DIRECTORS' AUTHORITY TO ISSUE SHARES

- 4.
 - (a) The Directors may issue any of the unclassified shares in the capital of the Company as Participating Shares in a particular Class Fund including, within such Class Fund, Participating Shares of different classes which shall have common rights and shall rank "pari passu" in all respects except as provided in the terms of issue thereof. Such different classes may be subject to different minimum subscription and/or holding requirements, dividend policies, currencies of denomination, charges, fees and expenses (in this case expenses of registering a class in any jurisdiction or with any stock exchange, regulated market or settlement system and such other expenses arising from such registration and such further expenses howsoever arising as may be disclosed in the Prospectus) and such other factors as the Directors may determine at the date of their creation and set out in the Prospectus in relation thereto. Where the Directors so determine, the Net Asset Value per Participating Share within a Class Fund may be adjusted to reflect the different features as may be determined by the Directors. The Company is an "**umbrella fund**" within the meaning of the Regulations and accordingly on or before the issue of any Participating Share the Directors shall determine the currency in which and the Class Fund in relation to which such Participating Share shall be designated, and the Participating Shares may be divided into one or more classes which may be designated in the same currency. The Directors shall at the time of creation of a class determine if such class of shares shall be constituted as a Derivative Specific Share Class or an Unhedged Share Class. Notwithstanding anything contained in these Articles, the costs and gains/losses of any hedging transactions or derivative transactions relating to a Derivative Specific Share Class shall accrue solely to the holders of shares in such class and shall not form part of the assets of the relevant Class Fund or constitute a liability of the relevant Class Fund to which the share relates. Any hedging transaction or derivative transaction relating to a Derivative Specific Share Class must be clearly attributable to a particular class only and shall be valued in

accordance with the provisions of Article 17. Derivative Specific Share Classes must not be leveraged as a result of the transactions unless provided for in the Prospectus, subject to parameters set out therein.

The names of the Class Funds in relation to which Participating Shares shall be issued and designated as determined by the Directors and set out in the Prospectus. The names of these Class Funds may be changed by the Directors from time to time and any such change will not require the approval of the Members or the Members holding Participating Shares in the relevant Class Fund(s). Participating Shares in relation to other Class Funds may be issued and designated from time to time by the Directors with the prior approval of the Competent Authority.

The Directors may from time to time issue fractions of Participating Shares. All monies payable on or in respect of a Participating Share (including without limitation the subscription and redemption monies in respect thereof) shall be paid in the currency in which such Participating Share is designated or in such other currency as the Directors shall determine either generally or in relation to a particular class of Participating Shares or in any specific case.

- (b) Without prejudice to any rights previously conferred on the holders of any existing shares or class of shares, any share in the Company may be issued with such preferred, deferred, or other rights or such restrictions, whether in regard to dividend, voting, return of capital or otherwise, as the Directors may from time to time determine.
- (c) The Directors may, in their absolute discretion, refuse to accept any application for shares in the Company or may accept any application in whole or in part.
- (d) The Directors are generally and unconditionally authorised to exercise all powers of the Company to allot relevant securities (as defined for the purposes of Section 1021 of the Companies Act) up to an amount equal to the authorised but as yet unissued share capital of the Company.

PARTICIPATING SHARES

- 5. Participating Shares may only be issued fully paid and shall have no par value.
- 6. The total amount of the paid up share capital of the Participating Shares in the Company shall at all times be equal to the Net Asset Value of the Class Funds maintained in respect of those Participating Shares.

SUBSCRIBER SHARES

- 7. Subscriber Shares shall only be issued at par value.
- 8. Any Subscriber Shares not held by the Investment Manager for the time being or its nominees or affiliates shall be subject to requisition under Article 34 hereof.

CLASSES OF SHARES

9. The rights attached to any class of share may, whether or not the Company is being wound up, be varied or abrogated with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a Special Resolution passed at a separate general meeting of the holders of the shares of that class. To every such separate general meeting the provisions of these Articles relating to general meetings shall apply but so that the necessary quorum at any such meeting (other than an adjourned meeting) shall be two persons holding or representing by proxy at least one third of the issued shares of the class in question and, at an adjourned meeting, one person holding shares of the class in question or his proxy. Any holder of shares of the class in question present in person or by proxy may demand a poll.
10. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking *pari passu* therewith.

CLASS FUNDS

11. All consideration, other than the preliminary charge (if any) payable to the Company or the Investment Manager as the Directors may determine pursuant to Article 13, received by the Company for the allotment or issue of Participating Shares of each class, or if there is more than one class of Participating Shares in a particular Class Fund, of all such classes, together with all Investments in which such consideration is invested or reinvested, all income, earnings, profits and proceeds thereof shall be segregated and kept separate from all other monies of the Company and such assets and monies shall be referred to as a "Class Fund", there being one such Class Fund in respect of each class (or, if there is more than one class of Participating Shares in a Class Fund, all such classes) of Participating Shares to which the following provisions shall apply:-
 - (a) For each Class Fund the Company shall keep separate books and records in which all transactions relating to the relevant Class Fund shall be recorded and, in particular, the proceeds from the allotment and issue of Participating Shares in the Class Fund, the Investments and the liabilities and income and expenditure attributable thereto shall be applied or charged to such Class Fund subject to the provisions of this Article;
 - (b) Any assets derived from any other assets (whether cash or otherwise) comprised in any Class Fund shall be applied in the books and records of the Company to the same Class Fund as the asset from which it was derived and any increase or diminution in the value of such an asset shall be applied to the relevant Class Fund;
 - (c) In the event that there are any assets of the Company (not being attributable to Subscriber Shares) which the Directors do not consider are attributable to a particular Class Fund or Class Funds, the Directors shall, with the approval of the Depositary, allocate such assets to and among any one or more of the Class Funds in such manner and on such basis as they, in their discretion, deem fair and equitable; and the Directors shall,

with the approval of the Depository, have the power to and may at any time and from time to time vary such basis in respect of assets not previously allocated;

- (d) Each Class Fund shall be charged with the liabilities, expenses, costs, charges or reserves of the Company in respect of or attributable to that Class Fund and any such liabilities, expenses, costs, charges or reserves of the Company not attributable to any particular Class Fund or Class Funds shall be allocated and charged by the Directors with the approval of the Depository in such manner and on such basis as the Directors in their discretion deem fair and equitable, and the Directors shall have the power to and may at any time and from time to time with the approval of the Depository vary such basis including, where circumstances so permit, the re-allocation of such liabilities, expenses, costs, charges and reserves;
- (e) In the event that any Asset attributable to a Class Fund is taken in execution of a liability not attributable to that Fund, the provisions of Section 1407 of the Companies Act shall apply;
- (f) Where the assets of the Company (if any) attributable to the Subscriber Shares give rise to any net profits, the Directors may allocate assets representing such net profits to such Class Fund or Class Funds as they deem appropriate.

Subject as otherwise in these Articles provided, the assets held in each Class Fund shall be applied solely in respect of the Participating Shares of the class (or classes as the case may be) to which such Class Fund appertain and shall not be used to discharge directly or indirectly the liabilities of or claims against any other Class Fund and shall not be available for any such purpose.

If the Directors shall determine that a sufficient amount of subscription monies (such amount to be determined by the Directors in their discretion) have not been received during the Initial Offer Period of a Class Fund, the Directors may determine in their discretion not to proceed to launch that Class Fund and shall return the subscription monies to each investor at their risk and expense.

ISSUE OF PARTICIPATING SHARES

- 12. (1) (a) Subject as hereinafter provided and subject to any regulations made or conditions imposed by the Competent Authority pursuant to the Regulations, on receipt by the Company or its authorised agents of:-
 - (i) an application in such form as the Directors may from time to time determine; and
 - (ii) such information and declarations as the Directors may from time to time require;

the Company may, on such day or days as the Directors may determine, make the initial issue of Participating Shares of any class at the Subscription Price per Participating Share determined by the Directors or, subsequent to the initial issue of Participating Shares of any class on any Dealing Day allot Participating Shares of that class for cash at the Subscription Price per Participating Share determined in accordance with paragraph (2) below.

- (b) Payment for Participating Shares shall be made in such currency at such time, place and manner and to such person on behalf of the Company, as the Directors may from time to time determine.
- (c) The Company may (at the option of the Directors) satisfy any application for the allotment of Participating Shares of any class by procuring the transfer to the applicant of fully-paid Participating Shares of the relevant class, the effective date of such transfer to be the relevant Dealing Day. In any such case, references in these Articles to allotting Participating Shares shall where appropriate be taken as references to procuring the transfer of Participating Shares.
- (d) The allotment of Participating Shares may take place notwithstanding that the information or declarations referred to in sub-paragraph (1)(a)(ii) above have not been received by the Company or its authorised agent provided that the application referred to in sub-paragraph (1)(a)(i) above has been received and provided further that if the said declarations have not been received within one Month (or such other period as the Directors may determine) after the Dealing Day on which such Participating Shares are allotted or payment in full for such shares has not been received within one Month of such Dealing Day (or within such other period as the Directors may determine in relation to each Class Fund), the Directors shall be entitled to cancel the allotment and if so cancelled the relevant application monies (if any) shall be returnable to the applicant at his risk (together with such additional amount, if any, or after deducting such amount, if any, as the Directors may in their absolute discretion think fit, any such amount so deducted being retained by the Company for its own benefit) and until returned may be made use of by the Company for its own benefit. If payment in full for any such Participating Shares is not received by the relevant Settlement Date the Directors or their delegates shall be entitled to cancel the allotment, either return any monies to the applicant at his risk as aforesaid (after deducting such amount, if any, as the Directors may in their absolute discretion think fit, such amount being retained by the Company for its own benefit) or to treat any payment as payment in respect of an application for Participating Shares of the relevant class made on the Dealing Day next following receipt of such payment. In each case, the Directors shall be entitled to pursue the subscriber for payment of outstanding monies and/or other amounts as may be required to compensate the Company for interest, losses, costs and expenses incurred by it as a result of such non-payment or late payment.
- (e) Applications within the meaning of sub-paragraph (1)(a)(i) above that are received by or on behalf of the Company on or prior to the Dealing Deadline for a Dealing Day shall, unless the Directors determine otherwise, be dealt with on that Dealing Day. Such applications as are received after the Dealing Deadline for a Dealing Day may be carried forward to the following Dealing Day.

- (f) On any subsequent allotment or issue of any Participating Shares of any class if the Directors are operating an Equalisation Account in relation to the relevant Class Fund (but not otherwise) the Subscription Price in respect of each such Participating Share subscribed for should include an Equalisation Payment the same to be repayable in whole or in part as is hereinafter provided.
 - (g) The Directors may, in their absolute discretion, refuse any application for Participating Shares without assigning any reason for such refusal.
- (2) The Subscription Price per Participating Share of any class issued after the initial issue of Participating Shares of that class shall be ascertained by:-
- (a) determining that proportion of the Net Asset Value of the relevant Class Fund which is attributable to the relevant class of Participating Shares in accordance with Article 17 as at the Valuation Point for the relevant Dealing Day, that is to say the Dealing Day referred to in sub-paragraph (1)(e) above and adding thereto such sum (if any) as the Directors may consider represents the appropriate provision for the Duties and Charges which would have been incurred on the assumption that all the Investments held by the Company in respect of the relevant Class Fund as at that Valuation Point had been purchased at that Valuation Point at prices equal to their respective values as at that Valuation Point;
 - (b) where the class of shares is a Derivative Specific Share Class, adding to or deducting from (as the case may be) the sum calculated in accordance with (a) above the costs and gains/losses of any derivative transactions effected in respect of that class;
 - (c) dividing the sum calculated in accordance with (a) or (b) above by the number of Participating Shares of the relevant class in issue or deemed to be in issue at the Valuation Point for the relevant Dealing Day;
 - (d) adding to the resultant quotient the amount (if any) of the Equalisation Payment per Participating Share of the relevant class payable pursuant to paragraph (1)(f) above;
 - (e) adding thereto or deducting therefrom such amount as may be necessary to round the resulting amount to the nearest four decimal places; and
 - (f) the Directors may on any Dealing Day where there are net subscriptions adjust the Subscription Price by adding an anti dilution levy to cover dealing costs and to preserve the value of the underlying assets of a Class Fund.
- (3) For the purposes of these Articles:-
- (i) Participating Shares of the class concerned which have been allotted shall be deemed to be in issue immediately following the Valuation Point on the Dealing Day on which they are allotted and Participating Shares of the class concerned whose allotment has been cancelled shall be deemed to

cease to be in issue immediately following the Valuation Point on the Dealing Day of such cancellation;

(ii) Participating Shares of the class concerned which have been redeemed or of which a purchase has been procured in accordance with Article 18 of these Articles shall be deemed to cease to be in issue immediately following the Valuation Point on the Dealing Day on which they are redeemed.

(4) The Directors shall be entitled from time to time to publish or cause to be published an invitation to persons to apply for Participating Shares of any class otherwise than as provided in paragraph (1) of this Article at a fixed price (in this paragraph referred to as the "**fixed price**") of not less than the Subscription Price in respect of Participating Shares of the relevant class calculated as at the Dealing Day falling at least seven Business Days before the date of first publication of such invitation for Participating Shares of that class and for a period not exceeding seven Business Days from the date of such publication. Participating Shares of the relevant class may be allotted and issued at such fixed price whether pursuant to such offer or not provided that the Directors shall forthwith close such offer if the fixed price would be higher by more than two per cent than the current Subscription Price for Participating Shares of that class on any Dealing Day during the currency of such invitation and shall forthwith close such offer if the fixed price would be lower by more than two per cent than the current Subscription Price for Participating Shares of that class on any such Dealing Day.

(5) Provided that the Depositary shall be satisfied that the terms of any such exchange shall not be such as will result in any material prejudice to existing shareholders (if any) the Directors may subject to the provisions of the Companies Act in their absolute discretion allot Participating Shares of any class against the vesting in the Company of any Investments and in connection therewith the following provisions shall apply:-

(a) the number of Participating Shares of the relevant class to be allotted shall be not more than that number which would have fallen to be issued for cash (comprising the total of the relevant Subscription Price plus any Equalisation Payment and any preliminary charge to which the Investment Manager would be entitled under Article 13 hereof) on the relevant Dealing Day as hereinbefore in this Article provided on the basis that the amount of such cash was an amount equal to the value as at the Dealing Day of the Investments to be vested in the Company, as determined in accordance with sub-paragraph (c) below;

(b) where the class of share is a Derivative Specific Share Class, adding to or deducting from (as the case may be) the sum calculated in accordance with (a) above the costs and gains/losses of any derivative transactions effected in respect of that class;

(c) the Directors may provide that the whole or any part of the Duties and Charges arising in connection with the vesting of the Investments in the Company shall be paid by the Company or by the person to whom the

Participating Shares are to be issued or partly by the Company and partly by such person;

- (d) the value of the Investments to be vested in the Company shall be determined by the Directors on such basis as they shall decide so long as such value does not exceed the highest amount which would be obtained if the Investments were valued in accordance with Article 17; and
- (e) in the case of the initial issue of Participating Shares of any class, the Directors shall determine the number of Participating Shares of the relevant class to be allotted against the vesting in the Company of any Investments.

If the Investment Manager is entitled to a preliminary charge pursuant to Article 13 hereof, a person to whom a Participating Share of any class shall have been issued pursuant to this paragraph (5) shall be deemed to have paid an amount equal to that charge which would have been payable if the Participating Shares allotted to him had been issued for cash and such amount shall be paid by the Company to the Investment Manager out of the relevant Class Fund.

- 13. The Directors may require any person to whom Participating Shares of any class are to be allotted to pay to the Investment Manager or to the Company on behalf of the Investment Manager for its absolute use and benefit a preliminary charge in respect of each Participating Share to be allotted of such amount as may be determined by the Directors but not exceeding in respect of each Participating Share to be allotted an amount equal to 5 per cent of the current Subscription Price of a Participating Share of the relevant class (determined as aforesaid). The Directors may on any Dealing Day differentiate between applicants as to the amount of the preliminary charge required to be paid to the Company or the Investment Manager as the case may be, and as to the amount of preliminary charge to be levied on each class of Participating Share (subject to the maximum aforesaid).
- 14.
 - (a) No Participating Shares of any particular class shall be allotted or issued during any period when the determination of the Net Asset Value of the Class Fund maintained for that class of Participating Share is suspended pursuant to Article 20 hereof except those for which applications have previously been received and accepted by the Company or its authorised agent.
 - (b) Where payments or other consideration received by or on behalf of the Company in respect of the issue or allotment of Participating Shares are not an exact multiple of the Subscription Price a fraction of a Participating Share shall be allotted to the incoming Member who shall be registered as the holder of such a fraction provided that any holding of Participating Shares is a multiple of 1/100 part of a Participating Share or such other fractional amount as the Directors may determine. Rights entitlements and benefits of a holder of a Participating Share under the Articles are granted to a holder of a fraction of a Participating Share in proportion to the fraction of a Participating Share held by him and, except where the context otherwise requires or is otherwise provided herein, reference in the Articles to "**Participating Share**" shall include a fraction of a Participating Share. Notwithstanding anything contained in the Articles the holder of a fraction of a

Participating Share may not exercise any voting rights in respect of such Participating Share.

15. The Directors may decline to issue Participating Shares of any class to satisfy any initial application unless the amount in value of the Participating Shares to which an application relates equals or exceeds the Minimum Investment Amount or its equivalent in another currency or such other amount as the Directors may from time to time determine in relation to any class of Participating Shares. Thereafter Members may make additional subscriptions for Participating Shares of any class having a value, at the then current Subscription Price of not less than the Minimum Additional Investment Amount or its equivalent in another currency or such other amount as the Directors may agree.

COMPULSORY REDEMPTION OR TRANSFER

16. (1) (a) The Directors shall have power (but shall not be under any duty) to impose such restrictions as they may think necessary for the purpose of ensuring that no Participating Shares of any class are acquired or held directly or beneficially by:
- (i) any person who appears to be in breach of any law or requirement of any country or governmental authority or by virtue of which such person is not qualified to hold such shares; or
 - (ii) any United States person; or
 - (iii) any person or persons in circumstances which, (whether directly or indirectly affecting such person or persons and whether taken alone or in conjunction with any other person or persons connected or not, or any other circumstances appearing to the Directors to be relevant) in the sole discretion of the Directors might result in the Company incurring any liability to taxation or suffering pecuniary, regulatory or reputational disadvantages which the Company might not otherwise have incurred or suffered including where the Company suspects market timing.
- (b) For this purpose, "United States person" includes, unless otherwise determined by the Directors, a citizen or resident of the United States, a partnership organised or existing in the United States, a corporation organised under the laws of the United States or any estate or trust, other than an estate or trust the income of which from sources outside the United States (which is not effectively connected with the conduct of a trade or business within the United States) is not included in gross income for the purposes of computing United States federal income tax and "United States" means the United States of America, its territories, possessions and all areas subject to its jurisdiction.

(c) The Directors shall, unless any Director has reason to believe otherwise, be entitled to assume without enquiry that none of the Participating Shares are held in such a way as to entitle the Directors to give a notice in respect thereof pursuant to sub-paragraph (d)(i) below. The Directors may, however, upon an application for Participating Shares or at any other time and from time to time require such evidence and/or undertakings to be furnished to them in connection with the matters stated in sub-paragraph (a) above as they shall in their discretion deem sufficient or as they may require for the purpose of any restriction imposed pursuant thereto or for compliance with any anti-money laundering provisions applicable to the Company. In the event of such evidence and/or undertakings not being so provided within such reasonable period (not being less than 21 days after service of notice requiring the same) as may be specified by the Directors in the said notice, the Directors may, in their absolute discretion, treat any Participating Shares held by such a holder or joint holder as being held in such a way as to entitle them to serve a notice in respect thereof pursuant to sub-paragraph (d)(i) below.

(d) (i) If it shall come to the notice of the Directors that any Participating Shares are or may be owned or held directly or beneficially by any person or persons in breach of any restrictions imposed under (a) above (the "**Relevant Shares**"), the Directors may give notice to the person or persons in whose name(s) the Relevant Shares are registered requiring him to transfer (and/or procure the disposal of interests in) the Relevant Shares to a person who is in the opinion of the Directors a Qualified Person or to give a request in writing for the redemption of the Relevant Shares in accordance with Article 18(a) below. If any person upon whom such a notice is served pursuant to this sub-paragraph does not within 21 days after the giving of such notice (or such extended time as the Directors in their absolute discretion shall consider reasonable) transfer the Relevant Shares to a Qualified Person, request the Company to so redemption the Relevant Shares or establish to the satisfaction of the Directors (whose judgement shall be final and binding) that he is not subject to such restrictions the Directors may in their absolute discretion upon the expiration of such 21 days arrange for the redemption of all the Relevant Shares pursuant to Article 18 below or approve the transfer of all the Relevant Shares to a Qualified Person in accordance with paragraph (iii) below and the holder of the Relevant Shares shall be bound forthwith to deliver his certificate or certificates (if any) to the Directors and the Directors shall be entitled to appoint any person to sign on his behalf such documents as may be required for the purpose of the redemption or transfer of the Relevant Shares by the Company.

(ii) A person who becomes aware that he is holding or owning Relevant Shares shall forthwith unless he has already received a notice pursuant to sub-paragraph (i) above either transfer all his Relevant Shares to a Qualified Person or give a request in writing for the redemption of all his Relevant Shares in accordance with Article 18(a) below.

(iii) A transfer of Relevant Shares arranged by the Directors pursuant to (i) above, shall be by way of sale at the best price reasonably obtainable and may be of all of or part only of the Relevant Shares with a balance

available for redemption in accordance with the provisions of Article 18 or transfer to other Qualified Persons. Any payment received by the Company for the Relevant Shares so transferred shall be paid to the person whose Participating Shares have been so transferred subject to sub-paragraph (iv) below.

(iv) Payment of any amount due to such person pursuant to sub-paragraph (i), (ii) or (iii) above shall be subject to any requisite exchange control consents first having been obtained and the amount due to such person will be deposited by the Company in a bank for payment to such person upon such consents being obtained against surrender of the certificate of certificates representing the Relevant Shares previously held by such person. Upon deposit of such amount as aforesaid such person shall have no further interest in such Relevant Shares or any of them or any claim against the Company in respect thereof except the right to receive such amount so deposited (without interest) upon such consents as aforesaid being obtained.

(v) The Directors shall not be required to give any reasons for any decisions, determination or declaration taken or made in accordance with this Article. The exercise of the powers conferred by this Article shall not be questioned or invalidated in any case on the grounds that there was insufficient evidence of direct or beneficial ownership of Participating Shares by any person or that the true direct or beneficial owner of any Participating Shares was otherwise than appeared to the Directors at the relevant date provided that the powers shall be exercised in good faith.

- (e) The Directors may also give a request in writing for the redemption of the following shares in accordance with both Article 18 below and the procedure set out in paragraph (d) above:
- (i) shares of any Class Fund in order to pay the redemption proceeds thereof to the Investment Manager of the relevant Class Fund where required as part of the performance fee arrangements for such Class Fund set out in the Prospectus;
 - (ii) shares of any Member who fails to settle payments within the Settlement Date in an amount to cover any such interest, losses or costs, without prior notice to, or approval of, such Member; and
 - (iii) fully paid up Subscriber Shares.
- (f) Notwithstanding any other provisions of these Articles where the Company is required to pay tax on the transfer of Participating Shares by a Member, on the occurrence of a chargeable event as defined in section 739B of the TCA, the Company shall be entitled to appropriate or cancel a sufficient portion of the Member's Participating Shares and to appropriate the proceeds thereof as is necessary to discharge the amount of taxation payable in respect of the transfer or the relevant chargeable event.

(2)(a)

Any Class Fund or where there is more than one class of shares, any one class of shares may be terminated by the Directors in their absolute discretion by notice in writing to the Depository in any of the following events:-

- (i) if at any time the Net Asset Value of the relevant Class Fund or class of shares or the total Net Asset Value of all the Class Funds shall be less than such amount as may be determined by the Directors;
- (ii) if any Class Fund or class of shares shall cease to be authorised or otherwise officially approved;
- (iii) if it is considered to be in the best interests of a Class Fund or class of shares; or
- (iv) In respect of a Class Fund which is established as a feeder UCITS in accordance with and within the meaning of chapter VIII of the UCITS Directive, where the relevant master UCITS is terminated, the relevant Class Fund must also be terminated unless such Class Fund has obtained approval from the Competent Authority to invest as a feeder UCITS into another master UCITS or convert to a non-feeder UCITS; or
- (v) in respect of a Class Fund which is established as a feeder UCITS in accordance with and within the meaning of chapter VIII of the UCITS Directive, where the relevant master UCITS merges with another UCITS, or the master UCITS is divided into two or more UCITS, the relevant Class Fund must be terminated unless such Class Fund has obtained approval from the Competent Authority to continue as a feeder UCITS of the master UCITS or another master UCITS resulting from such a merger, invest as a feeder UCITS into another master UCITS or convert to a non-feeder UCITS; or
- (vi) if any law shall be passed which renders it illegal or in the opinion of the Directors impracticable or inadvisable to continue the relevant Class Fund or class of shares.

The decision of the Directors in any of the events specified herein shall be final and binding on all the parties concerned but the Directors shall be under no liability on account of any failure to terminate the relevant Class Fund or class of shares pursuant to this Article or otherwise.

(b) The Directors shall give notice of termination of a Class Fund or class of shares to the holders of Participating Shares in the relevant class and by such notice fix the date at which such termination is to take effect, which date shall be for such period after the service of such notice as the Directors shall at their absolute discretion determine.

(c) With effect on and from the date as at which any Class Fund or class of shares is to terminate:-

- (i) No Participating Shares of the relevant class may be issued or sold by the Company and neither the Company nor any holder of Participating Shares of the relevant class shall have any right to require the cancellation or redemption of any such Participating Shares;
- (ii) The Investment Manager shall on the instructions of the Directors realise all the assets then comprised in the relevant Class Fund (which realisation shall be carried out and completed in such manner and within such period after the termination of the relevant Class Fund or class of shares as the Directors think advisable); and
- (iii) The Depositary shall on the instructions of the Directors from time to time distribute to the holders of Participating Shares of the relevant class in proportion to their respective interests in the relevant Class Fund or class of shares all net cash proceeds derived from the realisation of the relevant Class Fund or class of shares and available for the purpose of such distribution, provided that the Depositary shall not be bound (except in the case of the final distribution) to distribute any of the monies for the time being in its hands the amount of which is insufficient to pay \$10 or its equivalent amount in the relevant currency in respect of each Participating Share of the relevant class and provided also that the Depositary shall be entitled to retain out of any moneys in its hands as part of the relevant Class Fund or class of shares full provision for all costs, charges, expenses, claims and demands incurred, made or apprehended by or against the Depositary or the Directors in connection with or arising out of the termination of the relevant Class Fund or class of shares and out of the moneys so retained to be indemnified and saved harmless against any such costs, charges, expenses, claims and demands.

Every such distribution shall be made in such manner as the Directors shall at their discretion determine but shall be made only against production of the certificates (if any) relating to the Participating Shares of the relevant class in respect of which the same is made and upon delivery to the Depositary of such form of request for payment as the Depositary shall in its absolute discretion require. All certificates shall in the case of an interim distribution be encased by the Depositary with a memorandum of payments made and in the case of the final distribution shall be surrendered to the Depositary. Any unclaimed proceeds or other cash held by the Depositary hereunder may at the expiration of twelve months from the date upon which the same were payable be paid into court subject to the right of the Depositary to deduct therefrom any expenses it may incur in making such payment.

DETERMINATION OF NET ASSET VALUE

- 17. (a) The Net Asset Value of a Class Fund shall be expressed in the currency in which the Participating Shares of that Class Fund is designated or in such other currency as the Directors may determine either generally or in relation to a particular class of Participating Share or in a specific case, and shall be determined, subject to Article 20, in accordance with the valuation rules set out

hereafter, as at every Valuation Point and shall be the value as at such Valuation Point of all of the assets comprised in the relevant Class Fund less all the liabilities of the relevant Class Fund, subject to the Regulations and any regulations made by the Competent Authority pursuant to the Regulations.

- (b) The assets of the Company, and where the context so admits or requires any Class Fund, shall be determined to include:-

(i) all cash in hand, on deposit, or on call including any interest accrued thereon as at the relevant Valuation Point and all accounts receivable, (ii) all bills, demand notes, certificates of deposit, and promissory notes, (iii) all bonds, shares, stock, debentures, debenture stock, subscription rights, warrants, futures contracts, options, financial commodities, asset backed securities, mortgage backed securities, swap contracts, contracts for differences, fixed rate securities, floating rate securities, securities in respect of which the return and/or redemption amount is calculated by reference to any index, price or rate, financial instruments and other investments and securities owned or contracted for by the Company, other than rights and securities issued by it, (iv) all stock and cash dividends and cash distributions to be received by the Company and not yet received by it but declared to stockholders of record on a date on or before the Dealing Day as of which the Net Asset Value of a Class Fund is determined, (v) all interest accrued as at each Valuation Point on any interest-bearing securities owned by the Company except to the extent that the same is included or reflected in, the principal value of such security, (vi) all other Investments of the Company, (vii) the preliminary expenses incurred and paid in establishing the Company including those incurred by the Investment Manager on behalf of the Company and the cost of issuing, distributing, marketing and promoting shares of the Company insofar as the same have not been written off and (viii) all other assets of the Company of every kind and nature including prepaid expenses as valued and defined from time to time by the Directors.

- (c) The Directors shall be entitled to determine in relation to any costs, charges, fees and expenses that may be charged against a Class Fund that the same may be amortised over such period as they think fit.
- (d) Securities which are listed or traded on a Market may be valued at last traded prices; where a security is listed on several exchanges, the relevant market shall be the one which constitutes the main market or the one which the Directors determine provides the fairest criteria in a value for the security. Securities listed or traded on a Market, but acquired at a premium or at a discount outside or off the relevant market may be valued taking into account the level of premium or discount at the date of valuation and the Depositary must ensure the adoption of such a procedure is justifiable in the context of establishing the probable realisation value of the security.
- (e) Securities which are listed or traded on a Market where the market price is unrepresentative or not available and unlisted securities shall be valued at the probable realisation value estimated with care and in good faith by the Directors; a competent person appointed by the Directors and approved for the purpose by the Depositary; or any other means provided the value is approved by the Depositary.

- (f) Fixed income securities may be valued using matrix pricing (i.e. valuing securities by reference to the valuation of other securities which are considered comparable in rating, yield, due date and other characteristics) where reliable market quotations are not available. The use of the matrix methodology will be determined by the Directors.
- (g) Units of collective investment schemes shall be valued at the latest available net asset value per unit as published by the collective investment scheme; the latest bid prices as published by the collective investment scheme; or if the scheme is listed on a Market, the latest market prices.
- (h) Cash (in hand or deposit) is valued at face/nominal value plus accrued interest.
- (i) Exchange traded futures and options contracts (including index futures) and other derivatives shall be valued based on the settlement price as determined by the market in question, provided that if a settlement price is not available, the value shall be the probable realisation value estimated with care and in good faith by the Directors or a competent person appointed by the Directors and approved for the purpose by the Depositary; or they will be valued by any other means provided the value is approved by the Depositary.
- (j) Over-the-counter derivative contracts will be valued on a daily basis. This may be done using the counterparty valuation provided that the valuation will be approved or verified by a party who is approved for the purpose by the Depositary and who is independent of the counterparty and the independent verification will be carried out at least weekly. An alternative valuation may be used provided that the Class Fund follows international best practice and adheres to the principles on valuation of OTC instruments established by industry bodies; the alternative valuation is that provided by a competent person appointed by the Directors and approved for the purpose by the Depositary, or a valuation by any other means provided that the value is approved by the Depositary; and the alternative valuation will be reconciled to the counterparty valuation on a monthly basis. Where significant differences arise these will be promptly investigated and explained.
- (k) Forward foreign exchange and interest rate swap contracts will be valued according the same method set out in Article 19(j) above or by reference to freely available market quotations.
- (l) A particular/specific asset may be valued using an alternative method of valuation if the Directors deem it necessary and the alternative method must be approved by the Depositary. For example fixed income securities may be valued using an evaluation methodology, that may include matrix pricing described above, where such method provides a more reliable price. Any such evaluation methodology will be based on the Company's Pricing Policy and Procedures.
- (m) The value of an asset may be adjusted by the Directors where such an adjustment is considered necessary to reflect the fair value in the context of currency, marketability, dealing costs and/or such other considerations which are deemed relevant.

- (n) The amortised cost method of valuation may only be used in relation to Class Funds which comply with the Competent Authority's requirements for short-term money market funds and where a review of the amortised cost valuation vis-à-vis market valuation will be carried out in accordance with the Competent Authority's guidelines.
- (o) Money market instruments in a money-market or a non-money-market Class Fund may be valued on an amortised basis in accordance with the Competent Authority's requirements.
- (p) Notwithstanding the foregoing, where at any Valuation Point any asset of the Company has been realised or contracted to be realised there shall be included in the assets of the Company in place of such asset the net amount receivable by the Company in respect thereof provided that if such amount is not then known exactly then its value shall be the net amount estimated by the Directors as receivable by the Company **PROVIDED THAT** if the net amount receivable is not payable until some future time after the Valuation Point in question the Directors shall make such allowance as they consider appropriate to reflect the true current value thereof as at the relevant Valuation Point.
- (q) For the purpose of ascertaining or obtaining any price, quotation, rate or other value referred to in the preceding paragraphs of this Article for use in determining the value of any asset comprised in any Class Fund the Directors shall be entitled to use the services of any recognised information or pricing service.
- (r) Any valuations made pursuant to these Articles shall be binding on all persons.
- (s) The liabilities of the Company and where the context so admits or requires any Class Fund shall be deemed to include:-
 - (i) all bills, notes and accounts payable;
 - (ii) all administrative expenses payable and/or accrued (the latter on a day-to-day basis);
 - (iii) all known liabilities including the amount of any unpaid dividend declared upon the Participating Shares in any Class Fund, contractual obligations for the acquisition of Investments or other property or for the payment of money and outstanding payments on any Participating Shares previously redeemed;
 - (iv) an appropriate provision for taxes (other than taxes taken into account as Duties and Charges) and contingent liabilities as determined from time to time by the Directors; and
 - (v) all other liabilities of the Company of whatsoever kind and nature except liabilities represented by shares in the Company and reserves (other than reserves authorised or approved by the Directors for Duties and Charges or contingencies).

In determining the amount of such liabilities the Directors may calculate administrative and other expenses of a regular or recurring nature on an estimated figure for yearly or other periods in advance and accrue the same in equal proportions over any such period.

- (t) For the purposes of this Article:-
- (i) Monies payable to the Company in respect of the allotment of Participating Shares of any class shall be deemed to be an asset of the relevant Class Fund as of the time at which such Participating Shares are deemed to be in issue in accordance with Article 12(3) hereof;
 - (ii) Monies payable by the Company on the redemption by the Company of Participating Shares pursuant to redeem requests or monies payable by the Company as a result of the cancellation of allotments shall be deemed to be a liability of the relevant Class Fund from the time at which such Participating Shares are deemed to cease to be in issue in accordance with Article 12(3) hereof. Monies payable by the Company as a result of the cancellation of allotments shall be deemed to be a liability of the relevant Class Fund from the time at which such Participating Shares are deemed to cease to be in issue in accordance with Article 12(3) hereof; and
 - (iii) Monies due to be transferred from one Class Fund to another pursuant to exchange notices shall be deemed to be a liability of the first Class Fund and an asset of the second Class Fund immediately after the Valuation Point for the Dealing Day on which the exchange notice is received or deemed to be received in accordance with Article 19 hereof.
- (u) Where the current price of an Investment is quoted "ex" any dividend (including stock dividend), interest or other rights to which the relevant Class Fund is entitled but such dividend, interest or the property to which such rights relate has not been received and is not taken into account under any other provisions of this Article, the amount of such dividend, interest, property or cash shall be taken into account.
- (v) Any assets held, including funds on deposit and amounts payable to the Company and any liabilities and amounts payable by the Company, in respect of any Class Fund in a currency other than that in which that Class Fund is designated shall be translated into the currency of that Class Fund at such rate of exchange as the Directors may think fit.
- (w) The Directors may at their discretion apply to the Net Asset Value a sum representing a provision for Duties and Charges relating to the acquisition and disposal of Investments of the Company.
- (x) In the event of net subscriptions on a Dealing Day (where total subscriptions of a Class Fund exceed total redemptions), the Directors may, at their discretion, adjust the Net Asset Value of the Class Fund to take account of the expected impact on the Class Fund of investing the net subscription amount in order to preserve the value of the shareholding of continuing holders. In the event of net redemptions (where total redemptions of a Class Fund exceeds total

subscriptions), the Directors may, at their discretion, adjust the Net Asset Value of the Class Fund to take account of the expected impact on the Class Fund of the realisation of Investments of the Class Fund and/or other arrangements made to meet such redemptions in order to preserve the value of the shareholding of continuing holders. Where any such adjustment is made, it shall be applied consistently with respect to the assets of the Class Fund.

- (w) The Directors shall, where necessary, determine the proportion of the Net Asset Value of a Class Fund which is attributable to each class of Shares in the Class Fund by applying a participation ratio for each such class to the Net Asset Value which reflects the capital investment of each such class.
- (z) Subject to the provisions of these Articles and the requirements of the Competent Authority, the Directors may determine that certain fees and expenses incurred by the Company and/or its Class Funds including, without limitation, formation costs and expenses and management/investment management fees and expenses (including any performance fee payable) will be charged to capital.

REDEMPTION

18. (a) Subject to the provisions of the Companies Act and the Regulations and subject as hereinafter provided the Company shall on receipt by it or its authorised agent(s) of a request (which request may at the Directors' discretion, either generally or in relation to any specific request, be made in writing, by facsimile or by telex or in such other form as the Directors may from time to time determine) by a holder of Participating Shares of any class (the "**Applicant**") redeem all or any portion of Participating Shares held by the Applicant at the redemption price for each such Participating Share of the class concerned determined in accordance with paragraph (b) of this Article (the "**Redemption Price**"), or procure the purchase thereof at not less than the Redemption Price. Such request to redeem must be accompanied by the duly endorsed certificate or certificates (if any) issued for the Participating Shares to which it relates.

PROVIDED THAT:-

- (i) The redemption or purchase of Participating Shares of any class pursuant to this Article shall be made on a Dealing Day in respect of requests received on or prior to the Dealing Deadline for that Dealing Day by the Company or its authorised agent or on such other day as the Directors at the request of the Applicant may agree.
- (ii) Any such request received after the Dealing Deadline for a Dealing Day may be deemed by the Directors to have been received by the next following Dealing Deadline.
- (iii) Subject as hereinafter in this Article provided, the Applicant shall not be entitled to withdraw a request duly made in accordance with this Article.
- (iv) If the determination of the Net Asset Value of any particular Class Fund is suspended on any Dealing Day by reason of a declaration by the Directors pursuant to Article 20 hereof (suspension of the determination of Net Asset

Value) the right of the Applicant to have his Participating Shares redeemed or purchased pursuant to this Article shall be similarly suspended and during the period of suspension he may withdraw his request for redemption. If the request is not so withdrawn the redemption or purchase of the Participating Shares shall be made on the Dealing Day next following the end of the suspension or on such earlier day following the end of the suspension as the Directors at the request of the Applicant may agree.

- (v) Any amount payable to the Applicant in connection with the redemption or purchase of Participating Shares shall be paid in the same currency as that in which that class of Participating Shares is designated or in such other currency as the Directors shall agree either generally or in relation to any class of Participating Shares or in any particular case. Any such amount may at the option of the Directors and at the request of the Applicant but at his risk and cost be remitted by telegraphic transfer to the bank account specified in the Applicant's redemption request not later than the relevant Settlement Date. Alternatively any such amount may, if required, be posted in the form of a negotiable instrument at the Applicant's risk by or on behalf of the Company to the Applicant not later than the relevant Settlement Date. If the amount to be paid by the Company as aforesaid shall not be expressed in the currency in which the Participating Shares which the Company has redeemed were designated then the rate of exchange between that currency and the currency agreed for payment shall be such rate as the Directors shall consider appropriate. The cost of conversion (if any) shall be debited from the converted payment. The certificate of the Directors as to the conversion rate applicable and as to the cost of conversion shall be conclusive and binding on all persons.
 - (vi) Subject to written instructions from the Applicant to the Company (or its authorised agent) directing otherwise with such verifications as the Company may require, the Company (or its authorised agent) shall pay the proceeds of redemption to the Applicant
- (b) The Redemption Price for a Participating Share of any class shall be an amount as determined by the Directors for the relevant Dealing Day that is to say the Dealing Day referred to in sub-paragraph (a)(i) or (a)(ii) above by:
- (i) ascertaining the proportion of the Net Asset Value of the relevant Class Fund which is attributable to the relevant class of Participating Shares for this purpose under Article 17 as at the Valuation Point for the relevant Dealing Day and deducting therefrom such sum (if any) as the Directors may consider represents the appropriate provision for Duties and Charges which would have been incurred on the assumption that all the Investments held by the Company in respect of the relevant Class Fund as at that Valuation Point had been realised at that Valuation Point at prices equal to their respective values as at that Valuation Point;
 - (ii) where the class of share is a Derivative Specific Share Class, adding to or deducting from (as the case may be) the sum calculated in accordance

- with (i) above the costs and gains/losses of any derivative transactions effected in respect of that class;
- (iii) dividing the resulting sum by the number of Participating Shares of the relevant class in issue or deemed to be in issue at the relevant Valuation Point;
 - (iv) adding thereto or deducting therefrom such amount as may be necessary to round the amount so determined to the nearest four decimal places; and
 - (v) the Directors may on any Dealing Day where there are net redemptions adjust the Redemption Price by deducting an anti dilution levy to cover dealing costs and to preserve the value of the underlying assets of a Class Fund.
- (c) Such portion of the Redemption Price of any Participating Shares redeemed on a Dealing Day (except a Dealing Day which is a record day for the declaration of a dividend) as the Directors in their absolute discretion consider appropriate shall be deemed to be a distribution to the relevant Applicant of the proportion of the undistributed net revenue accrued to the relevant Class Fund up to such Dealing Day attributable to the Participating Shares in respect of which such Redemption Price is payable.
 - (d) The Directors may on any Dealing Day require an Applicant to pay to the Investment Manager an exit charge in respect of each Participating Share to be redeemed of not more than 1 per cent of the Redemption Price of a Participating Share of the relevant class prevailing on that Dealing Day. The amount of any such charge may be deducted from the amount to be paid by the Company to the Applicant in respect of the Participating Shares to be redeemed.
 - (e) The redemption or purchase of Participating Shares under the provisions of this Article shall be deemed to be effected immediately after the Valuation Point for the relevant Dealing Day or such other day as may be agreed or determined pursuant to sub-paragraph (a)(i),(a)(ii) or (a)(iv) above but such Participating Shares shall remain in existence until they cease to be in issue in accordance with Article 12(3)(ii).
 - (f) Upon the redemption of a Participating Share being effected pursuant to these Articles, the Applicant shall cease to be entitled to any rights in respect thereof (excepting always the right to receive a dividend which has been declared in respect thereof prior to such redemption being effected) and accordingly his name shall be removed from the Register with respect thereto and the Participating Shares shall be treated as cancelled and the amount of issued share capital in respect of such class of Participating Shares shall be reduced accordingly.
 - (g) The Company shall not be bound whether as a result of a redemption request received under this Article or an exchange notice received under Article 19 hereof to redeem as at any Dealing Day more than ten per cent of the number of Participating Shares of any Class Fund in issue at the Valuation Point on that Dealing Day. If the Company shall receive requests for the redemption as at any Dealing Day of a greater number of Participating Shares of any Class Fund it may

scale down the number to be redeemed in response to each request pro rata to such extent as may be necessary to ensure that the foregoing limit is not exceeded and shall carry forward for redemption to the next following Dealing Day the balance of each request and so on to each succeeding Dealing Day until each request has been complied with in full.

- (h) (i) If in respect of any Applicant the redemption monies in respect of Participating Shares held by him of any Class Fund to be redeemed on any Dealing Day amount to more than five per cent of the Net Asset Value of such Class Fund on such day, or, if less than five percent, if the Applicant so requests, the Company shall have the power to divide in specie the whole or any part of the assets of the relevant Class Fund (provided that such a distribution would not be prejudicial to the interests of the remaining shareholders of such Class Fund) and shall have the right to elect by notice in writing to the Applicant to appropriate and transfer to him such assets in full or part satisfaction of the Redemption Price or any part of the said Redemption Price.
- (ii) Where a notice of election is served under paragraph (h)(i) of this Article on an Applicant the Applicant may by a further notice served on the Company require the Company instead of transferring the assets in question to arrange:-
 - (a) for a sale of the assets; and
 - (b) for payment to the Applicant of the net proceeds of such sale.
- (iii) Where there is a transfer of assets pursuant to paragraph (h)(i) of this Article the Depositary shall transfer to the Applicant his proportionate share of the assets of the relevant Class Fund. For the purposes of this paragraph "proportionate share" means such part of each type of asset in the relevant Class Fund as is proportionate to or as nearly as practicable proportionate to the Applicant's share or such selection from the assets of the relevant Class Fund as the Depositary shall after consultation with the Company decide as reasonable having regard to the need to be fair both to the Applicant and continuing holders of Participating Shares in the relevant Class Fund.
- (iv) Where there is to be a sale of assets under paragraph (h)(ii) of this Article:-
 - (a) the Company shall forthwith notify the Depositary of that fact and shall arrange for the sale of the assets that would have been transferred under paragraph (h)(i) of this Article (other than assets which are in cash in the relevant currency for the purposes of the redemption); and
 - (b) the Depositary shall on receipt of such evidence of title as it may require pay to the Applicant the net proceeds of the sale and any relevant amounts in cash.

- (i) The Company may decline to redeem or procure the purchase of Participating Shares of any class if such redemption or purchase shall reduce the number of Participating Shares of the relevant class held by the Applicant below the Minimum Shareholding and any request which would have such an effect may be treated by the Company as a request to redeem the Applicant's entire holding or where an Applicant has requested the redemption of Participating Shares of any class of an aggregate value lower than such amount as the Directors may from time to time determine in relation to any class of Participating Shares PROVIDED ALWAYS that the provisions of this paragraph shall not prevent a redemption of the whole of a holding of Participating Shares of any class less than the Minimum Shareholding nor shall this paragraph apply in circumstances where as a result of the Company restricting pro rata a request for redemption in accordance with the provisions of paragraph (g) of this Article a Member's holding of Participating Shares is reduced below the Minimum Shareholding.
- (j) If redemption requests in respect of any Participating Shares are received by the Company the implementation of which on any Dealing Day will, in the opinion of the Directors, necessitate the realisation of Investments at a discount below their value as calculated in accordance with Article 19, the Redemption Price shall be reduced by a proportionate part of such reduction in value or penalty which will be suffered by the relevant Class Fund in such manner as the Directors may consider fair and equitable and is approved by the Depositary. Alternatively, the Directors may arrange for the Company to borrow funds in accordance with Article 111 hereof and the costs of such borrowings shall be apportioned as aforesaid to such extent as the Directors may consider fair and equitable.
- (k) Where any tax is payable to the Irish tax authorities in respect of a redemption of Participating Shares by a Member who is or is deemed to be an Irish Person or is acting on behalf of such a person, the Redemption Price shall be reduced by an amount equal to such tax which shall be paid by or on behalf of the Company to the authorities.

CLASS FUND EXCHANGES

19. Subject to these Articles and as hereinafter provided a Member holding Participating Shares of any class (the "first class") on any Dealing Day shall have the right from time to time to exchange all or any of such Participating Shares for Participating Shares of another class (the "new class") (such class being either an existing class or a class agreed by the Directors to be brought into existence with effect from that Dealing Day) on the following terms:-
- (a) The Member shall give to the Company or its authorised agent(s) instructions (hereinafter called an "**Exchange Notice**") in such form as the Directors may from time to time determine.
 - (b) The exchange of the Participating Shares specified in the Exchange Notice pursuant to this Article shall occur on a Dealing Day in respect of Exchange Notices received on or prior to the Dealing Deadline for that Dealing Day (or prior to such other time of day as the Directors may

determine either generally or in relation to a particular class of Participating Shares or in any specific case) by the Company or its authorised agent(s) or on such other Dealing Day as the Directors at the request of the Member may agree.

- (c) Exchange of the Participating Shares of the first class specified in the Exchange Notice shall be effected in the following manner, that is to say:-
 - (i) such Participating Shares of the first class shall be redeemed by the issue of Participating Shares of the new class;
 - (ii) the Participating Shares of the new class shall be issued in respect of and in proportion to (or as nearly as may be in proportion to) the holding of the Participating Shares of the first class which is being exchanged; and
 - (iii) the proportion in which Participating Shares of the new class are to be issued in respect of Participating Shares of the first class shall be determined in accordance with the following provisions of this Article;

Provided always that the right of a Member to exchange his Participating Shares for Participating Shares of another class conferred by this Article shall be conditional upon the Company having sufficient available share capital to enable the exchange to be implemented as aforesaid.

- (d) The Directors shall determine the number of Participating Shares of the new class to be issued on exchange in accordance with the following formula:-

$$S = R \times \frac{(RP \times ER)}{SP}$$

where:-

R is the number of Participating Shares of the first class specified in the Exchange Notice which the holder thereof has requested to be exchanged; and

S is the number of Participating Share of the new class to be issued; and

SP is the Subscription Price per Participating Share for the new class as calculated as at the Valuation Point for the Dealing Day on which the exchange is to be effected; and

ER in the case of an exchange of Participating Shares designated in the same currency, is 1. In any other case is the currency conversion factor determined by the Directors on the relevant Dealing Day as representing the effective rate of exchange applicable to the transfer of assets between Class Funds relating to the first and the new classes of Participating Shares after adjusting such rate as may be necessary to reflect the effective costs of making such transfer; and

RP is the Redemption Price per Participating Share of the first class as calculated as at the Valuation Point for the Dealing Day on which the exchange is to be effected.

- (e) The exchange of the Participating Shares of the first class specified in the Exchange Notice for Participating Shares of the new class shall (subject to paragraph (b) above) take place on a Dealing Day in respect of Exchange Notices received on or prior to the Dealing Deadline for the Dealing Day and the Member's entitlement to Participating Shares as recorded in the Register shall be altered accordingly with effect from that Dealing Day.
- (f) On any exchange of Participating Shares pursuant to this Article, the Directors may add to the Subscription Price for the Participating Shares of the new class to be issued a fee, for payment to the Company or the Investment Manager as appropriate out of the Class Fund relating to the Participating Shares of such class, not exceeding 1 per cent of the Subscription Price for the total number of Participating Shares in the new class to be issued calculated as at the Dealing Day on which the exchange is effected.
- (g) Requests for the exchange of Participating Shares as an initial investment in a Class Fund will only be made if the value of the Participating Shares to be exchanged is equal to or exceeds the Minimum Shareholding for the relevant Class Fund. The Directors may refuse to give effect to any Exchange Notice if to do so would cause the relevant Members holding in the Class Fund relating to the first class to fall below the Minimum Shareholding specified for that Class Fund.

SUSPENSION OF DETERMINATION OF NET ASSET VALUE AND REDEMPTION

20. (a) The Directors may at any time declare a temporary suspension of the determination of the Net Asset Value of any Class Fund and issue/redemption of any particular class of Participating Shares and the exchange of Participating Shares of any one class for those of another during:-
- (i) any period when any of the principal Markets or stock exchanges on which a substantial portion of the Investments of the relevant Class Fund from time to time are quoted is closed, otherwise than for ordinary holidays, or during which dealings therein are restricted or suspended;
 - (ii) any period when, as a result of political, economic, military or monetary events or any circumstances outside the control, responsibility and power of the Directors, disposal or valuation of Investments of the relevant Class Fund is not reasonably practicable without this being seriously detrimental to the interests of owners of Participating Shares of the relevant class or if, in the opinion of the Directors, Redemption Prices cannot fairly be calculated;
 - (iii) any breakdown in the means of communication normally employed in determining the price of any of the Investments or other assets or when for any other reason the current prices on any Market or stock

exchange of any of the assets of the relevant Class Fund cannot be promptly and accurately ascertained; or

- (iv) any period when the Company is unable to repatriate funds required for the purpose of making payments on the redemption of Participating Shares from Members thereof or during which any transfer of funds involved in the realisation or acquisition of Investments or payments due on redemption of such Participating Shares cannot in the opinion of the Directors be effected at normal prices or rates of exchange.
- (v) in respect of a Class Fund which is established as a feeder UCITS in accordance with and within the meaning of chapter VIII of the UCITS Directive, where the calculation of the Net Asset Value of the relevant master UCITS is suspended.

(b) Any such suspension shall take effect at such time as the Directors shall declare but not later than the close of business on the Business Day next following the declaration and thereafter there shall be no determination of Net Asset Value and issue/redemption of any particular class of Participating Shares until the Directors shall declare the suspension at an end except that the suspension shall terminate in any event on the first Business Day on which:-

- (i) the condition giving rise to the suspension shall have ceased to exist; and
- (ii) no other condition under which suspension is authorised under paragraph (a) of this Article shall exist.

21. (a) Any such suspension shall be notified to investors requesting issue or redemption of the relevant class of Participating Shares by the Directors at the time of application or the making of the irrevocable request to redeem. Any such request which is not withdrawn shall, subject to Article 12 and Article 18, be dealt with on the first Dealing Day after the suspension is lifted.

(b) Any such suspension of issue and redemption shall be notified to the Competent Authority without delay and the competent authorities in the Member States in which the relevant class of Participating Shares is marketed.

TRUSTS NOT RECOGNISED

22. Except as required by law, no person shall be recognised by the Company as holding any share upon any trust, and the Company shall not be bound by or be compelled in any way to recognise (even when having notice thereof) any equitable, contingent, future or partial interest in any share or (except only as by these Articles or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the Member. This shall not preclude the Company from requiring the Members or a transferee of shares to furnish the Company with information as to the beneficial ownership of any share when such information is reasonably required by the Company.

SHARE CERTIFICATES AND CONFIRMATIONS OF OWNERSHIP

23. Every Member shall receive a written confirmation of ownership and if specifically requested by him in writing be entitled without payment to receive within 30 days after receipt of payment for the Participating Share(s) in question and the necessary documentation or lodgement of a transfer (or within such other period as the terms of the issue shall provide) one certificate for all his Participating Shares of any one class held by him or two or more certificate each for one or more of his Participating Shares upon payment for every certificate after the first of such reasonable sum as the Directors may determine. Shares of different classes may not be included in the same certificate. No person shall be entered on the Register unless the value at the then current Subscription Price of the Participating Shares subscribed for or acquired by such person is equal to or greater than the Minimum Investment Amount.

If any Member shall surrender for cancellation a share certificate representing shares held by him and request the Company to issue in lieu two or more share certificates representing such shares in such proportions as he may specify, the Directors may, if they think fit, comply with such request. Where a Member transfers part only of the shares comprised in a certificate the old certificate shall be cancelled and a new certificate, for the balance of such shares, issued in lieu without charge. Any two or more certificates of any one class held by any Member at his request may be cancelled and a single new certificate for such shares issued in lieu without charge unless the Directors otherwise determine. However, the Company shall not be bound to register more than four persons as the joint holders of any shares (except in the case of executors or trustees of a deceased Member) and, in the case of a share held jointly by several persons, the Company shall not be bound where a request for a Certificate has been made to issue more than one certificate therefor and delivery of a certificate therefor to one of such persons shall be sufficient delivery to all.

Every certificate shall be signed by the Depositary and the Company (whose signatures may be reproduced mechanically) and shall specify the number, class and distinguishing numbers (if any) of the shares to which it relates and the fact that they are fully paid.

24. If a share certificate be defaced, lost, or stolen or destroyed, a new certificate may be issued in lieu thereof on such terms (if any) as to evidence and indemnity and the payment of out-of-pocket expenses of the Company in investigating evidence as the Directors think fit.

SHARE WARRANTS

25. The Directors with respect to Participating Shares may not issue warrants.

CALLS ON SUBSCRIBER SHARES

26. The Directors may from time to time make calls upon the Members in respect of any monies unpaid on their Subscriber Shares provided that (except as otherwise fixed by the conditions of application or allotment) no call on any Subscriber Share shall be payable at less than fourteen days from the date fixed for the payment of the last preceding call, and each Member shall (subject to being given at least fourteen day's notice specifying the

time or times and place of payment) pay to the Company at the time or times and place so specified the amount called on his Subscriber Shares. A call may be made payable by instalments. A call may be revoked or postponed as the Directors may determine.

27. A call shall be deemed to have been made at the time when the resolution of the Directors authorising the call was passed.
28. The joint holders of a Subscriber Share shall be jointly and severally liable to pay all calls and other monies due in respect thereof.
29. If a sum called in respect of a Subscriber Share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest on the sum from the day appointed for payment thereof to the time of actual payment at such rate as the Directors may determine, but the Directors shall be at liberty to waive payment of such interest wholly or in part.
30. Any sum which by the terms of issue of a Subscriber Share becomes payable upon allotment or at any fixed date thereafter shall for all purposes of these Articles be deemed to be a call duly made and payable on the date on which by the terms of issue, the same becomes payable, and in case of non-payment all the relevant provisions of these Articles as to payment of interest or otherwise, shall apply as if such sum had become payable by virtue of a call duly made and notified.
31. The Directors may make arrangements on the issue of Subscriber Shares for a difference between the Members in the amount of calls to be paid and in the times of payment.
32. The Directors may, if they think fit, receive from any Member willing to advance the same all or any part of the money uncalled and unpaid upon the Subscriber Shares held by him beyond the sums actually called up thereon as a payment in advance of calls, and such payment in advance of calls shall extinguish, so far as the same shall extend, the liability upon the Subscriber Shares in respect of which it is advanced, and upon the money so received, or so much thereof as from time to time exceeds the amount of the calls then made upon the Subscriber Shares in respect of which it has been received.

TRANSFER OF SHARES

33. All transfers of shares shall be effected by transfer in writing in any usual or common form or in any other form approved by the Directors but need not be under seal. No transfer of Subscriber Shares may be effected without the prior written consent of the Company.
34. The Directors may at any time direct that any Subscriber Shares not held by Bank of Ireland Unit Managers Limited or by the Investment Manager for the time being or its nominees or affiliates shall be compulsorily purchased from the holder thereof at the price stated in paragraph (b) hereof in the following manner:
 - (a) The Directors shall serve a notice (hereinafter called a "**Purchase Notice**") upon the person appearing in the Register as the holder of the Subscriber Shares to be purchased ("the Vendor") specifying the Subscriber Shares to be purchased as aforesaid the price to be paid for such Subscriber Shares the person in whose favour such holder must execute a transfer of

such Subscriber Shares and the place at which the purchase price in respect of such shares is payable. Any Purchase Notice may be served upon the Vendor by mailing the same in a pre-paid registered envelope addressed to the Vendor at his address shown in the Register. The Vendor shall thereupon forthwith be obliged to deliver to the Company within 10 days from the date of the Purchase Notice a duly executed transfer of the Subscriber Shares specified in the Purchase Notice in favour of the person specified in the Purchase Notice.

- (b) The price payable for each Subscriber Share transferred pursuant to this Article shall be the lesser of the amount of the nominal capital paid up thereon and EUR 1.269738.
 - (c) In the event of the Vendor failing to carry out the sale of any Subscriber Shares which he shall have become bound to transfer as aforesaid, the Directors may authorise some person to execute a transfer of any such Subscriber Share(s) in accordance with the direction of the Directors and may give a good receipt for the purchase price of such Subscriber Shares, and may register the transferee or transferees as holder or holders thereof and thereupon the transferee or transferees shall become indefeasibly entitled thereto.
35. The instrument of transfer of a share shall be signed by or on behalf of the transferor and (in the case of partly paid shares) by the transferee also. The transferor shall be deemed to remain the holder of the share until the name of the transferee is entered in the Register in respect thereof.
36. The Directors, may in their absolute discretion and without assigning any reason therefor, decline to register any transfer of shares (not being fully paid shares) and, in addition, may decline to register any transfer of shares in circumstances in which as a result of such transfer, the transferor or transferee would hold less than the Minimum Shareholding for the relevant Class Fund.
37. The Directors may decline to recognise any transfer of shares unless:-
- (a) the instrument of transfer is deposited at the Office or such other place as the Directors may reasonably require and such other evidence as the Directors may reasonably require to show the right of the transferor to make the transfer; and
 - (b) the instrument of transfer relates to shares of one class only.
38. If the Directors decline to register a transfer of any share they shall, within two months after the date on which the transfer was lodged with the Company, send to the transferee notice of the refusal.
39. The registration of transfers may be suspended at such times and for such periods as the Directors may from time to time determine **PROVIDED ALWAYS** that such registration shall not be suspended for more than 30 days in any year.

40. Subject to Article 143 below all instruments of transfer which shall be registered shall be retained by the Company, but any instrument of transfer which the Directors may decline to register shall (except in any case of fraud) be returned to the person depositing the same.

TRANSMISSION OF SHARES

41. In case of the death of a Member, the survivors or survivor where the deceased was a joint holder, and the executors or administrators of the deceased where he was a sole or only surviving holder, shall be the only persons recognised by the Company as having title to his interest in the shares, but nothing in this Article shall release the estate of the deceased holder whether sole or joint from any liability in respect of any share solely or jointly held by him.
42. Any guardian of an infant Member and any curator or other legal representative of a Member under legal disability and any person entitled to a share in consequence of the death or bankruptcy of a Member shall, upon producing such evidence of his title as the Directors may require, have the right either to be registered himself as the holder of the share or to make such transfer thereof as the deceased or bankrupt Member or Member under a disability could have made, but the Directors shall in any case have the same right to refuse or suspend registration as they would have had in the case of a transfer of the share by the infant or by the deceased or bankrupt Member before the death or bankruptcy or by the Member under legal disability before such disability.
43. A person becoming entitled to a share in consequence of the death or bankruptcy of a Member shall have the right to receive and may give a discharge for all dividends and other monies payable or other advantages due on or in respect of the share, but he shall not be entitled to receive notice of or to attend or vote at meetings of the Company, nor save as aforesaid, to any of the rights or privileges of a Member unless and until he shall be registered as a Member in respect of the shares PROVIDED ALWAYS that the Directors may at any time give notice requiring any such person to elect either to be registered himself or to transfer the share and if the notice is not complied with within ninety days the Directors may thereafter withhold all dividends or other monies payable or other advantages due in respect of the share until the requirements of the notice have been complied with.

VARIATION OF SHARE CAPITAL

44. (a) The Company may from time to time by Ordinary Resolution increase its capital by such amount as the Ordinary Resolution shall prescribe.
- (b) All new shares shall be subject to the provisions of these Articles with respect to transfer, transmission and otherwise.
45. In addition to any right of the Company specifically conferred by these Articles to reduce its share capital the Company may by Special Resolution from time to time reduce its share capital in any way, and in particular, without prejudice to the generality of the foregoing power may:-

- (a) extinguish or reduce the liability on any of its shares in respect of share capital not paid up; or
 - (b) with or without extinguishing or reducing liability on any of its shares:-
 - (i) cancel any paid-up share capital which is lost, or which is not represented by available assets; or
 - (ii) pay off any paid-up share capital which is in excess of the requirements of the Company.
46. The Company may by Ordinary Resolution from time to time alter (without reducing) its share capital by:-
- (a) consolidating and dividing all or any of its share capital into shares of larger amount than its existing shares;
 - (b) sub-dividing its shares, or any of them, into shares of smaller amount than that fixed by its Memorandum of Association so, however, that in the sub-division the proportion between the amount paid and the amount, if any, unpaid on each reduced share shall be the same as it was in the case of the share from which the reduced share is derived; or
 - (c) cancelling any shares which, at the date of the passing of the Ordinary Resolution in that behalf have not been taken, or agreed to be taken, by any person, and diminish the amount of its share capital by the amount of the shares so cancelled.

EQUALISATION PAYMENTS

47.
