Report on activities of the Board of Directors

The BlueOrchard Microfinance Fund (the "Company" or the "Fund") closed its fiscal year ending 30th June 2018 with a Net Asset Value of USD 1,689,869,812.17, equivalent to a 65.73% increase compared to the previous year. As of 30th June 2018, the USD share class represented 23.23% of the total NAV, the remaining being split between the EUR, CHF, GBP and SEK share classes (respectively 32.41%, and 30.34%, 0.41%, 13.61%).

The institutional share class in USD recorded a return of 4.23% on a 12 month basis as of 30th June 2018. The performance of the Company over the reporting period was the result of a combination of a very good portfolio quality, stable portfolio yield and very good investment level considering the high growth of the Fund.

During the year under review, positive trends in the microfinance sector continued both in financial and social terms: at the micro level, the average portfolio growth of microfinance institutions (MFIs) on a 12-month rolling basis ranged approximately 19.85%, while portfolio quality remained stable. The profitability of MFIs measured by return on assets, though slightly declined to 1.85% (1.96% previous period), continues reflecting the long-term financial sustainability of the microfinance industry. The Caucasus and Central Asia are now showing better portfolio quality figures and their loan portfolio is increasing again.

At the overall Fund level, the very strong inflows during the year under review were well absorbed by new disbursements amounting to USD 786.7 million during the year. As at 30th June 2018, a total number of 144 microfinance and other financial institutions received financing. The average loan amount disbursed increased to USD 9.3 million (versus USD 3.8 million in the previous financial year). Loans were disbursed in 44 different countries and ensured a wide portfolio diversification both at the country and regional level.

In order to enhance the outreach of the Fund, to diversify the assets base and to improve the liquidity profile of the Fund, the Company started investing into listed fixed income securities since August 2016, in regional development banks but also financial institutions operating in emerging market economies. As of 30th June 2018, the Fund allocation to bonds was 7.23% of the Fund's total assets.

The Fund's outreach to emerging and frontier markets included as many as 44 countries as of 30th June 2018.

Local currency loans (fully hedged to the Fund's reference currency) were regularly provided over the year and represented 34.81% of the total disbursed amount over the Fund's financial year. The importance of providing loans in local currency (fully hedged to the Fund's reference currency) was also underscored in the year under review. Loans were granted to MFIs in 22 different frontier and emerging market currencies in addition to loans in US dollar and Euro.

The enhanced geographical portfolio diversification was achieved thanks to a proactive portfolio management approach. Over the year under review, liquid and other assets decreased from 16% as of 30th June 2017 to 13% as of 30th June 2018. The portfolio average life¹ increased slightly from 19.25 to 21.48 months, which is still well below to the Prospectus limit of 30 months. The combined five largest outstanding MFI positions as a percentage of total fund assets decreased from 13.78% to 10.86% over the year. The largest outstanding exposure of an MFI to the Fund's total assets was at 2.59% as of 30th June 2018 (versus 3.82% as of 30th June 2017).

The proprietary BlueOrchard Credit Scoring and Financial Strength System (BOSCO), launched in June 2012 and upgraded ever since, continued ensuring a disciplined risk-pricing approach for newly disbursed loans and led to stable risk-adjusted returns in line with the previous period. As of 30th June 2018, the private debt portfolio generated a current spread above USD Libor 6 months of 492 basis points.

Moreover, outreach and social performance indicators continue to demonstrate the development impact of the BlueOrchard Microfinance Fund: over 925,963 micro-entrepreneurs were reached by funding provided by the Company as of 30th June 2018, almost 272,000 more than last year. The total number of micro-entrepreneurs served by microfinance institutions in the Fund's portfolio was reported to be above 21.7 million as of the same date. The percentage of rural borrowers remained stable at 47%, and the percentage of female borrowers remained above 50% (53%). The median loan size to micro-entrepreneurs was increased to USD 2,241 from 2,000, underlining that the Company has remained true to its social mission of serving the unbanked and underbanked populations at the bottom of the pyramid since its launch in 1998.

During the course of the financial year, provision was increased to 100% on the Chase Bank position. The Kenyan authorities made it clear that remaining assets would be used to repay depositors leaving no realistic possibility for the lenders to receive any recovery.

Inicyatiwa Mikro SP.Z.O.O defaulted to meet the obligations toward the fund during the year. A wind down agreement has been put in place. A provision of 45% was applied based on an analysis of the remaining assets of the company.

¹ Portfolio Average Life considers the whole portfolio. In 2017 computation only captured private debt assets.

Report on activities of the Board of Directors (continued)

The Company has disbursed since its inception 1,323 loans to specialized microfinance intermediaries for a total amount of USD 3.05 billion. The Fund has demonstrated a strong performance with annualized returns in USD of 4.23% (institutional share class) and 3.55% (private share class) since respective share class inception date.

During the year, the Fund established its presence in the Nordics and launched SEK share class, volume of which presented 13.61% of total net assets as of 30th June 2018.

On behalf of the Fund's Board of Directors, we would like to thank our distinguished investors for their trust and commitment in making this Fund so successful.

Luxembourg, 14th August 2018

The Board of Directors

Note: The information in this report represents historical data and is not an indication of future results.

Audit report

To the Shareholders of BlueOrchard Microfinance Fund

Our opinion

In our opinion, the accompanying financial statements give a true and fair view of the financial position of BlueOrchard Microfinance Fund (the "Fund") as at 30th June 2018, and of the results of its operations and changes in its net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

What we have audited

The Fund's financial statements comprise:

- the statement of net assets as at 30th June 2018;
- the statement of investments and other net assets as at 30th June 2018;
- the statement of operations for the year then ended;
- the statement of changes in net assets for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies.

Basis for opinion

We conducted our audit in accordance with the Law of 23rd July 2016 on the audit profession (Law of 23rd July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" (CSSF). Our responsibilities under those Law and standards are further described in the "Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements" section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities under those ethical requirements.

Other information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our audit report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors of the Fund and those charged with governance for the financial statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

PricewaterhouseCoopers, Société coopérative, 2 rue Gerhard Mercator, B.P. 1443, L-1014 Luxembourg T: +352 494848 1, F: +352 494848 2900, www.pwc.lu

Audit report (continued)

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Fund's financial reporting process.

Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23rd July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23rd July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit.

We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design
 and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to
 provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for
 one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the
 override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate
 in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal
 control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund;
- conclude on the appropriateness of the Board of Directors of the Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Fund to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to the financial statements

as at 30th June 2018

Note 1 - General information

BlueOrchard Microfinance Fund (hereinafter referred to as the "Company" or the "Fund") was incorporated in the Grand Duchy of Luxembourg on 18th September 1998 for an unlimited period, in the form of a public limited liability company ("société anonyme"). The Company is an umbrella fund qualifying as an open-ended collective investment scheme with variable capital ("société d'investissement à capital variable" ("SICAV")). The Company is governed by the provisions of part II of the Luxembourg Law of 17th December 2010 on Undertakings for Collective Investments, as amended.

The Company qualifies as an Alternative Investment Fund ("AIF") under the Law of 12th July 2013, as amended (the "2013 Law"), on Alternative Investment Fund Managers ("AIFM") implementing Directive 2011/61/EU of the European Parliament and of the Council of 8th June 2011 on Alternative Investment Fund Managers.

The Company has appointed BlueOrchard Asset Management (Luxembourg) S.A., a public limited company, as External AIFM governed by the 2013 Law.

At the date of the financial statements, the following Sub-Fund is offered:

- BlueOrchard Microfinance Fund

in USD

At the date of the financial statements, the following Classes of shares are available for subscription in the Sub-Fund:

The Valuation Day for all Classes of shares, except Class D shares, is the last business day of each month.

In respect of Class D shares, the Valuation Day is the 15th day of each month (or the next following business day) and the last business day of each month.

The accounts and the financial statements of the Company are expressed in USD and correspond to the financial statements of the sole Sub-Fund open.

The Company's financial year starts on 1st July of each year and ends on 30th June of the following year.

Notes to the financial statements (continued)

as at 30th June 2018

Copies of the Articles, the current Prospectus, the latest financial reports, semi-annual reports and accounts may be obtained free of charge during office hours at the registered office of the Company.

Copies of material contracts the Company has entered into are available for inspection during business hours at the registered office of the Company.

Note 2 - Principal accounting policies

a) Presentation of the financial statements

The financial statements of the Company are prepared in accordance with Luxembourg legal and regulatory requirements concerning undertakings for collective investment and with generally accepted accounting principles in Luxembourg.

The financial statements are presented on the basis of the Net Asset Value of the Sub-Fund calculated on 30th June 2018. In accordance with the prospectus, the last official trading Net Asset Value of the corresponding Sub-Fund has been calculated on 29th June 2018 that was the last business day of the month. Nevertheless, an additional Net Asset Value has been calculated for the 30th June 2018 for reporting purposes which is disclosed in these financial statements.

b) Valuation of assets

The NAV is calculated on the basis of the value of the underlying investments of the Company determined as follows:

- The value of any cash on hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as the External AIFM may consider appropriate in such case to reflect the true value thereof.
- 2) The value of securities and money market instruments or derivatives which are listed on an official stock exchange or dealt in on any other Regulated Market is based on the last available price on the stock exchange which is normally the principal market for such assets. If such prices are not representative of the fair value, such securities, money market instruments or derivatives as well as other permitted assets may be valued at a fair value at which it is expected that they may be resold, as determined in good faith by and under the direction of the External AIFM.
- 3) Debt instruments not listed or dealt in on any stock exchange or any other Regulated Market are valued at the outstanding face value; such value is adjusted, if appropriate, to reflect the appraisal of the External AIFM on the creditworthiness of the relevant debt instrument. The External AIFM uses its best endeavours to continually assess this method of valuation and recommend changes, where necessary, to ensure that debt instruments are valued at their fair value, deemed to be the net present value calculated on the basis of the relevant interest rate market conditions applicable to the currency in which the relevant debt instrument is denominated taking into consideration any applied interest rate and currency hedging mechanism, as determined in good faith by the External AIFM. If the External AIFM believes that a deviation from this method of valuation may result in material dilution or other unfair results to Shareholders, the External AIFM takes such corrective action, if any, as it deems appropriate to eliminate or reduce, to the extent reasonably practicable, the dilution or unfair results.
- 4) The amortized cost method of valuation for short-term transferable debt securities in certain Sub-Funds of the Company may be used. This method involves valuing a security at its cost and thereafter assuming a constant amortization to maturity of any discount or premium regardless of the impact of fluctuating interest rates on the market value of the security. While this method provides a systematic approach to valuation, it may result during certain periods in values which are higher or lower than the price which the Sub-Fund would receive if it sold the securities. For certain short term transferable debt securities, the yield to a Shareholder may differ somewhat from that which could be obtained from a similar Sub-Fund which marks its portfolio securities to market each day.
- 5) The value of shares/units in investment funds is based on the latest available valuation. Generally, shares/units in investment funds are valued in accordance with the methods provided by the instruments governing such investment funds. These valuations are normally provided by the investment fund administrator or valuation agent of an investment fund. To ensure consistency within the valuation of each Sub-Fund, if the time at which the valuation of an investment fund was calculated does not coincide with the valuation time of any Sub-Fund, and such valuation is determined to have changed materially since it was calculated, then the NAV may be adjusted to reflect the change as determined in good faith by and under the direction of the External AIFM.
- 6) The valuation of swaps are based on their value when initially transacted unless a deterioration in the asset related to the swap requires an unwind of such swap, in which case it is valued at market value, which itself

Notes to the financial statements (continued)

as at 30th June 2018

depends on various factors (e.g. level and volatility of the underlying asset, market interest rates, residual term of the swap). Any adjustments required as a result of issues and redemptions are carried out by means of an increase or decrease in the nominal of the swaps, traded at their market value.

- 7) Open futures contracts are valued at the last settlement or close price on the stock exchanges or regulated markets
- 8) The valuation of derivatives traded over-the-counter (OTC), such as forward or option contracts not traded on exchanges or on other recognized markets, are based on their net liquidating value determined, pursuant to the policies established by the External AIFM in a consistent manner for each category of contracts. The net liquidating value of a derivative position is to be understood as being equal to the net unrealized profit/loss with respect to the relevant position.
- 9) The value of all other assets is determined prudently and in good faith by and under the direction of the External AIFM in accordance with the relevant valuation principles and procedures.
- 10) In the event that, for any assets, the price as determined pursuant to subparagraph 2) or 3) is not representative of the fair market value of the relevant assets, the value of such assets are based on the reasonably foreseeable sales price determined prudently and in good faith by the external AIFM of the Company.

The External AIFM, in its discretion, may permit the use of other methods of valuation if it considers that such valuation reflects the value of any asset of the Company more accurately.

Impaired and/or previously impaired positions as of 30th June 2018 are as follows:

Instrument	Outstanding Principal Exposure	Provisions	Residual Position	Residual Position
	(in USD)	(in USD)	(in USD)	(in % of NAV)
FINCAZ007 FINCA				
Azerbaij Non-Bk Cred				
Org VAR 13/28.10.16	87,141.50	87,141.50	0.00	0.00
CHAKEN001LN01				
Chase Bank (Kenya) Ltd				
VAR 16/17.03.23	5,000,000.00	5,000,000.00	0.00	0.00
Inicjatiwa Mikro				
SP.Z.O.O	4,824,014.25	2,170,806.41	2,653,207.84	0.16

- Chase: Chase bank has defaulted following a fraud case in Kenya in April 2016. During the course of the financial year, provision were increased to 100%. The complete absence of information about the situation of the bank has increased the likelihood of a severe restructuring including potential losses.
- Finca Azerbaijan: This position is fully provisioned and some residual payments are being received throughout the vear.
- Inicjatiwa Mikro SP.Z.O.O defaulted to meet the obligations toward the fund. The absence of promising information lead to the impairing of all outstanding positions of borrower to 45% of notional.
- During the fiscal year the positions related to Banex [FINDE014LNR01, FINDE017LNR01] were written off; Total outstanding principal exposure was USD 3,267,606.00 with the residual value of zero.

c) Acquisition cost of investments

The acquisition cost of investments held by the Sub-Fund that are denominated in currencies other than the reference currency of the Sub-Fund is converted into this currency at the exchange rate prevailing on the date of purchase.

d) Realised gain/(loss) on investments

The realised gains and losses on investments are calculated on the basis of the average acquisition cost and are disclosed in the statement of operations.

e) Investment portfolio income

Interest income accrued and payable are disclosed, net of any withholding tax.

Notes to the financial statements (continued)

as at 30th June 2018

f) Realised/unrealised results on forward foreign exchange contracts and futures contracts

Unrealised gains and losses are disclosed in the statement of net assets. Realised gains and losses, appreciation and depreciation of unrealised results are disclosed in the statement of operations.

g) Formation and launching expenses of additional Sub-Funds

The costs and expenses incurred in connection with the creation of a new Sub-Fund shall be written off over a period not exceeding five years against the assets of such Sub-Fund only and in such amounts each year as determined by the Board of Directors on an equitable basis.

h) Conversion of foreign currencies

Cash at banks, other net assets and liabilities and the market value of the investments in portfolio expressed in currencies other than the reference currency of the Sub-Fund are converted into this currency at the exchange rate prevailing on the date of the financial statements. Income and expenses expressed in currencies other than the reference currency of the Sub-Fund are converted into this currency at the exchange rate prevailing on the date of the transaction. Foreign exchange gains or losses are disclosed in the statement of operations.

1	USD	=	0.9930000	CHF	Swiss Franc
			0.8565310	EUR	Euro
			0.7574610	GBP	Pound Sterling
			19.6572499	MXN	Mexican Peso
			3.7453500	PLN	Polish Zloty

i) Receivable / Payable on treasury transactions

The item "Receivable on treasury transactions" comprises foreign exchange transactions not yet disclosed under the item "Cash at banks".

The item "Payable on treasury transactions" comprises foreign exchange transactions not yet disclosed under the item "Cash at banks".

j) Transaction fees

Transaction costs disclosed under the item "Transaction fees" in the expenses of the statement of operations are mainly composed of broker fees incurred by the Company and of fees relating to liquidation of transactions paid to the depositary as well as of transaction fees on financial instruments and derivatives.

Note 3 - Management fees

In consideration of the external AIFM services rendered to the Sub-Fund, the external AIFM, BlueOrchard Asset Management (Luxembourg) S.A., receives an external AIFM fee, calculated on the net asset value per end of month of each Share Class, respectively on the monthly average net asset value of Class D shares, and payable monthly in arrears.

The applicable rates as at 30th June 2018 are as below:

Classes of shares	External AIFM fee (in % per annum)
Р	1.85 %
1	1.20 %
N	1.40 %
Andbank Microfinance	1.50 %
D	1.50 %
S	1.00 %
Н	For the combined net asset value:

Notes to the financial statements (continued)

as at 30th June 2018

In consideration of the investment management services rendered to the Sub-Fund, the portfolio manager, BlueOrchard Finance Ltd, receives an investment management fee, payable monthly in arrears out of the remuneration of the external AIFM, as agreed between the portfolio manager and the external AIFM.

In consideration of the Share Class hedging services rendered to the Sub-Fund, the Share Class hedging manager, Candriam Belgium S.A., receives a fee calculated on the net asset value per end of month of each hedged Share Class and payable monthly in arrears.

The applicable rates as at 30th June 2018 are as below:

Net asset value of each hedged Share Class	Fee (in % per annum)
Tranche up to USD 300 million	0.060 %
Tranche from USD 300 million to USD 500 million	0.050 %
Tranche above USD 500 million	0.040 %

Note 4 - Management fees of the target funds

The maximum management fee rates at target funds level as at 30th June 2018 are as below:

Target funds	Fee (in % per annum)
Amundi Fds Cash USD XU Cap	0.05 %
Amundi Money Mkt Fd Short Term (USD) XV Cap	0.08 %
BNP Paribas InstiCash USD I Cap	0.15 %
Candriam Money Market USD I Cap	0.20 %
LO Fds Short-Term Money Market USD N Cap	0.30 %
Currency Exchange Fd (The) USD A	* 0.99 %

^{*} based on the Currency Exchange Fd annual statements 2017

Note 5 - Depositary fees and central administration costs

Depositary and paying agent:

The fees and costs of Banque de Luxembourg S.A. for its function as depositary bank and paying agent are met by the Company and are those generally charged in Luxembourg. These fees are payable quarterly at rates agreed from time to time with the Company which are based on the average net assets of the Sub-Fund or the value of securities held or determined as a fixed sum.

These fees are disclosed under the item "Depositary fees" in the statement of operations.

Administrative, registrar and transfer agent, and domiciliary agent:

The fees and costs of European Fund Administration S.A. for its function as administrative, registrar and transfer agent, and domiciliary agent, are met by the Company and are conform to common practice in Luxembourg. These fees are payable monthly, respectively quarterly for domiciliary agent fees, at rates agreed from time to time with the Company which are based on the net assets of the Sub-Fund or determined as a fixed sum.

These fees are disclosed under the item "Central administration costs" in the statement of operations.

Note 6 - Subscription, redemption and conversion fees

The subscription price may be increased by a sales charge of up to a maximum of 4%, which shall revert to the relevant sales agent.

Notes to the financial statements (continued)

as at 30th June 2018

No redemption charge will be levied on the redemption price for all Classes of shares, except Class S shares. With respect to Class S shares, a redemption charge of 1.5% of the NAV per share will apply, unless the relevant redemption request is below 5% of the latest NAV of the Sub-Fund at the time of the redemption request, in which case, no redemption charge will apply. At the date of the financial statements, no such fee was charged by the Company.

No conversion charge will be levied on conversion of shares.

Note 7 - Subscription tax

The Company holds LuxFlag Microfinance Label and hence is exempted from this tax.

Note 8 - Allocation of results: Class Andbank Microfinance shares

Each year, the Board of Directors allocates results as follows:

- in case the annual net investment income attributable to Class Andbank Microfinance Shares (the Class Andbank Income) exceeds the Harmonised Index of Consumer Prices (HICP), 20% of the (positive) difference between the Class Andbank Income and the HICP will be declared as a dividend and paid out to the relevant investors of that Class;
- the remaining 80% of the (positive) difference between the Class Andbank Income and the HICP will be donated to charities.

Note 9 - Changes in investments in securities

The statement of changes in investments in securities for the period referring to the report is available free of charge at the registered office of the Company.

Note 10 - Overdraft facility agreement

The Company and its depositary, Banque de Luxembourg S.A., signed an overdraft facility agreement of 30 million USD on 21st December 2016, by which the depositary agrees to grant the Company an overdraft facility in USD for the exclusive purpose of (i) bridge financing and (ii) covering non-realised losses on derivative transactions.

The Company undertook to provide the following collateral in guarantee of its obligations:

- the assignment of claims against third parties in accordance with the depositary's defined assignment of claims;
- the pledging of its accounts opened in the depositary's books.

The overdraft facility agreement entered into on 1st January 2017 and for an initial period ending on 1st January 2018. It will be renewed tacitly for periods of 12 months, unless one party notifies the other of the contrary with at least 15 days' prior notice.

On 29th January 2018, the overdraft facility agreement was amended as follows:

The maximum limit authorised for the cumulated amount of the valuated derivative transaction commitments and any overdraft is the lower of

- 60 million USD and
- 10% of the net asset value of all shares issued by the Company.

Note 11 - Forward foreign exchange contracts

As at 30th June 2018, the Sub-Fund is committed in the following forward foreign exchange contracts:

Notes to the financial statements (continued)

as at 30th June 2018

Forward foreign exchange contracts dealt for hedging currencies on loan exposure:

These refer to the MFI debt portfolio hedging. As per the prospectus, "When investments in the Sub-Fund are made in currencies other than the reference currency of the Sub-Fund, such currencies will be hedged into the Reference Currency of the Sub-Fund with available hedging instruments for the maturity of the investment in question".

As at 30th June 2018, the Sub-Fund is committed in the following forward foreign exchange contracts dealt for hedging currencies on loan exposure:

Loan ID	Currency	Nominal	Forward exchange rate	Product	Counterparty	Maturity date
MICROCRED HOLDING: MCCH001	EUR	1,000,000.00	1.2268 EUR-USD	Sells EUR/Buys USD Forward	Goldman Sachs International	28.08.2019

The above-mentioned forward foreign exchange contracts have not been valued separately at year-end. Indeed, rather than valuing separately the loans in the original currencies and the related forward foreign exchange contracts, the loans and the related contracts have been amalgamated as if they were synthetic loans denominated in USD. Those synthetic loans include the currency impacts.

Note 12 - Futures contracts

As at 30th June 2018, the Sub-Fund is committed in the following futures contracts:

BlueOrchard	Microfinance Fund Number of contracts	Denomination	Currency	Exposure (in USD)	Unrealised result (in USD)
Sale	2	EUR-USD 3 Months FUT 09/18 CME	USD	-487,725.00	3,500.00

The above-mentioned Cross Currency swaps and non-deliverable Cross Currency swaps have not been valued separately at year-end. Indeed, rather than valuing separately the loans in the original currencies and the related Cross Currency swaps respectively the related non-deliverable Cross Currency swaps, the loans and the related contracts have been amalgamated as if they were synthetic loans denominated in USD. Those synthetic loans include the currency and the interest rate impacts.

Interest rate swaps

Some fixed interest loans denominated in USD are converted into floating interest rates (denominated in USD) through interest rate swaps. The interest rate swaps outstanding as at 30th June 2018 were as follows:

Loan ID	Currency	Nominal	Fixed rate (in %)	Spread of swap (in %)	Floating rate	Counterparty	Maturity date
ADVANS BANQUE CONGO: ADVDRC003	USD	1,200,000.00	6.40	5.16	BBA LIBOR USD 6M	ICBC Standard Bank Plc	04.05.2019

The above-mentioned interest rate swaps have not been valued in separately at year-end. Indeed, rather than valuing separately the loans in the original interest rate and the related interest rate swaps, the loans and the related contracts have been amalgamated as if they were synthetic floating interest rates loans. Those synthetic loans include the interest rate impacts.

Notes to the financial statements (continued)

as at 30th June 2018

Note 14 - Events

The Extraordinary General Meeting dated 15th May 2018 resolved, among others:

- to simplify the procedure to change the registered office of the Company by a resolution of the Board of Directors of the Company and to subsequently amend the Articles;
- to remove the reference made to bearer shares in the Articles;
- to include the possibility to adjust the subscription price or the redemption price by the applicable dilution levy as described in the sales documents for the shares of the Company and to subsequently amend the Articles;
- to remove the restriction for U.S. persons to acquire shares in the Company and to subsequently amend the Articles;
- to include provisions relating to the 2013 Act and to insert a new article 18 on the external alternative investment fund manager, to renumber and subsequently amend the Articles.

A new prospectus dated May 2018 has been issued. However, the above mentioned changes will be implemented in the next version of the prospectus.

Note 15 - Subsequent events

Remuneration Policy

Board Remuneration:

The Board believes that the remuneration of its members should reflect the responsibilities and experience of the Board as a whole and be fair and appropriate given the size, complexity and investment objectives of the Fund. The remuneration is reviewed on an annual basis. No element of the remuneration paid by the Fund to the Directors is performance related.

Directors' Fees

The chairman is entitled to be paid a gross fee of EUR 20,000 per annum.

One board member is entitled to be paid a gross fee of EUR 10,000 per annum.

One board member is entitled to a fixed fee of EUR 1,000 net per Board meeting.

The remuneration is waived by one board member.

The total Directors' fees for the year amounted to EUR 34,000 of which EUR 20,000 was due to the Chairman.

Remuneration Policy

The current remuneration policy for the Management Company (the "Remuneration Policy") can be found at: http://www.blueorchard.com/policies/. This policy includes details of how remuneration and benefits are calculated, including the financial and non-financial criteria used to evaluate performance, the responsibilities and composition of the Firm's Compensation and Management Development Committee, and the measures adopted to avoid or manage conflicts of interest. A copy of this policy can be requested free of charge from the Management Company. The Remuneration Policy applies to all employees of the Management Company, including individuals whose professional activities may have a material impact on the risk profile of the Management Company or the funds it manages ("Identified Staff"). The Identified Staff include members of the Board of the Management Company (the "Board"), senior management, the heads of relevant Control Functions, and holders of other key functions. The Board of the Management Company reviews and adopts the Remuneration Policy on an annual basis, and oversees its implementation, including the classification of Identified Staff. The Board last reviewed and adopted the Remuneration Policy in September 2017 with no material changes and was satisfied with its implementation. The Remuneration Policy, and its implementation, is designed to foster proper governance and regulatory compliance. The remuneration structure as described in the Remuneration Policy is designed to contribute to the achievement of short-term and long-term strategic and operational objectives, while avoiding excessive risk-taking inconsistent with the risk management strategy. This is intended to be accomplished, in part, through a balanced total compensation program comprised of a mix of fixed remuneration (including base salary), and variable remuneration in the form of cash incentives and long-term, equity based or fund-tracking incentives that vest over time. A balanced assessment of employees' performance is undertaken taking account of business and financial results, risk and control outcomes, client/customer goals, and other priorities including people and leadership objectives as appropriate. The compensation governance practices contain a number of measures to avoid conflicts of interest, including independent oversight and control of the remuneration policy, and the assessment of employees in Control Functions against independent objectives linked to their functions.

Quantitative Disclosures

The table below provides an overview of the aggregate total remuneration paid to staff of the Management Company during the financial year and the number of beneficiaries. Due to the Management Company's organisational structure, a breakdown on a fund by fund basis is neither relevant nor possible. The Management Company manages three AIFs, with a combined AUM as at June 2018 of EUR 1.61 billion.

	Fixed remuneration	Variable remuneration	Total remuneration	Number of
	(in EUR)	(in EUR)	(in EUR)	beneficiaries
All staff	412,341	22,673	435,014	6

Liquidity and risk reports

Liquidity and risk reports are available at the registered office of the AIFM.

Information to investors

There has been no material change during the period ending 30th June 2018 in the information to be provided to investors prior to investing as detailed under art 21 of the 2013 Law.
