

Morgan Stanley Investment Funds

Global Multi-Asset Opportunities Fund

Investment objective

Seeks to provide an absolute return, measured in euros, while actively managing total portfolio risk. The Investment Adviser seeks to manage downside risk and targets below market volatility.

Share Class Z Risk and Reward profile

The higher the category (1 - 7), the greater the potential reward, but also the greater the risk of losing the investment. Category 1 does not indicate a risk-free investment.

Download the fund's Key Investor Information document for share class tailored risk ratings and warnings at: www.morganstanleyinvestmentfunds.com

Footnotes

Publication date: 16 November 2017.

Effective 20 June 2017, the Morgan Stanley Investment Fund Diversified Alpha Plus Low Volatility Fund was renamed Morgan Stanley Investment Fund Global Multi-Asset Opportunities Fund (the "Fund"). In addition, the Fund changed its investment objective to provide an absolute return, measured in Euros, while actively managing total portfolio risk. The Investment Adviser seeks to manage downside risk and targets below market volatility.

¹ See the 'Share Class' section for inception date(s).

² The investment team do not target a benchmark index when managing the portfolio.

³ The Ongoing Charges Figure ("OCF") reflects the payments and expenses which cover aspects of operating the fund and is deducted from the assets over the period. It includes fees paid for investment management, trustee/custodian, and administration charges.

Important information

This document has been prepared by Morgan Stanley Investment Management Limited ("MSIM") solely for informational purposes and does not seek to make any recommendation to buy or sell any particular security (including Shares in the Fund) or to adopt any specific investment strategy. MSIM has not authorised financial intermediaries to use and to distribute this document, unless such use and distribution is made in accordance with applicable law and regulation. Additionally, financial intermediaries are required to satisfy themselves that the information in this document and an investment in Shares of the Fund is suitable for any person to whom they provide this document in view of that person's circumstances and purpose. MSIM shall not be liable for, and accepts no liability for, the use or misuse of this document by any such financial intermediary. If such a person considers an investment in Shares of the Fund, she/he should always ensure that she/he has satisfied herself/himself that she/he has been properly advised by that financial intermediary about the suitability of an investment.

Past performance is not a reliable indicator of future results. Returns may increase or decrease as a result of currency fluctuations. The value of the investments and the income from them can go down as well as up and an investor may not get back the amount invested. There are additional risks involved with this type of investment. Please refer to the Prospectus and relevant Key Investor Information for full risk disclosure.
