BNP PARIBAS FUNDS

Information

Establishment

BNP Paribas Funds (the “Fund”, the “Company”) is an open-ended investment company (*Société d’Investissement à Capital Variable* - abbreviated to “SICAV”), incorporated under Luxembourg law on 27 March 1990 for an indefinite period under the name PARVEST. The current name BNP Paribas Funds is effective as from 30 August 2019.

The Company is currently governed by the provisions of Part I of the Law of 17 December 2010 governing undertakings for collective investment as well as by Directive 2009/65 amended by Directive 2014/91 and the provisions of Regulation 2017/1131.

The Company’s capital is expressed in euros (EUR) and is at all times equal to the total net assets of the various sub-funds. It is represented by fully paid-up shares issued without a designated par value, described below under “The Shares”. The capital varies automatically without the notification and specific recording measures required for increases and decreases in the capital of limited companies. Its minimum capital is defined by the Law.

The Company is registered in the Luxembourg Trade and Companies Register under the number B 33 363.

Information to the Shareholders

Net Asset Values and Dividends

Net Assets values are calculated every full bank business day in Luxembourg, excepted for some sub-funds. Additional information can be found in the Prospectus.

For the sub-fund “Seasons” a guarantee (the “Guarantee”) is granted to the sub-fund by BNP Paribas acting as guarantor (“the Guarantor”), pursuant to which this Guarantor commits on a quarterly basis that the NAV of a share class is at least equal to 80% of the NAV of that same share class (the “Guaranteed NAV”) observed 12 months ago which qualifies as an observation date (the “Observation Date”). Shareholders of the sub-fund who ask for the redemption of their shares on any Observation date, will see their redemption orders based on a redemption price at least equal to 80% of the NAV (excluding dividends, the case being) of the share class they are redeeming from (the “Guaranteed NAV”) observed on the 3rd Friday of the same month 12 months ago (the “Observation date”).

The Company publishes the legally required information in the Grand Duchy of Luxembourg and in all other countries where the shares are publicly offered.

This information is also available on the website: www.bnpparibas-am.com.

Financial Year

The Company’s financial year starts on 1 January and ends on 31 December.

Financial Reports

The Company publishes an annual report closed on the last day of the financial year, certified by the auditors, as well as a non-certified, semi-annual interim report closed on the last day of the sixth month of the financial year. The Company is authorised to publish a simplified version of the financial report when required.

The financial reports of each sub-fund are published in the accounting currency of the sub-fund, although the combined accounts of the Company are expressed in euro.

The annual report is made public within four months of the end of the financial year and the interim report within two months of the end of the half-year.

Documents for Consultation

The Articles of Association, the Prospectus, the KIDs, and periodic reports may be consulted at the Company’s registered office and at the establishments responsible for the Company’s financial service. Copies of the Articles of Association and the annual and interim reports are available on request.

Except for the newspaper publications required by Law, the official media to obtain any notice to shareholders will be our website www.bnpparibas-am.com.

Documents and information are also available on the website: www.bnpparibas-am.com.

Notes to the financial statements

BNP PARIBAS FUNDS

Notes to the financial statements at 30/06/2024

Note 1 - General information

Since 1 January 2024, the Company has proceeded to the following changes:

a) Launched, merged and renamed sub-funds

Sub-fund	Date	Events
Global Net Zero Transition Equity	15 February 2024	Launch of the sub-fund
Global Enhanced Bond 36M	8 March 2024	Merged of the sub-fund "BNP Paribas Flexi I - Lyra" into the sub-fund "Global Enhanced Bond 36M" ⁽¹⁾
Euro Medium Term Bond	29 April 2024	Sub-fund renamed "Euro Medium Term Income Bond"
Europe High Conviction Bond	29 April 2024	Sub-fund renamed "Euro High Conviction Income Bond"
Euro Government Green Bond	3 May 2024	Launch of the sub-fund by absorption of the French FCP BNP Paribas Obli Etat Euro Green
Global Absolute Return Multi-Factor Bond	7 June 2024	Merged into the sub-fund "Enhanced Bond 6M" ⁽²⁾
Latin America Equity	7 June 2024	Merged into the sub-fund "Brazil Equity" ⁽³⁾
Sustainable Multi-Asset Growth	20 June 2024	Merged of the sub-fund "BNP Paribas A Fund Sustainable Thematic Select" into the sub-fund "Sustainable Multi-Asset Growth" ⁽⁴⁾
Global Net Zero Transition Equity	28 June 2024	Sub-fund renamed "Global Equity Net Zero Transition"
Sustainable Global Equity	28 June 2024	Sub-fund renamed "Global Megatrends"

Sustainable Europe Dividend	19 June 2024	Activation of the share classes "Classic RH CNH MD - Distribution" and "Classic RH HKD MD - Distribution"

Notes to the financial statements at 30/06/2024

Note 2 - Principal accounting methods

a) Net asset value

This semi-annual report is prepared on the basis of the last net asset value (hereafter "NAV") as at 28 June 2024.

For the sub-fund Russia Equity (NAV suspended), note that, since the last publication of official NAV 25 February 2022 and, the Board of Directors has decided to adjust the valuation of certain Russian assets in order to preserve the fair valuation of the sub-fund. These include, amongst others, the valuation at zero of all local Russian stocks held, respectively due to the absence of trading/suspensions of quotations and the Moscow Stock Exchange's closure to non-Russian residents. It has been decided as well to waive the management fees to be paid to the Management Company by the sub-fund since 1 March 2022 and until further notice. The Board of Directors closely monitors the latest development on local and international markets and takes all appropriate actions to protect investors.

b) Globalised statements for the various sub-funds

BNP Paribas Funds' (combined) financial statements are expressed in EUR by converting the financial statements of the sub-funds denominated in currencies other than EUR at the exchange rate prevailing at the end of the financial period.

c) Currency conversion

The accounts of each sub-fund are kept in the currency in which its net asset value is expressed, and the financial statements are expressed in that currency.

The purchase price of securities purchased in a currency other than that of the sub-fund is converted into the currency of the sub-fund on the basis of the exchange rates prevailing on the date of purchase of the securities.

The income and expenses denominated in a currency other than that of the sub-fund are converted into the currency of the sub-fund on the basis of the exchange rates prevailing on the transaction date.

On the closing date, the market values of the securities (determined by the method described below), the claims, bank deposits and debt denominated in a currency other than that of the sub-fund are converted into the currency of the sub-fund on the basis of the exchange rates prevailing on that date, with any exchange differentials resulting from the conversion of the securities, claims, bank deposits and debt being included in the net result for the financial period.

d) Presentation of the financial statements

The financial statements are presented on the basis of the latest net asset value calculated during the financial period. In accordance with the prospectus, the net asset values were calculated using the latest exchange rates known at the time of calculation. The stock market prices and exchange rates are the latest available as at 30 June 2024. This principle has been applied uniformly and consistently for all the sub-funds. By way of information, a certain lead time is required before indicative prices become available for certain illiquid securities, so that for these securities it was impossible for material reasons to use prices as at 30 June 2024 in the last net asset value of the financial period.

However, these net asset values would not have been significantly different from those shown in the semi-annual accounts.

The statement of operations and changes in net assets covers the financial period from 1 January 2024 to 30 June 2024.

e) Valuation of the securities portfolio

The valuation of all securities listed on a stock exchange or any other regulated market, which functions regularly, which is recognised and accessible to the public, is based on the last known closing price on the Valuation Day, and, if the securities concerned are traded on several markets, on the basis of the last known closing price on the major market on which they are traded. If the last known closing price is not a true reflection, the valuation shall be based on the probable sale price estimated by the Board of Directors in a prudent and bona fide manner.

The Board of Directors uses this possibility for the valuation of the securities listed on East Asia, South Asia, Southeast Asia and Oceania markets. In these cases, the aforesaid last known closing price is adjusted by using a method monitored by the Management Company to reflect a fair value price of the concerned assets.

Notes to the financial statements at 30/06/2024

Unlisted securities or securities not traded on a stock exchange or another regulated market which functions in a regular manner, which is recognised and accessible to the public, shall be valued on the basis of the probable sale price estimated in a prudent and bona fide manner by a qualified professional appointed for this purpose by the Board of Directors.

If permitted by market practice, liquid assets, money market instruments and all other instruments may be valued at their nominal value plus accrued interest or according to the linear amortisation method. Any decision to value the assets in the portfolio using the linear amortisation method must be approved by the Board of Directors, which will record the reasons for such a decision. The Board of Directors will put in place appropriate checks and controls concerning the valuation of the instruments.

The value of shares or units in undertakings for collective investment shall be determined on the basis of the last net asset value available on the Valuation Day. If this price is not a true reflection, the valuation shall be based on the probable sale price estimated by the Board of Directors in a prudent and bona fide manner.

f) Valuation of forward foreign exchange contracts

Forward foreign exchange contracts remaining open at the closing date are valued by reference to the forward foreign exchange rate corresponding to the remaining life of the contract. Any unrealised gains and losses are included when determining the result of the transactions.

To calculate the net positions per currency, the positions are converted at the forward exchange rates corresponding to the remaining life of the contract.

The unrealised appreciation/(depreciation) is disclosed in the Statement of net assets under "Net Unrealised gain on financial instruments" or "Net Unrealised loss on financial instruments". Realised gains/(losses) and change in unrealised appreciation/(depreciation) as a result thereof are included in the Statement of operations and changes in net assets respectively under "Net realised result on Financial instruments" and "Movement on net unrealised gain/(loss) on Financial instruments".

g) Valuation of financial instruments

Financial futures are valued at their last-known market price. The other financial instruments are valued at the prices at which the position would be able to be liquidated, depending on the conditions prevailing on the market at the valuation date.

The unrealised appreciation/(depreciation) is disclosed in the Statement of net assets under "Net Unrealised gain on financial instruments" or "Net Unrealised loss on financial instruments". Realised gains/(losses) and change in unrealised appreciation/(depreciation) as a result thereof are included in the Statement of operations and changes in net assets respectively under "Net realised result on Financial instruments" and "Movement on net unrealised gain/(loss) on Financial instruments".

To calculate the net positions per currency on financial instruments, the positions are converted at the exchange rate effective on the closing date.

h) Valuation of credit default swaps

The value of a Credit Default Swap (CDS) shall be determined by comparing the value of the protection swap leg and the value of the premium swap leg. The value of the premium leg is obtained by discounting the future premium flows using the relevant risk-adjusted discount. The value of the protection leg is the present value of the expected loss inherent to the contract. Default probabilities used to compute the expected loss are derived from the structure of par market swap rates. Par market swap rates will be obtained from a cross-section of market counterparties.

The unrealised appreciation/(depreciation) is disclosed in the Statement of net assets under "Net Unrealised gain on financial instruments" or "Net Unrealised loss on financial instruments". Realised gains/(losses) and change in unrealised appreciation/(depreciation) as a result thereof are included in the Statement of operations and changes in net assets respectively under "Net realised result on Financial instruments" and "Movement on net unrealised gain/(loss) on Financial instruments".

i) Valuation of total return swaps and performance swaps

A Total Return Swap (TRS) is a bilateral agreement in which each party agrees to exchange payments based on the performance of an underlying instrument represented by a security, commodity, basket or index thereof for a fixed or variable rate. One party pays out the total return of a specific reference asset, and in return, receives a regular stream of payments. The total performance will include gains and losses on the underlying, as well as any interest or dividends during the contract period according to the type of underlying. The cash flows to be exchanged are calculated by reference to an agreed upon notional amount or quantity.

Total return swaps are marked to market at each NAV calculation date.

Notes to the financial statements at 30/06/2024

The unrealised appreciation/(depreciation) is disclosed in the Statement of net assets under “Net Unrealised gain on financial instruments” or “Net Unrealised loss on financial instruments”. Realised gains/(losses) and change in unrealised appreciation/(depreciation) as a result thereof are included in the Statement of operations and changes in net assets respectively under “Net realised result on Financial instruments” and “Movement on net unrealised gain/(loss) on Financial instruments”.

j) Valuation of options

Options contracts traded over-the-counter are valued at the prices at which the position could be liquidated under the market conditions prevailing at the valuation date. The liquidation value of options contracts traded on regulated markets will be based on the latest available settlement price of these contracts on the regulated markets on which these option contracts are traded by the Company; provided that if an options contract cannot be liquidated on the day on which the net assets are valued, the basis that will be used to determine the liquidation value of this contract will be determined fairly and reasonably by the Board of Directors.

Options are disclosed at market value in the Statement of net assets. The unrealised appreciation/(depreciation) is disclosed in the caption “Options at market value”. Realised gains/(losses) and change in unrealised appreciation/(depreciation) as a result thereof are included in the Statement of operations and changes in net assets respectively under “Net realised result on Financial instruments” and “Movement on net unrealised gain/(loss) on Financial instruments”.

k) Valuation of securities lending, reverse repurchase and repurchase agreements

Securities lending attracts remuneration for the sub-fund according to the contracts and is accounted for in the Statement of operations and changes in net assets under “Income on investments and assets, net”.

Securities that have been lent are shown in the net assets of the sub-fund in question, at their market value.

Securities reverse repurchase (or repurchase) transactions are treated as borrowing (or lending) transactions guaranteed by the underlying securities. They are transactions by which the transferor transfers ownership of securities to another person (the transferee) and by which the transferor irrevocably undertakes to repurchase them and the transferee irrevocably undertakes to retrocede them, at an agreed price and date.

Securities reverse repurchase agreements are valued at their purchase price expressed in the original currency, irrespective of the market value of the underlying securities, the interest accrued pro rata since the purchase date being shown under the heading “Other assets” in the Statement of net assets.

Securities repurchase agreements are valued at their market value.

l) Valuation of inflation swaps

Inflation swaps (ILS) are bilateral agreements which allow investors looking to hedge an investment to secure an inflation-linked return against an inflation index.

The inflation buyer (inflation receiver) pays a predetermined fixed or floating rate (minus a spread). In exchange, the inflation buyer receives from the inflation seller (inflation payer) one or more inflation-linked payments.

The principal risk associated with an inflation swap lies in its sensitivity to interest rates and inflation: the inflation payer takes on the risk of inflation or, in other words, of changes likely to affect the inflation curve. The payer also bears a risk relating to interest rates or, in other words, to changes in the nominal yield curve. In order to value inflation swaps, a “forward zero coupon” swap curve (seasonally adjusted for inflation) is constructed, facilitating the calculation of future inflation cash flows.

The unrealised appreciation/(depreciation) is disclosed in the Statement of net assets under “Net Unrealised gain on financial instruments” or “Net Unrealised loss on financial instruments”. Realised gains/(losses) and change in unrealised appreciation/(depreciation) as a result thereof are included in the Statement of operations and changes in net assets respectively under “Net realised result on Financial instruments” and “Movement on net unrealised gain/(loss) on Financial instruments”.

m) Valuation of interest rate swaps

Interest rate swaps (IRS) are valued on the basis of the difference between the value of all future interest payable by the Company to its counterparty on the valuation date at the zero coupon swap rate corresponding to the maturity of these payments and the value of all future interest payable by the counterparty to the Company on the valuation date at the zero coupon swap rate corresponding to the maturity of these payments.

Notes to the financial statements at 30/06/2024

The unrealised appreciation/(depreciation) is disclosed in the Statement of net assets under “Net Unrealised gain on financial instruments” or “Net Unrealised loss on financial instruments”. Realised gains/(losses) and change in unrealised appreciation/(depreciation) as a result thereof are included in the Statement of operations and changes in net assets respectively under “Net realised result on Financial instruments” and “Movement on net unrealised gain/(loss) on Financial instruments”.

n) Valuation of CMS (Constant Maturity Swap) Spread Options

The OTC Pricing team is responsible for the daily valuation of CMS Spread Options with the use of Bloomberg's BVAL tool - DLIB (Bloomberg Derivatives Library) specific pricing template. The valuation model used, in line with market practice, is the Gaussian model (taking into account correlation and broker quotes). The valuations produced are checked against those provided daily by the counterparties.

The unrealised appreciation/(depreciation) is disclosed in the Statement of net assets under “Net Unrealised gain on financial instruments” or “Net Unrealised loss on financial instruments”. Realised gains/(losses) and change in unrealised appreciation/(depreciation) as a result thereof are included in the Statement of operations and changes in net assets respectively under “Net realised result on Financial instruments” and “Movement on net unrealised gain/(loss) on Financial instruments”.

o) Valuation of Contracts for Difference

Contracts for difference (CFD) are valued by reference to the market value of the underlying asset, taking into account the costs inherent in the transaction. The unrealised appreciation/(depreciation) is disclosed in the Statement of net assets under “Net Unrealised gain on financial instruments” or “Net Unrealised loss on financial instruments”. Realised gains/(losses) and change in unrealised appreciation/(depreciation) as a result thereof are included in the Statement of operations and changes in net assets respectively under “Net realised result on Financial instruments” and “Movement on net unrealised gain/(loss) on Financial instruments”.

p) Average maturity for floating rate bonds

The maturities disclosed in the security description in the securities portfolio are not the maturities used to calculate the average maturity, the call maturity date is used.

q) Interest

Interest is recognised on a prorata basis after deduction of any withholding taxes that may be applicable. Due to negative interest rates during the financial period, income on bonds can be negative in the caption “Income on investments and assets, net”.

r) Comparisons

Concerning the absorbing sub-funds that were involved in a merger during the period, note that the net assets of the absorbed sub-funds or funds were recorded in the accounts by means of a subscription in the absorbing sub-funds at the merger dates. Consequently, the line “Net subscriptions/(redemptions)” in the “Statement of operations and changes in net assets” includes the net assets of the absorbed sub-funds or funds at the merger dates.

s) Geographic distribution

The geographic distribution of the securities portfolio is based on the issuing country.

t) “To be announced”

The Mortgage Back Securities “To-be-announced” are subject to current commercial market practices in relation to securities guaranteed by mortgages, according to which a party will buy/sell a basket of mortgage loans for a fixed price at a later date.

At the time of the purchase/sale, the exact security is not known but its principal features are. Even if a price is agreed at the time of purchase/sale, the final face value will not yet have been fixed.

The “To-be-announced (“TBA”) Mortgage Back Securities” positions are shown in the securities portfolio as at 30 June 2024.

At the closing date, the purchase/sale of these securities had not yet been settled. As a result, the amounts relating to payables/receivables on securities are included under “Other liabilities”/“Other assets” in the “Statement of net assets”.

BNP PARIBAS FUNDS

Notes to the financial statements at 30/06/2024

u) Cross-investments

The value of the cross-investments of the sub-funds has not been deducted for the calculation of the combined total net assets of the Company.

The total value of those cross-investments as at 30 June 2024 amounted to:

Sub-funds investing in other BNP PARIBAS FUNDS sub-funds	Sub-funds held by other BNP PARIBAS FUNDS sub-funds	Currency of the sub-fund investing	Market value (in EUR)

		Total:	474 469 368

The net assets at the end of the financial period of combined figures would be EUR 52 938 592 565 without taking into account the cross-investments values.

v) Technical performance provision

In order to achieve the management objective for money market funds as defined in the prospectus, the Management Company may be required - on an ad hoc basis - to set aside amounts based on the performance of the net asset value in order to reduce the volatility of certain securities held in the portfolio. This adjustment may not exceed 5 bps of the fund's net assets. The amounts set aside will be reinvested subject to how the assets perform, as well as the average performance of the portfolio.

The following sub-funds are concerned by this provision

- BNP Paribas Funds Euro Money Market
- BNP Paribas Funds USD Money Market

w) Swing Pricing

A sub-fund may suffer reduction of the net asset value due to investors purchasing, selling and/or switching in and out of the sub-fund at a price that does not reflect the dealing costs associated with this sub-fund's portfolio trades undertaken by the Investment Manager to accommodate such cash inflows or outflows. In order to mitigate this effect and enhance the protection of existing shareholders, the mechanism known as "swing pricing" may be applied at the discretion of the Board of Directors of the Company.

Notes to the financial statements at 30/06/2024

Such Swing Pricing mechanism may be applied to a given sub-fund when its total capital activity (i.e. net amount of subscriptions and redemptions) exceeds a pre-determined threshold determined as a percentage of the net assets value for a given Valuation Day. The net asset value of the relevant sub-fund may then be adjusted by an amount (the “swing factor”) to compensate for the expected transaction costs resulting from the capital activity. The level of thresholds, if and when applicable, will be decided on the basis of certain parameters which may include the size of the sub-fund, the liquidity of the underlying market in which the respective sub-fund invests, the cash management of the respective sub-fund or the type of instruments that are used to manage the capital activity. The swing factor is, amongst others, based on the estimated transaction costs of the financial instruments in which the respective sub-fund may invest. Typically, such adjustment will increase the net asset value when there are net subscriptions into the sub-fund and decrease the net asset value when there are net redemptions. Swing pricing does not address the specific circumstances of each individual investor transaction. An ad hoc internal committee is in charge of the implementation and periodic review of the operational decisions associated with swing pricing. This committee is responsible for decisions relating to swing pricing and the ongoing approval of swing factors which form the basis of pre-determined standing instructions.

In principle, the swing factor will not exceed 1% of the respective sub-fund’s net asset value. Such limit could however be raised beyond this maximum level when necessary and on a temporary basis to protect the interests of shareholders, typically during exceptional market conditions, situations such as a global pandemic, a financial crisis, a geopolitical crisis, or any other exceptional event causing a severe deterioration of the liquidity.

The Swing Pricing mechanism may be applied across all sub-funds of the Company.

During the period ending 30 June 2024, the below sub-funds are under the scope of the Swing Pricing activity:

- Emerging Bond
- Emerging Bond Opportunities
- Enhanced Bond 6M
- Euro High Yield Bond
- Euro High Yield Short Duration Bond
- Euro Short Term Corporate Bond Opportunities
- Europe Convertible
- Europe Small Cap
- Europe Small Cap Convertible
- Global Convertible
- Global High Yield Bond
- Japan Small Cap
- Local Emerging Bond
- Nordic Small Cap
- Sustainable Enhanced Bond 12M
- US High Yield Bond

During the period ending 30 June 2024, the below sub-funds have applied the Swing Pricing:

- Emerging Bond
- Europe Convertible
- Global Convertible

As at 30 June 2024, none of the sub-funds under the scope have applied swing pricing.

Note 3 - Management and advisory fees (maximum per annum)

The maximum annual fee payable monthly is calculated on the average net asset value of each share class for each sub-fund over the past month. For certain sub-funds a reduced management fee was charged during the financial period. The fee is paid to the Management Company and covers remuneration of the investment managers and also distributors in connection with the marketing of the Company's stock.

The management fees applicable to the “Classic” category are applicable to all share sub-categories and classes with the word “Classic” in their denomination, and to “N” category.

The management fees applicable to the “Privilege” category are also applicable to all share sub-categories and classes with the word “Privilege” in their denomination.

BNP PARIBAS FUNDS

Notes to the financial statements at 30/06/2024

The management fees applicable to the “I” category are also applicable to all share sub-categories and classes with the word “I” in their denomination.

The management fees applicable to the “U” category are also applicable to all share sub-categories and classes with the word “U” in their denomination.

The management fees applicable to the “UP” category are also applicable to all share sub-categories and classes with the word “UP” in their denomination.

The management fees applicable to the “Life” category are also applicable to all share sub-categories and classes with the word “Life” in their denomination.

The management fees applicable to the “UI” category are also applicable to all share sub-categories and classes with the word “UI” in their denomination.

The management fees applicable to the “B” category are also applicable to all share sub-categories and classes with the word “B” in their denomination.

The management fees applicable to the “K” category are also applicable to all share sub-categories and classes with the word “K” in their denomination.

The management fees applicable to the “X” category are also applicable to all share sub-categories and classes with the word “X” in their denomination.

⁽¹⁹⁾ 0.40% for "Classic Plus" Category.

⁽²⁰⁾ 0.55% for "Classic Plus" Category.

An indirect fee of maximum 1.00% is applied for the sub-funds Sustainable Multi-Asset Balanced, Sustainable Multi-Asset Growth and Target Risk Balanced.

An indirect fee of maximum 0.50% is applied for the sub-funds Multi-Asset Thematic, Sustainable Multi-Asset Flexible and Sustainable Multi-Asset Stability.

A charity fee of 0.05% is applied for the share classes "Classic Solidarity", "Classic Solidarity BE", "Privilege Solidarity" and "Privilege Solidarity BE" for the sub-funds Energy Transition, Global Equity Net Zero Transition (formerly Global Net Zero Transition Equity), Sustainable Multi-Asset Balanced, Sustainable Multi-Asset Growth and Sustainable Multi-Asset Stability.

A sub-fund may not invest in a UCITS, or other UCIS, with a management fee exceeding 3.00% per annum.

Note 4 - Distribution fees

Distribution fees are calculated each valuation day and deducted monthly from the average net assets of a sub-fund, share category, or share class, paid to the Management Company and serve to cover remuneration of the distributors, supplemental to the share of the management fee that they receive.

Note 5 - Performance fees: calculation method and summary table

The Company may apply 2 types of Performance Fee:

1. Relative Performance Fee:

The performance fee is determined over the performance period and corresponds to a percentage "performance fee rate" of the positive difference "over performance" between the annual performance of the share class and the annual performance calculated with the application of the "High Water Mark (HWM) with Hurdle Rate or Benchmark method". Performance fee provision will be accrued at each valuation day based on the unswung (see Swing Pricing part in the prospectus) share class' Total Net Asset if the share class' performance exceeds the performance determined as per "High Water Mark (HWM) with Hurdle Rate or Benchmark method". The performance fee provision will be then adjusted at each valuation day depending of the share class performance. In case of underperformance at the end of the performance period, neither the High-Water Mark nor the Hurdle Rate or Benchmark will be reset. Performance reference period will correspond in this case to the entire life of the share class.

Performance Period: period on which the share class' performance is measured and corresponds to the financial year.

2. Absolute Performance Fee:

The positive difference between the NAV per share at the end of the financial year and the HWM of the share class or the initial offer price per share. Performance fee provision will be accrued at each valuation day based on the unswung (see Swing Pricing part in the prospectus) share class' Total Net Asset if the NAV per share exceeds the HWM. The performance fee provision will be then adjusted at each valuation day depending of the share class performance. In case of underperformance at the end of the performance period, a loss is carried forward over a maximum period of 5 years. That means that after 5 consecutive years with no performance fees paid to the Management Company, the HWM will be reset.

High Water Mark (HWM) means the highest NAV of the sub-fund/category/class as at the end of any previous financial year on which performance fees becomes payable, after deducting any performance fee.

Performance Fees are payable to the Management Company and will be calculated daily on the basis of the unswung (see Note 2.w) NAV and provision will be adjusted on each Valuation Day during the financial period.

If shares are redeemed during the financial period, the fraction of the provisioned performance fee that corresponds to the total amount redeemed shall be granted definitively to the Management Company at the end of the performance period.

BNP PARIBAS FUNDS

Notes to the financial statements at 30/06/2024

Summary table of the sub-funds with Performance fee

Sub-fund	Categories	Currency	Annual Performance Fee Rate	Hurdle Rate	Amount of performance fee charged for the period (in Sub-fund currency)	Impact on the NAV of the share class of the performance fee charged for the period (in %)

Notes to the financial statements at 30/06/2024

Note 6 - Other fees

Fee serving to cover notably the following services:

- administration, domiciliary and fund accounting
- audit
- custody, depositary and safekeeping
- documentation, such as preparing, printing, translating and distributing the Prospectus, KIDs, financial reports
- ESG certification and service fees
- financial index licensing (if applicable)
- legal expenses
- listing of shares on a stock exchange (if applicable)
- management company expenses (including among other AML/CFT, KYC, Risk and oversight of delegated activities)
- marketing operations
- publishing fund performance data
- registration expenses including translation
- services associated with the required collection, tax and regulatory reporting, and publication of data about the Company, its investments and shareholders
- transfer, registrar and payment agency

These fee do not include fees paid to independent Directors and reasonable out-of-pocket expenses paid to all Directors, expenses for operating hedged shares, duties, taxes and transaction costs associated with buying and selling assets, brokerage and other transactions fees, interest and bank fees.

Note 7 - Taxes

At the date of the Prospectus, the Company is not liable to any Luxembourg income tax or capital gains tax.

The Company is liable to an annual “*taxe d’abonnement*” in Luxembourg representing 0.05% of the net asset value. This rate is reduced to 0.01% for:

- a) sub-funds with the exclusive objective of collective investments in money market instruments and deposits with credit institutions;
- b) sub-funds with the exclusive objective of collective investments in deposits with credit institutions;
- c) sub-funds, categories, or classes reserved for Institutional Investors, Managers, and UCIs.

The following are exempt from this “*taxe d’abonnement*”:

- a) the value of assets represented by units or shares in other UCIs, provided that these units, or shares have already been subject to the “*taxe d’abonnement*”;
- b) sub-funds, share categories and/or classes:
 - (i) whose securities are reserved to Institutional Investors, Managers or UCIs and
 - (ii) whose sole object is the collective investment in money market instruments and the placing of deposits with credit institutions, and
 - (iii) whose weighted residual portfolio maturity does not exceed 90 days, and
 - (iv) that have obtained the highest possible rating from a recognised rating agency;
- c) sub-funds, share categories and/or classes reserved to:
 - (i) institutions for occupational retirement pension or similar investment vehicles, set up at the initiative of one or more employers for the benefit of their employees, and
 - (ii) companies having one or more employers investing funds to provide pension benefits to their employees;
- d) sub-funds whose main objective is investment in microfinance institutions;
- e) sub-funds, shares categories and/or classes:
 - (i) whose securities are listed or traded on at least one stock exchange or another regulated market operating regularly that is recognised and open to the public, and
 - (ii) whose exclusive object is to replicate the performance of one or several indices.

Notes to the financial statements at 30/06/2024

When due, the “*taxe d’abonnement*” is payable quarterly based on the relevant net assets and calculated at the end of the quarter for which it is applicable.

In addition, the Company may be subject to foreign UCI’s tax, and/or other regulators levy in the country where the sub-fund is registered for distribution.

Indian Tax

Each sub-fund may be subject to corporation taxes in certain countries in which it invests. Capital gains realised when disposing of Indian securities held by a sub-fund are subject to capital gains tax in India, which is disclosed in the “Statement of operations and changes in net assets” under the heading “Taxes”. The tax is computed on net realised gains, and net realised losses in excess of gains at the end of the financial year in India may, under certain conditions, be carried forward for up to 8 subsequent financial years to offset against future gains. In this respect, short term capital losses (i.e. when shares are held for less than 12 months) can be offset either against long term or short term capital gains whereas long term capital losses may only be offset against long term capital gains. Indian tax law imposes a tax of 15% (plus additional surcharge and health and education cess) on net realised gains from Indian securities sold within one year from the date of purchase and a tax of 10% (plus additional surcharge and health and education cess) if the Indian securities are sold more than 12 months after the acquisition. This tax of 10% on long term capital gains realised on Indian securities has been introduced with effect from 1 April 2018.

If applicable, daily provisions are booked in the accounts of the sub-fund India Equity and are presented in the caption “Other liabilities” of the Statement of net assets.

Note 8 - Dividends

For the “MD - Distribution” share classes, which pay monthly dividends, the following dividends were paid:

- Payment dates

Month	Record Date ⁽¹⁾	NAV ex-Dividend Date ⁽²⁾	Payment Date ⁽³⁾
December	29	2 January 2024	5 January 2024
January	31	1 February 2024	6 February 2024
February	29	1 March 2024	6 March 2024
March	28	2 April 2024	5 April 2024 ⁽⁴⁾
April	30	2 May 2024	7 May 2024
May	31	3 June 2024	6 June 2024

⁽¹⁾ If for a particular reason the valuation was not possible on the day in question, the Record Date would be put off to the preceding valuation date.

⁽²⁾ Dates are based on a valuation simulation. Consequently, dates may change depending on the composition of the portfolio at this date. If for a particular reason, the day in question the valuation was not possible, the ex-date would be put off to the valuation day possible immediately afterwards, and the payment date will be put off 3 bank business days in Luxembourg after the new ex-dividend date. If for a particular reason, the settlement on the new payment date is not possible (e.g. bank holiday on a specific currency or country), settlement will be made the 1st business day after or any other day communicated by the local agent.

⁽³⁾ If this day is not a bank business day in Luxembourg, the payment date will be the next following bank business day. If for a particular reason, the settlement is not possible (e.g. bank holiday on a specific currency or country), settlement will be made the 1st business day after or any other day communicated by the local agent.

⁽⁴⁾ 8 April 2024 for the share classes “Classic CNH MD - Distribution”, “Classic H CNH MD - Distribution”, “Classic RH CNH MD - Distribution” and “U2 RH CNH MD - Distribution”.

For the “U16 EUR QD - Distribution”, “U16 GBP QD - Distribution”, “U16 QD - Distribution” and “XH AUD QD - Distribution” share classes, which pay quarterly dividends, the following dividends were paid:

- Payment dates

Month	Record Date ⁽¹⁾	NAV ex-Dividend Date ⁽²⁾	Payment Date ⁽³⁾
December	29	2 January 2024	5 January 2024
March	28	2 April 2024	5 April 2024

⁽¹⁾ If for a particular reason the valuation was not possible on the day in question, the Record Date would be put off to the preceding valuation date.

⁽²⁾ Dates are based on a valuation simulation. Consequently, dates may change depending on the composition of the portfolio at this date. If for a particular reason, the day in question the valuation was not possible, the ex-date would be put off to the valuation day possible immediately afterwards, and the payment date will be put off 3 bank business days in Luxembourg after the new ex-dividend date. If for a particular reason, the settlement on the new payment date is not possible (e.g. bank holiday on a specific currency or country), settlement will be made the 1st business day after or any other day communicated by the local agent.

BNP PARIBAS FUNDS

Notes to the financial statements at 30/06/2024

⁽³⁾ If this day is not a bank business day in Luxembourg, the payment date will be the next following bank business day. If for a particular reason, the settlement is not possible (e.g. bank holiday on a specific currency or country), settlement will be made the 1st business day after or any other day communicated by the local agent.

The yearly dividends were paid on 2 May 2024 for shares outstanding on 18 April 2024 with ex-date 19 April 2024.

BNP PARIBAS FUNDS

Notes to the financial statements at 30/06/2024

Note 9 - Share currencies

The net asset value per share is priced in the currency of the share class and not in the currency of the sub-fund in the section "Key figures relating to the last 3 years".

Note 10 - Exchange rates

The exchange rates used for consolidation and for the conversion of share classes denominated in a currency other than the reference currency of the relevant sub-fund as at 30 June 2024 were the following:

EUR 1 =	AUD 1.60480
EUR 1 =	BRL 5.95295
EUR 1 =	CAD 1.46655
EUR 1 =	CHF 0.96305
EUR 1 =	CNH 7.82465
EUR 1 =	CZK 25.04550
EUR 1 =	GBP 0.84785
EUR 1 =	HKD 8.36760
EUR 1 =	HUF 394.9250
EUR 1 =	JPY 172.40170
EUR 1 =	NOK 11.41150
EUR 1 =	PLN 4.30850
EUR 1 =	SEK 11.350
EUR 1 =	SGD 1.45250
EUR 1 =	USD 1.07175
EUR 1 =	ZAR 19.57015

Note 11 - Futures contracts

As at 30 June 2024, the following positions were outstanding:

Note 13 - Swaps

Credit Default Swaps

The Company has entered into credit default swaps agreements whereby it exchanges fixed income for income linked to changes in credit events, whether with respect to an index or a bond (see details in the tables below), and vice versa. These amounts are calculated and recognised at each calculation of the Net Asset Value; the amount of the unrealised capital gain is stated under "Net Unrealised gain on financial instruments" in the Statement of net assets, and the amount of net unrealised capital loss is given under "Net Unrealised loss on financial instruments" in the Statement of net assets.

Interest Rate Swaps

The Company has entered into interest rate swaps agreements whereby it exchanges fixed income (sum of the notional amount and the fixed rate) for variable income (sum of the notional amount and the floating rate) and vice versa. These amounts are calculated and recognised at each calculation of the Net Asset Value; the receivable amount is stated under "Other assets" in the Statement of net assets, while the payable amount is given under "Other liabilities" in the Statement of net assets.

Inflation Swaps

The Fund has concluded "Inflation Swaps" which are contracts offering the difference between an inflation level, applied on a given nominal amount agreed at the contract inception, and a fixed interest rate applied on the same nominal amount. These amounts are calculated and booked for every time the NAV is calculated; the receivable amount is stated under "Other assets" in the Statement of net assets, while the payable amount is given under "Other liabilities" in the Statement of net assets.

Total Return Swaps

A Total Return Swap (TRS) is an agreement to exchange the total performance of a bond or other underlying asset (share, index, etc.) for a benchmark rate plus a spread. The total performance includes the interest coupons, dividends and profits and losses on the underlying asset over the life of the agreement, depending on the type of underlying concerned. The risk in this type of agreement is linked to the fact that the benefit for each counterparty will depend on how the underlying asset performs over time, which is unknown at the time at which the agreement is entered into.

Note 14 - Contracts for Difference (CFD)

Contracts for Difference (CFDs) are over-the-counter financial contracts used to gain exposure to fluctuations (positive or negative depending on the direction of the transaction) in financial instruments, baskets of financial instruments or indices without having to own or borrow the underlying financial instruments.

Net unrealised gain/(loss) at 0 are due to CFD Resets which are taking place on a monthly basis. On each reset day, the outstanding positions are closed and reopened at the new reset price (being the close price of the underlying on reset day).

As at 30 June 2024, the following positions were outstanding:

Note 17 - Related party transactions

The related parties may, in their capacity as portfolio managers, also conduct transactions or invest in currencies or other financial products for the account of each sub-fund for which the related parties act as broker or for their own account or as counterparty for their clients, including in the case in which the related parties or their clients have the option of conducting transactions for their own account at the same time as for the account of each sub-fund.

When handling purchases and sales of securities for each sub-fund, the related parties may also have acted as counterparty at the best market conditions.

The Company considers that the commissions, increases and reductions invoiced by the related parties are competitive, although it is in the related parties' interests to receive favorable commission rates, for each sub-fund.

Notes to the financial statements at 30/06/2024

Note 18 - Change in the composition of the securities portfolio

The list of changes to the composition of the securities portfolio during the period is available free of charge at the Management Company's registered office and from local agents.

Note 20 - Transaction fees

Transaction fees incurred by the Company relating to purchase or sale of transferable securities, money market instruments, derivatives or other eligible assets are mainly composed of standard fees, sundry fees on transaction, stamp fees, brokerage fees, custody fees, VAT, stock exchange fees, RTO fees (Reception and Transmission of Orders).

In line with bond market practice, a bid-offer spread is applied when buying or selling securities and other financial instruments. Consequently, in any given transaction, there will be a difference between the purchase and sale prices quoted by the broker, which represents the broker's remuneration.

The bid-offer spread is not included in the caption transaction fees of the statement of operations and of changes in net assets.

Note 21 - Tax reclaims as part of the Aberdeen/Fokus Bank Project

In several European Union member states, community law grants undertakings for collective investments (UCIs) the right to file claims with a view to recovering taxes they have been unjustly forced to pay. When one member state imposes a greater tax burden on a foreign UCI than on a resident UCI, this constitutes discrimination under community law.

This principle was confirmed by the ruling of the Court of Justice of the European Union (CJEU) in the "Aberdeen" case (18 June 2009). This ruling acknowledges that a non-resident UCI can be subject to discriminatory taxation, which constitutes an obstacle to freedom of establishment and/or the free movement of capital. Other CJEU rulings have subsequently confirmed this jurisprudence. Key examples are the rulings in the Santander (10 May 2010) and Emerging Markets (10 April 2014) cases regarding French and Polish tax legislation, respectively.

In light of this jurisprudence and in order to safeguard the right of UCIs to receive tax rebates, the Management Company has decided to file claims with the tax authorities in several member states whose discriminatory legislation fails to comply with community law. Preliminary studies will be carried out to determine whether or not the claims are viable, i.e. for which funds, in which member states and over what period of time it is necessary to request a rebate.

To date, there is no European legislation establishing a uniform framework for this type of claim. As a result, the time taken to receive a rebate and the complexity of the procedure vary depending on the member state in question. This means that it is necessary to constantly monitor developments in this regard.

Due to the uncertainty of the recoverability of the amounts, no accrual is recorded and it is booked under the caption "Income on investments and assets, net" when received.

Notes to the financial statements at 30/06/2024

Note 22 - Money Market Funds

On 14 June 2017, The European Parliament and The Council of the European Union released the Regulation 2017/1131 on money market funds (the "MMF Regulation") with effect as of 20 July 2018.

As at 30 June 2024, the following sub-funds of the Company are qualified as short-term variable asset value money market funds and are in the scope of the article 16.4 of the MMF Regulation, but invest less than 10% of their assets in other money market funds:

- Euro Money Market
- USD Money Market

Note 23 - Recovery of Belgian tax collected in Belgium

The Management Company has introduced recovery requests to Belgian tax authorities so as to safeguard SICAV rights, and so the interest of the shareholders, to benefit from a refund of Belgian tax levied. A potential tax refund is contingent upon the end of court and trial legal proceedings.

Due to the uncertainty of the recoverability of the amounts, no accrual is recorded and it is booked under the caption "Income on investments and assets, net" when received.

Note 24 - Regulation on transparency of Securities Financing Transactions and Reuse of collateral (SFTR)

1. Total Return Swaps

This collateral applies to all OTC activity of the Company and attributed to Total Return Swaps agreements.

Seasons

Counterparty name	Type	Sub-fund Currency	Market Value (absolute value)	Maturity	Safekeeping of collateral received	Safekeeping of collateral granted	Reinvestment
J.P. MORGAN AG	Cash	EUR	39 770 000	Less than one day	N/A	Pooled	N/A
Total (absolute value)		EUR	39 770 000				

Data on cost and return

There are no fee sharing arrangements on Total Return Swaps and 100% of the costs/returns generated are recognised in Company's primary statements.

Note 25 - Eligibility for the "Plan Epargne en Actions" (PEA)

Owing to their eligibility for French share savings schemes (PEA), the sub-funds of the Company listed below permanently invest at least 75% of their net assets in shares and rights that are eligible for the PEA and are issued by companies established in France, another Member State of the European Union or in Iceland or Norway and which are subject to corporation tax or an equivalent regime.

- Euro Defensive Equity
- Euro Equity
- Nordic Small Cap
- Seasons
- Sustainable Euro Low Vol Equity
- Sustainable Euro Multi-Factor Equity
- Sustainable Europe Value

Notes to the financial statements at 30/06/2024

Note 26 - Significant events

Since 24 February 2022, the Board of Directors has been very attentive to the consequences of the conflict between Russia and Ukraine and its impact on the energy shortage and food supplies in Europe. The Board of Directors closely monitors developments in terms of geopolitical events and their impact on global outlook, market and financial risks in order to take all necessary measures in the interest of shareholders.

As at 1 March 2024, the Company BNP PARIBAS ASSET MANAGEMENT France was renamed BNP PARIBAS ASSET MANAGEMENT Europe. As a result, BNP PARIBAS ASSET MANAGEMENT France, Belgian Branch became BNP PARIBAS ASSET MANAGEMENT Europe, Belgian Branch and BNP PARIBAS ASSET MANAGEMENT France, Netherlands Branch became BNP PARIBAS ASSET MANAGEMENT Europe, Netherlands Branch.

Note 27 - Subsequent event

For the “MD - Distribution” and “QD -Distribution” share classes which pay monthly and quarterly dividends, the following dividend will be paid after the closing date:

Month	Record date	NAV ex-Dividend date	Payment Date
June	28 June 2024	1 July 2024	4 July 2024*

* Payment date is 5 July 2024 for the share classes Share “B MD - Distribution”, Share “B USD MD - Distribution”, Share “BH USD MD - Distribution”, Share “Classic H USD MD - Distribution”, Share “Classic MD - Distribution”**, Share “Classic RH USD MD - Distribution”, Share “Classic USD MD - Distribution”, Share “Privilege RH USD MD - Distribution”, Share “U16 EUR QD - Distribution”, Share “U16 GBP QD - Distribution”, Share “U16 QD - Distribution” and Share “U2 USD MD - Distribution”.

** Only if the sub-fund currency is USD.
