheet, calculated either on the basis of the “outperformance with HWM” model (the Outperformance HWM Model) or the “outperformance model” (the “Outperformance Model”), as specified in

each Data Sheet of the prospectus. The method of calculation of these two types of fees is described as follows and investors may request the Management of charge with worked example of the applicable calculation method.

Outperformance fee with “High Water Mark”(Outperformance HWM Model 1)

The Performance Fee is fixed at a maximum of 30% p.a. (in accordance with the rate indicated in each Data Sheet of the Prospectus in respect of each relevant Class/Sub-Class, the “Performance Fee Rate”) and is calculated on the difference recorded between the performance (the variation in the Net Asset Value of the Class or the Sub-Class involved) of the Class or Sub-Class involved and that of its benchmark index or absolute performance rate over the Calculation Period, subject to a high water mark.

Unless otherwise set out in a Data Sheet of the Prospectus, the benchmark index is the 1-month EURIBOR in respect of Classes or Sub-Classes denominated in EUR and the 1-month LIBOR in respect of all other Classes or Sub-Classes.

Unless otherwise set out in a Data Sheet of the Prospectus in respect of a given Sub-Fund, the Calculation Period is a period of 12 months starting on the date set out in the relevant Data Sheet, except for the first Calculation Period following the launching of a Class which starts on the date of launching of relevant Class and end on the date

immediately preceding the next Calculation Period. The Performance Fee is generally paid within one month following the calculation of the last Net Asset Value of the relevant Calculation Period.

The Reference NAV is the maximum of the following two components:

- NAV High Water Mark (HWM): the highest NAV as at the end of a Calculation Period in respect of which a Performance Fee has been paid (adjusted for subscriptions, redemptions and dividends).
- The NAV after the Performance Fee at the end of the preceding Calculation Period (adjusted for subscriptions, redemptions and dividends).

The Target NAV is equal to the Reference NAV multiplied by the performance of the benchmark index or the absolute performance rate over the relevant period and adjusted to take into account subscriptions and redemptions. Redemptions are included by reducing the Target NAV in proportion to the number of units redeemed. Dividends are included by deducting them from the Target NAV.

**PERFORMANCE AND
OUTPERFORMANCE FEES
(CONTINUED)**

If Shares are redeemed on any other date than that of the payment of the Performance Fee, when Performance Fees are provisioned, the provisioned Performance Fees attributable to the redeemed Shares is paid at the end of the period even if Performance Fees are not provisioned for that date.

The same principle is applied in the specific case where a Class or Sub-Class of a Sub-Fund closed for subscriptions following the redemption of all of the Shares issued in the Class or Sub-Class concerned is reopened for subscription, or in the case where no Shares of a Class or Sub-Class have been subscribed in the initial subscription period of a Sub-Fund concerned. In such cases, the Performance Fee is calculated on the difference recorded between the performance of the Classes or Sub-Classes involved (variation in the Class or Sub-Class concerned during the period falling between the date of reopening or the launch, and the date immediately preceding the next Calculation Period) and that of their benchmark index or absolute performance rate.

**Outperformance fee with “High Water Mark”
(Outperformance HWM Model 2)**

The Outperformance Fee is fixed at a maximum of 30% p.a. (in accordance with the rate indicated in each Data Sheet of the Prospectus in respect of each relevant Class/Sub-Class, the “Performance Fee Rate”) and is calculated on the difference recorded between the performance (the variation in the Net Asset Value of the Class or the Sub-Class involved) of the Class or Sub-Class involved and that of its benchmark index or absolute performance rate over the Calculation Period, as soon as the NAV is greater than the highest NAV of the preceding calculation period.

Unless otherwise set out in a Data Sheet of the Prospectus, the benchmark index is the 1-month EURIBOR in respect of Classes or Sub-Classes denominated in EUR and the 1-month LIBOR in respect of all other Classes or Sub-Classes. Unless otherwise set out in a Data Sheet in respect of a given Sub-Fund, the Calculation Period is a period of 12 months starting on the date set out in the relevant Data Sheet, except for the first Calculation Period following the launching of a Class which starts on the date of launching of relevant Class and end on the date immediately preceding the next Calculation Period. The Performance Fee is generally paid within one month following the calculation of the last Net Asset Value of the relevant Calculation Period.

The Reference NAV is the last NAV of the preceding Calculation Period. The Target NAV is equal to the Reference NAV multiplied by the performance of the benchmark index or the absolute performance rate over the

relevant period and adjusted to take into account subscriptions and redemptions. Redemptions are included by reducing the Target NAV in proportion to the number of units redeemed. Dividends are included by deducting them from the Target NAV.

If Shares are redeemed on any other date than that of the payment of the Performance Fee, when Performance Fees are provisioned, the provisioned Performance Fees attributable to the redeemed Shares is paid at the end of the period even if Performance Fees are not provisioned for that date.

The same principle is applied in the specific case where a Class or Sub-Class of a Sub-Fund closed for subscriptions following the redemption of all of the Shares issued in the Class or Sub-Class concerned is reopened for subscription, or in the case where no Shares of a Class or Sub-Class have been subscribed in the initial subscription period of a Sub-Fund concerned. In such cases, the Performance Fee is calculated on the difference recorded between the performance of the Classes or Sub-Classes involved (variation in the Class or Sub-Class concerned during the period falling between the date of reopening or the launch, and the date immediately preceding the next Calculation

Period) and that of their benchmark index or absolute performance rate.

Outperformance fee (Outperformance Model 1)

The outperformance fee is fixed at a maximum of 30% p.a. (in accordance with the rate indicated in each Data Sheet of the Prospectus in respect of each relevant Class/Sub-Class, the “Performance Fee Rate”) and is calculated on the difference posted between the performance of the Class or Sub-Class involved and that of its benchmark index or absolute performance rate, as set out in the relevant Data Sheet, over the relevant Calculation Period. This fee is due even in the case of a reduction in the Net Asset Value provided that the decrease in Net Asset Value is less than the decrease in the benchmark index. Unless otherwise set out in a Data Sheet of the Prospectus in respect of a given Sub-Fund, the Calculation Period is a period of 12 months starting on the date set out in the relevant Data Sheet, except for the first Calculation Period following the launching of a Class which starts on the date of launching of relevant Class and end on the date immediately preceding the next Calculation Period. The outperformance fee is generally paid within one month following the calculation of the last Net Asset Value of the relevant Reference Period.

The same principle is applied in the specific case where a Class or Sub-Class of a Sub-Fund closed for subscriptions following the redemption of all of the Shares issued in the Class or Sub-Class concerned is reopened for subscription, or in the case where no Shares of a Class or Sub-Class have been subscribed in the initial subscription period of a Sub-Fund concerned. Consequently, the fee is calculated

on the difference posted between the performance of the Classes or Sub-Classes involved (the variation of the issue price of the Class or Sub-Class concerned during the period falling between the date of reopening or the launch, and the date immediately preceding the next Calculation Period) and that of their benchmark index or absolute performance rate.

For the purposes of this outperformance fee, a maximum of 30% of the outperformance on each valuation is allocated on a provisional basis. The annual fee corresponds to the results obtained following the addition of the sums thus allocated throughout the year; if the total sum allocated for this fee is not greater than zero, then no amount will be paid under the heading of this fee, but the fee may under no circumstances be negative. Whether the provisional sum on the last day of any Calculation Period is positive or negative, the provision account is taken down to zero on the first day of the following Calculation Period.

Outperformance fee (Outperformance Model 2)

The outperformance fee is fixed at a maximum of 30% p.a. (in accordance with the rate indicated in each Data Sheet of the Prospectus in respect of each relevant Class/Sub-Class, the “Performance Fee Rate”) and is calculated on the difference posted between the performance of the Class or Sub-Class involved and that of its benchmark index or absolute performance rate, as set out in the relevant Data Sheet, over the relevant Calculation Period. This fee is not due if the performance is negative, even if it outperforms the benchmark index.

Unless otherwise set out in a Data Sheet of the Prospectus in respect of a given Sub-Fund, the Calculation Period is a period of 12 months starting on the date set out in the relevant Data Sheet, except for the first Calculation Period following the launching of a Class which starts on the date of launching of relevant Class and end on the date immediately preceding the next Calculation Period. The outperformance fee is generally be paid within one month following the calculation of the last Net Asset Value of the relevant Reference Period.

The same principle is applied in the specific case where a Class or Sub-Class of a Sub-Fund closed for subscriptions following the redemption of all of the Shares issued in the Class or Sub-Class concerned is reopened for subscription, or in the case where no Shares of a Class or Sub-Class have been subscribed in the initial subscription period of a Sub-Fund concerned. Consequently, the fee is calculated on the difference posted between the performance of the Classes or Sub-Classes involved (the variation of the issue price of the Class or Sub-Class concerned during the period falling between the date of reopening or the launch, and the date immediately preceding the next Calculation Period) and that of their benchmark index or absolute performance rate.

For the purposes of this outperformance fee, a maximum of 30% of the outperformance on each valuation is allocated on a provisional basis. The annual fee corresponds to the results obtained following the addition of the sums thus allocated throughout the year; if the total sum allocated for this fee is not greater than zero, then no amount will be paid under the heading of this fee, but the fee may under no circumstances be negative. Whether the provisional sum on the last day of any Calculation Period is positive or negative, the provision account is taken down to zero on the first day of the following Calculation Period.

Outperformance fee (Outperformance Model 3)

The Investment Manager(s) receives the outperformance fee, accrued on each Valuation Day, paid yearly, based on the outperformance of the NAV of the relevant Class/Sub-Class over the return of its benchmark index (net dividends reinvested), as set out in the relevant Data Sheet of the Prospectus.

The cumulative outperformance is equal to the difference between the performance of the NAV of the relevant Class/Sub-Class over the return of the benchmark since the first NAV of the relevant Class/Sub-Class (i.e. since inception). If the cumulative outperformance is greater than the cumulative outperformance at the last performance fee payment, the outperformance fee is equal to 15% of the difference between these two cumulative outperformances.

The calculation of the performance of the NAV of the relevant Class/Sub-Class is adjusted in case of dividend distribution.

The outperformance fee is due even if the performance of the NAV of the relevant Class/Sub-Class is negative, to the extent that the above conditions are fulfilled.

The outperformance fee is calculated on the basis of the NAV after deduction of all expenses, liabilities, and management fees (but not Performance Fee), and is adjusted to take account of all subscriptions and redemptions.

The outperformance fee is equal to the outperformance of the NAV of the relevant Class/Sub-Class multiplied by the current number of Shares during the Calculation Period. Accruals is made for this outperformance fee on each Valuation Day. If the NAV of the relevant Class/Sub-Class underperforms the benchmark, the accruals made in respect of the outperformance fee is reduced accordingly. If these accruals fall to zero, no outperformance fee will be payable.

If Shares are redeemed on a date other than that on which an outperformance fee is paid while outperformance fee accruals has been calculated, the outperformance fees which are attributable to the Shares redeemed will be paid

EDMOND DE ROTHSCHILD FUND

at the end of the period even if accruals for outperformance fees are no longer made at that date.

Unless otherwise set out in a Data Sheet in respect of a given Sub-Fund, the Calculation Period is a period of 12 months starting on the date set out in the relevant Data Sheet of the Prospectus, except for the first Calculation Period following the launching of a Class which starts on the date of launching of relevant Class and end on the date immediately preceding the next Calculation Period. The outperformance fee is generally be paid within one month following the calculation of the last Net Asset Value of the relevant Calculation Period.

The attention of investors is drawn in particular to the fact that the outperformance fee is calculated on an annual basis in respect of the change in the benchmark index concerned during that period which corresponds to the calendar year. In this context, each annual period is considered in isolation. It may occur that if a shareholder subscribes to Shares in the course of one calendar year and applied to redeem them in the course of the following calendar year, the outperformance fee which they have borne does not necessarily match the capital gain (or even capital loss) which they may have obtained through their investment.

ANNUAL TAX

Under the terms of the legislation in force and current practice, the SICAV is not subject to any tax on income or capital gains in Luxembourg. Similarly, the dividends paid by the SICAV are not affected by any tax at source in Luxembourg.

On the other hand, each of the Sub-Funds is subject to the subscription tax, an annual tax on its assets, and is calculated and payable quarterly on the basis of the Net Asset Value of the SICAV at the end of each quarter.

Nevertheless, this tax is not assessed on the SICAV's assets that have been invested in other Investment Funds set up in Luxembourg. Moreover, the issue of Shares is not subject to any stamp duty or other tax in Luxembourg.

Some of the revenues of the portfolio of the SICAV in the form of dividends and interest may be subject to tax at various rates, withheld at source in the countries in which they arise.

The subscription tax rate is as follows:

- Classes A/B/C/CR/CRD/L/LD/LP/R/RS:0.05%
- Classes D/E/I/IA/ID/J/K/KD/M/N/N1/N2/O/P/S/T/TD: 0.01%

TRANSACTION FEES

The total amount of transaction fees is included in the statement of operations and changes in net assets and includes Correspondent's expenses and Brokerage fees.

DELEGATION

Edmond de Rothschild Asset Management (Luxembourg) and Edmond de Rothschild (Europe) may delegate all or part of their functions and duties to a sub-contractor which, having regard to the nature of the functions and duties to be delegated, must be qualified and capable of undertaking the duties in question.

REVERSAL OF ACCRUALS

This caption is composed of extourned accrual amounts regarding the performance fee.

**STATEMENT OF CHANGES
IN THE PORTFOLIO FOR
SEPTEMBER 30, 2021**

A copy of the statement of changes in the portfolio of each Sub-Fund may be obtained free of charge from the registered office of the SICAV as well as from the German Payment and Information Office.

SUBSEQUENT EVENTS

Merged of the sub-fund EDMOND DE ROTHSCHILD FUND - QUAM 10 into EDMOND DE ROTHSCHILD FUND - INCOME EUROPE on December 15, 2021.

CASH

EDMOND DE ROTHSCHILD FUND - GLOBAL SUSTAINABLE CONVERTIBLES (merged on July 7, 2021):

The cash balance amounts to EUR 0 as of July 7, 2021.

SECURITIES FINANCING TRANSACTIONS AND OF REUSE REGULATION (“SFTR”)

The SICAV may employ instruments falling into the scope of the SFTR (including Repurchase Transaction and Total Return Swap) in such proportion of assets as disclosed in the prospectus of the SICAV. The SICAV does not hold such instruments at the date of this report.

PRICE ADJUSTMENT POLICY/SWING PRICING MECHANISM

The Sub-Funds may suffer dilution of the net asset value per Share due to investors buying or selling Shares at a price that does not take into account dealing and other costs arising when the Investment Manager makes or sells investments to accommodate cash inflows or outflows.

To mitigate the effects of dilution and protect the interests of Shareholders, the Board may, at its discretion, adjust the Net Asset Value depending on whether or no a Sub-Fund is in a net subscription position or in a net redemption position on such Valuation Day.

The dilution adjustment will involve adding to, when the Sub-Fund is in a net subscription position exceeding a predefined threshold (swing threshold), and deducting from, when the Sub-Fund is in a net redemption position exceeding a predefined threshold, the Net Asset Value such figure as the Board considers represents an appropriate figure to meet duties, charges and spreads. In particular, the Net Asset Value of the relevant Sub-Fund will be adjusted (upwards or downwards) by an amount which reflects the estimated fiscal charges, dealing costs that may be incurred by the Sub-Fund and the estimated bid/offer spread of the assets in which the Sub-Fund invests. As certain stock markets and jurisdictions may have different charging structures on the buy and sell sides, the resulting adjustment may be different for net inflows than for net outflows.

In exceptional market circumstances (higher market volatility, drying-up of liquidity, widening of the spread, etc.), the adjustment may be temporarily increased beyond the standard factor level but the decision to make such an increase must be duly justified and must take into account

EDMOND DE ROTHSCHILD FUND

the best interest of the investors. Adjustments will however be limited to a maximum of 2% of the then applicable Net Asset Value.

Application of swing pricing mechanism is supported by a circular resolution signed by the Board of Directors of the fund, indicating the scope of application of the above-mentioned mechanism, the swing factor and the net capital activity threshold related to each sub fund in scope of this mechanism (The NAV is swung only when a predetermined net capital activity threshold (the swing threshold) is exceeded at each dealing day).

During the period, this mechanism has been applied only to the Sub- Funds EDMOND DE ROTHSCHILD FUND - EQUITY OPPORTUNITIES, EDMOND DE ROTHSCHILD FUND - EUROPE CONVERTIBLES, EDMOND DE ROTHSCHILD FUND - EQUITY EURO CORE, EDMOND DE ROTHSCHILD FUND - EMERGING BONDS, EDMOND DE ROTHSCHILD FUND - HEALTHCARE, EDMOND DE ROTHSCHILD FUND - BIG DATA, EDMOND DE ROTHSCHILD FUND - ASEAN EQUITY, EDMOND DE ROTHSCHILD FUND - INCOME EUROPE, EDMOND DE ROTHSCHILD FUND - CHINA.
