Current Prospectus

The Company's Prospectus and the relevant KIID along with copies of the Application Form may be obtained from the Investor Service Centre, the Management Company or any of the Representatives or Distributors. Copies of the Company's Articles of Incorporation, the Annual report and audited financial statements and Interim report and unaudited financial statements may also be obtained free of charge from any of these offices and from the Paying Agents. All these documents are also available from www.blackrockinternational.com.

Representatives

The representative in Denmark is BlackRock Copenhagen Branch, subsidiary of BlackRock Investment Management (UK) Limited, United Kingdom, Harbour House, Sundkrogsgade 21, Copenhagen, DK 2100, Denmark.

The representative in Israel is Altshuler Shaham Group, 19A Habarzel St, Ramat Hahayal, Tel Aviv, Israel.

The representative in Poland is Dubinski Fabrycki Jelenski, ul. Zielna 37, 00-108 Warsaw, Poland.

The representative in Switzerland is BlackRock Asset Management Switzerland Limited, Bahnhofstrasse 39, 8001 Zurich, Switzerland.

Portfolio of Investments

Equities are primarily classified by the country of incorporation of the entity in which the Funds (each a "Fund", together the "Funds") holds shares.

Corporate and government fixed and variable income securities are primarily classified by the country of incorporation of the issuer.

Liquidity instruments are primarily classified by the country of incorporation of the issuer.

Collective Investment Schemes ("CIS") and Exchange Traded Funds ("ETF") are primarily classified by the country of domicile of the CIS or ETF.

Purchases and Sales

A detailed list of investments purchased and sold for any Fund during the year is available upon request, free of charge, from the Registered Office, or the offices of the Representatives as mentioned above.

Authorised Status

The Company is an undertaking for collective investment in transferable securities ("UCITS") under the Part I of the Luxembourg Law of 17 December 2010 ("the 2010 Law") relating to undertakings for collective investment in transferable securities, as amended ("the 2010 Law"). Regulatory consents have been obtained or appropriate notifications have been made for the distribution of shares of the Company's Funds in the following countries: Austria, Belgium, Chile, China, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Singapore, Slovakia Republic, South Korea, Spain, Sweden, Switzerland, Taiwan, United Arab Emirates and the United Kingdom.

Shares of certain of the Company's Funds may also be offered in Singapore by private placement.

The Company is duly registered with the Comisión Nacional de Mercado de Valores in Spain under number 626.

Chairman's Letter to Shareholders

May 2020

Dear Shareholder,

I am writing to update you on the activities of BlackRock Strategic Funds (the "Company" or "BSF") over the year to 31 May 2020. The Company offered shares in 35 funds (each a "Fund" and together the "Funds") at 31 May 2020.

The period was dominated by an outbreak of an infectious respiratory illness caused by a novel coronavirus known as COVID-19, which was first detected in China in December 2019 and has now developed into a global pandemic.

This coronavirus has resulted in travel restrictions, closed international borders, enhanced health screenings at ports of entry and elsewhere, disruption of and delays in healthcare service preparation and delivery, prolonged quarantines, cancellations, supply chain disruptions, and lower consumer demand, as well as general concern and uncertainty. The impact of COVID-19 has adversely affected the economies of many nations across the entire global economy, individual issuers and capital markets, and could continue to extents that cannot necessarily be foreseen.

In addition, the impact of infectious illnesses in emerging market countries may be greater due to generally less established healthcare systems. Public health crises caused by the COVID-19 outbreak may exacerbate other pre-existing political, social and economic risks in certain countries or globally. The duration of the COVID-19 outbreak and its full impact cannot be determined with certainty.

This pandemic has seen a near-decade long bull market come to an abrupt halt, with markets sinking around 30% over just a few days in mid-March, as it became clear that the virus was spreading beyond Asia. Governments enforced lockdown creating an immediate and seismic hit to individual economies. Unemployment numbers were already hitting new highs by the end of March 2020. Subsequently, the economic consequence has been grisly. Gross domestic product ("GDP") levels of the United States of America ("US") contracting 5% in the first quarter was an early sign of the impact, but more recent statistics have been far worse. The United Kingdom ("UK"), for example, saw GDP drop 20.4% in April; while the European Central Bank ("ECB") expects the Eurozone GDP to contract by 8.7% in 2020.

Governments and central banks were galvanised into drastic action to support jobs and prop up ailing companies, particularly in hard-hit sectors such as travel, leisure or hospitality. Central banks across the globe dropped rates to new lows. The Federal Reserve lowered its rate to near zero; the Bank of England followed suit. The ECB chose not to lower its already negative interest rate but announced another round of quantitative easing.

Governments launched sophisticated support schemes, designed to pay people's wages in the short term and discourage companies from making redundancies. The Senate passed a USD 2 trillion coronavirus aid bill, the largest economic stimulus in US history. After some debate, the European Union ("EU") also announced a EUR 750 billion economic stimulus plan designed to lessen the economic shock from the coronavirus pandemic and pave the way for sustainable growth.

Markets sold off rapidly in response. At the start of 2020, many asset allocators had been broadly positive and valuations were relatively high. The initial slump was rapid and universal. However, some growth stocks started to bounce back as investors started to reappraise their prospects. Investors saw that there would be key beneficiaries from the outbreak – video-conferencing, e-commerce and digital services providers. As the stock market recovery matured, some economically sensitive companies also started to participate in the rally.

Initially, there was a surge in demand for 'safe haven' bonds, and US 10-year treasury yields dipped as low as 0.5%. However, investors have subsequently had to weigh up central bank easing policies against an expected surge in borrowing. This has created some volatility in government bond markets. Corporate bonds saw a significant widening of spreads in the early part of the crisis but recovered significantly in the subsequent months.

By the end of May 2020, markets had recovered somewhat even if economies had not. The MSCI World index was down 8.2% for the 2020 year to date. The US and Asian markets have generally held up well, once again largely driven by their dominant technology stocks. European markets, the UK and emerging markets have been far weaker.

The performance of the Funds is covered in more detail in the Investment Advisers' Report, which also sets out some views regarding the investment outlook. Overall, the Company's assets under management ("AUM") fell 9.7% from USD 26.4 billion to USD 23.9 billion, with particular strength in the Funds' managed index portfolios, and weaknesses in emerging market bonds and some absolute return funds.

The strongest percentage growth was seen in BlackRock Global Real Asset Securities Fund, which climbed 1,627.1% to USD 96.0 million. BlackRock UK Emerging Companies Absolute Return Fund also saw strong growth, rising 232.3% to GBP 633.3 million. At a time when UK assets were generally out of favour, BlackRock UK Equity Absolute Return Fund saw assets rise 114.2% to GBP 153.7 million. BlackRock Global Event Driven Fund also found favour, rising 50.6% to USD 3.3 billion.

Chairman's Letter to Shareholders

May 2020 continued

The collective BlackRock Managed Index Portfolio funds also saw assets rise. The 'Defensive' portfolio saw the strongest rise, up 45.8% to EUR 203.0 million. The 'Growth' portfolio rose 31.7% to EUR 278.5 million; the 'Moderate' portfolio rose 26.3% to EUR 695.7 million; and the 'Conservative' portfolio was also up 11.7% to EUR 155.7 million.

The weak spots included BlackRock Macro Opportunities Fund, which lost 76.1% of its assets, falling to USD 38.1 million. Assets in BlackRock Global Absolute Return Bond fell 68.2% to USD 135.1 million, while BlackRock Emerging Markets Flexi Dynamic Bond Fund was also weak, dropping 43.9% to USD 1.6 billion. BlackRock European Diversified Equity Absolute Return Fund fell 91.6% to EUR 3.7 million, largely due to wind-down activities as the Fund terminated immediately following the financial year end.

Regulatory change continued throughout Europe which could have implications for investors. Key developments during the period included:

- ▶ New legislation surrounding Packaged Retail Investment and Insurance-based Investment Products ("PRIIPs"), which governs the marketing and distribution of financial products, was introduced in 2017 and came into effect for all funds in 2018 - with the exception of UCITS funds. A European-level review of the legislation to judge initial experiences and gather feedback was initially scheduled by 31 December 2018. However, this has now been delayed until potentially the end of 2020. The European Supervisory Authorities (ESAs) published a consultation paper in October 2019 on the content of PRIIPs Key Information Documents (KIDs). The paper focuses on performance scenarios and costs. The Company will benefit from the transitional period available for a UCITS, and the legislation will not be applicable to the Company until 31 December 2021.
- ▶ The European Commission has launched a consultation on the renewed sustainable finance strategy. This will provide a roadmap to increase private investment in sustainable projects and activities to support the different actions set out in the European Green Deal and to manage and integrate climate and environmental risks into the financial system.
- ▶ In June 2020, the European Securities and Markets Authority (ESMA) issued a supervisory briefing aimed at local regulators, looking at the supervision of costs and charges applicable to Undertakings for the Collective Investment in Transferable Securities (UCITS) funds and Alternative Investment Funds (AIFs). Costs can have a significant impact on final returns for investors and, with this issuance, ESMA looks to ensure that charges on retail investment products is fair and transparent, with an emphasis on prevention of undue costs.

Should you have any questions on any of this letter, please contact us via our website: www.blackrockinternational.com.

Yours faithfully,

Paul Freeman

May 2020

Investment Advisers' Report Performance Overview

1 June 2019 to 31 May 2020

Market Review

Markets were strong in the first half of the year under review as the US and China appeared to make progress on trade talks and the global economy hit its stride. However, these early gains were overshadowed by the devastating impact of the COVID-19 outbreak. This hit Asian markets from December onwards and prompted a devastating slide in US and European markets from March 2020. However, investors soon realised that the problems were not evenly spread. While the social lockdowns used to contain the virus dealt a devastating blow to areas such as travel and tourism, they accelerated a number of structural shifts and there were many companies that benefited.

As such, online retailers benefited at the expense of high street retailers; energy transition stocks benefited at the expense of the oil majors; while technology stocks benefited from an abrupt and urgent need for digital solutions. The effect, in aggregate, was a swift recovery in markets, but there were still many companies who saw devastating falls in their share prices. There were already some early casualties: Hertz filed for bankruptcy protection, along with a number of retail chains.

The 'growth' flavour benefited certain countries. The S&P 500 was only a little short of its peak by the end of the year. However, stock markets such as Brazil, where the currency was hit hard as well, observed markets selling off precipitously. Having been at the vanguard of the outbreak, China appeared to recover more quickly, as seen by the region's earlier easing of lockdown. By the end of the year under review, manufacturing data was bouncing back. China's stock market also followed suit.

Government bond yields, which move inversely to prices, initially benefited from a flight to quality; but then proved volatile. On the one hand, this year is likely to see vast issuance of government bonds, which should depress prices, on the other, central banks remain poised to mop up any excess, which provides a support to prices. Having seen the gap between yields on corporate bonds and government bonds widen considerably, corporate bonds saw a strong recovery in April and May 2020.

Fund Performance

Equity Fund Performance

The absolute return funds provided mixed performance. BlackRock European Diversified Equity Absolute Return Fund fell 8.3% over the period, behind its benchmark, 3 Month LIBOR (EUR), which fell 0.4%. BlackRock Emerging Markets Absolute Return Fund fell 21.5% over the period, well behind its benchmark, 3 Month LIBOR Index (USD), which was up 2.3%. Certain absolute return funds proved stronger during the period, albeit trailing their respective benchmarks: BlackRock UK Equity Absolute Return Fund rose 0.6% against a benchmark return of 0.7%; and BlackRock Asia Pacific Diversified Equity Absolute Return Fund rose 1.9% over the period, behind its benchmark, which was up 2.3%. For the outperformers, BlackRock European Absolute Return Strategies Fund rose 4.4% (EUR) – outperforming its benchmark, which fell 0.4%; BlackRock Asia Pacific Absolute Return Fund rose 2.4%, against a rise in the

benchmark of 2.3%; and BlackRock Americas Diversified Equity Absolute Return Fund rose 2.8% (USD), just ahead of the 3 Month LIBOR Index (USD), which was up by 2.3%.

BlackRock Emerging Markets Equity Strategies Fund fell 18.3%, some way behind its benchmark, the MSCI Emerging Markets Index (USD), which was down 4.4%. BlackRock Asia Extension Fund fell 6.9%, performing behind its benchmark, the MSCI All Country Asia ex Japan (USD), which returned 0.2%. BlackRock Global Long/Short Equity Fund was down 3.3% (USD), behind its benchmark, the BofA Merrill Lynch 3 Month US Treasury Bill (USD), which was up 1.8%.

BlackRock European Opportunities Extension Fund rose 4.7% (EUR) outperforming its benchmark, the S&P Europe BMI Index (Developed Markets Only) (EUR), which dropped 3.4%. BlackRock European Select Strategies Fund rose 0.8%, just behind its benchmark. BlackRock Global Event Driven Fund rose 4.1%, compared to a rise of 1.8% in its benchmark. BlackRock Systematic ESG World Equity Fund rose 7.1%, ahead of its benchmark, which rose 6.8%. BlackRock Style Advantage Fund fell 19.0%, against a benchmark return of 2.3%; while BlackRock Style Advantage Screened Fund fell 10.7% against the same benchmark. BlackRock Systematic Global Equity Fund rose 3.1%, behind its benchmark, which rose 5.4%. BlackRock Global Real Assets Securities Fund dropped 1.6%, against a fall in its benchmark of 12.2%.

Bond Fund Performance

BlackRock Emerging Markets Flexi Dynamic Bond Fund, which does not measure its performance relative to a benchmark, rose by 2.4% (USD) over the period. BlackRock Fixed Income Strategies Fund rose 0.1% over the period, ahead of its benchmark (in EUR terms), the Euro Overnight Index Average, which was down 0.4%. BlackRock Global Absolute Return Bond Fund dropped 1.1% (EUR), behind its benchmark, the 3 Month Euribor Index, which was down 0.4%.

BlackRock ESG Euro Bond Fund rose 2.6%, just slightly behind its benchmark, the Bloomberg Barclays MSCI Euro Corporate Sustainable SRI Index (EUR). Meanwhile BlackRock ESG Euro Corporate Bond Fund fell 1.6% during the period from launch (21 June 2019) to 31 May 2020, also trailing the same benchmark, which fell 1.5% during this period.

From 11 June 2019 (date of commencement of operations) to 31 May 2020, BlackRock Fixed Income Credit Strategies Fund fell by 1.37%, performing behind its benchmark, which fell 0.4%.

Mixed Fund Performance

BlackRock Dynamic Diversified Growth Fund rose 2.3% (EUR) over the year, outperforming its benchmark, the Euro Overnight Index Average (EUR), which fell by 0.4%.

Fund of Funds Performance

BlackRock Managed Index Portfolios – Conservative, Defensive, Growth and Moderate - were up 0.7%, 1.3%, 4.4% and 1.4% respectively. The Fund of Funds portfolios do not measure their performance relative to a benchmark.

Investment Advisers' Report Performance Overview

1 June 2019 to 31 May 2020 continued

Outlook

Economic activity has ground to a near-halt in the wake of the COVID-19 pandemic, and it is not yet clear when it will revive. Hopes for a V-shaped recovery have been dashed, but the more optimistic economists are still hoping for a U-shape. Recent stimulus has resulted in an easing of financial conditions but neither governments nor central banks have significant firepower left. The nature of the economic rebound will hinge on the path of the outbreak, effective delivery of the policy response, and potential changes to consumer and corporate behaviours.

The deliberate freezing of economic activity via stringent lockdown measures to combat the coronavirus pandemic has led to a sharp growth shock. While markets have largely recovered, there is likely to be a lot of bad news to come, which may create a lot of volatility. There will be notable winners and losers from the 'new normal' and selectivity will be vitally important. Over a longer horizon, several sectors may face profound levels of long-term disruption including air travel, fossil energy, healthcare, retail, and government regulations.

Our latest analysis shows the near-term impact on growth to be far greater than that of the Global Financial Crisis ("GFC") – and the largest contraction since the Great Depression. But the cumulative impact over time may only be a fraction of the GFC, provided policy makers are successful in preventing the shock from morphing into more systemic financial pressures. In particular, the financial system is in much better shape than in 2007. With that said, much will depend on the length of the

shutdown and the emergence of 'second waves'. This may expose hidden financial vulnerabilities that could lead to more permanent damage.

The virus shock and the oil price slump pose particular challenges for emerging markets. The outbreak threatens to overburden weak public health systems in many emerging markets economies, which could, in turn, cause prolonged economic damage. There are also signs of potentially damaging social unrest.

This pandemic adds to the trade tensions in compelling companies to rethink their global manufacturing footprints. This combination of supply shocks could weigh on growth, increase production costs, pressure profit margins and drive up inflation. It is a difficult backdrop, undoubtedly, but valuations are much more compelling.

At the same time, our recent report 'Sustainable investing: Resilience amid uncertainty' demonstrated the outperformance of companies with sustainability characteristics. Many of the BSF Funds seek to incorporate environmental, social and governance characteristics into their selection process and we believe this period of market turbulence and economic uncertainty has further reinforced our conviction that companies that score well on these metrics are likely to be more resilient in the longer-term.

May 2020

Investment Advisers' Report Performance Overview

1 June 2019 to 31 May 2020 continued

Disclosed in the table below are the performance returns for the primary share class for each Fund, which has been selected as a representative share class. In accordance with the respective investment objective detailed in the prospectus, the Funds do not aim to track the performance of a specific benchmark index. The benchmark index returns included in the below table are provided for reference only for the purpose of this Annual report and audited financial statements. The primary share class for the BlackRock Asia Pacific Absolute Return Fund, BlackRock Emerging Markets Absolute Return Fund and BlackRock UK Emerging Companies Absolute Return Fund is the D class non-distributing share, for the BlackRock European Credit Strategies Fund is the H class non-distributing share, for the BlackRock Managed Index Portfolios – Defensive, BlackRock Managed Index Portfolios – Growth and BlackRock Managed Index Portfolios – Moderate is the D class distributing share. For all other Funds the primary share class is the A class non-distributing share. Performance returns for any other share class can be made available on request.

Past performance is not a guide to future performance and should not be the sole factor of consideration when selecting a product. All financial investments involve an element of risk. Therefore, the value of your investment and the income from it will vary and your initial investment amount cannot be guaranteed. The Funds invest a large portion of assets which are denominated in multiple currencies; hence changes in the relevant exchange rate will affect the value of the investment. The performance figures do not consider charges and fees that may be levied at the time of subscription or redemption of shares. Levels and bases of taxation may change from time to time. Subscriptions can only be made on the basis of the current Prospectus, the Key Investor Information Document ("KIID"), supplemented by the most recent Annual report and audited financial statements and Interim report and unaudited financial statements, if published after such Annual report and audited financial statements. Copies are available from the Local Investor Servicing team*, the Transfer Agent, the Management Company or any of the Representatives or Distributors and at the registered office of the Company. BSF is only available for investment by non-US citizens who are not residents of the US. The Funds are not offered for sale or sold in the US, its territories or possessions.

Directors' Report

Corporate Governance Statement

Introduction

BlackRock Strategic Funds (the "Company") is a public limited company (société anonyme) established under the laws of the Grand Duchy of Luxembourg as an open-ended variable capital investment company (société d'investissement à capital variable). The Company has been authorised by the Commission de Surveillance du Secteur Financier (the "CSSF") as an undertaking for collective investment in transferable securities ("UCITS") pursuant to the provisions of Part I of the law of 17 December 2010, as amended from time to time and is regulated pursuant to such law. The Company complies with the principles set out in the Association of the Luxembourg Fund Industry ("ALFI") Code of Conduct Revision 2013 (the "Code") issued by ALFI in June 2013.

The Board of Directors of the Company (the "Board") is committed to maintaining the highest standards of corporate governance and is accountable to shareholders for the governance of the Company's affairs. The Board has considered the principles and recommendations of the Code and has put in place a framework for corporate governance which it believes is appropriate for adherence to the principals of the Code given the nature of its structure as an Investment Company. This statement summarises the corporate governance structure and processes in place for the Company for the period under review from 1 June 2019 to 31 May 2020.

Board Composition

The Board currently consists of six non-executive Directors, (including one independent Director). The Board is committed to maintaining an appropriate balance of skills, experience, independence and knowledge amongst its members.

The Directors' biographies, on pages 13 and 14, collectively demonstrate a breadth of investment knowledge and experience, business and financial skills and legal and regulatory familiarity which enables them to provide effective strategic leadership, oversight and proper governance of the Company. BlackRock considers the current composition to be a suitable and appropriate balance for the Board.

Article 13 of the Company's Articles of Incorporation in accordance with Luxembourg law, provides that Directors shall be elected by the shareholders at their annual general meeting for a period ending at the next annual general meeting and until their successors are elected. Any Director who resigns his/her position is obliged to confirm to the Board and the CSSF that the resignation is not connected with any issues with or claims against the Company.

The Board supports a planned and progressive renewal of the Board. BlackRock is committed to ensuring that Directors put forward for election by the shareholders possess the skills needed to maintain this balance. The Board is committed to carrying out an annual review of its performance and activities.

The Directors have a continuing obligation to ensure they have sufficient time to discharge their duties. The details of each Director's (including the Chairman) other appointments and commitments are made available to the Board and BlackRock Investment Management (U.K.) Limited ("BIM UK") for inspection. All new appointments or significant commitments require the prior approval of BIM UK.

Before a new Director is proposed to the shareholders for appointment, he or she will receive a full induction incorporating relevant information regarding the Company and his or her duties and responsibilities as a Director. In addition, a new Director is required to spend some time with representatives of BIM UK so that the new Director will become familiar with the various processes which are considered necessary for the proper performance of his or her duties and responsibilities to the Company.

The Company's policy is to encourage Directors to keep up to date with developments relevant to the Company. The Directors have attended and will continue to attend updates and briefings run by BIM UK and affiliated entities in the US and elsewhere. The Directors also receive regular briefings from, amongst others, the auditors, investment strategists, risk specialists, depositary and legal advisers regarding any proposed product developments or changes in laws or regulations that could affect the Company.

Board's Responsibilities

The Board meets at least quarterly and also on an ad hoc basis as required. The Board is supplied with information in a timely manner and in a form and of a quality appropriate to enable it to discharge its duties. The Board is responsible for the long-term success of the Company and recognises its responsibility to provide leadership, direction and control to the Company within a framework of prudent and effective controls which enables risk to be assessed and managed. The Board reserves to itself decisions relating to the determination of investment policy and objectives, any change in investment strategy and entering into any material contracts. The Board also approves the prospectus and any addenda to it, circulars to shareholders, financial statements and other relevant legal documentation.

The Chairman's main responsibility is to lead and manage the Board, encourage critical discussions and promote effective communication within the Board. In addition, he is responsible for promoting best practice corporate governance and effective communication with shareholders.

The Directors have access to the advice and services of external counsel and the resources of BIM UK and BlackRock (Luxembourg) S.A. (the "Management Company") should they be needed. Where necessary, in the furtherance of their duties, the Board and individual Directors may seek independent professional advice. The Board has responsibility for ensuring that the Company keeps proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and which enable it to ensure that the financial statements comply with relevant accounting standards. It is the Board's responsibility to present a balanced and

Directors' Report continued

understandable assessment of the Company's financial position, which extends to interim financial statements and other reports made available to shareholders and the public. The Board is responsible for taking reasonable steps for safeguarding the assets of the Company and for taking reasonable steps in the prevention and detection of fraud and other irregularities.

Insurance

The Company maintains appropriate Directors' and Officers' liability insurance cover.

Delegation of Responsibilities

As an open ended variable capital investment company most of the Company's day-to-day management and administration is delegated to BlackRock group companies such as the Management Company which employs dedicated compliance and risk professionals, the Investment Advisers and other third party service providers. The Board has delegated the following areas of responsibility:

Management and Administration

The Board has delegated the investment management, distribution and administration of the Company and its Funds to the Management Company. The Management Company has delegated the management of the investment portfolio to the Investment Advisers. The Investment Advisers operate under guidelines determined by the Board and as detailed in the Company's prospectus relating to the Company's Funds. The relevant Investment Advisers have direct responsibility for the decisions relating to the day-to-day running of the Company's Funds and are accountable to both the Management Company and the Company for the investment performance of the Funds. The Board has also delegated the exercise of voting rights attaching to the securities held in the portfolio to the respective Investment Advisers who may in turn delegate to BIM UK.

Voting on behalf of shareholders is done in a manner which is believed to be in the best economic interest of shareholders as long-term investors. The Management Company has delegated its responsibilities for administrative services of the Company and its Funds to:

The Management Company has delegated its responsibilities for administrative services of the Company and its Funds to State Street International GmbH ("the Administrator"). The Administrator has responsibility for the administration of the Company's affairs including the calculation of the net asset value and preparation of the financial statements of the Company, subject to the overall supervision of the Directors and the Management Company. The Administrator is a subsidiary of State Street Bank & Trust Co. The Company has appointed State Street International GmbH as Depositary of its assets, which has responsibility for safe-keeping of such assets, pursuant to the regulations. The Depositary is a subsidiary of State Street Bank & Trust Co. The Management Company has delegated transfer agent and share registration services to J.P. Morgan Bank Luxembourg S.A. The Management Company

reports to the Board on a quarterly basis and by exception where necessary. Reporting is in place to ensure that the Board can effectively oversee the actions of its delegates.

The Management Company is responsible for the risk management and internal controls of the Company and for reviewing their effectiveness, for ensuring that financial information published or used within the business is reliable, and for regularly monitoring compliance with regulations governing the operation of the Company. The Management Company reviews the effectiveness of the internal control and risk management systems on an ongoing basis to identify, evaluate and manage the Company's significant risks. As part of that process, there are procedures designed to capture and evaluate any failings or weaknesses. Should a case be categorised by the Board as significant, procedures exist to ensure that necessary action is taken to remedy the failings.

The Board is also responsible for establishing and maintaining adequate internal control and risk management systems of the Company in relation to the financial reporting process. Such systems are designed to manage rather than eliminate the risk of failure to achieve the Company's financial reporting objectives. The Company has procedures in place to ensure all relevant accounting records are properly maintained and are readily available, including production of annual and half-yearly financial statements. These procedures include appointing the Administrator to maintain the accounting records of the Company independently of the Investment Manager and the Custodian. The financial statements are prepared in accordance with applicable law and Generally Accepted Accounting Principles ("GAAP") and are approved by the Board of Directors of the Company. The accounting information given in the annual report is required to be audited and the Audit report, including any qualifications, is reproduced in full in the annual report of the Company.

The control processes over the risks identified, covering financial, operational, compliance and risk management, is embedded in the operations of the Management Company, BIM UK and other parties including the Administrator and the Depositary. There is a monitoring and reporting process to review these controls, which has been in place throughout the period under review and up to the date of this report, carried out by BIM UK's corporate audit department.

BIM UK's internal audit and operational risk units report to the Board through the Management Company on a quarterly basis. The Management Company also receives a report from the Administrator and the Depositary on the internal controls of the administrative and custodial operations of the Company. The Board recognises that these control systems can only be designed to manage rather than eliminate the risk of failure to achieve fund objectives, and to provide reasonable, but not absolute, assurance against material misstatement or loss, and relies on the operating controls established by the service providers.

Directors' Report continued

Financial Reporting

The Company prepares its financial statements under Luxembourg GAAP and on a going concern basis.

Remuneration

The Company is an investment company and has no employees or executive Directors. No Director (past or present) has any entitlement to a pension from the Company, and the Company has not awarded any share options or long-term performance incentives. No element of Directors' remuneration is performance related. Those Directors who are also employees of the BlackRock group are not entitled to receive a Director's fee. All other Directors are paid fees which are submitted for approval by the shareholders at the annual general meeting and are disclosed on page 697. The Board believes that the level of remuneration for those Directors who take a fee properly reflects the time commitment and responsibilities of their roles. The maximum amount of remuneration payable to the Directors is approved by the Board.

Communication with Shareholders

The Board is responsible for convening the annual general meeting and all other general meetings of the Company. Shareholders are encouraged to attend and vote at general meetings. Notice of general meetings is issued in accordance with the Articles of Incorporation of the Company and notice of the annual general meeting is sent out at least 8 days in advance of the meeting. All substantive matters put before a general meeting are dealt with by way of separate resolution. Proxy voting figures are noted by the chairman of the general meeting.

The proceedings of general meetings are governed by the Articles of Incorporation of the Company.

The Board has reporting procedures in place such that client communication with BIM UK is reported to the Board, including shareholder complaints. In addition to this BIM UK has been appointed as Principal Distributor and is tasked with actively managing the relationship between the Company and its shareholders.

Directors' Biographies

Paul Freeman (Chairman) (British): Mr Freeman currently serves as a director on the boards of a number of BlackRock Group companies and investment funds. He was until December 2015 a Managing Director of BlackRock, which he had joined in August 2005 (which then was Merrill Lynch Investment Managers). Up until July 2011 Mr Freeman was the Head of Product Development and Range Management for the EMEA region with responsibility for the development and ongoing product management of all funds domiciled in EMEA and distributed on a cross-border basis by BlackRock. Between July 2011 and December 2015 Mr Freeman worked closely with BlackRock's Government affairs team and served on various internal governance committees and on the boards of a number of group subsidiaries and managed funds. Mr Freeman has worked in the financial services industry for over 35 years and,

prior to BlackRock, has held senior management positions at Schroders, Rothschild Asset Management, Henderson Investors and GT Management (now part of Invesco). Mr Freeman is a Chartered Accountant.

Michael Gruener (German): Mr Gruener is a Managing Director of BlackRock and is Head of Europe, Middle East and Africa Retail business. He is a member of BlackRock's European Executive Committee and the BlackRock European Steering Committee. Mr Gruener joined BlackRock in January 2012 as the Head of BlackRock's German, Austria and Eastern Europe iShares sales team and became Head of the iShares Wealth and Retail client segment in EMEA in January 2014. In 2015 he became the Co-Head of the EMEA Sales for iShares. Michael began his current role in July 2017. Mr Gruener has more than 20 years of experience in the financial services industry. Prior to joining BlackRock, Michael worked for 10 years at Goldman Sachs Asset Management in multiple distribution roles in Chicago, London and Frankfurt. Mr Gruener holds a German Banker qualification and a BA honors degree from the Cambridge Polytechnic University in Finance and Controlling. He also holds a degree from the Berlin School of Economics in Business Administration and Finance.

Robert Hayes (British): Mr Hayes is a Managing Director, is Investment Director for our UK Charity and Endowments business and CEO of BlackRock Fund Managers Limited. He was previously Head of Investment Oversight for the BlackRock EMEA business within Global Product Management, responsible for establishing and reviewing investment expectations for all BlackRock's Retail Funds in the EMEA region. He also serves as a Director of BlackRock Life Limited, BlackRock Global Funds SICAV and BlackRock Strategic Funds SICAV. Mr Hayes' service with the firm dates back to 2001, including his years with Merrill Lynch Investment Managers (MLIM), which merged with BlackRock in 2006. At MLIM he was Head of Strategic Advice and was subsequently Head of Client Strategy in our Client Solutions business. Prior to joining the firm, Mr Hayes was a Partner with Watson Wyatt Partners, as an investment consultant for large pension funds and institutional investors. Earlier in his career, Mr Hayes was a UK Equity Investment Manager at ICI Pension Fund and Head of Institutional Investment at M&G Investment Management. Mr Hayes earned a BSc degree in Mathematics from Southampton University in 1983.

Barry O'Dwyer (Irish): Mr O'Dwyer is a Managing Director at BlackRock. He is the Head of Fund Governance for BlackRock's European open-ended fund ranges and was previously the Chief Operating Officer for BlackRock's Irish business. He serves as a director on the boards of a number of BlackRock corporate, fund, and management companies domiciled in Ireland, Luxembourg, Switzerland and Germany and on the board of BlackRock's UK Life company. He was the chairman of the Irish Funds Industry Association 2014-2015, is a board director of Financial Services Ireland and is a member of An Taoiseach's Financial Services Industry Advisory Committee. He joined BlackRock Advisors (UK) Limited in 1999 as head of risk management and moved to his present role in 2006. Prior to joining BlackRock Advisors (UK) Limited,

Directors' Report^{continued}

Mr O'Dwyer worked as risk manager at Gartmore Investment Management and at HypoVereinsbank and National Westminster Bank. Mr O'Dwyer graduated from Trinity College Dublin with a degree in Business Studies and Economics in 1991. He holds a Chartered Association of Certified Accountants qualification and an MBA from London City University Business School.

Geoffrey D. Radcliffe (British & Luxembourgish dual nationality, Luxembourg resident): Mr Radcliffe is a Managing Director of BlackRock and is based in Luxembourg. He is a member of the BlackRock Business Operations & Technology, Global Accounting and Product Services team and heads Product Oversight and Governance International and Alternatives International for BlackRock EMEA & Asia Pacific. Mr Radcliffe is a Fellow of The Institute of Chartered Accountants in England and Wales and an Associate of The Chartered Institute of Bankers. He has 30+ years of mutual fund, accounting and banking experience in Luxembourg, Bermuda, London and the Isle of Man. Mr Radcliffe joined the BlackRock Group in 1998. He serves as a Director on the Boards of BlackRock Luxembourg S.A. and BlackRock Fund Management Company S.A. and also on the Boards of a

number of BlackRock investment funds. He has been a Member of the Board of Directors of ALFI (Luxembourg Fund Industry Association) since 2013.

Denise Voss (American): Ms Voss is a Non-Executive Director of financial services companies and is based in Luxembourg. She serves as a Director on the Boards of flagship funds of major fund promoters, including BlackRock Global Funds and BlackRock Strategic Funds. Ms. Voss previously worked for Franklin Templeton in Luxembourg for over 25 years as a Conducting Officer and Director of the firm's UCITS and alternative investment fund management business. Prior to joining Franklin Templeton, she worked for 10 years at Coopers & Lybrand in Boston, USA and in Luxembourg. She holds a Massachusetts CPA license and earned an undergraduate degree from Tufts University, as well as a masters degree in accountancy from Bentley University. Ms. Voss is Chairwoman of LuxFLAG, an independent agency based in Luxembourg that awards recognised sustainable finance labels to eligible investment vehicles. She was Chairman of the Association of the Luxembourg Fund Industry (ALFI) from 2015-2019, and a member of the ALFI Board of Directors from 2007-2019.

Report on Remuneration (Unaudited)

The below disclosures are made in respect of the remuneration policies of the BlackRock group ("BlackRock"), as they apply to BlackRock (Luxembourg) SA (the "Manager"). The disclosures are made in accordance with the Directive 2009/65/EC on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities ("UCITS"), as amended, including in particular by Directive 2014/91/EU of the European Parliament and of the Council of 23 July 2014, (the "Directive"), and the "Guidelines on sound remuneration policies under the UCITS Directive and AIFMD" issued by the European Securities and Markets Authority.

BlackRock's UCITS Remuneration Policy (the "UCITS Remuneration Policy") will apply to the EEA entities within the BlackRock group authorised as a manager of UCITS funds in accordance with the Directive and will ensure compliance with the requirements of Article 14b of the Directive.

The Manager has adopted the UCITS Remuneration Policy, a summary of which is set out below.

Remuneration Governance

BlackRock's remuneration governance in EMEA operates as a tiered structure which includes: (a) the Management Development and Compensation Committee ("MDCC") (which is the global, independent remuneration committee for BlackRock, Inc. and all of its subsidiaries, including the Manager); and (b) the Manager's board of directors (the "Manager's Board"). These bodies are responsible for the determination of BlackRock's remuneration policies.

(a) MDCC

The MDCC's purposes include:

providing oversight of:

- ▶ BlackRock's executive compensation programmes;
 - ▶ BlackRock's employee benefit plans; and
 - ▶ such other compensation plans as may be established by BlackRock from time to time for which the MDCC is deemed as administrator;
- ▶ reviewing and discussing the compensation discussion and analysis included in the BlackRock, Inc. annual proxy statement with management and approving the MDCC's report for inclusion in the proxy statement;
- ▶ reviewing, assessing and making reports and recommendations to the BlackRock, Inc. board of directors (the "BlackRock, Inc. Board") as appropriate on BlackRock's talent development and succession planning, with the emphasis on performance and succession at the highest management levels; and
- ▶ supporting the boards of the Company's EMEA regulated entities in meeting their remuneration-related obligations by overseeing the design and implementation of EMEA remuneration policy in accordance with applicable regulation.

The MDCC directly retains its own independent compensation consultant, Semler Brossy Consulting Group LLC, who has no

relationship with BlackRock, Inc. or the BlackRock, Inc. Board that would interfere with its ability to provide independent advice to the MDCC on compensation matters.

The BlackRock, Inc. Board has determined that all of the members of the MDCC are "independent" within the meaning of the listing standards of the New York Stock Exchange (NYSE), which requires each meet a "non-employee director" standard.

The MDCC held 8 meetings during 2019. The MDCC charter is available on BlackRock, Inc.'s website (www.blackrock.com).

Through its regular reviews, the MDCC continues to be satisfied with the principles of BlackRock's compensation policy and approach.

(b) The Manager's Board

The Manager's Board has the task of supervising and providing oversight of the UCITS Remuneration Policy as it applies to the Manager and its Identified Staff.

The Manager's Board (through independent review by the relevant control functions) remains satisfied with the implementation of the UCITS Remuneration Policy as it applies to the Manager and its Identified Staff.

Decision-making process

Remuneration decisions for employees are made once annually in January following the end of the performance year. This timing allows full-year financial results to be considered along with other non-financial goals and objectives. Although the framework for remuneration decision-making is tied to financial performance, significant discretion is used to determine individual variable remuneration based on achievement of strategic and operating results and other considerations such as management and leadership capabilities.

No set formulas are established, and no fixed benchmarks are used in determining annual incentive awards. In determining specific individual remuneration amounts, a number of factors are considered including non-financial goals and objectives and overall financial and investment performance. These results are viewed in the aggregate without any specific weighting, and there is no direct correlation between any particular performance measure and the resulting annual incentive award. The variable remuneration awarded to any individual(s) for a particular performance year may also be zero.

Annual incentive awards are paid from a bonus pool.

The size of the projected bonus pool, including cash and equity awards, is reviewed throughout the year by the MDCC and the final total bonus pool is approved after year-end. As part of this review, the MDCC receives actual and projected financial information over the course of the year as well as final year-end information. The financial information that the MDCC receives and considers includes the current year projected income statement and other financial measures compared with prior year results and the current year budget. The MDCC additionally reviews other metrics of BlackRock's financial

Report on Remuneration (Unaudited) continued

performance (e.g., net inflows of AUM and investment performance) as well as information regarding market conditions and competitive compensation levels.

The MDCC regularly considers management's recommendation as to the percentage of preincentive operating income that will be accrued and reflected as a compensation expense throughout the year for the cash portion of the total annual bonus pool (the "accrual rate"). The accrual rate of the cash portion of the total annual bonus pool may be modified by the MDCC during the year based on its review of the financial information described above. The MDCC does not apply any particular weighting or formula to the information it considers when determining the size of the total bonus pool or the accruals made for the cash portion of the total bonus pool.

Following the end of the performance year, the MDCC approves the final bonus pool amount.

As part of the year-end review process the Enterprise Risk and Regulatory Compliance departments report to the MDCC on any activities, incidents or events that warrant consideration in making compensation decisions.

Individuals are not involved in setting their own remuneration.

Control functions

Each of the control functions (Enterprise Risk, Legal & Compliance, and Internal Audit) has its own organisational structure which is independent of the business units. The head of each control function is either a member of the Global Executive Committee ("GEC"), the global management committee, or has a reporting obligation to the board of directors of BlackRock Group Limited, the parent company of all of BlackRock's EMEA regulated entities, including the Manager.

Functional bonus pools are determined with reference to the performance of each individual function. The remuneration of the senior members of control functions is directly overseen by the MDCC.

Link between pay and performance

There is a clear and well-defined pay-for-performance philosophy and compensation programmes which are designed to meet the following key objectives as detailed below:

- ▶ appropriately balance BlackRock's financial results between shareholders and employees;
- ▶ attract, retain and motivate employees capable of making significant contributions to the long-term success of the business;
- ▶ align the interests of senior employees with those of shareholders by awarding BlackRock Inc.'s stock as a significant part of both annual and long-term incentive awards;
- ▶ control fixed costs by ensuring that compensation expense varies with profitability;

- ▶ link a significant portion of an employee's total compensation to the financial and operational performance of the business as well as its common stock performance;
- ▶ discourage excessive risk-taking; and
- ▶ ensure that client interests are not negatively impacted by remuneration awarded on a short-term, mid-term and/or long-term basis.

Driving a high-performance culture is dependent on the ability to measure performance against objectives, values and behaviours in a clear and consistent way. Managers use a 5-point rating scale to provide an overall assessment of an employee's performance, and employees also provide a self-evaluation. The overall, final rating is reconciled during each employee's performance appraisal. Employees are assessed on the manner in which performance is attained as well as the absolute performance itself.

In keeping with the pay-for-performance philosophy, ratings are used to differentiate and reward individual performance – but don't pre-determine compensation outcomes. Compensation decisions remain discretionary and are made as part of the year-end compensation process.

When setting remuneration levels other factors are considered, as well as individual performance, which may include:

- ▶ the performance of the Manager, the funds managed by the Manager and/or the relevant functional department;
- ▶ factors relevant to an employee individually; relationships with clients and colleagues; teamwork; skills; any conduct issues; and, subject to any applicable policy, the impact that any relevant leave of absence may have on contribution to the business);
- ▶ the management of risk within the risk profiles appropriate for BlackRocks clients;
- ▶ strategic business needs, including intentions regarding retention;
- ▶ market intelligence; and
- ▶ criticality to business.

A primary product tool is risk management and, while employees are compensated for strong performance in their management of client assets, they are required to manage risk within the risk profiles appropriate for their clients. Therefore, employees are not rewarded for engaging in high-risk transactions outside of established parameters. Remuneration practices do not provide undue incentives for short-term planning or short-term financial rewards, do not reward unreasonable risk and provide a reasonable balance between the many and substantial risks inherent within the business of investment management, risk management and advisory services.

Report on Remuneration (Unaudited) continued

BlackRock operates a total compensation model for remuneration which includes a base salary, which is contractual, and a discretionary bonus scheme.

BlackRock operates an annual discretionary bonus scheme. Although all employees are eligible to be considered for a discretionary bonus, there is no contractual obligation to make any award to an employee under its discretionary bonus scheme. In exercising discretion to award a discretionary bonus, the factors listed above (under the heading “Link between pay and performance”) may be taken into account in addition to any other matters which become relevant to the exercise of discretion in the course of the performance year.

Discretionary bonus awards for all employees, including executive officers, are subject to a guideline that determines the portion paid in cash and the portion paid in BlackRock, Inc. stock and subject to additional vesting/clawback conditions. Stock awards are subject to further performance adjustment through variation in BlackRock, Inc.’s share price over the vesting period. As total annual compensation increases, a greater portion is deferred into stock. The MDCC adopted this approach in 2006 to substantially increase the retention value and shareholder alignment of the compensation package for eligible employees, including the executive officers. The portion deferred into stock vests into three equal instalments over the three years following grant.

Supplementary to the annual discretionary bonus as described above, equity awards may be made to select individuals to provide greater linkage with future business results. These long-term incentive awards have been established individually to provide meaningful incentive for continued performance over a multi-year period recognising the scope of the individual’s role, business expertise and leadership skills.

Selected senior leaders are eligible to receive performance-adjusted equity-based awards from the “BlackRock Performance Incentive Plan” (“BPIP”). Awards made from the BPIP have a three-year performance period based on a measurement of As Adjusted Operating Margin⁽¹⁾. Determination of pay-out will be made based on the firm’s achievement relative to target financial results at the conclusion of the performance period. The maximum number of shares that can be earned is 165% of the award in those situations where both metrics achieve pre-determined financial targets. No shares will be earned where the firm’s financial performance in both of the above metrics is below a pre-determined performance threshold. These metrics have been selected as key measures of shareholder value which endure across market cycles.

A limited number of investment professionals have a portion of their annual discretionary bonus (as described above) awarded as deferred cash that notionally tracks investment in selected products managed by the employee. The intention of these awards is to align investment professionals with the investment returns of the products they manage through the deferral of compensation into those products. Clients and external

evaluators have increasingly viewed more favourably those products where key investors have “skin in the game” through significant personal investments.

Identified Staff

The UCITS Remuneration Policy sets out the process that will be applied to identify staff as Identified Staff, being categories of staff of the Management Company, including senior management, risk takers, control functions and any employee receiving total remuneration that takes them into the same remuneration bracket as senior management and risk takers, whose professional activities have a material impact on the risk profiles of the Management Company or of the funds it manages.

The list of Identified Staff will be subject to regular review, being formally reviewed in the event of, but not limited to:

- ▶ organisational changes;
- ▶ new business initiatives;
- ▶ changes in significant influence function lists;
- ▶ changes in role responsibilities; and
- ▶ revised regulatory direction.

Quantitative Remuneration Disclosure

The Manager is required under UCITS to make quantitative disclosures of remuneration. These disclosures are made in line with BlackRock’s interpretation of currently available regulatory guidance on quantitative remuneration disclosures. As market or regulatory practice develops BlackRock may consider it appropriate to make changes to the way in which quantitative remuneration disclosures are calculated. Where such changes are made, this may result in disclosures in relation to a fund not being comparable to the disclosures made in the prior year, or in relation to other BlackRock fund disclosures in that same year.

Disclosures are provided in relation to (a) the staff of the Manager; (b) staff who are senior management; and (c) staff who have the ability to materially affect the risk profile of the Fund, including individuals who, although not directly employed by the Manager, are assigned by their employer to carry out services directly for the Manager.

All individuals included in the aggregated figures disclosed are rewarded in line with BlackRock’s remuneration policy for their responsibilities across the relevant BlackRock business area. As all individuals have a number of areas of responsibilities, only the portion of remuneration for those individuals’ services attributable to the Fund is included in the aggregate figures disclosed.

Members of staff and senior management of the Manager typically provide both UCITS and non-UCITS related services in respect of multiple funds, clients and functions of the Manager

⁽¹⁾ As Adjusted Operating Margin: As reported in BlackRock’s external filings, reflects adjusted Operating Income divided by Total Revenue net of distribution and servicing expenses and amortisation of deferred sales commissions. and Organic Revenue Growth⁽²⁾

Report on Remuneration (Unaudited) continued

and across the broader BlackRock group. Therefore, the figures disclosed are a sum of each individual's portion of remuneration attributable to the Manager according to an objective apportionment methodology which acknowledges the multiple-service nature of the Manager. Accordingly, the figures are not representative of any individual's actual remuneration or their remuneration structure.

The amount of the total remuneration awarded by the Manager to its staff which has been attributed to the Manager's UCITS-related business in respect of the Manager's financial year ending 31 December 2019 is USD 109.5 million. This figure

is comprised of fixed remuneration of 9.4 million and variable remuneration of USD 100.1 million. There was a total of 153 beneficiaries of the remuneration described above.

The amount of the aggregate remuneration awarded by the Manager, which has been attributed to the Manager's UCITS-related business in respect of the Manager's financial year ending 31 December 2019, to its senior management was USD 0.5 million, and to other members of its staff whose actions have a material impact on the risk profile of the Fund was USD 109.0 million.
