STATUTS COORDONNES

Au 17 novembre 2016

Article 1

There exists among the appearing persons and all those who may become holders of Shares, a company in the form of a limited liability company (« société anonyme ») qualifying as a « société d'investissement à capital variable » (« Sicav ») under the name of « **AXA World Funds** », in short « **AXA WF** » (the « Company »).

Article 2

The Company is established for an unlimited duration.

Article 3

The exclusive object of the Company is to place the funds available to it in the transferable securities of all types and all other liquid financial permitted assets with the purpose of spreading investment risks and affording its shareholders the results of the management of its portfolio.

The Company may take any measure and carry out any operation which it may deem useful in the accomplishment and development of its purpose to the full extent permitted by the law of 17th December 2010 relating to undertakings for collective investment or any legislative replacements or amendment thereof (the “Law of 2010”).

Article 4

The registered office of the Company is established in Luxembourg City in the Grand Duchy of Luxembourg. In the event that the board of directors of the Company (the “Board”) determines that extraordinary political or military events have occurred or are imminent that would interfere with the normal activities of the Company at its registered office, or with the ease of communication between such office and persons abroad, the registered office may be temporarily transferred abroad until the complete cessation of these abnormal circumstances; such temporary measure shall have no effect on the nationality of the Company which, notwithstanding the temporary transfer of its registered office, will remain a Luxembourg Company.

The Board may further decide to transfer permanently the registered office of the Company within the same municipality, or from a municipality to another municipality within the Grand Duchy of Luxembourg and amend these articles of incorporation accordingly.

Article 5

The capital of the Company shall be represented by share of no par value (the “Shares”) and shall at any time be equal to the total net assets of the Company as defined hereafter.

The minimum capital of the Company shall be as provided by law, i.e. one million two hundred and fifty thousand euro (EUR 1,250,000.-).

The Board is authorised without limitation to issue Shares at any time at an issue price per Share (the “Issue Price”) of the relevant sub-fund and class of Shares, as defined in Article 24, without reserving the existing shareholders a preferential right to subscription of the Shares to be issued. The Board may delegate to any duly authorised director of the Company (a “Director”) or officer of the Company or to

any other duly authorised person, the duty of accepting subscriptions and of delivering and receiving payment for such Shares.

When or before issuing a Share, the Board shall determine the category of Shares (the “Sub-Fund”) by reference to which a Share be designated and the Shares shall be divided into classes by reference to the Sub-Fund to which they have been allocated. Notwithstanding the fact that the capital of the Company is expressed in Euro any sum payable on or in relation to a Share (including but not limited to the issue and redemption price) shall be calculated and payable in the currency which the Board shall either generally or in relation to a particular class determine (the “Reference Currency”).

The Board has the power to issue in relation to any Sub-Fund classes of Shares in the form of accumulative and distribution Shares (the “Accumulative Shares” and the “Distribution Shares”) and classes of Shares defined by reference to (i) the management fee and distribution fee payable thereon, (ii) the minimum investment and holding requirements applicable thereto and/or (iii) such other features as may be determined by the Board from time to time. An Accumulative Share is a Share of any Sub-Fund or class which does not entitle the holder thereof to receive dividends declared on the Shares of that Sub-Fund or class but which does increase in value by reference to the amount which is otherwise distributed by way of dividend on all other Shares. A Distribution Share is a Share of any Sub-Fund or class which does entitle the holder thereof to receive dividends declared on the Shares of that Sub-Fund or class.

In the event that for any reason the value of the net assets of any class of Shares within a Sub-Fund has decreased to, or has not reached, an amount determined by the Directors to be the minimum level for such class of Shares, to be operated in an economically efficient manner or as a matter of economic rationalisation, the Directors may decide to amend the rights attached to any class of Shares so as to include them in any other existing class of Shares and redesignate the Shares of the class or classes concerned as Shares of another class. Such decision will be subject to the right of the relevant Shareholders to request, without any charges, the redemption of their Shares or, where possible, the conversion of those Shares into Shares of other classes within the same Sub-Fund or into Shares of same or other classes within another Sub-Fund.

Article 6

The Directors shall issue Shares in principle in registered form and may decide to issue Shares in bearer form. Shareholders having subscribed to bearer Shares shall, upon written request receive bearer Share certificates evidencing their shareholding.

Shareholders may obtain registered Share certificates relating to their shareholding. If a shareholder does not elect to obtain registered Share certificates, he will receive in lieu thereof a confirmation of his shareholding. If a shareholder requests that more than one Share certificate be issued for his Shares, customary costs may be charged to him.

No charge may be made on the issue of a certificate for the balance of a registered shareholding following a transfer, redemption or conversion of Shares. Share certificates shall be signed by two

Directors or by a Director and an official duly authorised by the Board for such purpose. Signatures of the Directors may be either manual or printed or by facsimile. The signature of the authorised official shall be manual. The Company may issue temporary Share certificates in such form as the Board may from time to time determine.

Shares shall be issued only upon acceptance of the subscription and payment of the price as set forth in Article 24 hereof. The subscriber will, without undue delay, obtain delivery of definitive Share certificates or, subject as aforesaid, a confirmation of his shareholding.

Payments of dividends, if any, will be made to the holders of registered Shares, at their mandated addresses in the register of shareholders (the "Register of Shareholders") or to such other address as given to the Directors in writing. Payments of dividends, if any, will be made to the holders of bearer Shares, at the place indicated in the dividend payment notice published by the Company against presentation of a coupon.

All issued registered Shares of the Company shall be recorded in the Register of Shareholders, which shall be kept by the Company or by one or more persons designated therefore by the Company and the Register of Shareholders shall contain the name of each holder of registered Shares, his residence or elected domicile so far as notified to the Company and the Sub-Fund, number and class of Shares held by him. Every transfer of a Share shall be entered in the Register of Shareholders upon payment of such customary fee as shall have been approved by the Directors for registering any other document relating to or affecting the title to any Share.

A register of bearer Shares will be kept by a depository appointed by the Directors for such purposes, who will provide shareholders upon request with the information registered in said register in relation to their own shareholding only.

The Company shall be free of all responsibility or liability for third parties in dealing with such Shares and shall be justified in considering any right, interest or claim of any other person in or upon such Shares to be non-existing, provided that the foregoing shall deprive no person of any right which it might properly have to demand the registration of a change in the registration of Shares.

Shares shall be free from any restriction on the right of transfer and from any lien in favour of the Company.

Transfer of registered Shares shall be effected by way of a notice of the transfer to be entered in the Register of Shareholders of the Company by such shareholder. Any transfer of bearer Shares shall become effective towards the Company and third parties through the record of the transfer in the register of bearer shares.

Every registered shareholder must provide the Company with an address to which all notices and announcements from the Company may be sent. Such address will be entered in the Register of Shareholders. In the event of joint holders of Shares, only one address will be inserted and any notices will be sent to that address only. In the event that the shareholder does not provide such address, the

Company may permit a notice to this effect to be entered in the Register of Shareholders and the shareholder's address will be deemed to be at the registered office of the Company, or such other address as may be so entered by the Company from time to time until another address shall be provided to the Company by such shareholder. The shareholder may, at any time, change his address as entered in the Register of Shareholders by means of a written notification to the Company at its registered office, or at such other address as may be set by the Company from time to time.

If payment made by any subscriber results in the issue of a Share fraction, such fraction shall be entered into the Register of Shareholders. It shall not be entitled to vote but shall, to the extent that the Company shall determine, be entitled to a corresponding fraction of the dividend. Fractions of Shares may be issued only in the case of registered Shares.

Article 7

If any shareholder can prove to the satisfaction of the Company that his Share certificate has been mislaid, mutilated or destroyed, then, at his request, a duplicate Share certificate may be issued under such conditions and guarantees, including a bond delivered by an insurance company but without restriction thereto, as the Company may determine. At the issuance of the new Share certificate, on which it shall be recorded that it is a duplicate, the original Share certificate in place of which the new one has been issued shall become void.

The Company may, at its election, charge the shareholder any exceptional out of pocket expenses incurred in issuing a duplicate or a new Share certificate in substitution for one mislaid, mutilated or destroyed.

Article 8

The Company may restrict or prevent the ownership of Shares by any person, firm or corporate body, namely any person holding more than 3% of the Shares of any Sub-Fund which are outstanding in any Sub-Fund at the time of such issue or any time thereafter, any person in breach of any law or requirement of any country or governmental authority and any person which is not qualified to hold such Shares by virtue of such law or requirement or if, as a result of the person owning such Shares the Company would suffer taxation or other pecuniary disadvantage which it would not otherwise do or, if the Board so decides and discloses in the current prospectus hereof, a United States Person, a person who is not a "Non United States Person" as defined hereafter and a person subject to Title 1 of the US Employee Retirement Income Security Act or the prohibited transactions provisions of Section 4975 of the US Internal Revenue Code and a person qualifying as a benefit plan investor (altogether defined as "Restricted Person") and for such purpose the Company may:

(a) decline to issue any Share or to register any transfer of Shares where it appears to it that such issue or registry would or might result in beneficial ownership of such Shares by a Restricted Person; and

(b) at any time require any person whose name is entered in, or any person seeking to register the transfer of Shares on, the Register of Shareholders to furnish it with any information which it may consider necessary for the purpose of determining whether or not beneficial ownership of such shareholder's Shares rests or will rest in a Restricted Person, and

(c) where it appears to the Company that any Restricted Person, either alone or in conjunction with any other person, is a beneficial owner of Shares, compulsorily redeem from such shareholder all Shares held by him in the following manner :

Any such notice may be served upon such shareholder by posting the same in a prepaid registered envelope addressed to the shareholder at his last address known to or appearing in the books of the Company. The said shareholder shall thereupon forthwith be obliged to deliver to the Company the Certificate or Certificates if issued relating to the Shares specified in the Purchase Notice. Immediately after the close of business on the date specified in the Purchase Notice, such shareholder shall cease to be the owner of the Shares specified in such notice and his name shall be removed from the Register of Shareholders;

(2) the price at which the Shares specified in any Purchase Notice shall be purchased (herein called "the Purchase Price") shall be an amount equal to the per Share Net Asset Value, determined in accordance with Article 23 hereof;

Upon deposit of such price as aforesaid no person interested in the Shares specified in such Purchase Notice shall have any further interest in such Shares or any of them, or any claim against the Company or its assets in respect thereof, except the right of the person appearing as the owner thereof to receive the price so deposited (without interest) upon effective surrender of the certificate or certificates aforesaid;

(4) the exercise by the Company of the powers conferred by this Article shall not be questioned or invalidated in any case, on the ground that there was insufficient evidence of ownership of Shares by any person or that the true ownership of any Shares was otherwise than appeared to the Company at the date of any Purchase Notice, provided that in such case the said powers were exercised by the Company in good faith; and

The Board may determine all other conditions that must be fulfilled by shareholders for them to take part in any meeting of shareholders.

Article 12

In the event an elected director is a legal entity, a permanent individual representative thereof should be designated as member of the Board. Such individual is submitted to the same obligations than the other directors. Such individual may only be revoked upon appointment of a replacement individual.

At least 7 days' notice in writing shall be given to the Company of the intention of any shareholder to propose any person other than a retiring Director for election to the office of Director and such notice shall be accompanied by notice in writing signed by the person to be proposed confirming his willingness to be appointed ; PROVIDED ALWAYS that if the shareholders present at a general meeting unanimously consent, the chairman of such meeting may waive the said notices and submit to the meeting the name of any person so nominated.

This notice may be waived by the consent in writing or by cable, telegram, telex or telefax of each Director. Separate notice shall not be required for individual meetings held at times and places prescribed in a schedule previously adopted by resolution of the Board.

Any Director may act at any meeting of the Board by appointing in writing or by cable, telegram, telex or telefax another Director as his proxy. Directors may also cast their vote in writing or by cable, telegram, telex or telefax message.

The Directors may only act at duly convened meetings of the Board. Directors may not bind the Company by their individual acts, except as specifically permitted by resolution of the Board.

The Board may delegate its powers to conduct the daily management and affairs of the Company and its powers to carry out acts in furtherance of the corporate policy and purpose, to physical persons or corporate entities which need not be members of the Board. The Board may also delegate any of its committee, consisting of such person or persons (whether a member or members of the Board or not) as it thinks fit.

Article 15

The minutes of any meeting of the Board shall be signed by the person who presided at such meeting.

Copies or extracts of such minutes which may be produced in judicial proceedings or otherwise shall be signed by such chairman, or by the secretary, or by two Directors.

Article 16

The Company may in particular purchase the above mentioned assets on any stock exchange or regulated market of a state of Europe, being or not member of the European Union (“EU”), of America, Africa, Asia or Oceania.

The Company may also invest in recently issued transferable securities and money market instruments, provided that the terms of issue include an undertaking that an application will be made for admission to official listing on a stock exchange or regulated market and that such admission be secured within one year of the issue.

In accordance with the principle of risk spreading, up to 100% of the net assets attributable to each Sub-Fund in transferable securities and money market instruments issued or guaranteed by a member state of the EU, by its local authorities, by any other member state of the Organization for Economic Cooperation and Development (“OECD”) or of the Group of Twenty (the “G20”) or Singapore or Hong Kong or by any other non-member state of the European Union as accepted by the Regulatory Authority and disclosed in the sales documents for the shares of the Company or by a public international body of which one or more member state(s) of the EU are member(s) , provided that in the case where the Company decides to make use of this provision, it shall, on behalf of the Sub-Fund created for the relevant class or classes of Shares, hold securities from at least six different issues and securities from any one issue may not account for more than 30% of the net assets attributable to such Sub-Fund.

The Company is authorized (i) to employ techniques and instruments relating to transferable securities and money market instruments provided that such techniques and instruments are used for the purpose of efficient portfolio management and (ii) to employ techniques and instruments intended to provide protection against exchange risks in the context of the management of its assets and liabilities.

In case of a UCITS linked to the Company by common management or control or by a substantial direct or indirect holding or managed by the Investment Manager of the Company (the “Investment Manager”) (“Linked Funds”), no fees or costs on account of the transactions relating to the units in the UCITS may be charged to the Company.

Article 17

No contract or other transaction between the Company and any other company or firm shall be affected or invalidated by the fact that any one or more of the Directors or officers of the Company is interested in, or is a Director, associate, officer or employee of such other company or firm. Any Director or officer of the Company who serves as a Director, officer or employee of any company or firm with which the Company shall contract or otherwise engage in business shall not, by reason of such affiliation with such other company or firm but subject as hereinafter provided, be prevented from considering and voting or acting upon any matters with respect to such contract or other business.

Any shareholder may request the redemption of all or part of his Shares by the Company provided that the Company shall not be bound to redeem on any Valuation Date (as hereafter defined) more than 10 per cent of the number of Shares relating to any Sub-Fund then in issue.

In case of deferral of redemptions the relevant Shares shall be redeemed at the Net Asset Value per Share prevailing at the date on which the redemption is effected.

Excess redemptions will be deferred to the next Valuation Date when they shall be dealt with as a priority.

In case of redemption requests on any Valuation Date for more than 10 per cent of the number of Shares relating to any Sub-Fund, the Company may elect to sell assets of that Sub-Fund representing, as nearly as practicable, the same proportion of the Sub-Fund's assets as the Shares for which redemption applications have been received compared to the total of Shares then in issue. If the Company exercises this option, then the amount due to the shareholders who have applied to have their Shares redeemed, will be based on the net asset value per Share calculated after such sale or disposal. Payment will be made forthwith upon the completion of the sales and the receipt by the Company of the proceeds of sale in a freely convertible currency. At the shareholder's request, the Company may elect to make an in specie

distribution, having due regard to all applicable laws and regulations and to all shareholders' interest. In the case of an *in specie* distribution the auditor of the Company shall if applicable deliver an audit report in accordance with applicable laws.

For this purpose conversions are considered as redemptions.

The Redemption Price shall be paid within the timeframe set forth by the Board from time to time in the prospectus and shall be based on the Net Asset Value per Share determined in accordance with the provisions of Article 23 hereof, and less a redemption charge as may be decided by the Board from time to time.

Payment of redemption proceeds may, in respect of redemptions in any Sub-Fund, be delayed if there are any specific statutory provisions such as foreign exchange restrictions or any circumstances beyond the Company's control which make it impossible to transfer the redemption proceeds to the country where the redemption was requested.

If in exceptional circumstances, the liquidity of the portfolio of assets maintained in respect of the class of Share being redeemed is not sufficient to enable the payment to be made within such a period, such payment shall be made as soon as reasonably practicable thereafter, but without interest.

Any such request must be filed or confirmed by such shareholder in written form at the registered office of the Company in Luxembourg or with any other person or entity appointed by the Company as its agent for redemption of Shares. The certificate or certificates for such Shares in proper form and accompanied by proper evidence of transfer or assignment must be received by the Company or its agent appointed for that purpose before the Redemption Price may be paid.

All redeemed Shares may be cancelled.

Article 22

The net asset value per share (the "Net Asset Value") and the Issue and Redemption Prices of Shares of any class shall be determined by the Company not less than twice monthly, as the Board by regulation may direct (every such day or time for determination thereof being referred to herein as a "Valuation Date"), but so that no day observed as a holiday by banks in Luxembourg be a Valuation Date.

The Company may suspend temporarily the determination of the Net Asset Value, and the issue, redemption and conversion of the Shares of the relevant class:

(a) during any period when any Regulated Market, stock exchange in an Other State or any Other Regulated Market on which a material part of a Sub-Fund's investments for the time being are quoted, is closed, otherwise than for ordinary holidays, or during which dealings are substantially restricted or suspended;

(b) during the existence of any state of affairs which constitutes an emergency as a result of which disposal or valuation of the Company's assets attributable to any Sub-Fund is not reasonably practical;

(c) during any breakdown in the means of communication normally employed in determining the price or value of any of the investments attributable to any Sub-Fund or the current prices on any market or stock exchange;

(d) during any period when remittance of moneys which will or may be involved in the realisation of, or in the payment for, any of the investments attributable to any Sub-Fund is not possible;

(e) during any period where in the opinion of the Directors there exist unusual circumstances where it would be impracticable or unfair towards the shareholders to continue dealing with Shares of any Sub-Fund;

(f) following the suspension of the calculation of the net asset value per share/unit, the issue, redemption and/or the conversion of shares/units at the level of a master fund in which a Sub-Fund invests in its quality as feeder fund of such master fund;

(g) in case of a decision to liquidate the Company, on or after the day of publication of the first notice convening the general meeting of shareholders for this purpose.

The Company shall suspend the issue, conversion and redemption of Shares forthwith upon the occurrence of an event causing it to enter into liquidation or upon the order of the Luxembourg supervisory authority.

Shareholders having requested subscription, conversion and redemption of their Shares shall be notified of any such suspension within seven days of their request and will be promptly notified of the termination of such suspension.

The suspension as to any class will have no effect on the calculation of Net Asset Value and the issue, conversion and redemption of the Shares of any other class.

Article 23

The Net Asset Value of each Share shall be expressed in the relevant Reference Currency of each class within the relevant Sub-Fund and shall be determined in respect of any Valuation Date by dividing the net assets of the Company, being the value of the assets of the Company corresponding to such class within the relevant Sub-Fund less the liabilities of the Company, by the number of outstanding Shares in such class.

The valuation of the Net Asset Value of Shares shall be made in the following manner:

A. The assets of the Company shall be deemed to include:

(a) all cash in hand receivable or on deposit, including accrued interest;

(b) all bills and notes on demand and any amounts due (including the proceeds of securities sold but not collected);

(c) all securities, Shares, bonds, debentures, options or subscriptions rights, warrants and other investments and securities belonging to the Company;

(d) all dividends and distributions due to the Company in cash or in kind to the extent known to the Company (the Company may however adjust the valuation by fluctuations in the market value of securities due to trading practices such as trading ex-dividends or ex-rights);

(e) all accrued interest on any interest-bearing securities held by the Company except to the extent such interest is comprised in the principal amount of such security ;

(f) the preliminary expenses of the Company insofar as the same have not been written off, provided that such preliminary expenses may be written off directly from the capital of the Company; and

(g) all other assets of every kind and nature, including prepaid expenses.

The value of such assets shall be determined as follows:

(1) the value of any cash on hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received shall be deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof shall be arrived at after making such discount as the Directors may consider appropriate in such case to reflect the true value thereof;

(2) Transferable Securities listed or traded on any Regulated Market, stock exchange in an Other State or Other Regulated Market will be valued at the closing price on such markets. If a security is listed or traded on several markets, the closing price at the market which constitutes the main market for such securities, will be determining;

(3) Transferable Securities not listed or traded on any Regulated Market, stock exchange in an Other State or Other Regulated Market will be valued at their last available market price;

(4) Transferable Securities for which no price quotation is available or for which the price referred to in (2) and/or (3) is not representative of the fair market value, will be valued prudently, and in good faith on the basis of their reasonably foreseeable sales prices. As far as collateralised debt obligations are concerned and insofar the price quotation is not representative of the fair market value, collateralised debt obligations will be valued at their Net Asset Value as transmitted to the investment manager by the arranging bank of each collateralised debt obligation in which the Company has invested;

(5) The value of Money Market Instruments not listed or dealt in on any Regulated Market, stock exchange in an Other State or any Other Regulated Market and with remaining maturity of less than 12 months will be valued by the amortised cost method, which approximates market value.

(6) The liquidating value of futures, forward and options contracts not traded on Regulated Markets, stock exchanges in an Other State or on Other Regulated Markets shall mean their net liquidating value determined, pursuant to the policies established in good faith by the Company, on a basis consistently applied for each different variety of contracts. The liquidating value of futures, forward and options contracts traded on Regulated Markets, stock exchanges in an Other State or on Other Regulated Markets shall be based upon the last available settlement prices of these contracts on Regulated Markets, stock exchanges in an Other State and Other Regulated Markets on which the particular futures,

forward or options contracts are traded by the Company; provided that if a futures, forward or options contract could not be liquidated on the day with respect to which net assets are being determined, the basis for determining the liquidating value of such contract shall be such value as the Company may deem fair and reasonable.

(7) Values expressed in a currency other than the Reference Currency of a Class or a Sub-Fund shall be translated to the Reference Currency of a Class or a Sub-Fund on the basis of the exchange rate provided by Reuters or any equivalent provider.

(8) Swaps and all other securities and assets will be valued at fair market value as determined prudently and in good faith by the Company and as far as credit default swaps are concerned accordingly to the procedure approved by the auditors of the Company.

(9) Units of UCITS and/or other UCIs will be evaluated at their last available net asset value per unit. Open-ended funds will be valued at the actual net asset value for such shares or units as of the relevant Valuation Day, or based on the market value under the condition that this valuation reflects the most adequate price. If the latter is not the case, funds shall be valued at the estimated net asset value as of such Valuation Day, or if no such estimated net asset value is available they shall be valued at the last available actual or estimated net asset value provided that if events have occurred which may have resulted in a material change in the net asset value of such shares or units since the date on which such actual or estimated net asset value was calculated, the value of such shares or units may be adjusted in order to reflect, in the reasonable opinion of the Directors, such change.

In the event that extraordinary circumstances render valuations as aforesaid impracticable or inadequate, the Company is authorized, prudently and in good faith, to follow other rules in order to achieve a fair valuation of its assets.

Subscriptions or redemptions in a Sub-Fund or Share Class can create dilution of the Sub-Fund's or the Share Class's assets if shareholders subscribe or redeem at a price that does not necessarily reflect the real dealing and other costs that arise when the Investment Manager buys or sells assets to accommodate net subscription or net redemption. In order to protect the interest of the existing shareholders of a Sub-Fund or a Share Class, a swing pricing mechanism may be adopted.

If the net subscriptions and redemptions based on the last available Net Asset Value on any Valuation Day exceed a certain threshold of the value of a Sub-Fund or a Share Class on that Valuation Day, as determined and reviewed on a periodic basis by the Management Company, the asset value may be adjusted respectively upwards or downwards to reflect the dealing and other costs that may be deemed to be incurred in buying or selling assets to satisfy net daily transactions. The Management Company may apply a swing pricing mechanism across any Sub-Fund or Share Class. The extent of the price adjustment will be set by the Management Company to reflect estimated dealing and other costs and will not exceed 2% of the Net Asset Value.

Each Sub-Fund shall be valued so that all agreements to purchase or sell securities are reflected as of the date of execution, and all dividends receivable and distributions receivable are accrued as of the relevant ex-dividend dates.

B. The liabilities of the Company shall be deemed to include:

- (a) all borrowings, bills and other amounts due;
- (b) the fees of the Custodian, the Management Company, the Investment Managers if any, placement agents, Registrar Agent, Domiciliary and Administrative Agent, Paying Agent, listing agent; other operational costs including, but not limited to, costs of buying and selling underlying securities, government charges, registration with Regulatory Authorities, legal and auditing fees, interest, reporting expenses, publication of offering and redemption prices, distribution of interim and annual reports, postage, telephone and telex; reasonable marketing and promotional expenses;
- (c) all known liabilities due or not yet due, including the amount of dividends declared, if any, but unpaid;
- (d) an appropriate amount set aside for taxes due on the date of valuation and other provisions or reserves authorised and approved by the Directors; and
- (e) all other liabilities of the Company of whatsoever kind due towards third parties.

For the purposes of the valuation of its liabilities, the Company may duly take into account all administrative and other expenses of a regular or periodical character by valuing them for the entire year or any other period and by dividing the amount concerned proportionately for the relevant fractions of such period.

If since the time of determination of the Net Asset Value but prior to publication there has been a material change in the valuations of a substantial proportion of the investment of the Company attributable to a particular Sub-Fund or class of Shares, the Company may, in order to safeguard the interests of the shareholders and the Company, cancel the first valuation and carry out a second valuation, in which case all relevant subscription and redemption requests will be dealt on the basis of that second valuation.

C. For the purpose of valuation under this Article:

- (a) Shares to be redeemed under Article 21 hereto shall be treated as existing and taken into account until immediately after the time specified by the Directors on the Valuation Date on which such valuation is made, and from such time and until paid the price therefore shall be deemed to be a liability of the Company;
- (b) all investments, cash balances and other assets of any portfolio expressed in currencies other than the designated currency of a class or Sub-Fund shall be valued after taking into account the market rate or rates of exchange in force at the date and time for determination of the Net Asset Value of Shares; and

(c) effect shall be given on any Valuation Date to any purchases or sales of securities contracted for by the Company on such Valuation Date, to the extent practicable.

D. The Board may establish a Sub-Fund in respect of each class of Shares and may establish a Sub-Fund in respect of two or more classes of Shares in the following manner:

i if two or more classes of Shares relate to one Sub-Fund, the assets attributable to such classes shall be commonly invested pursuant to the specific investment policy of the Sub-Fund concerned;

ii the proceeds to be received from the issue of Shares of a class shall be applied in the books of the Company to the Sub-Fund corresponding to that class of Shares provided that if several classes of Shares are outstanding in such Sub-Fund, the relevant amount shall increase the proportion of the net assets of such Sub-Fund attributable to the class of Shares to be issued;

iii where any asset is derived from another asset, such derivative asset shall be applied in the books of the Company to the same Sub-Fund as the assets from which it was derived and on each re-evaluation of an asset, the increase or diminution in value shall be applied to the relevant Sub-Fund;

iv where the Company incurs a liability which relates to any asset of a particular Sub-Fund or to any action taken in connection with an asset of a particular Sub-Fund, such liability could be allocated to the relevant Sub-Fund;

v in the case where any asset or liability of the Company cannot be considered as being attributable to a particular Sub-Fund, such asset or liability shall be allocated to all the Sub-Funds pro rata to the Net Asset Value; and

vi upon the payment of distributions to the holders of any class of Shares, the Net Asset Value of such class of Shares shall be reduced by the amount of such distributions.

Article 24

Whenever the Company shall offer Shares for subscription, the price per Share at which such Shares shall be offered and sold, shall be based on the Net Asset Value per Share of the relevant Sub-Fund and class of Shares increased by notional dealing costs, if any, and by a sales charge (if and to the extent the Directors so decide) and any remuneration to agents active in the placing of the Shares shall be paid out of the sales charge (which shall not exceed such amount as may be permitted by all applicable laws) added thereto. The price so determined (the "Issue Price") shall be payable within a period as determined by the Directors which shall not exceed 3 business days after the relevant Valuation Date.

The Issue Price may, upon approval of the Board, and subject to all applicable laws, namely if applicable with respect to a valuation report prepared by the auditor of the Company confirming the value of any assets contributed in kind, be paid by contributing to the Company securities acceptable to the Board, consistent with the investment policy and investment restrictions of the Company and the relevant Sub-Fund.

Article 25

The subscription for Shares may be effected within the scope of French saving plans called *Plan d'Epargne Retraite Populaire*.

The Company shall therefore submit itself to controls and appraisal executed on evidence and on site by the supervisory Committee of the plan. The Directors and the auditors of the Company will, in this context, have to answer to any request for information from this Committee.

Article 26

The accounting year of the Company shall begin on the first day of January of each year and shall terminate on the last day of December of the same year.

Article 27

The meeting of shareholders of the relevant Sub-Fund or class of Shares, shall, upon the proposal of the Board in respect of each class of Shares, determine how the annual results shall be disposed of. The results of the Company may be distributed, subject to the minimum capital of the Company as defined under Article 5 hereof being maintained.

Dividends may further, in respect of Distribution Shares in Sub-Funds, include an allocation from an equalization account which may be maintained in respect of such Distribution Shares, be credited upon issue of Shares and debited upon redemption of Shares, in an amount calculated by reference to the accrued income attributable to such Distribution Shares.

Interim dividends may be paid out on the Shares of any Sub-Funds upon decision of the Board.

Whenever a dividend is declared on a Distribution Share an amount corresponding thereto shall be attributable to each Accumulative Share of that class.

The dividends declared will normally be paid in the currency in which the relevant Sub-Fund or class of Shares is expressed or in such other freely convertible currency as selected by the Board and shall be paid at such places and times as may be determined by the Board. The Board may make arrangements for the final determination of the rate of exchange applicable to translate dividend funds into the currency of their payment.

Article 28

The Company shall enter into investment management agreements with entities of the AXA Group where under such companies will act as Investment Managers to manage the portfolios of the Company. In the event of termination of all said agreements in any manner whatsoever, the Company will change its name forthwith upon the request of the Investment Managers to a name omitting the words "AXA".

The Investment Manager is, with the agreement of the Board and under the Board's supervision, authorised to delegate part of or all of its management investment duty to Sub-Investment managers by way of Sub-Investment Management Agreements.

Article 29

In the event of a dissolution of the Company, liquidation shall be carried out by one or several liquidators (who may be physical persons or legal entities) named by the meeting of shareholders effecting such dissolution and which shall determine their powers and their compensation. The net proceeds of liquidation corresponding to each Sub-Fund shall be distributed by the liquidators to the holders of Shares in proportion of their holding of Shares. The operations of liquidation will be carried out pursuant to the Law of 2010. After the liquidation period, the unclaimed assets will be deposited with the *Caisse de Consignation* to the benefit of the shareholders.

In the event that for any reason the value of the total net assets in any Sub-Fund or the value of the net assets of any class of Shares within a Sub-Fund has decreased to, or has not reached, an amount determined by the Board to be the minimum level for such Sub-Fund, or such class of Shares, to be operated in an economically efficient manner or in case of a substantial modification in the political, economic or monetary situation or as a matter of economic rationalisation, the Board may decide to redeem all the Shares of the relevant class or classes at the Net Asset Value per Share (taking into account actual realisation prices of investments and realisation expenses) calculated on the Valuation Day at which such decision shall take effect. The Company shall serve a notice to the holders of the relevant class or classes of Shares prior to the effective date for the compulsory redemption, which will indicate the reasons and the procedure for the redemption operations: registered shareholders shall be notified in writing; the Company shall inform holders of bearer Shares by publication of a notice in newspapers to be determined by the Board, unless these shareholders and their addresses are known to the Company. Unless it is otherwise decided in the interests of, or to keep equal treatment between the shareholders, the shareholders of the Sub-Fund or of the class of Shares concerned may continue to request redemption or conversion of their Shares free of charge (but taking into account actual realisation prices of investments and realisation expenses) prior to the date effective for the compulsory redemption.

Notwithstanding the powers conferred to the Board by the preceding paragraph, the general meeting of shareholders of any one or all classes of Shares issued in any Sub-Fund will, in any other circumstances, have the power, upon proposal from the Board, to redeem all the Shares of the relevant class or classes and refund to the shareholders the Net Asset Value of their Shares (taking into account actual realisation prices of investments and realisation expenses) calculated on the Valuation Day at which such decision shall take effect. There shall be no quorum requirements for such general meeting of shareholders which shall decide by resolution taken by simple majority of those present or represented and voting at such meeting.

Assets which may not be distributed to their beneficiaries upon the implementation of the redemption will be deposited with the Custodian for a period of nine months thereafter; after such period, the assets will be deposited with the *Caisse de Consignation* on behalf of the persons entitled thereto.

The Board may decide to proceed with a merger (within the meaning of the Law of 2010) of the Company or of one of the Sub-Funds, either as receiving or absorbed UCITS or Sub-Fund, subject to the

conditions and procedures imposed by the Law of 2010, in particular concerning the merger project and the information to be provided to the shareholders, as follows:

The Board may decide to proceed with a merger of the Company, either as receiving or absorbed UCITS, with:

- another Luxembourg or foreign UCITS (the “New UCITS”); or
- a sub-fund thereof,

and, as appropriate, to redesignate the Shares of the Company concerned as Shares of this New UCITS, or of the relevant sub-fund thereof as applicable.

In case the Company involved in a merger is the receiving UCITS (within the meaning of the Law of 2010), solely the Board will decide on the merger and effective date thereof.

In case the Company involved in a merger is the absorbed UCITS (within the meaning of the Law of 2010), and hence ceases to exist, the general meeting of the shareholders has to approve, and decide on the effective date of such merger by a resolution adopted with no quorum requirement and at a simple majority of the votes cast at such meeting.

The Board may further decide to proceed with a merger of any Sub-Fund, either as receiving or absorbed Sub-Fund, with:

- another existing Sub-Fund within the Company or another sub-fund within a New UCITS (the “New Sub-Fund”); or
- a New UCITS,

and, as appropriate, to redesignate the Shares of the Sub-Fund concerned as Shares of the New UCITS, or of the New Sub-Fund as applicable.

Notwithstanding the powers conferred to the Board by the preceding paragraphs the general meeting of the shareholders may decide to proceed with a merger (within the meaning of the Law of 2010) of the Company or of one of the Sub-Funds, either as receiving or absorbed UCITS or Sub-Fund subject to the conditions and procedures imposed by the Law of 2010, in particular concerning the merger project and the information to be provided to the shareholders, as follows:

The general meeting of the shareholders may decide to proceed with a merger of the Company, either as receiving or absorbed UCITS, with:

- a New UCITS; or
- a new sub-fund thereof,

The merger decision shall be adopted by the general meeting of the shareholders with no quorum requirement at a simple majority of the votes validly cast.

The general meeting of the shareholders of a Sub-Fund or of the Company may also decide to proceed with a merger of the relevant Sub-Fund, either as receiving or absorbed Sub-Fund, with:

- any New UCITS; or
- a New Sub-Fund.

by a resolution adopted with no quorum requirement at a simple majority of the votes validly cast at such meeting.

In any of the above merger scenarios, shareholders will be entitled to request, without any charge other than those retained by the Company or the Sub-Fund to meet disinvestment costs, the repurchase or redemption of their Shares, or, where possible, to convert them into units or shares of another UCITS pursuing a similar investment policy and managed by the same Management Company or by any other company with which the Management Company is linked by common management or control, or by substantial direct or indirect holding, in accordance with the provisions of the Law of 2010.

Any cost associated with the preparation and the completion of the merger shall neither be charged to the Company nor to its shareholders.

Article 30

These Articles of Incorporation may be amended from time to time by a meeting of shareholders, subject to the quorum and majority requirements provided by the laws of Luxembourg. Any amendment affecting the rights of the holders of Shares of any Sub-Fund or class vis-à-vis those of any other Sub-Fund or class shall be subject, further, to the said quorum and majority requirements in respect of each such relevant Sub-Fund or class.

Article 31

All matters not governed by these Articles of Incorporation shall be determined in accordance with the law of 10th August, 1915 on commercial companies and amendments thereto and the Law of 2010.
