General information

UNI-GLOBAL was incorporated under the laws of Luxembourg on 23 December 1991 as an Open-end Investment Company (SICAV) for an unlimited period. The SICAV is subject to the amended law of 10 August 1915 on commercial companies and to the amended law of 17 December 2010 on Undertakings for Collective Investment. The SICAV is subject in particular to the provisions of Part I of this law.

The SICAV's Articles of Association have been published in the Companies and Associations Section of the "Mémorial", Luxembourg's Official State Gazette, and filed with the Luxembourg Trade & Companies Registry (R.C.S.), where copies thereof may be obtained. The Articles of Association were last amended at the Extraordinary General Meeting held on 11 October 2016.

UNI-GLOBAL is incorporated as a SICAV with multiple sub-funds. As at the date of this report, the following sub-funds are active:

| – UNI-GLOBAL – EQUITIES EUROPE | denominated in EUR |
|---|--------------------|
| – UNI-GLOBAL – EQUITIES JAPAN | denominated in JPY |
| - UNI-GLOBAL - EQUITIES US | denominated in USD |
| - UNI-GLOBAL - EQUITIES WORLD | denominated in USD |
| UNI-GLOBAL – EQUITIES EMERGING MARKETS | denominated in USD |
| – UNI-GLOBAL – ABSOLUTE RETURN | denominated in EUR |
| – UNI-GLOBAL – EQUITIES EUROZONE | denominated in EUR |
| - UNI-GLOBAL - CROSS ASSET NAVIGATOR | denominated in USD |
| - UNI-GLOBAL - CROSS ASSET TREND FOLLOWER | denominated in USD |
| – UNI-GLOBAL – TOTAL RETURN BONDS | denominated in USD |
| - UNI-GLOBAL - EQUITIES COMPASS WORLD | denominated in USD |
| UNI-GLOBAL – ALTERNATIVE EQUITIES COMPASS WORLD | denominated in USD |
| - UNI-GLOBAL - EQUITIES RISK COMPLETION I | denominated in EUR |
| - UNI-GLOBAL - ALTERNATIVE RISK PREMIA | denominated in USD |

The share classes are named as follows:

"S" when subscription to the class remains open to all investors in the sub-funds

Uni-Global – Absolute Return

Uni-Global - Cross Asset Trend Follower

Uni-Global - Total Return Bonds

Uni-Global - Equities Compass World

Uni-Global – Alternative Equities Compass World

For all other sub-funds, and within each sub-fund, a subclass/category of Shares within the 'S' class is exclusively open to existing investors already holding Shares of such subclass/category in this sub-fund but closed to new investors as from 31 January 2018.

"R" when the class is reserved to investors who meet one of the following criteria:

- 1, Intermediaries with a written distribution agreement or any other equivalent agreement providing services of distribution or administration for distribution (the "Distributors"), approved by the Board of Directors.
- 2, Sub-distributors or investors of a Distributor, when the investors reside in the United Kingdom, as defined by chapter 3 "client categorisation" of the "Code of Business Sourcebook" issued by the Financial Conduct Authority in the United Kingdom to which no rebates or retrocession will be given, or in the Netherlands.

"T" when subscription to the class remains open to all investors in the sub-fund

Uni-Global - Absolute Return

Uni-Global - Cross Asset Trend Follower

Uni-Global - Total Return Bonds

Uni-Global - Equities Compass World

Uni-Global – Alternative Equities Compass World

General information (continued)

For all other sub-funds, and within each sub-fund, a subclass/category of Shares within the 'T' class is exclusively open to existing investors already holding Shares of such subclass/category in this sub-fund but closed to new investors as from 31 January 2018.

Class names will also include the name of their currencies as part of their name.

"Z" when the class is reserved for investment funds, segregated accounts managed by the Unigestion group (including, in particular, SICAV sub-funds that invest in another SICAV sub-fund), and institutional clients investing directly in the SICAV and who may enter into a fee agreement with the Investment Manager.

"C" when the class is reserved for pension funds, subject to the Board of Directors' prior approval, without an initial subscription amount unless otherwise specified under section 21 of the Prospectus 'Management Fees and Minimum investment amounts'.

"Y" when the class is reserved for certain eligible investors to the new sub-funds for which a specific minimum initial investment amount is required as described under section 21 of the Prospectus "Management Fees and minimum investment amounts". The Share Class remains open until it reaches an amount as determined by the Board.

"A" when the class is intended to all investors.

"I" when the class is intended to Institutional investors within the meaning of Article 174 (2) of the Act of 2010.

Exceptions to the minimum subscription amounts may be granted only by the Board of Directors', in keeping with the principle of equality among investors.

"A" when the class is accumulative.

"D" when the class distributes dividends.

"C" when the class is converted.

"H" when the class provides currency hedging. Due to the volatility of the underlying portfolio, the SICAV cannot guarantee that this class is fully protected against currency risk. Therefore, a residual currency risk cannot be ruled out. The fees of the class will not vary due to currency hedging.

Class names will also include the name of their currencies as part of their name.

The class names therefore appear as follows:

Class Name (A/C/S/R/T/I/Y) + Cumulative or Distribution (A/D) + Converted or Hedged (C/H) + Currency (EUR/JPY/USD/GBP/CHF).

Notes to the financial statements

as at 30 June 2018

Note 1 - Significant accounting policies

a) Presentation of the financial statements

The financial statements are prepared in accordance with Luxembourg regulations relating to Undertakings for Collective Investment.

The financial statements have been prepared on the basis of the net asset value of 30 June 2018 using the last available prices as at 30 June 2018.

As of 30 June 2018, the following sub-fund invested in another sub-funds of the SICAV as described below:

UNI-GLOBAL - CROSS ASSET NAVIGATOR:

| Description | Currency | Number | Market value | % Net assets |
|---|----------|--------|--------------|--------------|
| UNI-GLOBAL – ALTERNATIVE EQUITIES COMPASS WORLD | | 18,658 | 18,704,818 | 8.26 |
| | | Total | 18,704,818 | 8.26 |

The consolidated statement of net assets and the consolidated statement of operations and other changes in net assets (in CHF) for the period ended 30 June 2018 have not been adjusted to exclude the impact of the aforementioned security. The total net asset value excluding the amount of the investment in the abovementioned sub-fund amounts to CHF 5,291,139,436.

b) Valuation of investments

The value of assets of the SICAV is determined as follows:

- The value of cash in hand or on deposit, bills and notes payable at sight and accounts receivable, prepaid expenses, dividends and interest announced or due for payment and not yet collected is formed by the nominal value of such assets, unless it appears unlikely that such a value can be collected; in the latter instance the value shall be determined by deducting such an amount as the SICAV shall consider appropriate with a view to reflecting the real value of those assets.
- The value of all transferable securities and money market instruments and derivative instruments listed on a stock exchange or traded on another regulated market that operates regularly and is recognised and open to the public shall be determined according to their most recent available price.
- In cases where the SICAV's investments are listed on a stock exchange or traded on another regulated market that operates regularly and is recognised and open to the public, and traded by market makers outside the stock market on which the investments are listed or the market on which they are traded, the Board of Directors may decide the primary market for the investments in question, which will then be valued at the most recent price available on this market.
- Derivative instruments that are not listed on an official stock exchange or traded on another regulated market that operates regularly and is recognised and open to the public will be valued in accordance with market practices, as they may be described in greater detail in the Prospectus.
- The value of the securities representing any Undertaking for Collective Investment open are determined in accordance with the most recent official Net Asset Value per unit or according to the most recent estimated Net Asset Value if the latter is more recent than the official Net Asset Value, provided that the SICAV is confident that the valuation method used for that estimation is consistent with that used for calculating the official Net Asset Value.

Notes to the financial statements (continued)

as at 30 June 2018

Note 1 - Significant accounting policies (continued)

Insofar as:

- the transferable securities, money market instruments and/or derivative instruments in the portfolio on the Valuation Date are neither listed nor traded either on a stock exchange or on another regulated market that operates regularly and is recognised and open to the public,
- or with regard to transferable securities, money market instruments and/or derivative instruments listed and traded on a stock exchange or another such market but for which the price determined pursuant to the second paragraph is not, in the Board of Directors' opinion, representative of the real value of these transferable securities, money market instruments and/or derivative instruments,
- or for derivative instruments traded over-the-counter and/or securities representing undertakings for collective investment, the price determined pursuant to fourth and fifth paragraph is not, in the Board of Directors' opinion, representative of the real value of these derivative instruments or securities representing undertakings for collective investment.

The Board of Directors estimates the probable sale value conservatively and in good faith.

c) Acquisition cost of securities in the portfolio

The acquisition cost of the securities held by each sub-fund that are denominated in currencies other than the reference currency of the sub-fund is converted into this currency at the exchange rate prevailing on the date of purchase.

d) Net realised gain/(loss) on sales of securities

The net realised gains/(losses) on sales of securities of each sub-fund are calculated on the basis of the average acquisition cost.

e) Investment portfolio income

Dividend income is recorded at the ex-date, net of any withholding tax.

Interest income accrued and payable is recognised net of any withholding tax.

f) Valuation of forward currency exchange contracts

Forward currency exchange contracts are valued at forward market rates for the remaining period from valuation date to the maturity of the contracts. Unrealised gains or losses are recorded in the statement of net assets. Net realised gains and losses and net changes in unrealised gains and losses are recognised in the statement of operations and other changes in net assets.

g) Valuation of financial futures contracts

Financial futures contracts traded on a regulated market are valued at the market settlement price. Initial margin calls are made upon conclusion of the contract in cash or securities. During the financial period in which positions are opened, changes in the value of contracts, indexed to the market to reflect the market value of contracts at close of business, are recognised in unrealised gains or losses. Payments of variation margins are paid or collected in terms of gains or losses. The frequency of these margin payments may vary depending on the place where the contract was negotiated. Net variation of unrealised gains and losses and net realised gains and losses are recorded in the statement of operations and other changes in net assets.

Notes to the financial statements (continued)

as at 30 June 2018

Note 1 - Significant accounting policies (continued)

h) Valuation of option contracts

Option contracts outstanding at the date of the report are valued at the last settlement or close price on the stock exchanges or regulated markets. Net variation of unrealised gains and losses and net realised gains and losses are recorded in the statement of operations and other changes in net assets.

i) Valuation of credit default swap contracts

This is a credit derivative transaction agreed between two parties, in which one party pays to the other a periodic fixed coupon for the specified duration of the agreement. The other party makes no payments unless a credit incident related to the previously defined reference asset occurs. In this case, the second party makes a payment to the first party and the swap is terminated. The value of underlying assets will be taken into account in calculating borrowing and investment powers applicable to individual issuers. Net change in unrealised gains and losses and net realised gains and losses are recorded in the statement of operations and other changes in net assets.

i) Valuation of contracts for difference

The valuation of a contract for difference (CFD) will reflect at any given time the difference between the last known price of the underlying security and the valuation used when initially recognising the transaction. Net realised gains and losses and the net change in unrealised gains and losses are recognised in the statement of operations and other changes in net assets.

k) Formation expenses

Formation expenses are amortised on a straight line basis over a period of five years.

I) Conversion of foreign currencies

The accounts of the sub-funds are kept in the following currencies, which are also the reference currencies of the various sub-funds:

| – UNI-GLOBAL – EQUITIES EUROPE | denominated in EUR |
|---|--------------------|
| – UNI-GLOBAL – EQUITIES JAPAN | denominated in JPY |
| – UNI-GLOBAL – EQUITIES US | denominated in USD |
| – UNI-GLOBAL – EQUITIES WORLD | denominated in USD |
| UNI-GLOBAL – EQUITIES EMERGING MARKETS | denominated in USD |

| – UNI-GLOBAL – ALTERNATIVE EQUITIES COMPASS WORLD | denominated in USD |
| - UNI-GLOBAL - EQUITIES RISK COMPLETION I | denominated in EUR |
| – UNI-GLOBAL – ALTERNATIVE RISK PREMIA | denominated in USD |

Cash at bank, other net assets and the valuation of the securities in portfolio denominated in currencies other than the currency of the sub-fund are converted into sub fund's currency at the exchange rates prevailing on the date of the financial statement. Incomes and expenses expressed in currencies other than the currency of the sub-fund are converted into sub fund's currency at the exchange rates prevailing on the date of the transaction.

Notes to the financial statements (continued)

as at 30 June 2018

Note 1 - Significant accounting policies (continued)

m) Consolidation

The consolidated financial statements of the SICAV are expressed in CHF and are equal to the sum of the corresponding headings in the financial statements of each sub-fund converted into CHF at the exchange rate in force at the date of the report.

The sum of the exchange differences calculated on the opening balances of the Net Asset Value of the sub-funds denominated in currencies other than CHF is reflected under "Translation difference" in the consolidated statement of operations and other changes in net assets.

At the date of the report, the consolidation exchange rates are the following:

| 1 | CHF | = | 0.862575538 | EUR | Euro |
|---|-----|---|---------------|-----|----------------|
| | | | 111.551437635 | JPY | Japanese Yen |

n) Transaction fees

Transaction costs which are presented under "Transaction fees" in the statement of operations and other changes in net assets are mainly comprised of expenses incurred by the SICAV included in the purchase and sale price of the transactions, the liquidation fee of transactions paid to depositary bank as well as fees relating to the transactions on financial and derivative instruments.

Note 2 - Flat-rate fee

Costs incurred in connection with the operations of the SICAV are borne by it in the form of Flat-rate fee. Flat-rate fee is charged to the various sub-funds at an annual rate for the active share classes as follows:

| Sub-fund | Share classes | | | | |

The Flat-rate fee is payable quarterly and calculated on the basis of the average net assets of each subfund during that quarter and includes the following expenses:

- the fees for the Depositary Bank, Domiciliation and Administrative Agent;
- management company fees;
- distribution fees;
- the taxes, duties, contributions and charges on companies payable by the SICAV;
- the registration fees and the costs of maintenance of the registration by the competent authorities and the Luxembourg Stock Exchange;
- the annual audit fees and costs of publishing the prospectuses and reports;
- directors' fees; and,
- more generally, all running costs for the operation of the SICAV.

The Flat-rate fees are only applicable on share classes S and T.

In consideration for its depositary bank and administrative agent services, J.P. Morgan Bank Luxembourg S.A. will receive a commission of no more than 0.15% per annum, calculated on the value of the assets of each sub-fund at the end of each month with a minimum amount of EUR 20,000 per year and by sub-fund. These charges do not include transaction fees.

In consideration for its services to the SICAV, the management company will receive a monthly remuneration paid from the Flat-rate fee as stipulated in each sub-fund factsheet, or where appropriate a specific amount indicated in the factsheet of the sub-funds concerned.

There is no Flat-rate fee for the UNI-GLOBAL – ABSOLUTE RETURN, UNI-GLOBAL – CROSS ASSET NAVIGATOR, UNI-GLOBAL – CROSS ASSET TREND FOLLOWER, UNI-GLOBAL – TOTAL RETURN BONDS, UNI-GLOBAL – ALTERNATIVE EQUITIES COMPASS WORLD, UNI-GLOBAL – EQUITIES RISK COMPLETION I and UNI-GLOBAL – ALTERNATIVE RISK PREMIA sub-funds. The Manager is paid a management fee as described hereafter. The sub-fund also pays the following costs:

- the fees for the Depositary Bank, Domiciliation and Administrative Agent,
- brokerage costs and any other expenses invoiced by financial intermediaries for buying and selling securities.
- distribution fees,
- the taxes, duties, contributions and charges on companies payable by the SICAV,
- the management company fees.

Note 4 - Performance fee

In addition to the management fee as outlined above, the sub-fund UNI-GLOBAL – ABSOLUTE RETURN and the sub-fund UNI-GLOBAL – ALTERNATIVE EQUITIES COMPASS WORLD pay a performance fee for class S only to the Manager, which is determined as follows:

- 1. For each calendar year during which the performance of the sub-fund exceeds the minimum rate of return required ("Hurdle Rate") calculated *pro rata temporis* (the "outperformance"), a fee of 10% of the outperformance is payable.
- 2. The sub-fund's performance for each share class concerned equals the difference between the valuation of net assets per share realised on the basis of the prices of the last business day of the current calendar year ("final valuation") and the one realised on the basis of the last business day of the previous calendar year ("initial valuation"), including any dividends paid during the calendar year, expressed as a percentage (the "performance"). The initial valuation is therefore changed annually if the sub-fund has reached its high water mark, even if the sub-fund has not achieved the hurdle rate performance during the preceding calendar year.
- 3. The hurdle rate is defined as follows for the different share classes of the sub-fund:

For the sub-fund UNI-GLOBAL – ABSOLUTE RETURN:

EUR classes: 12-month LIBOR EUR + 2% USD classes: 12-month LIBOR USD + 2% GBP classes: 12-month LIBOR GBP + 2% CHF classes: 12-month LIBOR CHF + 2%

For the UNI-GLOBAL – ALTERNATIVE EQUITIES COMPASS WORLD sub-fund, the hurdle rate is 2%.

For the first calculation of the performance fee, the hurdle rate is determined on a pro rata temporis basis.

Notes to the financial statements (continued)

as at 30 June 2018

Note 4 - Performance fee (continued)

4. The performance fee is payable only if (1) the performance exceeds the hurdle rate calculated *pro rata temporis* and (2) the final NAV per share (including any dividends paid since the last calendar year for which a performance fee was payable) is greater than the highest past final NAV per share (the high watermark); in this case, the performance fee is applied on the difference between the final NAV per share and the high watermark for the UNI-GLOBAL – ABSOLUTE RETURN sub-fund.

The performance fee is estimated and accrued at the time of each NAV calculation and is payable at the end of each calendar year.

When calculating the performance fee, the sub-fund's capital movements are taken into consideration according to the principle of "crystallisation". In the event of a redemption or conversion during the calendar year under way carried out before the end of the period of calculation of the performance fee, the performance fee relating to the redeemed or converted shares shall be crystallised on the redemption/conversion date and shall be definitively payable to the fund manager. It shall be payable at the end of each calendar year.

Note 5 - Commission on shares issued and redeemed

Shares are issued at the Net Asset Value plus a maximum commission of 4%, amount payable to entities and agents involved in the marketing and investment of shares.

No exit fee is levied for redeeming shares.

Shareholders may ask to convert all or part of their shares into shares of another sub-fund on the basis of the Net Asset Value, without any conversion fee being applied.

Note 6 - Swing Pricing

Swing Pricing allows the different sub-funds of the SICAV to settle the transaction costs arising from subscriptions and redemptions by incoming and outgoing investors. With Swing Pricing, existing investors will no longer bear indirectly the transaction costs, which will be directly included in the calculation of the Net Asset Value (NAV) and will be borne by the incoming and outgoing investors.

The NAV shall only be adjusted once a certain predefined threshold has been reached. The Board of Directors of the SICAV sets a threshold for net subscriptions and redemptions which will trigger price swinging. This threshold is defined for each sub-fund and is expressed as a percentage of the total net assets of the sub-fund in question.

In the context of swing pricing, the NAV is adjusted at each NAV calculation at which the threshold is exceeded by an estimate of the net transaction costs.

The direction of the swing results from the net capital flows applicable to a NAV. In the event of net capital inflows, the swing factor relating to subscriptions of shares in the sub-fund is added to the NAV and, in the case of net redemptions, the swing factor relating to redemptions of shares in the sub-fund is deducted from the NAV. In both cases, the same NAV is applied to all incoming and outgoing investors on a given date.

The swing factors used to adjust the NAV are calculated on the basis of external brokerage fees, taxes and duties as well as estimates of differences between the bid price and the ask price of transactions that the sub-fund executes following share subscriptions or redemptions.

Notes to the financial statements (continued)

as at 30 June 2018

Note 6 - Swing Pricing (continued)

The value of the swing factor will be determined by the Board of Directors of the SICAV and may vary between sub-funds without exceeding 3% of the unadjusted NAV. The value of shares of the SICAV sub-funds as well as share performance are calculated based on the adjusted net asset value. If applicable, the performance fee is determined on the basis of the unadjusted Net Asset Value.

The official net asset value per share at the end of the period, indicated in the statistical information of the report, may therefore include a "Swing Pricing" adjustment, which will not be reflected in the statement of net assets or in the consolidated statement of operations and other changes in net assets (in EUR).

The swing pricing technique is applicable only to the UNI-GLOBAL – ABSOLUTE RETURN, UNI-GLOBAL – ALTERNATIVES EQUITIES COMPASS WORLD and UNI-GLOBAL – ALTERNATIVE RISK PREMIA sub-funds in accordance with the trigger threshold and the swing factors detailed in the table below:

| Sub-fund | Threshold (% Net Assets) | "Swing Factor" (net subscriptions) | "Swing Factor" (net redemptions) |
|---|-----------------------------|---------------------------------------|-------------------------------------|
| UNI-GLOBAL - ABSOLUTE RETURN | 3.00% | 0.25% | 0.25% |
| UNI-GLOBAL - ALTERNATIVES EQUITIES COMPASS WORLD | 10.00% | 0.25% | 0.25% |
| UNI-GLOBAL – ALTERNATIVE RISK PREMIA | 4.00% | 0.10% | 0.10% |

No swing pricing was applied as at 30 June 2018.

Note 7 - Taxe d'abonnement

The SICAV is governed by Luxembourg law.

Pursuant to the legislation and regulations in force, the SICAV is subject to an annual subscription duty (*taxe d'abonnement*) of 0.05% which is payable quarterly and calculated on the basis of the net assets of each sub-fund on the last day of each quarter.

The share classes earmarked exclusively for institutional investors are subject to taxes on funds reduced to 0.01%.

Pursuant to Article 175 (a) of the amended law of 17 December 2010, the net assets invested in undertakings for collective investments already subject to the taxes on funds are exempt from this tax.

Note 8 - Belgian annual subscription tax

Articles 307 to 311 of the Belgian law of 22 December 2003 require that undertakings for collective investment authorised for public distribution in Belgium pay an annual tax of 0.0925% on the total net amount subscribed in Belgium as at 30 June of the preceding year starting at the date the undertakings were registered with the Financial Services and Markets Authority (FSMA). The aforementioned articles 307 to 311 came into force on 1 January 2004.

The SICAV is required to pay this tax on 31 March of each year.

The Belgian annual subscription tax is recorded under "Flat-rate fee" in the statement of operations and other changes in net assets. For the sub-fund UNI-GLOBAL – ABSOLUTE RETURN, this tax is recorded under "Other administration costs" in the statement of operations and other changes in net assets.

Appendix 1: Remuneration policy of the Management Company

as at 30 June 2018

Remuneration policies and practices

The Management Company has established and applies a remuneration policy and practices that are consistent with, and promote, sound and effective risk management and that neither encourage risk taking which is inconsistent with the risk profiles, rules, the Prospectus or the Articles nor impair compliance with the Management Company's obligation to act in the best interest of the SICAV (the Remuneration Policy).

The Remuneration Policy includes fixed and variable components of salaries and applies to those categories of staff, including senior management, risk takers, control functions and any employee receiving total remuneration that falls within the remuneration bracket of senior management and risk takers whose professional activities have a material impact on the risk profiles of the Management Company, the SICAV or the sub-funds. Within the Management Company, these categories of staff represents 22 persons.

The Remuneration Policy is in line with the business strategy, objectives, values and interests of the Management Company, the SICAV and the Shareholders and includes measures to avoid conflicts of interest.

In particular, the Remuneration Policy will ensure that:

- a) the staff engaged in control functions are compensated in accordance with the achievement of the objectives linked to their functions, independently of the performance of the business areas that they control:
- b) the fixed and variable components of total remuneration are appropriately balanced and the fixed component represents a sufficiently high proportion of the total remuneration to allow the operation of a fully flexible policy on variable remuneration components, including the possibility to pay no variable remuneration component;
- c) the measurement of performance used to calculate variable remuneration components or pools of variable remuneration components includes a comprehensive adjustment mechanism to integrate all relevant types of current and future risks.

The following table shows the fixed and variable remuneration in 2017 for the Identified Staff (22 persons), who is fully or partly involved in the activities of all the funds managed by the Management Company.

Staff expenses split into fixed and variable remuneration

Wages and salaries

S = Senior Management

R = Risk takers, which includes staff members whose professional activities can exert material influence on UCITS or AIFs managed by LAM

- C = Staff engaged in control functions (other than senior management) responsible for risk management, compliance, internal audit and similar functions
- O = Any other staff member receiving total remuneration that takes them into the same remuneration bracket as senior management and risk-takers, whose professional activities have a material impact on LAM's risk profile.

A paper copy of the summarised Remuneration Policy is available free of charge to the Shareholders upon request.

No material changes have been made to the remuneration policy.

Appendix 2: Total Expense Ratio

The TER disclosed under "Statistical information" in this report is calculated in accordance with the "Guidelines on the calculation and disclosure of the TER of collective investment schemes" issued by the Swiss Funds & Asset Management Association "SFAMA" on 16 May 2008.

The TER is calculated for the last 12 months preceding the date of this report.

Transaction fees are not taken into account in the calculation of the TER.

If a performance fee is provided and has been calculated, the TER shown includes this fee. Moreover the performance fee ratio is calculated in percentage of the average net assets for the last 12 months preceding indicated reference date.

Top ten counterparties

The table below lists the top ten counterparties (based on the gross volume of outstanding transactions) for all securities lending transactions as at reporting date. The SICAV is protected against the risk of default of the borrower by the lending agent. If the borrower defaults, the lending agent may sell the collateral to redeem the non-surrendered securities. If the sale of the collateral does not fully cover the purchase of the securities, the lending agent is responsible for offsetting the difference. It is thus the lending agent (JPMorgan Chase Bank NA London Branch) that holds the responsibility for the debt:
