

AMUNDI FUNDS¹

European Bond

Simplified Prospectus - January 2010

This simplified prospectus contains information about Amundi Funds European Bond, a sub-fund (the "Sub-Fund") of Amundi Funds (the "Fund"), an umbrella fund currently organised as a "société d'investissement à capital variable" created as an unincorporated mutual investment fund ("Fonds commun de Placement") on July 18, 1985 under Luxembourg law and qualifying as an undertaking for collective investment in transferable securities (UCITS) under part I of the Luxembourg law of 20 December 2002. Its registered office is situated at 5 allée Scheffer, L-2520 Luxembourg. The Fund is registered under number B 68.806 at the register of commerce at the district court of Luxembourg.

The Fund contains a large number of other sub-funds, which are described in the Fund's full prospectus. For further details, the current full prospectus of the Fund should be consulted. Terms in capitals where not defined in this document are defined in the Fund's full prospectus.

For details about the Sub-Fund's holdings please see the Fund's most recent annual or semi-annual report. The full prospectus and the latest periodical reports may be obtained on request, free of charge, from Amundi Luxembourg or, as the case may be, the local Representative in the relevant country.

Subscriptions may only be based on the latest prospectus and local offering document (if applicable), as authorised by the Supervisory Authority of the relevant country.

In the event of any inconsistency, ambiguity or discrepancy in relation to the meaning of any wording or phrasing in any translation, the English version shall prevail.

¹ New Name of the Sicav replacing that of « CAAM Funds » and effective as from March 2, 2010, in accordance with the decision taken by the shareholders in the framework of the Extraordinary General Meeting held on November 23, 2009 and with the decision of the Board taken on December 23, 2009 and registered before the notary on January 11, 2010.

PART A: GENERAL INFORMATION

■ Introduction to the Bond Sub-Funds

The investment policy of each Sub-Fund will systematically describe the investment universe defined for minimum two thirds of the Sub-Fund's assets. In absence of other/any indication as to the allocation of the remaining part of the assets, each Sub-Fund will be authorized to it in:

- Debt instruments other than those mentioned in the investment policy;
- Convertible Bonds up to 25% of its net assets (Sub-Funds investing at least two third of the assets in such securities may invest up to one third of the net assets in convertibles bonds other than those mentioned in the investment policy);
- Equities and Equity-linked Instruments up to 10% of its net assets;
- Units/shares of UCITS and/or other UCIs up to 10% of its net assets;
- Cash, and/or deposits.
- Other Transferable securities and money market instruments referred to in 1.1 and 1.2 of Chapter XX "Further Information", point A "Investment Powers and Limitations" of the full prospectus.

Each Sub-Fund may invest in financial derivative instruments for hedging purpose and for the purpose of efficient portfolio management, while following, on the level of the underlying values, the investment limit(s) led down in the investment policy of each Sub-Fund.

Each Sub-Fund is also authorized to employ techniques and instruments relating to transferable securities and money market instruments under the conditions and within the limits laid down under Chapter XX "Further Information", B "Additional Investment Restrictions", points 1.4 to 1.6 of the full prospectus.

■ Investment objective and policy

The objective of this Sub-Fund is to seek medium term capital increase by investing at least two thirds of the assets in Investment Grade European Bonds from different countries, including those of Euroland, but also the United Kingdom, Switzerland, Scandinavia, and European countries wishing to converge with the European Union.

The remaining part of the assets may be invested in the values and instruments described under "Introduction to the Bond Sub-Funds".

The "Citigroup European WGBI (Euro)" index represents the reference indicator of the Sub-Fund.

The base currency of the Sub-Fund is Euro.

■ Risk profile

Investments in Debt Instruments are primarily subject to interest rate, credit and prepayment risks linked to bonds.

The use of Derivative instruments by certain Sub-funds as part of their investment process and of specific investment strategies may lead to be exposed to Management and Investment Strategy Risk as well as Risks attached to transactions into derivatives.

Furthermore, as investments of a given Sub-Fund may be made or hedged in other currencies than its base currency, the acquisition of the Sub-Fund's Shares may lead to be exposed to an Exchange Risk.

In addition, investments in the Sub-fund may expose to Developing Countries Risk. Investors' attention is drawn to the fact that countries wishing to converge with the European Union generally present a higher level of risk than investments in more developed countries.

It should be noted that Shares are neither guaranteed nor principal protected and that there can be no assurance that Shares are redeemed at the price for which they have been subscribed.

■ Typical investor profile

In the light of the Sub-Fund's investments, objectives and strategies, they are appropriate for investors who seek to protect their investments from volatile fluctuations. The aim of this Sub-Fund is to achieve a stable total return through a combination of capital appreciation and income. More particularly, for the Bond Sub-Funds investing in government bonds, their aim is to provide investors with an overall return at least corresponding to that available from the relevant government bond markets in which the Sub-Funds invest, through investments in high quality fixed interest securities.

An investment in the Sub-Fund is not a deposit in a bank or other insured depository institution. Investment may not be appropriate for all investors. The Sub-Fund is not intended to be a complete investment programme and investors should consider their long-term investment goals and financial needs when making an investment decision about the Sub-Fund. An investment in the Sub-Fund is intended to be a long-term investment. The Sub-Fund should not be used as a trading vehicle.

■ Shares Classes/Allocation of earnings

Shares of the Sub-Fund are divided into several Classes available to investors according to their quality. Shares may be further sub-divided into Distribution and Accumulation Shares. Accumulation Shares automatically retain, and re-invest, all attributable incomes within the Sub-Fund when Distribution Shares pay any attributable income in the form of a dividend. This can either be paid by bank transfer into your bank account, or by cheque sent to your home address, in both cases in the currency specified (please note that bank transfer and foreign exchange costs will be borne by the investor).

Accumulation Shares in non-certificated registered form may appear as the most efficient way for investors to manage their account. Indeed they enable investors to give conversion and redemption instructions by letter, fax or telex with no need to return any Share certificates.

Share Classes	Share Categories Available *	Dividend Payment for Distribution shares	Authorised Investors	Minimum Initial Subscription	Minimum Subsequent Subscription
Classic (C)	A / D	In September	All investors	None	None
Classic S (S)	A		All investors. Shares only available through a network of distributors specifically authorised by the Board.	None	None
M Class (M)	A		UCIs governed by Italian law and Institutional Investors acting in the framework of discretionary portfolio management mandates in Italy and investing exclusively in UCITS/UCIs ("Gestioni Patrimoniali in Fondi")	None	None
Institutional (I)	A / D	In September	Institutional Investors investing for their own account or for individuals within the framework of a collective savings or any comparable scheme as well as UCITS.	**USD 500.000,-	None

* A = Accumulation Shares

** or the equivalent in another currency

D = Distribution Shares

■ Fees and expenses

Fees charged to the investors:

Share Class	Class I	Class M	Class C	Class S
Maximum subscription fee	2.50%	2.50%	4.50%	3.00%
Maximum conversion fee		1.00%		
Maximum redemption fee		none		

Operating expenses charged directly to the Sub-Fund and reflected in the net asset value:

Share Class	Class I	Class M	Class C	Class S
Maximum management fee	0.45%	0.40%	0.80%	1.00% (includes a distribution fee amounting 0,20%)
Maximum administration fee	0.20 % p.a. of the NAV	0.30% p.a. of the NAV	0.30 % p.a. of the NAV	
"taxe d'abonnement"	0.01% p.a.		0.05% p.a.	
Performance Fee	20% over the Performance Base: CitigroupEuropean WGBI (Euro)		-	

* see paragraph Taxation of the Fund.

As described in the above table, a performance fee has been added to the Management fee for this Sub-Fund. The structure of the Performance fee is defined as follows:

Daily performance of the relevant Class is calculated on the basis of the change in Net Asset Value per share of the relevant Class (Performance Fee excluded) multiplied by the number of shares of the day. The performance of each relevant Class is compared with the Performance of the reference indicator (the "Performance Base").

On a daily basis, the change in the value of the reference indicator is applied to amounts invested during the Observation Period (i.e. Net Asset Value at the beginning of the observation period, added to net subscriptions/redemptions over the same period). Each net

collection (subscriptions – redemptions on day x) shall contribute towards forming the provision for Performance Fee over the Observation Period or to the amount of Performance Fee due at the end of the Observation Period.

Observation Period

The Observation Period (the « Period ») is at least one year and up to three years maximum. The mechanism applied to determine the term of the Period is the following:

- At the end of the first year, the performance fee accrued for the relevant class is definitively acquired. A new Period starts from scratch.
- In the absence of Performance fee accrued at the end of the first year, the Period follows through a second year. At the end of this second year, the accrued performance fee is definitively made. A new Period starts from scratch.
- In the absence of Performance fee accrued at the end of the second year, the Period follows through a third year. At the end of this last year, a new Period starts from scratch regardless of the perception or not of Performance fee.

The starting point of the first Period corresponds to the Performance fee introduction date, the 1st December 2008. Within each Period, each year will end the last banking day of November.

General

- If, over the Period, the relevant Class outperforms the Performance Base of the relevant Class, the variable proportion of Management Fees shall be 20% of the difference between the cumulative performance of the relevant Class and the relevant cumulative Performance Base.
- If, during the Period, the relevant Class outperforms the Performance Base from the start of the Period calculated over the same period, such outperformance shall be subject to a provision for Performance Fee when the redemption value (i.e. the Net Asset Value per share of the relevant Class) is calculated.
- If, over the Period, the relevant Class underperforms the aforementioned Performance Base, the variable proportion of the Management Fees shall be nil.
- If the relevant Class underperforms the Performance Base between two redemption values, any provision previously posted shall be readjusted by way of provision adjustment, the upper limit on provision re-adjustment being the sum of prior allocations over the period from the start of the Period.
- The said variable proportion shall only be definitively due at the close of each Period if, over the Period, the relevant Class has outperformed the Performance Base.
- The above Performance fee shall be directly charged to the statement of operations of each Class of Shares of the relevant Sub-Fund.
- The Auditor of the SICAV shall verify the method of calculating the Performance fee.
- The Performance Fee is payable on an annual basis.

■ Taxation of the Fund

The Fund is not subject to any taxes in Luxembourg on income or capital gains.

The only tax to which the Fund is subject is the "Taxe d'abonnement". Such tax is payable quarterly based on the value of the net assets of the Fund at the end of the relevant calendar quarter at the rate of 0.05% per annum, decreasing to 0.01% for Institutional classes, M Class and Reserve sub-funds.

Interest and dividend income received by the Fund may be subject to non-recoverable withholding tax in the countries of origin.

■ Taxation of the Shareholders

Under present Luxembourg law, no tax is levied neither ordinary income nor capital gains. Only Luxembourg residents are subject to Luxembourg tax. However, in accordance with the European Union Savings Directive ("EUSD") effective from 1st July 2005, certain sub-funds are subject to a withholding tax when a Luxembourg paying agent makes distributions from and redemption of shares to investors residing in another Member State. Unless the individual investors specifically request to be brought within the EUSD exchange of information regime, such distributions and redemptions will be subject to withholding tax at the rate of 20% until 31/12/2010 and 35% thereafter.

Prospective investors should inform themselves of, and where appropriate, take advice on the laws and regulations (such as those relating to taxation and exchange controls) applicable to the subscription, holding and redemption of units in the country of their citizenship, residence or domicile.

■ NAV Calculation and Prices Publication

The Net Asset Value ("NAV") per Share of the Sub-Fund is calculated in Luxembourg on any Calculation Day and is dated from the Dealing Day being Business Day preceding the Calculation Day. A Business Day is defined as being any day during which banks are opened for business in Luxembourg.

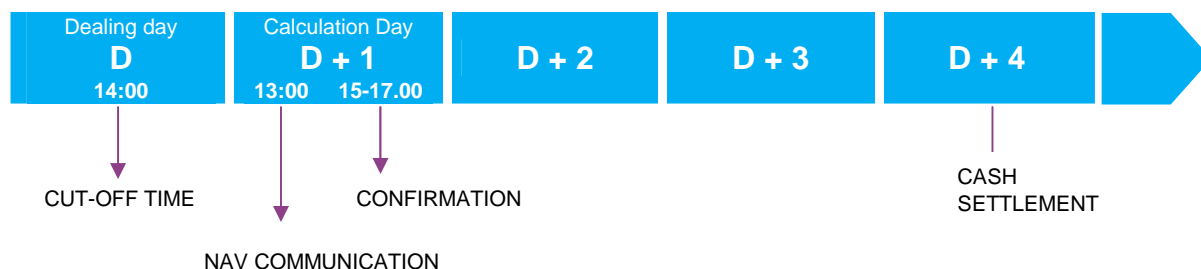

The NAV per share of each Dealing Day will be available from the Administration Agent as well as on Reuters and will also be published in any national newspaper of a country in which the Fund is authorised for public distribution, if so decided by the Board.

■ Subscriptions / Redemptions and Conversions of Shares

Shares may be sold or redeemed (and/or converted) on any Dealing Day, at their respective Dealing Price (Net Asset Value) in accordance with the Articles of Incorporation. To subscribe / redeem or convert shares, instructions may be given by fax, telex or by post

either to the Fund or to an authorised distributor. Allotment of shares will be executed following the timing set out in the schedules below (Luxembourg time).

DEALING TIMES

Allotment of shares is conditional upon receipt by the Custodian of cleared monies within four Business Days of the relevant Dealing Day. If timely settlement is not made an application may lapse and be cancelled. All applications will be duly confirmed by contract notes. Unless otherwise or clearly specified by the investor, shares will be purchased or redeemed at the Dealing Price calculated in the base currency of the Sub-Fund. In the absence of specific instructions, Shares will be issued as non-certificated accumulation Shares of the Classic class. If on any Dealing Day, the Fund receives request for redemptions (or conversions) of Shares equalling or exceeding 10 per cent of the number of Shares of the Sub-Fund, it may declare that such redemptions (or conversions) are deferred until a Dealing Date not more than seven Dealing Days following such time. Conversions from Shares of one Class of a Sub-Fund to Shares of another Class of either the same or different Sub-Fund are not permitted except if any investor complies with all the conditions required for the Class into which the conversion is made. Except in the case of a suspension of deferral or right to redeem or purchase Shares of the relevant Sub-Funds, a request for conversion, once made, may not be withdrawn. The Fund may temporarily suspend or restrict the issue, redemption and conversion shares if necessary in order to protect the Shareholders' interest

■ Prohibition of Late Trading and Market Timing

Late Trading and Market Timing practices are strictly prohibited as further detailed in the Fund's full prospectus.

■ Performance of the Sub-Fund

The performance of the Sub-Fund is presented in the Part B Statistics attached hereto. Performance is expressed in the Fund accounting year. (1st July to 30 June). For more recent information investors may refer to the latest periodical reports available or consult Amundi Funds web site, www.amundi-funds.com (www.caam-funds.com until March 2, 2010).
