Robeco Capital Growth Funds - Robeco European Equities

Important information	<p>This simplified prospectus contains key information about the Sub-Fund. If you would like more information before you invest, please consult the most recent full prospectus (hereinafter the "Full Prospectus"). Unless defined in this document, defined terms shall bear the same meaning as in the Full Prospectus. For details about the Sub-Fund's holdings, please see the most recent report.</p> <p>Robeco Capital Growth Funds – Robeco European Equities (hereinafter the "Sub-Fund") is a sub-fund of Robeco Capital Growth Funds (hereinafter the "Company"). The Company is a Luxembourg investment company with multiple compartments organised as a "société anonyme" incorporated on 2 May 1997. The Company is organised under Part I (UCITS) of the Luxembourg law of 20 December 2002 (as amended) as a "Société d'Investissement à Capital Variable", for an unlimited period. It comprises several sub-funds which are described in the Full Prospectus.</p> <p>The rights and duties of the investor as well as the legal relationship with the Company are laid down in the Full Prospectus and the articles of incorporation of the Company. The Full Prospectus and the periodical reports may be obtained free of charge from the Company.</p>
Investment objective and policy	<p>The aim of the Sub-Fund is to provide long term capital growth by investing at least two-thirds of its total assets in equities of companies which have their registered office in Europe, or exercise a preponderant part of their economic activities in that region. The Sub-Fund will focus on investing in companies that mainly operate in mature economies.</p> <p>With due consideration given to the investment restrictions and to the extent permitted by the applicable legislation, the Sub-Fund may invest its remaining assets, i.e. a maximum of one third of its total assets in convertible bonds, bonds, money market instruments and derivatives such as options, swaps, warrants on securities and futures. Investors should be aware of the volatility of warrant prices and the consequent increased volatility of the price of the shares.</p> <p>The investment risk will be measured using quantitative techniques. These techniques do not measure absolute risk. These techniques do measure the risk of the Sub-Fund relative to the appropriate benchmark. Where possible, the Sub-Fund uses as benchmark a widely accepted external (sub)-index unhedged for currency risk.</p> <p>The country allocation will be based on the fundamental prospects of the economies, the relative attractiveness of the stock markets and the political situation. In selecting stocks, a systematic and disciplined approach is used in which the attractiveness of stocks is assessed on both fundamental and technical grounds and, whenever possible, supported by quantitative models.</p> <p>The Sub-Fund aims to obtain an optimal investment result in the currency in which it is denominated. For this purpose the Sub-Fund has an active</p>

	<p>currency management. Efficient portfolio management may include currency hedges. If liquid instruments to hedge the currencies are not available, the relevant Sub-Fund may, for purposes of efficient portfolio management, hedge other currencies as detailed in the Full Prospectus. The active currency policy may cause the Sub-Fund's currency positions to deviate from the weights of the respective currencies in the relevant benchmark. The Investment Adviser is allowed to take active currency positions resulting in positive or negative currency exposures.</p> <p>Further details are provided in the Full Prospectus.</p>																		
Sub-Fund's risk profile	<p>The investments in equity of companies may involve risks (linked to transferable securities and stock markets), such as exchange rates and volatility risks. The Sub-Fund's investments are subject to market fluctuations. No assurance can, therefore, be given that the Sub-Fund's investment objective will be achieved. It cannot be guaranteed either that the value of a share in the Sub-Fund will not fall below its value at the time of acquisition.</p> <p>For further details, please consult the Full Prospectus.</p>
