

## GLOBAL SUSTAINABLE CONVERTIBLES (the "Sub-Fund"), a Sub-Fund of EDMOND DE ROTHSCHILD FUND (the "Fund")

Share Class K EUR (the "Class") - LU1160369242

Management Company : Edmond de Rothschild Asset Management (Luxembourg)

### Objectives and Investment Policy

**Investment objective:** The Sub-Fund's investment objective is to outperform its benchmark over the recommended investment period by investing in a portfolio of international Convertible Bonds, Exchangeable Bonds and other similar securities issued by companies that seek to combine financial profitability and the implementation of a sustainable development policy.

**Benchmark index:** Refinitiv Global Focus Investment Grade Hedged Convertible Bond Index (EUR)

The Sub-Fund is actively managed and is not designed to track the Index. Therefore, the composition of the portfolio holdings is not constrained by the composition of the Index and the deviation of portfolio holdings from the Index may be significant.

**Investment policy:** The Sub-Fund aims at selecting companies with robust financial fundamentals which have also adopted a sustainable development approach with a focus on a good management of environmental, social and governance (ESG) risks and opportunities. The Sub-Fund's investment process entails, to this aim, a proprietary responsible investing approach which favours ESG top ranked issuing companies irrespective of their sectors, capitalizations or financial ratings and based on either a proprietary ESG rating or provided by an external extra-financial rating agency.

The Sub-Fund will invest in an actively managed portfolio of Convertible Bonds, bonds exchangeable for international securities, and other similar securities.

At least 60% of the Sub-Fund's net assets is permanently invested in and/or exposed to Convertible Bonds and Exchangeable Bonds on international markets. Until 07 September 2020, the Sub-Fund will use replication strategies for Convertible Bonds using a combination of options and bonds. As of 08 September 2020, the Sub-Fund may use replication strategies for Convertibles Bonds using a combination of options and bonds. The Sub-Fund's target equity sensitivity may vary between 0% and 45%.

The Sub-Fund may invest in equities, mandatory and preferred Convertible Bonds up to 10% of its net assets, with no constraints as regards to capitalisation or geographical area. Up to 35% of the Sub-Fund's net assets may comprise issues rated as "non-investment grade" at the time of purchase (i.e. "speculative" securities for which the risk of issuer default is higher and which have a rating strictly below BBB- according to Standard & Poor's, or an equivalent rating assigned by another independent agency, or a deemed equivalent internal rating attributed by the Investment Manager for non-rated securities). Up to 20% of the Sub-Fund's net assets may be invested in Contingent Convertible Bonds. The Sub-Fund's exposure to Emerging Markets may represent up to 40% of the Sub-Fund's net assets. For cash management purposes, the Sub-Fund may invest up to 25% of its net assets in transferable debt securities, Money Market Instruments and Money Market Funds.

The Sub-Fund will seek issues from public or private issuers that are rated Investment Grade at the time of purchase (i.e. which rating are higher than or equal to BBB- according to Standard & Poor's, or an equivalent rating attributed by another independent agency, or a deemed equivalent rating attributed by the Investment Manager for non-rated securities) with a short-term maturity of less than three months.

The Sub-Fund may use financial derivative instruments to achieve its investment objective. Such instruments may also be used for the purpose of hedging. These instruments may include, but are not limited to:

Currency deliverable and non-deliverable forward contracts, swaps, currency futures or options; futures, options and future options contracts to hedge equity market risk or interest rate risks, or to increase exposure to interest rates or equities markets equity options on single stocks; volatility derivatives futures, options, future options on volatility indices; Index and single name credit default swaps and Total Return Swaps as from 08 September 2020.

The Sub-Fund will enter into TRS and SFT (repurchase transactions only). The Sub-Fund will enter into TRS as from 08 September 2020 and SFT (repurchase transactions only) for such percentage of its net assets.

Currency exposure resulting from investment in securities denominated in other currencies than euro will systematically be hedged. Nevertheless, residual currency risk may remain. The Sub-Fund's Modified Duration range for interest rate products will remain between 0 and 8. In order to meet its investment objective and gain exposure to international equity or interest rate markets, the Sub-Fund may invest in financial instruments which contain an embedded derivative. In particular, the Sub-Fund may invest in Synthetic Bonds, EMTNs (Euro Medium Term Notes), index-linked bonds, warrants and certificates. All of these transactions will be performed so that the Sub-Fund's overall risk remains limited to the Sub-Fund's net asset value. Up to the limit of 10% of its net assets, the Sub-Fund may invest in units or shares of UCITS or other Investment Funds.

**Recommended holding period of more than 3 years**

**Frequency of share buying or selling:** Every Luxembourg, United States and France bank business day except for Good Friday, 24 December (Christmas Eve) and the days on which the French markets are closed (official calendar of Euronext Paris S.A.) and the US markets are closed (official calendar of NYSE) for orders received by the transfer agent on each NAV calculation day before 12:30 p.m. and processed on the basis of that day's net asset value.

**Income allocation:** Accumulation

### Risk and Reward Profile

1	2	3	4	5	6	7
---	---	---	---	---	---	---

The definition of the risk and reward category is based on the historical performance data and/or the risk limit indicated in the Sub-Fund's investment policy. It may not be a reliable indication of the future risk profile of the Sub-Fund. The risk and reward category shown may change over time. Category 1 does not mean that an investment is risk-free. Investors should note that the Sub-Fund is not guaranteed or capital protected.

This Sub-Fund is rated in category 4, in line with the type of securities and geographic regions detailed under the heading "Objectives and investment policy", as well as the currency of the unit.

#### Significant risks not taken into account in this indicator:

**Credit risk :** When a significant level of investment is made in debt securities.

**Liquidity risk :** The markets for some securities and instruments may have limited liquidity. This limited liquidity could be a disadvantage to the Sub-Fund, both in the realisation of the prices quoted and the execution of orders at desired prices.

**Impact of techniques such as derivative contracts :** The use of derivatives instruments can infer a decrease of the asset more significant than the decrease of the invested underlying assets or markets.

**Counterparty risk :** Where a Fund is backed by collateral or has significant investment exposure through contracts with a third party.

**Operational risk :** The Sub-Fund may suffer losses due to the failure of operational processes, including those related to the safekeeping of assets.

The occurrence of any of these risks may negatively impact the net asset value.
