Objectives and Investment Policy

The objective of the Sub-Fund **PARETURN GVC GAESCO ABSOLUTE RETURN FUND** is to generate a stable return investing in different financial markets using a multistrategy approach avoiding the big markets drawdowns. The benchmark of the Sub-Fund is weekly EURIBOR plus 2% on a yearly basis. There will be no copyright fee paid by the Delegate Manager.

The Sub-Fund is using different strategies of different nature. It is a multi-strategy absolute return fund that wants to take advantage of behavioural finance inefficiencies. It might use relative value strategies and opportunistic strategies at the same time. Each strategy has a limited and fixed weight within the Sub-Fund.

The Sub-Fund can invest in equities, currency futures, equity index futures, volatility equity index futures, equity index options, UCITS funds, open-ended ETFs, bonds, monetary market instruments including bank deposits.

Regarding the equity assets, there is not any limit by market capitalization; they can be large, mid or small caps. There is not any style bias, they can be more value or more growth oriented. They have not any geographical restriction.

All derivatives used will be organized derivatives.

Regarding the fixed income assets, the Sub-Fund can invest in both, public and private issuers only located in OECD countries.

Up to 20% of the fixed income portfolio can be invested in high yield or non rated bonds. The remaining 80% will be Investment grade by S&P, or equivalent (Minimum rating BBB-). The maximum duration of the fixed income portfolio is 7 years.

Bank deposits will have the same rating restrictions as the fixed income.

OTCs products are not going to be used.

UCITS Funds and open-ended ETFs, all together, might not be more than 10% of the assets.

There is no limit to non-Euro currencies.

Derivatives exposure may not represent more than 100% of the assets of the Sub-Fund.

There is no limit in Emerging Markets exposure.

There can be no assurance that the Sub-Fund will achieve its investment objective.

Recommendation: The Sub-Fund may not be suitable for investors seeking to invest in less than a minimum of 12 months.

Risk and Reward Profile

This risk indicator is calculated using historical data, which cannot be used as a prediction for the future risk profile of the Sub-Fund. Therefore, the risk and reward category shown is not guaranteed to remain unchanged and the categorisation of the Sub-Fund may shift over time. Even if the Sub-Fund is in the lowest risk class you can lose money, as no investments are entirely risk free.

At this time, the level of the risk and reward profile is estimated to be a SRRI category of 5, due to the nature of its investments, which include the following risks:

- **Derivatives Risk** – these financial instruments may add volatility to the performance of the underlying securities and involve peculiar financial risks.
- **Credit Risk** – potential or actual credit profile downgrades may increase the level of perceived risk.

- **Interest Rate Risk** – the risk that an investment's value will change due to a change of interest rates.
- **Emerging Market Risk** – investing in emerging markets may result in increased volatility and lack of liquidity. Also, the legal, political, judicial and regulatory frameworks are still developing so there could be, for local market participants and their counterparties, a high degree of uncertainty.
- **General Market Risk** – the value of the fund's shares will fluctuate based on the performance of the fund's investments and other factors affecting the securities markets generally.
- **Equity Market Risk** – common stocks are susceptible to general stock market fluctuations and to volatile increases and decreases in value as market confidence in and perceptions of their issuers change.

For more information about the risks of the Sub-Fund, please refer to the prospectus for further details and explanation on the abovementioned risks.
