***Chairman's statement***  
**Year ended 28 February 2019**

Dear Shareholders,

The year ending 28 February 2019 was a fairly active period. The Company has been taking all necessary steps that aim at enhancing the Company's situation, addressing the issues that have been presented so far to the shareholders in previous announcements. Coinciding with the above, we have started the process that is expected to result in the restoration of the trading of the Company's shares on the London Stock Exchange. This continues to be the core objective to which the accomplishment should trigger other positive events and perspectives for the Company's business.

I would also like to welcome Nicolay Mayster who has recently joined the Board of Directors and at the same time extend my words of acknowledgment to Dariusz Zych, who has stepped down from his role as a non-executive Director, for his contribution and work carried out within the Board.

Ludwik Sobolewski

# ***Strategic report***

## **Year ended 28 February 2019**

### **Review of Business**

As set out in the announcement on 22 September 2016, the trading of company shares remained suspended. Although neither loan constituted an acquisition for the purposes of the Listing Rules under which the Company operates, the UK Listing Authority informed the directors in September 2016 that they considered that issuing of loans a fundamental change to the strategic direction of the business away from its stated aim to find an acquisition that would enhance shareholder value. As a result, the Ordinary Shares were suspended from trading on 22 September 2016.

The Company has taken all necessary steps in relation to request lifting the suspension. As a result, the Loans made to Mylux were fully repaid.

**Auditors**

A resolution proposing that Shipleys LLP they be re-appointed as auditors of the company will be put to the annual general meeting in accordance with Section 485 of the Companies Act 2006.

**Going concern**

The company was until recently a "cash shell", and, apart from a small amount of interest receivable, currently has no income stream. Until the business investments start to generate income, the company is dependent on its cash reserves to fund ongoing costs. During the year ending 28 February 2019, the Company received new loan funding of 105,000 to enable it to pursue its investment strategy and for working capital purposes.

After reviewing the company's budget for 2019/2020 and its medium term plans, the directors have a reasonable expectation that, following the loans made to the company since the balance sheet date, and the opportunities for additional funding as needed, the company will have adequate resources to continue in operational existence for the foreseeable future. The directors continue to adopt the going concern basis in preparing the annual report and accounts. The financial statements do not include any adjustments that would result from the going concern basis being inappropriate.

If the company were unable to trade, adjustments would have to be made to reduce the value of the assets to their recoverable amounts, to provide for further liabilities that might arise and to reclassify fixed assets as current assets where applicable.

The directors are satisfied that the company will be able to meet its obligations as they fall due for at least 12 months from the date of approval of the company's 28 February 2019 balance sheet. As a result, the directors consider it appropriate to prepare the financial statements on a going concern basis.

**Carbon emissions**

The company currently has no head office and no employees other than its directors, and therefore has minimal carbon emissions.

**Financial risk management**

The company's financial risk management objective is to minimise, as far as possible, the company's exposure to such risk as detailed in note 20 to the accounts.

By order of the board

### **Application of principles of good governance**

#### **Board of directors**

The board currently comprises the non-executive Chairman, Ludwik Sobolewski, and the two non-executive directors, Maciej Szytko and Dariusz Zych. The articles of association require a third, but not greater than a third, of the directors to retire by rotation each year. Since the disposal of the company's trading subsidiary on 24 January 2001 the company has not had a Chief Executive. The board intends to appoint a Chief Executive when a new business is acquired.

There are regular board meetings each year and other meetings are held as required to direct the overall company strategy and operations. Board meetings follow a formal agenda covering matters specifically reserved for decision by the board. These cover key areas of the company's affairs including overall strategy, acquisition policy, approval of budgets, major capital expenditure and significant transactions and financing issues.

The board has delegated certain responsibilities, within defined terms of reference, to the audit committee and the remuneration committee as described below. The appointment of new directors is made by the board as a whole.

During the year ended 28 February 2019, there were 12 board meetings, 1 audit committee meeting and 1 remuneration committee meeting. All meetings were fully attended.

The board undertakes a formal annual evaluation of its own performance and that of its committees and individual directors, through discussions and one-to-one reviews with the Chairman and the senior independent director. The terms and conditions of appointment of the non-executive directors are available for inspection at Eden House, Reynolds Road, Beaconsfield HP9 2FL.

#### **Audit committee**

The audit committee is currently headed by Ludwik Sobolewski, the Chairman, and also comprises Maciej Szytko. The committee's terms of reference are in accordance with the UK Corporate Governance Code.

The committee reviews the company's financial and accounting policies, interim and final results and annual report prior to their submission to the board, together with management reports on accounting matters and internal control and risk management systems. It reviews the auditors' management letter and considers any financial or other matters raised by both the auditors and employees.

The committee considers the independence of the external auditors and ensures that their objectivity and independence are not impaired. During the year no non-audit services were provided by the external auditors.

The committee has primary responsibility for making recommendations to the board in respect of the appointment, reappointment and removal of the external auditors.

## ***Corporate governance continued***

### **Year ended 28 February 2019**

#### **Remuneration committee**

The remuneration committee is currently headed by Ludwik Sobolewski, the Chairman, and also comprises Maciej Szytko.

The committee's primary function is to review the performance of directors and senior employees and to set their remuneration and other terms of employment. It is also responsible for administering any share option and bonus schemes.

#### **Relations with shareholders**

The company encourages two-way communication with both its institutional and private investors and responds promptly to all queries received. An understanding of the views of the major shareholders of the company has been developed, including through meeting at the AGM.

#### **Internal controls**

The directors are responsible for internal control in the company and for reviewing its effectiveness. Procedures have been designed for safeguarding assets against unauthorised use or disposition; for maintaining proper accounting records; and for the reliability of financial information used within the business or for publication. Such procedures are designed to manage rather than eliminate the risk of failure to achieve business objectives and can only provide reasonable and not absolute assurance against material error, losses or fraud. In addition, there is an ongoing process in place for identifying, evaluating and managing the significant risks faced by the company.

The key procedures that the directors have established are designed to provide effective internal control within the company and are regularly reviewed by the board. This is in accordance with The Turnbull Guidance provided by the Institute of Chartered Accountants in England and Wales. Such procedures have been in place throughout the period under review and up to the date of approval of the annual report and accounts.

Due to the size of the company, all key decisions are made by the board and the assessment and management of risk is an integral part of the board's decision-making process.

The company's organisational structure has clear lines of responsibility and the board continues to review systems to monitor and investigate the major business risks facing the company.

The board has established control procedures for all key financial areas of the business, which enable the board to maintain full and effective control. These controls include defined procedures for seeking and obtaining approval for major transactions and controls relating to the security of assets. The company operates a comprehensive budgeting and financial reporting system.

The directors have reviewed the effectiveness of the company's systems of internal control as they operated during the period under review and consider that there have been no material losses, contingencies or uncertainties caused by weaknesses in internal controls. The directors do not consider that an internal audit function is presently necessary as the company is a "cash shell".

#### **Going concern**

The company is essentially a "cash shell", and, apart from some interest receivable, currently has no income stream. The company is therefore dependent on its cash reserves and the injection of new funding, to fund ongoing costs. During the year ending 28 February 2019, the Company received new loan funding of £105,000 to enable it to pursue its investment strategy and for working capital purposes.

After reviewing the company's budget for 2019/2020 and its medium term plans, the directors have a reasonable expectation that, following the loans made to the company since the balance sheet date, and

***Corporate governance continued***  
**Year ended 28 February 2019**

the opportunities for additional funding as needed, the company will have adequate resources to continue in operational existence for the foreseeable future. The directors continue to adopt the going concern basis in preparing the annual report and accounts. The financial statements do not include any adjustments that would result from the going concern basis being inappropriate.

If the company were unable to trade, adjustments would have to be made to reduce the value of the assets to their recoverable amounts, to provide for further liabilities that might arise and to reclassify fixed assets as current assets where applicable.

The directors are satisfied that the company will be able to meet its obligations as they fall due for at least 12 months from the date of approval of the company's 28 February 2019 balance sheet. As a result, the directors consider it appropriate to prepare the financial statements on a going concern basis.

**Statement of compliance**

In the opinion of the directors, the company has complied throughout the year ended 28 February 2019 with all provisions relevant to a company of its size set out in the UK Corporate Governance Code, except for the items outlined below.

Code provision A.2.1 – Since the disposal of the company's trading subsidiary on 24 January 2001 the company has not had a Chief Executive. The board intends to appoint a Chief Executive when a new business is acquired.

Code provision B.2.1 – A nomination committee has not been set up, as the directors consider that it is not appropriate while the company is a "cash shell" without any employees. The board intends to set up a nomination committee when a new business is acquired.

Code provision C.3.1 – Since the appointment of Ludwik Sobolewski as non-executive Chairman on 22 January 2016, the company has had one rather than at least two independent non-executive directors on the audit committee.

***Independent Auditors' Report to the members of Highway Capital plc***  
**Year ended 28 February 2019**

**Opinion**

We have audited the financial statements of Highway Capital PLC (the 'company') for the year ended 28 February 2019 which comprise the statement of comprehensive income, statement of financial position, statement of changes in equity, Statement of cash flows and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 28 February 2019 and of its loss for the period then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Companies Act 2006.

**Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Material uncertainty relating to going concern**

In forming our opinion on the financial statements, which is not modified, we have considered the adequacy of the disclosure made in note 3 to the financial statements concerning the Company's ability to continue as a going concern. The conditions described in note 3 indicate the existence of material uncertainties which may cast significant doubt about the Company's ability to continue as a going concern. The financial statements do not include the adjustments that would result if the Company was unable to continue as a going concern.

**Our assessment of risks of material misstatement**

The assessed risks of material misstatement described below are those that had the greatest effect on our audit strategy, the allocation of resources in the audit and directing the efforts of the engagement team.

***Independent Auditors' Report to the members of Highway Capital plc***  
**Year ended 28 February 2019**

<b>Risk</b>	<b>How the scope of our audit responded to the risk</b>
<i>Management override of controls</i> Journals can be posted that significantly alter the Financial Statements of the entity.	We examined journals posted around the year end, specifically focusing on areas which are more easily manipulated such as accruals, prepayments and the bank reconciliation.
<i>Going Concern</i> There is a risk that the entity may not be a going concern due to net liabilities and lack of revenue.	We made enquiries with the Directors regarding how the Company will continue to fund expenditure over the coming year. Attention was focused on the additional loans provided by shareholders and third parties post year end.
<i>Bank letter</i> The bank letter was not received at the date of the audit, giving rise to the potential for undisclosed liabilities.	We examined bank statements and other supporting records to ensure that balances agreed, and to look for evidence of any undisclosed financial liabilities.
<i>Company status and listing rules</i> Risk of non-compliance with listed company status.	We held discussions with management together with review of correspondence with the bank and LSE documentation indicated no signs of non-compliance.
<i>Convertible loans</i> Risk that convertible loans had not been calculated correctly.	The assumptions used around company cost of capital for the purposes of the calculation were reviewed with comparisons to similar loans with third parties. The calculations were reviewed.
<i>Accounting Estimates</i> Potential risk of inappropriate accounting estimates around accruals giving rise to misstatement in the accounts.	Accruals were agreed to expected costs and supporting documentation, and other areas were examined to identify any potential accounting estimates.
<i>Creditors</i> Risk that creditors have been understated as no audit accrual or audit fee can be seen at the planning stage	Substantive testing undertaken within unreconciled liabilities and accruals in which a review of post year end payments, statements and invoices were obtained and examined to ensure creditors at the reporting date had not been understated.

Our audit procedures relating to these matters were designed in the context of our audit of the Financial Statements as a whole, and not to express an opinion on individual accounts or disclosures. Our opinion on the Financial Statements is not modified with respect to any of the risks described above, and we do not express an opinion on these individual matters.

#### **Our application of materiality**

We define materiality as the magnitude of misstatement in the Financial Statements that makes it probable that the economic decisions of a reasonably knowledgeable person would be changed or influenced. We use materiality both in planning and in the scope of our audit work and in evaluating the results of our work.

We determined materiality for the Company to be £11,127, which is less than 4% of results before tax and less than 2% of net liabilities. We agreed with the Audit Committee that we would report to them all audit differences in excess of 10% of materiality, as well as differences below that which would, in our view, warrant reporting on a qualitative basis. We also report to the Audit Committee on disclosure matters that we identified when assessing the overall presentation of the Financial Statements.

***Independent Auditors' Report continued***  
**Year ended 28 February 2019**

**Opinions on other matters prescribed by the Companies Act 2006**

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial period for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

**Matters on which we are required to report by exception**

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

**Directors' Remuneration**

Under the Companies Act 2006 we are also required to report in our opinion certain disclosures of Directors' remuneration have not been made or the part of the Directors' Remuneration report to be audited is not in agreement with the accounting records and returns. We have nothing to report arising from these matters.

**Our duty to read other information in the Annual Report**

Under International Standards on Auditing (UK and Ireland), we are required to report to you if, in our opinion, information in the Annual Report is materially inconsistent with the information in the audited Financial Statements; or apparently materially incorrect based on, or materially inconsistent with, our knowledge of the Company acquired in the course of performing our audit.

In particular we are required to consider whether we have identified any inconsistencies between our knowledge acquired during the audit and the Director's statement that they consider the Annual Report is fair, balanced and understandable and whether the Annual Report appropriately discloses those matters that were communicated to the Audit Committee which we consider should have been disclosed. We confirm that we have not identified any such inconsistencies or misleading statements.

**Other matters**

*Corporate Governance Statement*

We reviewed the part of the Corporate Governance Statement relating to the Company's compliance with the UK Corporate Governance Code. We have nothing to report arising from our review.

**Respective Responsibilities of Directors and the auditor**

As explained more fully in the Directors' Responsibilities Statement, the Directors are responsible for the preparation of the Financial Statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the Financial Statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

We also comply with International Standard on Quality Control 1 (UK and Ireland). Our audit methodology and tools aim to ensure that our quality control procedures are effective, understood and applied. Our quality controls and systems include our independent partner review processes.

**Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs (UK), we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

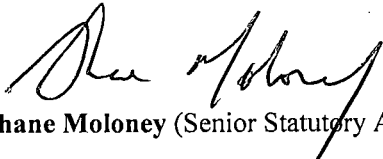

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

***Independent Auditors' Report continued***  
**Year ended 28 February 2019**

**Use of our report**

This report is made solely to the company's members, as a body, in accordance with chapter 3 of part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

## ***Notes to the accounts***

**Year ended 28 February 2019**

The company is a public limited company (limited by shares) incorporated in the United Kingdom. The registered office and principle place of business address is Eden House, Reynolds Road, Beaconsfield, Buckinghamshire, HP9 2FL. The principle activity of the company is to identify, evaluate and complete suitable acquisition opportunities.

### **1 Accounting policies**

#### **Statement of compliance**

These financial statements have been prepared in compliance with FRS 102, "The Financial Reporting Standard applicable in the UK and the Republic of Ireland".

#### **Basis of accounting**

The accounts have been prepared under the historical cost convention and in accordance with applicable accounting standards.

Highway Capital plc does not prepare consolidated accounts and the directors have therefore continued to prepare its accounts in accordance with FRS 102 rather than international accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the entity.

#### **Going concern**

The company is essentially a "cash shell", and, apart from some interest receivable, currently has no income stream. The company is therefore dependent on its cash reserves and the injection of new funding, to fund ongoing costs. Since the balance sheet date, the company has redeemed the loans made by the company of £ 284,416, and also received new loan funding of £105,000 to enable it to repay some of its existing loans and for working capital purposes.

After reviewing the company's budget for 2019/2020 and its medium term plans, the directors have a reasonable expectation that, following the loans made to the company since the balance sheet date, and the opportunities for additional funding as needed, the company will have adequate resources to continue in operational existence for the foreseeable future. The directors continue to adopt the going concern basis in preparing the annual report and accounts. The financial statements do not include any adjustments that would result from the going concern basis being inappropriate.

If the company were unable to trade, adjustments would have to be made to reduce the value of the assets to their recoverable amounts, to provide for further liabilities that might arise and to reclassify fixed assets as current assets where applicable.

The directors are satisfied that the company will be able to meet its obligations as they fall due for at least 12 months from the date of approval of the company's 28 February 2019 balance sheet. As a result, the directors consider it appropriate to prepare the financial statements on a going concern basis.

The accounts do not include any adjustments that would result if the company were unable to continue as a going concern.

#### **Consolidation**

At 28 February 2019, Highway Capital plc was a stand-alone company and is therefore not required to prepare consolidated accounts.

#### **Investments**

Fixed asset investments are measured at cost or valuation less any provision for impairment.

**Notes to the accounts** *continued***Year ended 28 February 2019****Deferred taxation**

Deferred tax is provided in full at appropriate rates in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes, if those timing differences are not permanent and have originated but not reversed by the balance sheet date. The deferred tax balance has not been discounted.

**Foreign currencies**

Profit and loss account transactions denominated in foreign currencies are translated into sterling and recorded at the rate of exchange ruling at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date. All differences are taken to the profit and loss account.

**Turnover**

It is anticipated that going forward turnover will be represented by management fees receivable. Currently, other than interest receivable, there is no income stream.

**Interest receivable**

Revenue from interest receivable is recognised as income in the period on the effective income basis.

**Judgements and key sources of estimation uncertainty**

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

The directors have considered the above and do not believe that there are any estimates or assumptions which have a significant effect on the amounts recognised in the financial statements that require disclosure.

**Financial instruments**

The Company's financial instruments comprise cash, trade debtors and trade creditors that arise directly from its operations. The Company's policy has been, and continues to be, that no speculative trading in financial derivatives shall be undertaken.
