**Key Risks:** The value of your investment and the income from it will vary and your initial investment amount is not guaranteed. Overseas investments will be affected by movements in currency exchange rates. Compared to more established economies, the value of investments in Emerging Markets may be subject to greater volatility due to differences in generally accepted accounting principles or from economic or political instability.

## TOP COUNTRIES (%)

Geographic exposure relates principally to the domicile of the issuers of the securities held in the product, added together and then expressed as a percentage of the product's total holdings. However, in some instances it can reflect the country where the issuer of the securities carries out much of their business.

## MARKET CAPITALISATION (%)

## GLOSSARY

**Market Capitalisation:** is the total value of the shares issued by a company which trades on the stock exchange.

**Ongoing Charge:** is a figure representing all annual charges and other payments taken from the fund.

**Price to Book Ratio:** represents the ratio of the current closing price of the share to the latest quarter's book value per share.

**Price to Earnings (TTM) Ratio:** represents the ratio of the market price per share of a company to the company's earnings per share for a twelve-month period (usually the last 12 months or trailing twelve months (TTM)).

**Quartile Rank:** categorises a fund into four equal bands based on their performance over a specified period within the relevant Morningstar's sector. The top or first quartile contains the top 25% of funds, through to the bottom or 4th quartile which contains the bottom 25% of funds.

**SRRI:** is a value based on the volatility of the fund, which gives an indication of the overall risk and reward profile of the Fund.

**3 Year Tracking Error:** A divergence between the price behavior of a position or a portfolio and the price behavior of a benchmark.

**Performance Fee:** is charged on any returns that, subject to a High Water Mark, the Fund achieves above its performance fee benchmark. Please refer to the Prospectus for further information.

All financial investments involve an element of risk. Therefore, the value of your investment and the income from it will vary and your initial investment amount cannot be guaranteed. BlackRock Global Index Funds (BGIF) is an open ended variable capital investment company established under the laws of the Grand Duchy of Luxembourg which is available for sale in certain jurisdictions only. BGIF is not available for sale in the U.S. or to U.S. persons. Product information concerning BGIF should not be published in the U.S. BlackRock Investment Management (UK) Limited is the UK distributor of BGIF. Most of the protections provided by the UK regulatory system, and the compensation under the Financial Services Compensation Scheme, will not be available. Subscriptions in BGIF are valid only if made on the basis of the current Prospectus, the most recent financial reports and the Key Investor Information Document, which may not be available to investors in certain jurisdictions where the Fund in question has not been authorised. The BGIF range employs a swing-pricing methodology in order to protect existing investors from the dilution impact of trading costs caused by shareholder activity in the funds. The published Net Asset Value (NAV) may include a swing-price adjustment which, along with market movements between Fund valuation and market close, has the potential to distort apparent performance and tracking error.
