The prospectus, Key Investor Information Document or other offering documents ("Offering Documents") contain this and other information about the Fund. To obtain the Offering Documents, please contact Matthews International Capital Management, LLC or your financial professional. Please read the Offering Documents carefully before investing. Fees and expenses vary among Funds and share classes.

This material does not constitute or contain an offer, solicitation, recommendation or investment advice with respect to the purchase of the Funds described herein or any security. Investments in Asian securities may involve risks such as social and political instability, market illiquidity, exchange-rate fluctuations, a high level of volatility and limited regulation. As with any fund, possible loss of principal is risk of investing. Focused funds may invest a larger portion of their assets in the securities of a single issuer compared to a more diversified fund. Focusing investments in a small number of companies may subject the Fund to greater share price volatility and therefore a greater risk of loss because a single security's increase or decrease in value may have a greater impact on the Fund's value and total return.
