RISK AND REWARD PROFILE

This indicator table demonstrates where the Fund ranks in terms of its potential risk and reward.

The risk assessment is based on historical data and is not guaranteed to remain unchanged. It may change over time and may not be a reliable indication of the future risk profile of the Fund.

The lowest category does not mean risk free as all investments involve risks.

This Fund is ranked at 5 because funds of this type have experienced high rises and falls in value in the past.

Gains or losses for individual shareholders will therefore depend on the exact timing of the subscription and redemption of shares.
