Fund Portrait

- JSS Equity US Large Cap (the "fund") aims to achieve long-term asset growth via investments in US equities.
- Direct or indirect investments are primarily made in equity securities of large cap firms that are domiciled or whose business activities are concentrated in the United States of America.
- "Large cap" firms are companies that, at the time of purchase, have a market capitalisation which is at least equivalent to that of the company with the smallest market capitalisation listed in the Russell 1000[®] index.

JSS Equity - US Large Cap P USD dist

Legal notices - Edition United Kingdom: JSS Investmentfonds II SICAV is a UCITS organised as an open-ended investment company (société d'investissement à capital variable - "SICAV") under the law of Luxembourg, and is regulated by the Commission de Surveillance du Secteur Financier ("CSSF"). This fund is a sub-fund of JSS Investmentfonds II SICAV. It has been authorised for public marketing in the United Kingdom by the Financial Conduct Authority (FCA). Past performance may not be a reliable guide to future performance. The performance shown does not take account of any commissions and costs charged when subscribing and redeeming units. The value of investments and the income from them can go down as well as up and you may not get back the amount you originally invested. This can be as a result of market movements. Changes in exchange rates may also have an adverse effect on the value price or income of the product. Income may fluctuate in accordance with market conditions and taxation arrangements. There is no minimum investment period, though we would recommend that you view your investment as a medium to long term one (ie 5 to 10 years). The fund is subject to an initial charge of 5%. The issuer of this factsheet is not in a position to provide details on any one-off and/or recurring commission paid to or received by the bank and/or the fund's broker in connection with this product. Source of performance figures: J. Safra Sarasin Investmentfonds Ltd, Datastream & SIX. Performance was calculated on the basis of net asset values (NAV) and gross dividends reinvested. When calculating performance, all the costs charged to the fund were included to give the net performance. The performance shown does not take account of any commissions and costs charged at the investor level when subscribing and redeeming units. Additional commissions, costs and taxes charged at the investor level have a negative impact on performance. The statements in this document neither constitute an offer nor an invitation to buy shares of the fund. All details are provided for marketing and information purposes only and should not be misinterpreted as investment advice. The latest prospectus, the key investor information document ("KIID"), the articles of incorporation as well as the annual and semi-annual reports are available free of charge from Sarasin & Partners LLP, Juxon House, 100 St. Paul's Churchyard, GB-London EC4M 8BU, Telephone +44 (0)20 7038 7000, Telefax +44 (0)20 7038 6850. For your protection, telephone calls may be recorded. The latest available prospectus as well as the KIID should be consulted before considering any investment. All opinions and estimates constitute best judgement at the time of publication and are subject to change without notice. Due to the information in this document coming partially from third party sources, the accuracy, completeness or correctness of the information contained in this publication cannot be guaranteed. Persons domiciled in the USA or US nationals are not permitted to hold shares in JSS Investmentfonds II SICAV, and shares in JSS Investmentfonds II SICAV may not be publicly sold, offered or issued to anyone residing in the USA or to US nationals. This publication is intended only for investors in the United Kingdom. Past performance is not a reliable guide to future performance. As a result of market movements the value of your investment may go down as well as up. The return upon the investment will therefore necessarily be variable. Consequently, there is no guarantee that investors will get back the full amount of their invested capital upon redemption. Investments in foreign currencies may run a currency risk, as the return in the investor's reference currency may be smaller or greater as a result of currency fluctuations. Changes in exchange rates may therefore have an adverse effect on the value price or income of the product. Income may fluctuate in accordance with market conditions and taxation arrangements.
