Investment objective: The Sub-Fund seeks to achieve a return in the Reference Currency in line with prevailing money market rates whilst aiming to preserve capital consistent with such rates and to maintain a high degree of liquidity.

Investor profile: This liquidity Sub-Fund uses high quality short-term Debt Securities, deposits with credit institutions and Reverse Repurchase Agreements to enhance returns. Investors in the Sub-Fund are therefore likely to be looking for an alternative to cash deposits for their medium-term or temporary cash investments, including seasonal operating cash for pension funds or the liquidity components of investment portfolios.
