

Key Investor Information Document

This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

Small Cap Europe, a Sub-Fund of Alken Fund managed by AFFM S.A.

ISIN: LU0953331096 Class: EU1 Accumulation EUR

Objectives and Investment Policy (The Sub-Fund is actively managed)

Objectives

We aim to provide you with an increase in your capital over the long term. This Sub-Fund may be suitable for Investors adhering to sustainability principle.

Investment Policy

We invest in shares of European companies, with a focus on small and medium size companies, which are dealt in on a stock exchange and which adopted a sustainable development approach following the ESG investment policy of the Investment Manager Alken Asset Management Ltd, please refer to <https://www.alken-am.com/esg>.

Investment Process

We take investment decisions on the basis of our analysis of companies' financial figures and management conditions. This analysis allows us to buy companies that are likely to experience an increase in their value or companies whose share price is undervalued in comparison to their intrinsic value.

Use of Derivatives

The Sub-Fund may use complex financial instruments ("derivatives") such as futures, options, forwards and swaps to optimise the management of your portfolio or protect its value against adverse movements in financial markets.

Benchmark

The Sub-Fund follows an active management approach and seeks to outperform the STOXX Europe TMI Small Net Return EUR Index. The Sub-Fund's Benchmark plays a role for the Sub-Fund's performance objectives and measures. Although our deviation from the investment universe, weightings, and risk characteristics of the Benchmark is likely to be material in our own discretion, most of the Sub-Fund's investments may consist of components of the Benchmark.

Dealing Frequency

You can buy and sell shares of this class on any business day in Luxembourg.

Distribution Policy

Any income arising from the share class is reinvested into it.

You can find more detail on the investment objective and policy of the Sub-Fund in the "Investment Objective" and "Investment Policy" sections of the Prospectus.

The indicator above is a measure of the Sub-Fund's price movements over time. It captures the impact of adverse movements in stock markets and currencies on this Sub-Fund, in normal market conditions.

- It is based on historical data and thus may not be a reliable indication for future risk.
- It reflects the classification of the Sub-Fund as of the date of this document. This classification can change in the future, upwards or downwards.
- A Sub-Fund in the category 1 above would face risks of losses from your standpoint. Being in that category would not mean that the Sub-Fund in question would be risk-free at all times.

The Sub-Fund is classified in the category indicated above due to medium price movements in shares over the past five years.

The following other risks could affect the net asset value of this Sub-Fund:

- The investments of the Sub-Fund may be particularly concentrated on one geographic, economic, or business area.
- The Sub-Fund can invest in small and medium size companies quoted on a stock exchange, which shares might be more difficult to sell than those of large companies.
- Counterparties to non-exchange traded contracts may fail to meet their payment obligations. We mitigate this risk by a thorough analysis of the financial condition of the counterparties with which we enter into such arrangements.

More details on the risks you may face when investing in this Fund are described in the "Risk Considerations" and "Sub-Fund in Operation" sections of the Prospectus.

Charges

The charges paid are used to cover for the costs of running the Sub-Fund, including the cost of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest	
Entry charges	3.00%
Exit charges	3.00%
This is the maximum that might be taken out of your money before it is invested or before the proceeds of your investment are paid out.	
Charges taken from the Fund over a year	
Ongoing charges	1.61%
Charges taken from the Fund under certain conditions	
Performance fee	10% of positive returns the Sub-Fund achieves above that of the STOXX Europe TMI Small Net Return EUR Index. The performance fee is accrued daily and payable annually. Performance fee invoiced for the last financial year: 0.00%.

The entry and exit charges shown are maximum figures. In some cases you might pay less. Please refer to your financial advisor or distributor for the actual entry and exit charges. The ongoing charges figure is based on expenses for the year ended December 2020. This figure may vary from year to year. It excludes:

- Portfolio transaction costs, except in the case of an entry/exit charge paid by the Sub-Fund when buying or selling units in other funds.
- Performance fees.

A charge of up to 1% may apply if you convert your shares into shares of other Sub-Funds or classes, as further described hereunder.

Under certain circumstances, to prevent the negative effects of large volumes of investments or divestments on the Sub-Fund, a special charge ("dilution levy") of up to 2% may apply.

For more information about charges, please refer to the section of the Fund's Prospectus entitled "Company Expenses", which is available at www.affm.lu.

Past Performance

- Past performance is not an indicator of future returns.
- The impact of charges and fees on past performance has been included but entry and exit charges are excluded.
- This Sub-Fund was launched in 2007.
- This share class was launched in 2013.
- The past performance is calculated in EUR.
