KEY INVESTOR INFORMATION

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

OBJECTIVES AND INVESTMENT POLICY

Investment objective: The objective is to seek performance via exposure to equity markets from the European Union for at least 50%, through a selection of stocks chosen on a discretionary basis from an investment scope comparable to the benchmark index.

Benchmark index: MSCI Europe (NR), net dividends reinvested

Investment policy: The choice of strategy is entirely discretionary and dependent on the expectations of the Investment Manager. The Sub-Fund implements an active stock-picking management strategy.

At least 75% of the Sub-Fund's portfolio is permanently invested in and/or exposed to large-cap equities (over €2.5 billion) and other assimilated securities traded on regulated markets in the European Union.

The Sub-Fund may also invest up to 25% of its net assets in European stocks from outside the EU, notably member countries of the European Free Trade Association (EFTA), European Economic Area member countries and European countries that are candidates for membership in the European Union. (Switzerland, Norway, etc.). These stocks will be large-cap for at least 80%.

The sub-fund is eligible for the French equity savings plan (PEA) meaning that a minimum of 75% of the portfolio is permanently invested in securities or rights eligible for the PEA.

Between 75% and 110% of the Sub-Fund's net assets will be exposed to equities from countries of the European Union, directly and/or indirectly via UCI and/or through the use of financial contracts.

For cash management purposes, the Sub-Fund may invest up to 25% of its net assets in fixed or variable rate debt securities or government or corporate bonds issued in euro.

These securities are rated Investment Grade at the time of purchase (i.e. with a credit rating higher than or equal to BBB- according to Standard and Poor's, or an equivalent rating attributed by another independent agency, or a deemed equivalent internal rating attributed by the Investment Manager for non-rated securities), with a short-term maturity of less than three months, or convertible bonds. The Sub-Fund will not invest in embedded derivatives. However, the Sub-Fund may temporarily hold stock purchase warrants, following a corporate action.

The Sub-Fund may invest in OTC Derivatives or financial contracts traded on a Regulated Market or Other Regulated Market in particular, the Investment Manager may use: forward currency contracts (forward or future exchange) or currency swaps, futures or options contracts, traded on organised or regulated markets, options contracts on equities traded in organised or regulated markets, up to a limit of 25% of the net assets, to reduce equity volatility.

Moreover, up to the limit of 10% of the net assets, the Sub-Fund may invest in units or shares of UCIs.

Recommended holding period of more than 5 years

Frequency of share buying or selling: Every Luxembourg and France bank business day except for Good Friday, 24 December (Christmas Eve) and the days on which the French markets are closed (official calendar of Euronext Paris S.A.) for orders received by the transfer agent on each NAV calculation day before 12:30 p.m. and processed on the basis of that day's net asset value.

RISK AND REWARD PROFILE

Lower risk, Higher risk,
potentially lower return potentially higher return

1	2	3	4	5	6	7
---	---	---	---	---	---	---

The definition of the risk and reward category is based on the historical performance data and/or the risk limit indicated in the Sub-Fund's investment policy.

It may not be a reliable indication of the future risk profile of the Sub-Fund. The risk and reward category shown may change over time. Category 1 does not mean that an investment is risk-free.

This Sub-Fund is rated in category 6, in line with the type of securities and geographic regions detailed under the heading "Objectives and investment policy", as well as the currency of the unit.

Significant risks not taken into account in this indicator:

Credit Risk: When a significant level of investment is made in debt securities.

Liquidity Risk: The markets for some securities and instruments may have limited liquidity. This limited liquidity could be a disadvantage to the Sub-Fund, both in the realisation of the prices quoted and in the execution of orders at desired prices.

Impact of techniques such as derivative contracts: The use of derivatives instruments can infer a decrease of the asset more significant than the decrease of the invested underlying assets or markets.

Counterparty risk: where a fund is backed by collateral or has significant investment exposure through contracts with a third party.

Operational risk: The Sub-Fund may suffer losses due to the failure of operational processes, including those related to the safekeeping of assets.

The occurrence of any of these risks may negatively impact the net asset value.
