Italy Buoni Poliennali Del Tesoro	1.27
France Government Bond OAT	0.92
United Kingdom Gilt	0.81

Risks

The fund invests in equities, bonds of varying credit quality and money market securities on a global basis, and may therefore be subject to high fluctuations in value. The fund may use derivatives which can reduce investment risk or give rise to additional risks (inter alia the counterparty risk). The value of a unit may fall below the purchase price. This requires an elevated risk tolerance and capacity. Every fund reveals specific risks, a description of these risks can be found in the prospectus.
