Information to Shareholders

The Annual General Meeting shall be held on the second Friday in May, at 11:00 a.m. at the Man Umbrella SICAV's (the 'Fund') registered office in the City of Luxembourg, or at any other location specified in the notice calling the meeting.

Any convocation to General Meetings, any amendments to the Articles of Incorporation, notices concerning the winding-up and liquidation of the Fund or a Sub-Fund as well as any other important information to shareholders shall, as far as required by law, be published in the Mémorial and in a Luxembourg daily newspaper. The Board of Directors shall also be entitled to publish at its discretion such information in any other newspapers in Luxembourg or other countries in which Shares are distributed.

Following any amendment to the Articles of Incorporation, the coordinated version of the Articles of Incorporation shall be lodged with the RCS and a reference to such deposit and to the amendment of the Articles of Incorporation shall be published in the Mémorial.

The Fund shall publish an annual report on its activities and the management of its assets, which shall include the Statement of Net Assets, the Statement of Changes in Net Assets, the Statement of Investments and the independent auditor's report. The first annual report was published on December 31, 1996. The Fund shall also publish semi-annual reports, which shall in particular include information on portfolio investments and the number of Shares issued and redeemed since the date of the previous publication. The first semi-annual report was published on June 30, 1996.

The Fund's accounting year ends on December 31 of each year.

The sales prospectus, key investor information documents, articles of association and annual and semi-annual reports can be obtained free of charge in paper from the German Paying and Information Agent. Issue and redemption prices and any notices to shareholders are also obtainable from the Fund's registered office.

No subscription may be accepted on the basis of the financial reports. Subscriptions are accepted only on the basis of the current prospectus accompanied by the latest annual report and the latest semi-annual report if available.

Note 1 - General

Man Umbrella SICAV (the 'Fund') is a public limited company, which was incorporated in Luxembourg on December 13, 1995 for an unlimited duration as an investment company with variable capital (société d'investissement à capital variable or 'SICAV').

The Fund is set up in accordance with Part I of the Luxembourg Law of December 17, 2010, as amended, on undertakings for collective investment (the 'Law of December 17, 2010). The Fund is an undertaking for collective investment in transferable securities ('UCITS') pursuant to EU Directive 2009/65/EC of July 13, 2009, as amended. With effect from March 31, 2009, the Fund has delegated its investment management, administration and marketing functions to a management company. As of December 10, 2009, the name of the Fund was changed from RMF Umbrella SICAV into Man Umbrella SICAV. The Fund's Board of Directors intends to offer Fund shares for sale in a number of European Union member states and in Switzerland, in addition to Luxembourg.

The Articles of Incorporation set out the legal basis on which the Fund operates. The Luxembourg Law of August 10, 1915 on Commercial Companies (the 'Law of August 10, 1915') and the Law of December 17, 2010, as amended, together with any amending enactments thereto, shall also apply. The Articles of Incorporation were first published in Mémorial C, Recueil des Sociétés et Associations (the Luxembourg Official Gazette) on January 17, 1996. The Articles of Incorporation were last changed on October 12, 2011. A notice of the depositation of the effective Articles of Incorporation was published in the Mémorial C, Recueil des Sociétés et Associations on December 14, 2011. The changes were made to the Articles of Incorporation of the Fund on October 12, 2011 in order to comply with the provisions of Part I of the Law of December 17, 2010, as amended, and the requirements of EU Directive 2009/65/EC of July 13, 2009.

The following Sub-Funds have been established to date:

- Man Umbrella SICAV Man Convertibles Far East
- Man Umbrella SICAV Man Convertibles Europe
- Man Umbrella SICAV Man Convertibles Global

Note 1 - General (continued)

The investment objective of Man Umbrella SICAV – Man Convertibles Europe (the 'Sub-Fund') is to increase the value of investments in equity-related securities, while providing maximum possible capital security to investors. In order to achieve this objective, at least two-thirds of the assets of the Sub-Fund shall be invested in convertible bonds, exchangeable bonds, convertible notes, warrant bonds, notes with warrants on transferable securities, mandatory convertible bonds and convertible preference shares issued by issuers the registered office of which is located in or which maintain the bulk of their production or generate a substantial part of their turnover in a European and Monetary Union member state or any other European country.

The investment objective of Man Umbrella SICAV – Man Convertibles Global (the 'Sub-Fund') is to increase the value of investments in equity-related securities, while providing maximum possible capital security to investors. In order to achieve this objective, at least two-thirds of the assets of the Sub-Fund shall be invested globally in convertible bonds, exchangeable bonds, convertible notes, warrant bonds, notes with warrants on transferable securities, mandatory convertible bonds and convertible preference shares.

The Man Umbrella SICAV – Man AHL Trend Alternative (the 'Sub-Fund') seeks to achieve medium-term capital growth while restricting the associated risks, by trading a diversified portfolio of Investments using the AHL Diversified Programme (the 'AHL Diversified Programme', as further described). The Sub-Fund aims to perform independently of traditional stock and bond investments thereby providing valuable diversification benefits and enhancing the risk/reward profile of a traditional investment portfolio. AHL manages the AHL Diversified Programme which employs sophisticated computerised processes primarily to identify trends and other opportunities in markets around the world. A stable and finely tuned trading and implementation infrastructure is then employed to capitalise on these trading opportunities. This process is quantitative and primarily directional in nature, and is underpinned by rigorous risk control, ongoing research, diversification and the constant quest for efficiency.

The Man Umbrella SICAV – Man AHL Diversity Alternative (the 'Sub-Fund') seeks to achieve medium-term capital growth targeting double digit annualised returns while restricting the associated risks, by trading a diversified portfolio of Investments. The Sub-Fund aims to perform independently of traditional stock and bond investments thereby providing valuable diversification benefits and enhancing the risk/reward profile of a traditional investment portfolio. In order to achieve its investment objective, the Sub-Fund employs a systematic, statistically based investment approach that is predominantly designed to identify and capitalise on upward and downward price trends across global markets. The Sub-Fund currently invests in over 100 international markets across a broad range of sectors.

The investment objective of the Man Umbrella SICAV – Man Multi-Strategy Alternative (the 'Sub-Fund') is to provide shareholders of each Share Class with consistent long-term capital appreciation. In order to achieve its investment objective, the Sub-Fund will invest primarily in a diversified portfolio of UCITS and eligible non-UCITS of which a majority invest in alternative investment strategies (each a "Target Fund" and "Target Funds" shall be construed accordingly) and engage in direct and indirect trading and investment in securities, including but not limited to equities, bonds of investment and non-investment grade, currencies, Derivatives (including but not limited to futures, options and swaps), OTC Derivatives and other asset classes ("Direct Investments" and together with the Target Funds, the "Investment Strategies"). In accordance with UCITS requirements, the sub-Fund may invest up to 20% of its net assets in any Target Fund and up to 100% of its net assets in aggregate in Target Funds, provided that aggregate investments in eligible non-UCITS do not exceed 30% of the Sub-Fund's net assets. Notwithstanding the foregoing, the Target Funds will primarily be UCITS. The Sub-Fund may invest in other Sub-Funds of the Fund.

The investment objective of the Man Umbrella SICAV - Man GLG Flexible Bond (the 'Sub-Fund') is to achieve an above average level of return, through income and capital. To achieve the investment objective the Sub-Fund may invest either directly or indirectly in fixed and floating rate securities (such

as government or corporate bonds), convertible bonds and convertible preference shares, index-linked securities, Derivatives (including credit Derivatives, interest rate Derivatives and foreign exchange derivative contracts), time deposits and money market instruments, globally. There may be occasions, in exceptional market conditions or where the Investment Manager is of the opinion that there are inappropriate or insufficient investment opportunities in the above securities, where the Sub-Fund may have significant holdings of cash and cash equivalents such as, but without limitation, liquid government debt instruments and money market instruments.

The investment objective of the Man Umbrella SICAV – Man Multi-Strategy Total Return Alternative (the 'Sub-Fund') is to provide shareholders of each Share Class with consistent risk-adjusted returns with moderate volatility and low beta to equity, credit and bond markets-across market cycles. In order to achieve its investment objective, the Sub-Fund will invest in a select portfolio of alternative and long only investment strategies.

Note 2 - Significant accounting policies

The financial statements are prepared and presented in accordance with accounting principles generally accepted in Luxembourg for investment funds. The principal accounting policies adopted in the preparation of these financial statements are set out below:

a) Calculation of the net asset value of shares

The net asset value of shares is calculated by dividing the Net Sub-Fund Assets of the sub-fund concerned by the total number of Sub-Fund shares.

Net asset values are determined on any applicable valuation day. The actual calculation and publication of the net asset values take place on the next bank business day after such valuation day.

b) Valuation of investments

Securities listed on an official stock exchange are valued at the mid price (debt securities) or at the last available price. If a security is listed on several stock exchanges, the mid price or the last available price on the stock exchange which is the main market for this security is authoritative.

Securities not listed on an official stock exchange, but which are traded on another regulated market which is recognised, open to the public and operated correctly ('Regulated Market'), are valued at the last available price on that market.

Units in undertakings for collective investment are valued at their last quoted redemption price.

If the securities are not listed or traded on a stock exchange or other regulated market or if the prices are not fair market prices, these securities and other legally permissible assets are valued on the basis of a prudent assessment of their reasonably foreseeable sales price.

Cash and cash equivalents are valued at their nominal value plus accrued interest. Fixed term deposits with an original maturity of less than 12 months and more than 90 days may be valued at the relevant yield price, provided that a corresponding agreement between the financial institution which has custody of the fixed-term deposits and the Fund, stipulates that these fixed-term deposits are callable at any time and that if they are called their realisation value will correspond to this yield price.

Notes to the Financial Statements (continued) For the period ended June 30, 2018

Note 2 – Significant accounting policies (continued)

c) Valuation of future contracts, forward foreign exchange contracts, options and swaps

Futures contracts

Outstanding futures contracts, if any, are valued at the closing date at last available market price of the instruments. The value of futures contracts not traded on an official exchange or other regulated market are determined by the Board of Directors.

The unrealised gain and loss on futures contracts is included in the Statement of Net Assets and margin accounts are included in 'Margin paid'.

The realised gain/(loss) on futures contracts is disclosed in the Statement of Changes in Net Assets under the line 'Net realised profit/(loss) on futures contracts'.

Forward foreign exchange contracts

Unrealised gains and losses on outstanding forward foreign exchange contracts are valued by reference to the forward rate of exchange applicable to the outstanding life of the contract and are included in the Statement of Net Assets.

The realised gain/(loss) on forward foreign exchange contracts is disclosed in the Statement of Changes in Net Assets under the line 'Net realised profit/(loss) on forward foreign exchange'.

Options

Outstanding options, if any, are valued at the close of business market price or the last available market price of the instruments. Over-the-counter ("OTC") options are valued based on prices received from third party pricing agents/models.

The market value of options is included in the Statement of Net Assets under the line 'Options at market value'.

The realised gain/(loss) on options is disclosed in the Statement of Changes in Net Assets under the line 'Net realised profit/(loss) on sale of options'.

Swaps

Outstanding swaps are valued by using the counterparty valuation based on Close of Business data and are reconciled to an independent valuation provider. The valuations represent estimated values based on a calculation model using Close of Business market data. The realised gain/(loss) on swap contracts are included in the Statement of Changes in Net Assets under the line 'Net realised profit/(loss) on swap'.

d) Net profit/loss realised from sales of securities

Profits or losses realised from sales of securities are calculated on the basis of the average acquisition price of the securities sold.

Note 3 – Issue and redemption of Shares

Shares are issued and redeemed through the paying and sales agents for the Fund stated in the Prospectus, based on a written subscription/redemption application which must be sent to the Registrar and Transfer Agent of the Fund. Subscription and redemption applications, which must be received by the Registrar and Transfer Agent no later than 12:00 PM (Luxembourg time) on a valuation date are settled, at the issue/redemption price on the next valuation date. Subscription/redemption applications received by the Registrar and Transfer Agent after 12:00 PM (Luxembourg time) are settled at the issue/redemption price of the next valuation date.

The issue price for the Sub-Funds is the Share value calculated plus a sales fee of up to 5% of the Net Asset value, levied on behalf of the Distribution Agents.

Redemption applications shall be settled at the net asset value per Share (the 'redemption price') on the valuation day as of which the redemption is to be effected, which, unless otherwise provided for in the relevant Prospectus Appendix of a particular sub-fund, shall be calculated and published on the next bank business day, provided that they are received by the Registrar and Transfer Agent no later than 12:00 PM (Luxembourg time) (the 'Cut-off Time') on such valuation day.

Any redemption applications received after the Cut-off Time shall be settled at the redemption price applying on the next following applicable valuation day, which, unless otherwise provided for in the relevant Prospectus Appendix of a particular sub-fund, shall be calculated and published on the next bank business day. Details about the redemption price are set out in the relevant Prospectus Appendix of each sub-fund. Payments shall be made by cheque sent to the address specified by the shareholder, or by bank transfer to an account designated by the shareholder.

Any charges payable in respect of such transaction shall be chargeable to the shareholder and no liability shall accrue to the Fund in respect of any payments so made.

Note 4 – Depositary bank

Citibank Europe Plc, Luxembourg Branch (hereinafter referred to as the 'Depositary') was appointed as Depositary of the assets of the Fund under the terms of an agreement the latest version of which was effective as at February 20, 2017 with an indefinite duration.

Man

Notes to the Financial Statements (continued)

For the period ended June 30, 2018

Note 4 – Depositary bank (continued)

The Depositary, in its capacity as Depositary of the assets of the Fund, is entitled to receive from the Fund a fee, expressed in percentage, and calculated on the average of net assets of the month and payable monthly in arrears, of up to 0.03% p.a.

Note 5 – Subscription tax

Under Luxembourg law and in line with standard administration practice, the Fund is not liable to income and net worth tax. Moreover, subject to the information regarding the Savings Directive on the taxation of savings income, no withholding tax shall be payable on any distributions of income by the Fund in Luxembourg. However, the Fund is liable in Luxembourg to pay tax on the net assets attributable to the Sub-Fund concerned at an annual rate of 0.05% ('taxe d'abonnement'). The taxe d'abonnement is payable quarterly on the value of assets attributable to the Sub-Funds at the end of the relevant calendar quarter. For share classes being reserved for institutional investors, a reduced annual tax rate of 0.01% of the Net Assets of the relevant share class applies. Such tax is payable quarterly and calculated on the net assets of the relevant share class.

Note 6 - Management and performance fees

The Investment Managers of each Sub-Fund named below receive a performance fee based on the appreciation in the value of the Sub-Funds net assets and accordingly the performance fee will increase with regard to unrealised appreciation, as well as realised gains.

Accordingly, the performance fee may be paid on unrealised gains which may subsequently never be realised. The performance fee may create an incentive for the Investment Manager to make investments for the Sub-Fund which are riskier than would be the case in the absence of the performance fee.

Man AHL Trend Alternative

A weekly performance fee (the 'Performance Fee') will be calculated and accrued as at each valuation day at a rate of up to 20% of the Net New Appreciation attributable to each Share Class. The Performance Fee period is the period from the last time a Performance Fee was payable up to and including the first valuation day of each calendar week (the 'Performance Fee Day').

'Net New Appreciation' means the amount, if any, by which the net asset value of each share class (prior to the reduction of any accrued Performance Fee but after the reduction of any Performance Fees payable due to shareholder redemptions) at the end of the relevant Performance Fee period exceeds the High Water Mark (as defined below).

'High Water Mark', calculated as at each valuation day, means the net asset value of each share class as of the most recent Performance Fee Day where a Performance Fee was paid by such relevant share class. The High Water Mark for each share class will be reduced pro rata by the amount of redemptions, dividends and distributions and then increased by the amount of any subscriptions on each valuation day within the

relevant performance fee period. For the purpose of calculating the Performance Fee, the net asset value of each share class will be calculated prior to reduction for any accrued Performance Fee. The central administrative agent (in consultation with the investment manager) may also make related adjustments to the High Water Mark for the purpose of determining the High Water Mark to account for any other changes caused by subscriptions, redemptions, dividends, distributions, and other similar events.

Calculated and accrued on each valuation day but payable weekly, performance fees are liabilities in the relevant Share Class' accounts and incorporated into the official net asset value of the relevant Share Class. If a shareholder redeems Shares part way through the relevant Performance Fee period, a pro rata portion of the accrued performance fee liability at the immediately preceding valuation day shall become immediately due and payable.

If the appointment of the investment manager is terminated during a Performance Fee period, any accrued Performance Fees on the final valuation day will be calculated and paid as if the final valuation day was the end of the relevant Performance Fee period.

Please note that the Performance Fees payable by each of the Sub-Fund's share classes shareholder may not correspond to the performance of the relevant share class. This is because the Sub-Fund is not calculating the Performance Fees using an equalisation or series accounting methodology. As a result, daily dealing in the Sub-Fund's share classes may have a positive or negative impact on the Performance Fee borne by shareholders.

Any Performance Fees payable in respect of Performance Fee periods are paid annually in arrears to Man Investments AG who will forward a significant part of it to the Investment Manager for its services.

Man AHL Diversity Alternative

An annual performance fee (the 'Performance Fee') will be calculated and accrued as at each valuation day at a rate of up to 15% of the Net New Appreciation attributable to each Share Class. The Performance Fee period is the period from the last time a Performance Fee was paid (or inception for the first Performance Fee period) up to and including the last Valuation Day in the Fund's accounting year (the 'Performance Fee Day'). The Performance Fee will be calculated and accrued daily but payable annually following the end of each accounting year.

'Net New Appreciation' means the amount, if any, by which the Net Asset Value of each Share Class (prior to the reduction of any accrued Performance Fee but after the reduction of any Performance Fees payable due to shareholder redemptions) at the end of the relevant Performance Fee period exceeds the High Water Mark (as defined below).

'High Water Mark', calculated as at each valuation day, means the Net Asset Value of each Share Class as of the most recent Performance Fee Day where a Performance Fee was paid by such relevant Share Class. The High Water Mark for each share class will be reduced pro rata by the amount of redemptions, dividends and distributions and then increased by the amount of any subscriptions on each valuation day within the relevant performance fee period. For the purpose of calculating the Performance Fee, the Net Asset Value of each Share Class will be calculated prior to reduction for any accrued Performance Fee. The Central Administrative Agent (in consultation with the Investment Manager) may also make related adjustments to the High Water Mark for the purpose of determining the High Water Mark to account for any other changes caused by subscriptions, redemptions, dividends, distributions, and other similar events.

Calculated and accrued on each valuation day but payable weekly, performance fees are liabilities in the relevant Share Class' accounts and incorporated into the official Net Asset Value of the relevant Share Class.

If a shareholder redeems Shares part way through the relevant Performance Fee period, a pro rata portion of the accrued performance fee liability at the immediately preceding valuation day shall become immediately due and payable.

Note 6 – Management and performance fees (continued)

If the appointment of the Investment Manager is terminated during a Performance Fee period, any accrued Performance Fees on the final valuation day will be calculated and paid as if the final valuation day was the end of the relevant Performance Fee period.

Please note that the Performance Fees payable by each of the Sub-fund's Share Classes shareholder may not correspond to the performance of the relevant Share Class. This is because the Sub-fund is not calculating the Performance Fees using an equalisation or series accounting methodology. As a result, daily dealing in the Sub-fund's Share Classes may have a positive or negative impact on the Performance Fee borne by shareholders.

In deviation from the above, for the Share Class 'Man AHL Diversity Alternative DN H GBP Acc', a weekly performance fee is calculated and accrued as at each Valuation Day at a rate of up to 15% of the Net New Appreciation attributable to the Class. The Performance Fee period is the period from the last time a Performance Fee was paid (or inception for the first Performance Fee period) up to and including the first Valuation Day of each calendar week. The Performance Fee will be calculated and accrued daily but payable monthly in arrears. All other provisions apply for Share Class 'Man AHL Diversity Alternative DN H GBP Acc' mutatis mutandis.

Man Multi-Strategy Alternative

The Investment Manager shall be entitled to a performance fee payable in respect of each Share Class equal to twenty percent (20%) of the aggregate appreciation in net Sub-Fund Asset value of Direct Investments ("Direct Investments NAV"), calculated in the manner described below.

The Investment Manager will ensure that a performance fee will only be payable in respect of the combined net realised and unrealised appreciation in the Direct Investments NAV.

Performance fees are accrued at each Valuation Day and payable annually in arrears and calculated by the administrator as at the last Valuation Day in the twelve (12) month period ending on 31 December in each year ("Calculation Date"); provided, however, that if a Share is redeemed at any time other than at a Calculation Date, any performance fee that has been accrued in respect of the redeemed Share will be paid to the Investment Manager at the time the redemption proceeds are paid.

For the purposes of calculating the performance fees, a performance period shall generally commence on the Business Day following the immediately preceding Calculation Date and end on the Calculation Date as at which the performance fee is to be calculated. If, however, a Share was issued subsequent to the preceding Calculation Date, the performance period for that Share shall commence on the date of issue of that Share and end on the Calculation Date as at which the performance fee is to be calculated. Finally, if a Share was redeemed between the immediately preceding Calculation Date and the Calculation Date as at which the performance fee is to be calculated, the performance period for that Share shall commence on the Business Day following: (i) the immediately preceding Calculation Date; (ii) the date of the issuance of that Share, as applicable, and end on the Dealing Day on which that Share was redeemed.

The appreciation in the Direct Investments NAV, in respect of each Share in a Class, shall be calculated as at each Calculation Date by deducting the "Direct Investments Reference NAV" for those Shares in that Class from the "Direct Investments Closing NAV" of such Shares for that performance period (the "Current Appreciation"). For the purposes of such calculation, the "Direct Investments Reference NAV" for each Share Class shall be the higher of the last Direct Investments NAV per Share of that Share Class as at which a performance fee was payable in respect of positive appreciation related to such Share Class or, in the case of a Share Class in respect of which no performance fee has previously been payable, the Direct Investments NAV per Share Class at which that Share Class was issued. The "Direct Investments Closing NAV" shall be the Direct Investments NAV per Share of a Share Class at the Calculation Date as at which the calculation is being made before accrual of the performance fee, except that in respect of an

investor who redeems Shares in that performance period other than as at the Calculation Date, the Direct Investments NAV Closing NAV shall be the Direct Investments NAV per Share of a Share Class at the date of redemption, before accrual of the performance fee.

As further described below, the performance fee is calculated on a Share Class basis in order to maintain a single Direct Investments NAV within each Share Class. As of each Calculation Date, the aggregate amount of Current Appreciation in the Direct Investments NAV with respect to all Shares within a Share Class for the relevant performance period is determined. A performance fee equal to twenty percent (20%) of such aggregate amount of Current Appreciation will be charged to such Share Class as a whole. This means that, where a performance fee is payable in respect of a Share Class, the Direct Investments NAV per Share of all Shares in that Share Class will be reduced equally to reflect the payment of the per Share average of the aggregate performance fee for such Share Class as a whole and not the individual performance of those Shares in that Share Class during the relevant performance period. Accordingly, it is possible that the Direct Investments NAV of Shares of a Share Class held by a Shareholder may reflect the payment of a performance fee even though the Direct Investments NAV of such Shares experienced no appreciation or even depreciated during the relevant period. Since the Direct Investments NAV per Share of all Shares within each Share Class will be reduced to reflect the payment of the performance fee attributable to such Share Class, it is also possible that the Direct Investments NAV of Shares held by a Shareholder may bear a disproportionate amount of the performance fee in relation to the actual appreciation that such Shares experienced during the relevant period. However, the performance fee attributable to a Share that is redeemed at any time other than at a Calculation Date shall be based on the difference between the Direct Investments Closing NAV of such Share (before accrual of the performance fee) as of the end of the Dealing Day on which such Share is redeemed and the Direct Investments Reference NAV of such Share. Accordingly, when a Share is redeemed at any time other than at a Calculation Date: (i) the performance fee attributable to such Share could be different from the performance fee that would be payable if such Share was not redeemed until the Calculation Date; and (ii) the holder redeeming such Share would not get the benefit of, or suffer the disadvantage of, the allocation of the performance fee across the Share Class as a whole.

For the avoidance of doubt, no performance fee in respect of the performance of any Share within a Share Class shall be included in the calculation of the aggregate amount to be paid by the Share Class as a whole unless the Direct Investments Closing NAV exceeds the Direct Investments Reference NAV for that Share Class. In addition, the amount of the performance fee included in the calculation in respect of any Share shall only be based on the difference between the Direct Investments Closing NAV and the Direct Investments Reference NAV for that Share Class.

The Investment Manager shall be entitled to a performance fee payable in respect of each Share Class equal to twenty percent (20%) of the aggregate appreciation in net Sub-Fund Asset value of Direct Investments ("Direct Investments NAV"), calculated in the manner described below.

The Investment Manager will ensure that a performance fee will only be payable in respect of the combined net realised and unrealised appreciation in the Direct Investments NAV, as more fully described below.

Performance fees are accrued at each Valuation Day and payable annually in arrears and calculated by the administrator as at the last Valuation Day in the twelve (12) month period ending on 31 December in each year ("Calculation Date"); provided, however, that if a Share is redeemed at any time other than at a Calculation Date, any performance fee that has been accrued in respect of the redeemed Share will be paid to the Investment Manager at the time the redemption proceeds are paid.

For the purposes of calculating the performance fees, a performance period shall generally commence on the Business Day following the immediately preceding Calculation Date and end on the Calculation Date as at which the performance fee is to be calculated. The appreciation in the Direct Investments NAV, in respect of each Share in a Class, shall be calculated as at each Calculation Date by deducting the "Direct Investments Reference NAV" for those Shares in that Class from the "Direct Investments Closing NAV" of such Shares for that performance period (the "Current Appreciation"). For the purposes of such calculation, the "Direct Investments Reference NAV" for each Share Class shall be the higher of the last Direct Investments NAV per Share of that Share Class as at which a performance fee was payable in respect of positive appreciation related to such Share Class or, in the case of a Share Class in respect of which no performance fee has previously been payable, the Direct Investments NAV per Share Class at which that Share Class was issued. The "Direct Investments Closing NAV" shall be the Direct Investments NAV per Share of a Share Class at the Calculation Date as at which the calculation is being made before accrual of the performance fee, except that in respect of an investor who redeems Shares in that performance period other than as at the Calculation Date, the Direct Investments NAV Closing NAV shall be the Direct Investments NAV per Share of a Share Class at the date of redemption, before accrual of the performance fee.

As further described below, the performance fee is calculated on a Share Class basis in order to maintain a single Direct Investments NAV within each Share Class. Accordingly, it is possible that the Direct Investments NAV of Shares of a Share Class held by a Shareholder may reflect the payment of a performance fee even though the Direct Investments NAV of such Shares experienced no appreciation or even depreciated during the relevant period. Since the Direct Investments NAV per Share of all Shares within each Share Class will be reduced to reflect the payment of the performance fee attributable to such Share Class, it is also possible that the Direct Investments NAV of Shares held by a Shareholder may bear a disproportionate amount of the performance fee in relation to the actual appreciation that such Shares experienced during the relevant period. However, the performance fee attributable to a Share that is redeemed at any time other than at a Calculation Date shall be based on the difference between the Direct Investments Closing NAV of such Share (before accrual of the performance fee) as of the end of the Dealing Day on which such Share is redeemed and the Direct Investments Reference NAV of such Share. For the avoidance of doubt, no performance fee in respect of the performance of any Share within a Share Class shall be included in the calculation of the aggregate amount to be paid by the Share Class as a whole unless the Direct Investments Closing NAV exceeds the Direct Investments Reference NAV for that Share Class. In addition, the amount of the performance fee included in the calculation in respect of any Share shall only be based on the difference between the Direct Investments Closing NAV and the Direct Investments Reference NAV for that Share Class.

Total Expense Ratios (TER)

The commissions and costs incurred in managing the Fund must be disclosed in the figure known internationally as the "Total Expense Ratio (TER)". This figure expresses the total commissions and costs currently charged to the corresponding sub-fund (expenses), which are calculated and shown as a percentage of the relevant Sub-Fund's assets.

The incidental costs incurred by the collective investment scheme on the purchase and sale of investments are not included in the operating expenses (except in the case of an "all-in fee"). These are integral to the investments themselves and accrue to the realized capital gains / losses on the sale of the investments.

The below figures incorporate an expense cap and waived directors fees.
