

KEY INVESTOR INFORMATION

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

SANTANDER DOLLAR BALANCE a sub-fund of SANTANDER SICAV Class: B ISIN: LU0082927012

The management company is Santander Asset Management Luxembourg S.A.

OBJECTIVES AND INVESTMENT POLICY

Objective: The objective of the Sub-Fund (denominated in USD) is to seek capital preservation.

Investment policy: This Sub-Fund is designed to offer investors a diversified US portfolio.

The Sub-Fund invests mainly in equities combined with fixed income assets.

Other investments may also include derivatives.

Exposure in fixed income assets can not exceed 25% of the assets of this Sub-Fund.

The Sub-Fund may use derivatives with a view to reduce the risk of investment positions or for efficient portfolio management or as a part of the investment strategy.

Net asset value calculation frequency: Daily, any Luxembourg Business day.

Subscription, conversion and redemption applications lodged with the Registrar and Transfer Agent in Luxembourg on any Dealing Day (whereas a "Dealing Day" is any Luxembourg Business Day preceding a Valuation Day) before 16:00 Luxembourg time (the "cut off time"), will be processed on that Dealing Day, using the net asset value per Share determined on the next Valuation Day for the relevant Class and Sub-Fund(s).

This is an accumulation share class in USD.

Recommendation: This fund may not be appropriate for investors who plan to withdraw the money within 5 years.

RISK AND REWARD PROFILE

The shaded area in the table above shows the Class' ranking based on the Synthetic Risk Reward Indicator.

The risk/return indicator suggests the relationship between risk and potential returns when investing in the Sub-Fund.

This ranking of 4 is typically used to indicate that the sub-fund is subject to a degree of financial risk.

The investments of this Sub-Fund are subject to market fluctuations, indeed, the Sub-Fund is linked to the evolution of a basket of shares, profits and losses being limited by the use of derivatives, but the capital is not guaranteed.

Historical data, which is used in calculating the synthetic indicator, may not be a reliable indication of the future risk profile of the Sub-Fund.

The risk and reward category shown is not guaranteed to remain unchanged and may shift over time.

The lowest category does not mean a risk-free investment.

The following risks are materially relevant to the Sub-Fund but are not adequately captured by the Synthetic Risk Reward Indicator and may cause additional loss: "liquidity risk", "credit risk", "counterparty risk", "operational risk".

Liquidity Risk: It refers to the possibility that the Sub-Fund may lose money or be prevented from earning capital gains if it cannot sell a security at the time and price that is most beneficial to the Sub-Fund and may be unable to raise cash to meet redemption requests.

Credit Risk: It refers to the likelihood of the Sub-Fund losing money if an issuer is unable to meet its financial obligations, such as the payment of principal and/or interest on an instrument, or goes bankrupt.

Counterparty Risk: Sub-Fund that invests in OTC contracts may find itself exposed to risk arising from the solvency of its counterparts and from their ability to respect the conditions of these contracts. The Sub-Fund may enter into futures, options and swap contracts including CDS or use derivative techniques, each of which involves the risk that the counterpart will fail to respect its commitments under the terms of each contract.

Operational Risk: It refers to a failure or delay in the system, processes and controls of the Sub-Fund or its service providers (including all safekeeping of assets) which could lead to losses for the Sub-Fund.

CHARGES

The fees are used to cover the operating costs for the Sub-Fund; including marketing and distribution costs. These fees reduce the potential growth of the investment.

One-off charges taken before or after you invest

Entry charge	5.00%
Exit charge	1.00%

This is the maximum that might be taken out of your money before it is invested / before the proceeds of your investment are paid out.

Charges taken from the fund over a year

Ongoing charges	2.15%
-----------------	-------

Charges taken from the fund under certain specific conditions

Performance fee	None
-----------------	------

The entry and exit charges shown above are the maximum that may be charged. In some cases, you might pay less. You can obtain the actual charges directly from your financial adviser or distributor. The entry charges are deducted before your capital is invested.

The ongoing charge percentage indicated is based on the fees from the previous financial period, ended in December 2016. This figure can vary from one financial period to another.

You can obtain more information about these charges, in the «fees and expenses» section of the prospectus.

PAST PERFORMANCE

Past performance of Sub-Fund is not necessarily indicative of future performance.

The calculation of the past performance includes all fees and commissions which accrues on fund level.

This class was created in 1997.

The past performance has been calculated in USD.
