

GLOBAL EQUITY FUND
SIMPLIFIED PROSPECTUS

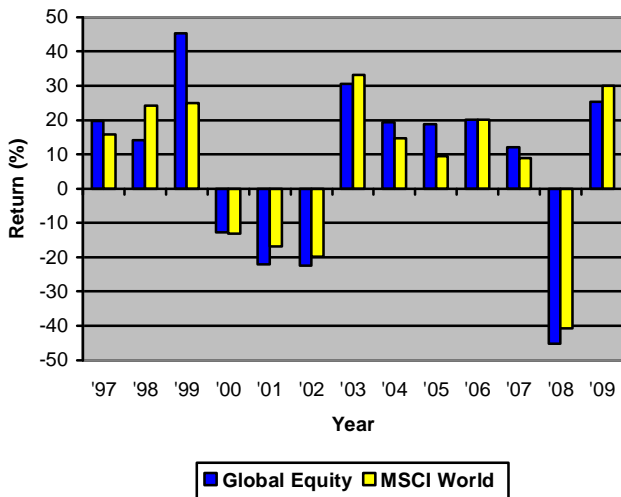

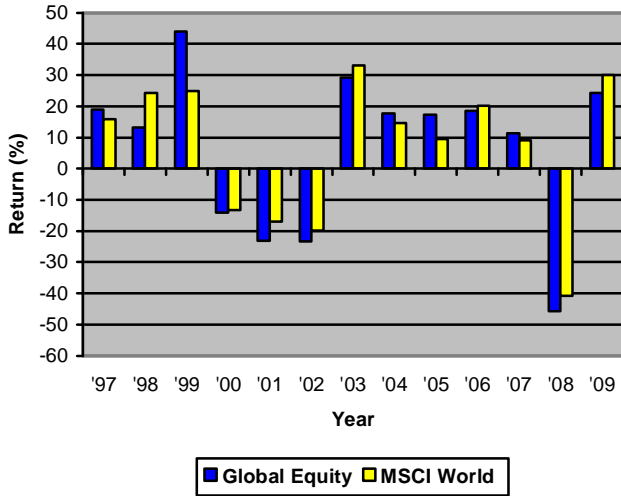

Dated 10 March 2010

This Simplified Prospectus contains key information in relation to the Global Equity Fund (the Fund), a fund of Principal Global Investors Funds (the Trust). The Fund was authorised on 13 October 1992 and is a sub-fund of the Trust which is an umbrella open-ended unit trust authorised by the Irish Financial Services Regulatory Authority under the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulation, 2003, as amended (the Regulations). The Trust currently has ten other funds, namely the Global Property Securities Fund, the Asian Equity Fund, the European Equity Fund, the Emerging Markets Equity Fund, U.S. Equity Fund, the Japanese Equity Fund, the Preferred Securities Fund, the Strategic Fixed Income Fund, the High Yield Fund and the Global Equity (ex-Japan) Fund. Other funds may be established from time to time.

Potential investors are advised to read the Prospectus of the Trust dated 10 October 2008, the addenda thereto dated 1 April 2009 and 5 October 2009 and the Supplement dated 10 March 2010 in respect of the Fund (the Supplement) (together the Prospectus) before making an investment decision on whether or not to invest in the Fund. The rights and duties of the investor as well as the legal relationship with the Trust are laid down in the Prospectus.

The Fund's base currency is US Dollars.

Investment objective	The investment objective of the Fund is to seek capital growth over the medium to long term.
Investment policy	<p>The Fund invests principally in equity securities selected from investment markets around the world, which the Adviser believes are mispriced by the market and have the potential for significant growth.</p> <p>The Fund may select equity securities from markets around the world. However, when investing in emerging markets, the Fund adopts a policy of diversification and the percentage of the Fund's assets invested in a single emerging market will not, in the Adviser's opinion, be imprudent.</p> <p>The Fund may also invest in real estate investment trusts (REITS) or other REIT-like structures which will be the equivalent of REITS. It may also invest in other Funds of the Unit Trust in order to obtain its objective.</p> <p>The Fund can invest in both listed and unlisted equity securities, with a level of 10% of the net assets of the Fund permitted in unlisted securities. It may also invest in other Funds of the Trust in order to obtain its objective.</p> <p>The Fund may also hold ancillary liquid assets such as bank deposits, and a range of non-equity securities, including debt securities issued by companies in which the Fund can purchase equity securities, fixed interest and money market securities (such as government bonds and bank bills). However no more than 1/3 of the net assets of the Fund may be held in aggregate in ancillary liquid assets and non-equity securities.</p> <p>The Fund may hold investments from time to time which are listed or traded in Russia. It is not anticipated that such investments will normally constitute a substantial element of the Fund and shall not in any event exceed 15% of the net assets of the Fund.</p> <p>For full details on the Fund's investment policy, please refer to the Prospectus.</p>
Risk profile	The investments of the Fund are subject to normal market fluctuation and other risks inherent in investing in certain securities. There can be no guarantee against loss, nor any assurance that the Fund's investment objective will be attained. The value of the investments and the income from them, and therefore the value of and income from the limits in the Fund, can fall as well as rise and unitholders may not realise the same amount they invest.

	A full description of the risk factors applying to the Fund is set out in the Prospectus.
