# Jupiter Asian Income Fund I-Class

## Objectives and investment policy

Investors are able to buy and sell units during any business day between 9am and 5.30pm. If you tell us to buy or sell units before 12pm on any business day we will make the transaction on the same day. If you tell us to buy or sell units after 12pm we will make the transaction on the following business day.

## Risk and reward profile

Typically lower rewards,  
lower risk

Typically higher rewards,  
higher risk

1	2	3	4	5	6	7
---	---	---	---	---	---	---

- The lowest category does not mean 'no risk'.
- The Fund is in this category due to the nature of its investments and previous levels of volatility (how much the value of the Fund rises and falls).
- Market and exchange rate movements can cause the value of an investment to fall as well as rise, and you may get back less than originally invested.
- Investment in emerging markets carries greater risk than investment in more traditional western markets. This may result in large falls in the Fund's value over short periods of time.
- All the Fund's charges are taken from capital. Should there not be sufficient capital growth in the Fund this may cause capital erosion.

## Charges

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

### One-off charges taken before or after you invest

Entry charge	5.25%
Exit charge	0.00%

These are the maximum charges that we might take out of your money before it is invested and before we pay out the sale proceeds of your investment. In some cases, you might pay less and you should speak to your financial adviser about this.

### Charges taken from the Fund over a year

Ongoing charges	0.98%
-----------------	-------

### Charges taken from the Fund under specific conditions

Performance fee	NONE
-----------------	------

- The ongoing charges figure is based on the last year's expenses and may vary from year to year. It excludes the costs of buying or selling assets for the Fund (unless these assets are shares of another fund).
- The ongoing charges figure quoted in this document is based on fees and expenses for the year to 30/09/2016.
- Further information about charges is available in sections 18 and 19 of the Scheme Particulars which are available from Jupiter on request.
- Jupiter reserves the right to levy an entry charge of 5.25%, although we do not currently include this in the price of the units.

## Past performance

There is insufficient data to provide a useful indication of past performance to investors.

- Fund launch date: 02/03/2016
- Share/unit class launch date: 02/03/2016
- Performance is shown after the effect of ongoing charges but does not include any entry fees.
- Performance is calculated on a bid to bid basis, with income reinvested net of basic rate tax.
