# GAM Star (Lux)

---

## Investment Objectives and Policy

The investment objective and policy of each sub-fund is set out below.

### GAM Star (Lux) – Absolute Return US Equity

The investment objective of the sub-fund is to achieve a positive long-term return in both rising and falling financial markets. To this end, the sub-fund invests – mainly by using financial derivative instruments (FDIs) – in equities or equity-related securities of companies having their registered office or the major part of their business activities in the United States of America, and in U.S. share indices. The gross exposure to such equities or to equity related securities or share indices shall amount to at least 51% of the assets of the sub-fund. The base currency of the sub-fund is US dollar.

### GAM Star (Lux) – Convertible Alpha

The aim of this sub-fund is to generate a return, irrespective of the market trends, with a reduction of risk in the event of a downturn and the possibility of a lower return, in the event of an upturn. The total assets of the sub-fund are composed by equity securities and bonds/convertible bonds. The base currency of the sub-fund is the Euro.

### GAM Star (Lux) – Emerging Alpha

The aim of this sub-fund is to generate a return, irrespective of the market trends, with a reduction of risk in the event of a downturn and the possibility of a lower return, in the event of an upturn. For that purpose, the sub-fund will be invested in equities, equity-linked instruments and bonds/convertible bonds as well as financial derivatives through long positions: (i) of issuers domiciled in emerging countries, or (ii) of issuers of any country where the underlying is economically linked directly or indirectly to an issuer domiciled in an emerging country, or (iii) of issues denominated in the currencies of emerging countries or exposed economically to emerging-country currencies, or (iv) of issues linked to “emerging-country risks”, and/or secondarily (v) of worldwide issuers. The base currency of the sub-fund is US dollar.

### GAM Star (Lux) – European Alpha

The aim of the sub-fund is to generate a return, irrespective of the market trends, with a reduction of risk in the event of a downturn and the possibility of a lower return, in the event of an upturn. The total assets of the sub-fund are composed of equities, and bonds/convertible bonds as well as financial derivatives through long positions issued mainly by European issuers, and secondarily by worldwide issuers. Depending on market trends, portfolio of this sub-fund may be fully invested in either equities or bonds/convertible bonds. The base currency of the sub-fund is the Euro.

### GAM Star (Lux) – European Momentum

The investment objective of the sub-fund is that the total assets of the sub-fund are invested in securities such as transferable equity securities and rights evidencing ownership of equity, convertible bonds and warrants. A minimum of two thirds of the total assets should be composed of securities issued by issuers that have their registered office or carry on their main activities or have main participations in companies with their registered office in Member Countries of the EU. The base currency of the sub-fund is the Euro.

### GAM Star (Lux) – Financials Alpha

The aim of the sub-fund is to generate a return, irrespective of the market trends, with a reduction of risk in the event of a downturn and the possibility of a lower return, in the event of an upturn. For that purpose, the sub-fund will be invested, with no specific limitation in terms of geographical sector, in equities, equity-linked instruments and bonds/convertible bonds issued by financial entities mainly linked but not limited to the following sectors: banking, insurance, wealth management, real estate, consumer finance (i.e. credit cards), investment banking. Depending on market trends, the sub-fund's assets may be fully invested in one single of the above listed asset categories. The base currency of the sub-fund is US dollar.

The accompanying notes form an integral part of these financial statements.

## Notes to the Semi-Annual Report

### 1. General Information

GAM Star (Lux) (the "Company") is an investment company organised as a société anonyme under the laws of the Grand Duchy of Luxembourg and qualifies as a "Société d'Investissement à Capital Variable" (SICAV).

The Company is registered under part I of the Luxembourg Law of 17 December 2010, as amended, on Undertakings for Collective Investment in Transferable Securities (UCITS) (the "2010 Law"). It is registered with the Register of Commerce of Luxembourg under number B35181.

The Company is an umbrella company composed of a number of sub-funds, each containing separate assets and liabilities and each having a distinct investment policy. The assets of a sub-fund are exclusively available to satisfy the rights of shareholders in relation to that sub-fund and the rights of creditors whose claims have arisen in connection with the creation, operation or liquidation of that sub-fund. Each sub-fund may offer different Classes of Shares.

The management company is GAM (Luxembourg) S.A. (the "Management Company"). The Management Company was incorporated on 14 November 2001 as a "Société Anonyme" under the laws of the Grand Duchy of Luxembourg and was approved as management company regulated by Chapter 15 of the 2010 law.

As at 30 June 2016, the following sub-funds were offered to investors:

| Sub-fund Name                              | Functional Currency |
|--|---------------------|
| GAM Star (Lux) – Absolute Return US Equity | US dollar           |
| GAM Star (Lux) – Convertible Alpha         | Euro                |
| GAM Star (Lux) – Emerging Alpha            | US dollar           |
| GAM Star (Lux) – European Alpha            | Euro                |
| GAM Star (Lux) – European Momentum         | Euro                |
| GAM Star (Lux) – Financials Alpha          | US dollar           |

The investment policies of each sub-fund are fully described in the prospectus. The prospectus is available free of charge, upon request, at the principal and registered office of the SICAV or at the representation agent's office in Switzerland.

### 2. Accounting policies

The Semi-Annual Report is prepared in accordance with Luxembourg legal and regulatory requirements relating to investment funds. The Semi-Annual Report was prepared in Swiss Franc (CHF) accordance with the Luxembourg regulations relating to undertakings for collective investment and in particular using the following valuation rules:

#### (a) Valuation of investment securities

Securities which are not listed or traded on a stock exchange or on any other regulated, regularly operating, recognised market which is open to the public, are valued on the basis of the likely realisation value estimated conservatively and in good faith.

Shares or units in underlying open-ended investment funds either listed or not, shall be valued at their last known Net Asset Value on the Valuation Day.

Any security or financial derivative instrument traded on an official stock exchange or on any other regulated, regularly operating, recognised market which is open to the public is valued by taking the latest known price in Luxembourg on the valuation date, and, where the security or financial derivative instrument is traded on several different markets, by taking the security's or financial derivative instrument's latest known price on its main market. If the latest price is unrepresentative, the valuation is based on the likely realisation value conservatively estimated by the Board of Directors in good faith.

#### Valuation of other assets

Cash in hand or on deposit, bills and notes payable at sight and accounts receivable, prepaid expenses, and dividends and interest already declared or fallen due, but not yet received, are valued on the basis of the nominal value of these assets, except when it seems unlikely that this amount will be received. In those instances, the value is determined by deducting whatever amount the Company considers sufficient to reflect the fair value of these assets.

The books and records of each sub-fund are denominated in the reference currency of the corresponding sub-fund.

The acquisition cost of securities expressed in a currency other than the reference currency of the respective sub-funds is translated at the exchange rates prevailing on the date of purchase.

Income and expenses expressed in currencies other than the reference currency of the respective sub-funds are converted at exchange rates ruling at the transaction date.

Assets and liabilities expressed in currencies other than the reference currency of the respective sub-funds are converted at exchange rates prevailing at the period end.

#### (b) Net realised profit/loss on sale of investments

Realised profits or losses made on the sales of investments are calculated according to the FIFO method.

## Notes to the Semi-Annual Report (continued)

### (c) Forward foreign exchange contracts

Forward foreign exchange contracts are valued at forward foreign exchange rate for the remaining period to run until maturity at the date of valuation.

Unrealised profits and losses are recorded in the Statement of Net Assets and their variations recorded in the Statement of Operations and Changes in Net Assets under the heading "Change in unrealised appreciation/depreciation on forward foreign exchange contracts".

### (d) Futures contracts

Commitments related to futures contracts are recorded off balance sheet and future contracts are valued according to the last available contract price. Unrealised profits and losses on futures contracts are recorded in the Statement of Net Assets and their variations recorded in the Statement of Operations and Changes in Net Assets under the heading "Change in unrealised appreciation/depreciation on futures contracts". Guarantee deposits are booked under the heading "Amounts due from brokers" and "Amounts due to brokers". Realised profits and losses on futures contracts are recorded in the Statement of Operations and Changes in Net Assets under the heading "Net realised profit/loss on futures contracts".

### (e) Swap contracts

Swaps are, in general, contracts by which two parties commit themselves during a given period to exchange two flows, one in exchange for the other, determined on the basis of a nominal value. The flows may be linked to the interest rate(s), exchange rate(s), share index(es) or credit event(s).

Swap contracts are valued using the difference between the values of forecasted flows the counterparty is to pay to the sub-fund and those owed by the sub-fund to its counterparties.

Unrealised profits and losses on swap contracts are recorded in the Statement of Net Assets and their variations recorded in the Statement of Operations and Changes in Net Assets under the heading "Change in unrealised appreciation/depreciation on swap contracts".

Swap contracts are presented at clean price except credit default swap contracts which are presented at dirty price.

### (f) Option contracts

Options quoted on an official stock exchange or on another regulated market are valued according to the last known market price or, if there are several markets, according to the last known price of the principal market.

Options not quoted on an official stock exchange or on another regulated market are valued at their last known market value or, in the absence of a market value, according to their probable market value in the reasonable estimation of the Board of Directors of the Management Company.

Premiums received on written option contracts are recorded as liabilities and premiums paid on purchased option contracts are recorded as assets. Unrealised gains and losses are recorded in the Statement of Net Assets and their variations in the Statement of Operations and Changes in Net Assets under the heading "Change in unrealised appreciation/depreciation on option contracts".

### (g) Contracts for difference

Contracts for difference are valued based on the closing market price of the underlying security, less any financing charges attributable to each contract. Upon entering into contracts for difference, the Company may be required to pledge to the broker an amount of cash and/or other assets equal to a certain percentage of the contract amount ("initial margin"). Subsequently, payments known as "variation margin" are made or received by the Company periodically, depending on fluctuations in the value of the underlying security. During the period the contracts are open, changes in the value of contracts are recognised as unrealised gains and losses by marking to market at each valuation point in order to reflect the value of the underlying security. Realised gains or losses upon closure of the contract are equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed. The open contracts for difference are listed in the portfolio statement on the basis of the unrealised gain/(loss) attributable to each contract as at the end of the period. Dividends attributable to open contacts for difference are also included in the value of the unrealised gain/(loss) at the end of the period.

The contracts are subject to daily financing charge and income, usually applied at a previously agreed rate, which is accounted for as interest income for short contracts for difference, and as interest expense for long contacts for difference positions.

### (h) Securities lending

Securities which are being lent are valued according to the last known market price. The securities, including accrued interest, are recorded in the Statement of Net Assets. Any income made by virtue of a share loan contract is redeemed over the course of the contract.

As at 30 June 2016, the Company had no open positions in securities lending.

## Notes to the Semi-Annual Report (continued)

### (i) Aggregated statements of the Company

To calculate the Aggregated Statement of Net Assets and the Aggregated Statement of Operations and Changes in Net Assets, statements of sub-funds in foreign currencies are converted to Swiss Franc (CHF) at the exchange rates as at 30 June 2016. The Aggregated statements correspond to the sum of the statements of each sub-fund.

### (j) Cost of purchase of securities

For securities in currencies other than the base currency of the sub-fund, the purchase price is calculated according to the closing exchange rate on the day of purchase.

### (k) Interest and dividend

All dividends on investments quoted ex dividend up to accounting date are included in the Statements of Operations and Changes in Net Assets. Income is shown gross of any non-recoverable withholding taxes, which are disclosed separately in the Statement of Operations and Changes in Net Assets, and net of attributable tax credits. Bond interest on investment in debt securities is recognised on a daily basis.

Short investments (which are obligations to deliver securities not yet purchased) are accounted for as investments and valued at their fair value price. Dividend expenses in respect of investments sold short are recognised on the date when the relevant security is first listed ex dividend.

Interest earned on cash at banks and broker balances is recognised on a daily basis.

Bank interest expenses relate to a bank overdraft which is repayable on demand.

### (l) Translation of items expressed in foreign currencies

Assets and liabilities in foreign currencies are converted into the base currency of the sub-fund at the closing exchange rate on the final day of the period.

Income and expenses in currencies other than the base currency of the sub-fund are converted into the currency of the sub-fund at the closing exchange rate in force on the day of the transaction.

Any resulting gain or loss made on foreign exchange is included in the Statement of Operations and Changes in Net Assets.

### (m) Net Asset Value per Share

The Net Assets of each sub-fund is equal to the difference between the total assets and the total liabilities of the sub-fund.

The Net Assets per Share is calculated by dividing the net asset value by the number of Shares outstanding on the day of calculation.

### (n) Presentation of the Semi-Annual Report

The Semi-Annual Report is presented on the basis of the last Net Asset Value (NAV) of the financial period. In accordance with the prospectus, the NAVs have been calculated on the basis of the last market price available at the time the calculation was performed.

### (o) Exchange Rates

The main exchange rates for one Swiss Franc as at 30 June 2016 are:

|                   | 30 June 2016<br>CHF |
|-------------------|---------------------|
| Australian dollar | 1.3786              |
| Canadian dollar   | 1.3331              |
| Euro              | 0.9240              |
| Sterling          | 0.7679              |
| US dollar         | 1.0265              |

### (p) Amount due from brokers (Cash Collateral)

The margin cash as at 30 June 2016 was held with the following brokers. Margin cash may not be withdrawn on demand due to restrictions imposed by brokers with whom the cash is deposited:

GAM Star (Lux) – Convertible Alpha: €1,053,301 held with Bank of America Merrill Lynch, and €63,670 held with Morgan Stanley.

GAM Star (Lux) – Emerging Alpha: €3,887,902 held with Bank of America Merrill Lynch, €6,484,607 held with Morgan Stanley, €6,104,937 held with Credit Suisse, and €50,058 held with UBS.

GAM Star (Lux) – European Alpha: US\$611,939 held with Bank of America Merrill Lynch, US\$53,730,303 held with Morgan Stanley, US\$19,415,436 held with Credit Suisse, and US\$3,319,570 held with UBS.

GAM Star (Lux) – Financials Alpha: US\$4,893,385 held with Bank of America Merrill Lynch, US\$3,743,343 held with Morgan Stanley, US\$1,572,613 held with Credit Suisse, and US\$51,655 held with UBS.

### 3. Taxation

Under current law and practice, the Company is not liable to any Luxembourg tax on income or capital gains, nor are dividends (if any) paid by the Fund liable to any Luxembourg withholding tax.

## Notes to the Semi-Annual Report (continued)

### Subscription tax

The Company is however, liable in Luxembourg to a tax d'abonnement of 0.05% per annum of its Net Asset Value, such tax being payable quarterly and calculated on the Net Asset Value of the sub-funds at the end of the relevant quarter.

However, such rate is decreased to 0.01% per annum of their Net Asset Value for classes or sub-funds which are restricted to Institutional Investors as specified in the Prospectus.

The taxe d'abonnement is waived for that part of the Company's assets invested in units or shares of other undertakings for collective investment that have already paid the taxe d'abonnement in accordance with the statutory provisions of Luxembourg law.

No Luxembourg tax is payable on the realised capital appreciation of the assets of the Fund.

Dividends and interest received by the Fund on its investments may be subject to non-recoverable withholdings or other taxes in the countries of origin.

### 4. Other charges and Taxes

Other charges and taxes are divided amongst the various sub-funds in proportion to the Net Asset Value of each sub-fund.

### 5. Management fee

The Management Company, as remuneration for its services, is entitled to receive a management fee calculated according to the Net Asset Value of each sub-fund of the Company. In each sub-fund of the Company, this fee is payable monthly and calculated on the basis of the average Net Asset Value during the relevant month. As at 30 June 2016, the rates currently in force for each active sub-fund ranged from 1.00% to 2.00%.

#### Annual management fee by Share Class

| Sub-fund                                   | C     | D     | I     | V     |
|--|-------|-------|-------|-------|
| GAM Star (Lux) – Absolute Return US Equity | –     | 1.20% | 0.60% | 1.20% |
| GAM Star (Lux) – Convertible Alpha         | 1.50% | 1.50% | 1.00% | 1.50% |
| GAM Star (Lux) – Emerging Alpha            | 2.00% | 2.00% | 1.25% | 2.00% |
| GAM Star (Lux) – European Alpha            | 1.75% | 1.75% | 1.25% | 1.75% |
| GAM Star (Lux) – European Momentum         | 1.75% | 1.75% | 1.00% | 1.75% |
| GAM Star (Lux) – Financials Alpha          | 2.00% | 2.00% | 1.25% | 2.00% |

### 6. Administration fee

The Administrative Agent remuneration for its services, is entitled to receive an administration fee of up to 0.15% calculated according to the Net Asset Value of each sub-fund of the Company. As at 30 June 2016, the rate currently in force for each active sub-fund was 0.15%.

### 7. Custodian fee

State Street Bank Luxembourg S.C.A. as the Depositary Bank will receive a custodian fee of maximum 0.08% per annum, payable quarterly and based on the average net assets of each sub-fund during each quarter. The custodian fee is subject to a minimum fee of to €3,000 per annum per sub-fund.

### 8. Performance fee

Calculation of the Performance fee entails a mechanism that ensures that the fee can only be charged if the cumulative difference since the sub-fund's launch date, calculated by the aforementioned method, has reached a new high ("high watermark" principle). A Performance fee is then due for the difference between the cumulative prior high (before withdrawal of the Performance fee) and the new high.

Payment of the Performance fee, which is calculated for the quarter and accrued daily, is made at the beginning of the following quarter.

Refund of this Performance fee is not envisaged, even if the Net Asset Value falls again after the Performance fee has been debited.

A Performance fee as specified hereafter is paid depending on the performance realised, for the following sub-funds:

#### GAM Star (Lux) – Absolute Return US Equity

The Performance fee amounts to up to 10% of the positive difference between the percentage change in the Net Asset Value per Share of the relevant Class of Shares and the percentage change of the reference hurdle rate (which in this case equals to zero). The Performance fee is calculated on the basis of the number of Shares of the relevant Class of Shares currently outstanding.

#### GAM Star (Lux) – Convertible Alpha

The Performance fee amounts to up to 10% of the positive difference between the percentage change in the Net Asset Value per Share of the relevant Class of Shares and the percentage change of the reference hurdle rate (which in this case equals to zero). The Performance fee is calculated on the basis of the number of Shares of the relevant Class of Shares currently outstanding.

## Notes to the Semi-Annual Report (continued)

### GAM Star (Lux) – Emerging Alpha

The Performance fee amounts to up to 20% of the positive difference between the percentage change in the Net Asset Value per Share of the relevant Class of Shares and the percentage change of the reference hurdle rate (which in this case equals to zero). The Performance fee is calculated on the basis of the number of Shares of the relevant Class of Shares currently outstanding.

### GAM Star (Lux) – European Alpha

The Performance fee amounts to up to 15% of the positive difference between the percentage change in the Net Asset Value per Share of the relevant Class of Shares and the percentage change of the reference hurdle rate (which in this case equals to zero). The Performance fee is calculated on the basis of the number of Shares of the relevant Class of Shares currently outstanding.

### GAM Star (Lux) – European Momentum

The Performance fee amounts to up to 10% of any positive difference between the percentage change in the Net Asset Value per Share of the relevant Class of Shares and the benchmark MSCI Europe TR Index in the appropriate currency. The Performance fee is calculated on the basis of the number of Shares of the relevant Class of Shares currently outstanding. The daily difference in yield between the percentage change in the Net Asset Value per Share of the relevant Class of Shares and the percentage change in the reference benchmark is calculated as follows:

$$(1 + \text{yield of Net Asset Value per Share}) - (1 + \text{yield of reference benchmark}) = \text{yield difference}$$

### GAM Star (Lux) – Financials Alpha

The Performance fee amounts to up to 20% of the positive difference between the percentage change in the Net Asset Value per Share of the relevant Class of Shares and the percentage change of the reference hurdle rate (which in this case equals to zero). The Performance fee is calculated on the basis of the number of Shares of the relevant Class of Shares currently outstanding.

### 9. Distribution fee

The Distributor, as remuneration for its services, is entitled to receive a distribution fee of up to 0.75% calculated according to the Net Asset Value of the V Class Shares of the relevant sub-fund of the Company.

### 10. Transaction costs

For the period ended 30 June 2016, the Company incurred transaction costs (composed of broker fees and stamp duties) relating to purchase or sale of investment securities and/or other eligible assets. The costs recorded by the Company for the period 1 January 2016 until 30 June 2016 amount as follows:

As at 30 June 2016:

| Sub-fund                                   | Transaction costs<br>CHF |
|--|--------------------------|
| GAM Star (Lux) – Absolute Return US Equity | 23,012                   |
| GAM Star (Lux) – Convertible Alpha         | 31,920                   |
| GAM Star (Lux) – Emerging Alpha            | 277,216                  |
| GAM Star (Lux) – European Alpha            | 1,107,514                |
| GAM Star (Lux) – European Momentum         | 265,952                  |
| GAM Star (Lux) – Financials Alpha          | 94,798                   |

### 11. Related Party Transactions

All transactions with related parties were entered into in the ordinary course of business and under normal commercial terms. The related parties to the Company are the Investment Manager, Administrator and Global Distributor.

### 12. Subsequent events

On 1 July 2016 State Street Bank Luxembourg S.C.A. was appointed as Administrative Agent.

On 15 July 2016 a new Sub-Fund, GAM Star (Lux) – Merger Arbitrage was launched.

On 15 July 2016 a new prospectus was executed.

## General Information

### The Company

GAM Star (Lux) (the "Company") is a public limited company with variable capital (SICAV) governed by Luxembourg law, constituted for an unlimited period in Luxembourg on 24 October 1990. In particular it is governed by provisions of Part I of the 2010 Law on Undertakings for Collective Investment in Transferable Securities, as defined in the UCITS Directive (as amended).

The Company is an umbrella company composed of a number of sub-funds, each containing separate assets and liabilities and each having a distinct investment policy. The assets of a sub-fund are exclusively available to satisfy the rights of Shareholders in relation to that sub-fund and the rights of creditors whose claims have arisen in connection with the creation, operation or liquidation of that sub-fund. Each sub-fund may offer different Classes of Shares.

### The Depositary Bank

The Depositary acts as the custodian for all assets relating to the Company. The Depositary is State Street Bank Luxembourg S.C.A., 49 avenue J.F. Kennedy, L – 1855 Luxembourg.

### Minimum initial investment

Full details on initial investments are disclosed in the latest Prospectus.

### Subscription Days

Shares may normally be purchased or sold on any business day.

### Purchases and Sales

A complete list of purchases and sales for the year is available free of charge from the national paying agents and the representative in Switzerland.
