Fund objective

The investment objective is to provide income and capital growth over the longer term by investing in equities globally. The fund will aim to deliver a yield higher than that generally available from investment in global equities.

Performance

The fund aims to deliver a yield around 130% of the MSCI ACWI index on a rolling 12 month basis and long term capital appreciation net of fees.

Performance for the individual share class is shown against the reference index as detailed in the key facts table.

Risk factors

Past performance is not a guide to future performance. The value of investments and the income from them may go down as well as up and is not guaranteed. Outcomes, including the payment of income, are not guaranteed.

Remember to read the Key Investor Information before making an investment decision.

This fund is a medium to long-term investment and your capital is at risk. Any investment objective, performance benchmark and yield information should not be considered as an assurance or guarantee of the performance of the fund or any part of it. An initial charge reduces the amount available for investment. Investors should be aware that funds denominated in a currency other than investors' home state currency are subject to currency fluctuations which may decrease returns. Please be aware that each fund presents its own risk profile. Material risks for this fund are: Liquidity; Other Markets, Foreign Exchange and Concentration. Please read the KIID for an explanation and refer to the prospectus for information about all relevant risks.

Yield Disclosure: All yields as at 31 August 2019. Yields may vary and are not guaranteed. "Yield" in this context is the Historic Yield which reflects distributions declared over the past twelve months as a percentage of the mid-market unit price, as at the date shown. It does not include any preliminary charge and investors may be subject to tax on their distributions.

Fund charges are deducted from capital which has the effect of increasing income distributions but constraining capital growth.
