1	EUR	=	7.435040	DKK	1	EUR	=	1.140550	USD
1	EUR	=	0.878055	GBP					

2.2) Valuation of investment securities

The value of any cash on hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received shall be deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof shall be arrived at after making such discount as the Management Company may consider appropriate in such case to reflect the true value thereof.

The value of Transferable Securities, Money Market Instruments and any financial assets and instruments which are listed or dealt on a Regulated Market, a Regulated Market in an Other State or any Other Regulated Market is based on their last available prices on the relevant market which is normally the main market for such assets.

In the event that any assets held in a Sub-Fund's portfolio on the relevant day are not listed or dealt in on any Regulated Market, any Regulated Market in an Other State or on any Other Regulated Market or if, with respect of assets listed or dealt in on any such markets, the last available price as determined pursuant to sub-paragraph 2 is not representative of the fair market value of the relevant assets the value of such assets will be based on a reasonably foreseeable sales price determined prudently and in good faith.

The liquidating value of futures, forward or options contracts not traded on Regulated Markets, Regulated Markets in Other States or on Other Regulated Markets shall mean their net value determined, pursuant to the policies established by the Management Company, on a basis consistently applied for each different variety of contracts. The value of futures, forward or options contracts traded on Regulated Markets, Regulated Markets in Other States or on Other Regulated Markets shall be based upon the last available settlement or closing prices, as applicable to these contracts on Regulated Markets, Regulated Markets in Other States or Other Regulated Markets on which the particular futures, forward or options contracts are traded on behalf of the Fund; provided that if a futures, forward or options contract could not be liquidated on the day with respect to which assets are being determined, the basis for determining the liquidating value of such contract shall be such value as the Management Company may deem fair and reasonable.

Swaps and all other securities and other assets, if any, will be valued at fair market value as determined in good faith pursuant to procedures established by the Management Company.

Units or shares of open-ended UCIs, if any, will be valued at their last determined and available Net Assets Value ("NAV") or, if such price is not representative of the fair market value of such assets, then the price shall be determined by the Management Company on a fair and equitable basis. Units or shares of closed-ended UCIs will be valued at their last available stock market value.

All other securities, instruments and other assets will be valued at fair market value, as determined in good faith pursuant to procedures established by the Management Company.

2.3) Net realised gain/(loss) on sales of investments

The net realised gain/(loss) on sales of investments is calculated on the basis of the average cost of the investments sold.

Notes to the financial statements as at June 30, 2017 (continued)

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.4) Cost of investment securities

Cost of investment securities in currencies other than the currency of the Sub-Funds is translated into the currency of the Sub-Funds at the exchange rate applicable at purchase date.

2.5) Formation expenses

Formation expenses may be amortised over a maximum period of five years.

2.6) Combined figures

The combined statement of net assets and the combined statement of operations and changes in net assets are expressed in Euro ("EUR") and are presented for information purposes only.

NOTE 3 MANAGEMENT FEE

The Management Company is entitled to receive, out of the assets of the relevant Sub-Funds, a management fee.

The management fee is calculated and accrued on each valuation day and is payable quarterly in arrears on the basis of the average NAV of the relevant Class within the relevant Sub-Funds, as follows:
