Risk warnings

The value of an investment in the Funds can fall as well as rise and you may not get back the original amount invested. There is a risk that the entire amount invested may be lost. There is no assurance that any appreciation in the value of investments will occur or that the investment objectives of any fund will actually be achieved. Past performance is not a reliable indicator of future results. BlackRock makes no representations or warranties as to the accuracy or completeness of any past, estimated or simulated performance results contained herein, and further nothing contained herein shall be relied upon as a promise by, or representation by BlackRock whether as to past or future performance results. Whilst BlackRock Advisors (UK) Limited aims to ensure the accuracy of the data contained in this fact sheet, it is provided for information purposes only. It should not be relied on as the basis for making an investment decision. The Funds may be exposed to the following non-exhaustive list of risks, including financial derivative instrument risks, currency risk, taxation risk and counterparty defaults. The BlackRock EM Fundamental Weighted Index Sub-Fund invests in economies and markets which may be less developed. Compared to more established economies, the value of investments may be subject to greater volatility due to increased uncertainty as to how these markets operate. The Fund typically invests in smaller company shares, which can be more unpredictable and less liquid than those of larger company shares. Please refer to the Prospectuses for further details of risk factors relevant to an investment in the Funds and other important information. The sub-funds may engage in investment strategies not described herein that the Investment Manager considers appropriate. Affiliated companies of BlackRock may make markets in securities in which the sub-funds invest. Further, BlackRock and/or its affiliated companies and/or their employees from time to time may hold shares in, underlying shares of, or options on such securities and may, as principal or agent, buy or sell such securities.
