Benchmark uses

- Performance comparison. The Sub-Fund may bear little resemblance to the benchmark.

POLICIES

Main investment exposure Primarily invests in UCITS and UCIs managed or distributed by companies in the JPMorgan Chase & Co. group including other Sub-Funds of the Fund. Such UCITS and UCIs will have exposure to a range of asset classes such as equities, debt securities of any credit quality, convertible securities, currencies, commodities, real estate and money market instruments. Issuers of the underlying investments may be located in any country, including emerging markets.

The Sub-Fund may invest up to 100% of its assets in units of UCITS and other UCIs.

Some of the UCITS and UCIs will invest in derivatives to achieve their investment objective.

Dividends are not guaranteed given that returns to investors will vary from year to year depending on dividends paid and capital returns, which could be negative.

Other investment exposures Direct investment in equities and debt securities to a limited extent.

Derivatives *Used for:* hedging; efficient portfolio management. *Types:* see [Sub-Fund Derivatives Usage](#) table under [How the Sub-Funds Use Derivatives, Instruments and Techniques](#) in the Prospectus. *TRS including CFD:* none. *Global exposure calculation method:* commitment.

Currencies *Sub-Fund Base Currency:* EUR. *Currencies of asset denomination:* any. *Hedging approach:* flexible.

Redemption and Dealing Shares of the Sub-Fund may be redeemed on demand, with dealing normally on a daily basis.

Distribution Policy This Share Class normally pays a quarterly dividend based on an estimate of the Sub-Fund's annual yield before deduction of annual fees. It prioritises dividend payments over capital growth and will typically distribute more than the income earned.

Risk and Reward Profile

The above rating is based on the historic volatility of the simulated Net Asset Value of this Share Class over the last five years and may not be a reliable indication of the future risk profile of this Share Class.

The risk and reward category shown above is not guaranteed to remain unchanged and may change over time.

A Share Class with the lowest risk rating does not mean a risk-free investment.

Why is this Share Class in this category? This Share Class is classified in category 4 because its simulated Net Asset Value has shown medium fluctuations historically.
