This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

Margetts International Strategy 'R' Acc (ISIN : GB00B8FN1Z15)

This fund is managed by Margetts Fund Management Ltd.

Objective and Investment Policy

- The fund aims to achieve long term (more than 5 years) capital growth.
- The fund will invest a minimum of 70% of the portfolio in regulated collective investment schemes (which may include schemes operated by the manager, associates or controllers of the manager) in any economic sector and any geographic area.
- The Fund will be actively managed and therefore the manager will use their expertise to select investments, rather than tracking a stock exchange or index, to take advantage of changing worldwide economic conditions.
- The manager has discretion over the assets held within the fund. The IA (Investment Association) Global benchmark will be used as a comparator benchmark.
- The maximum underlying exposure to shares is 100% and the minimum is 60%. Usually the allocation to shares will be close to the upper limit as per the limits included in the prospectus. Short term-losses may be significant.
- In the event that the manager believes that significant market falls could occur, the fund may sell investments and hold a high proportion of cash or holdings similar to cash.
- Income arising from the fund will be automatically reinvested and reflected in the price of units.
- You may redeem shares in the fund usually on each business day.
- Derivatives and forward transactions may be used for Efficient Portfolio Management (EPM).
- Recommendation: this fund may not be appropriate for investors who plan to withdraw their money within 6 years.

Risk and Reward Profile

The following risks may not be fully captured by the risk score:

- The risk and reward score is based on past performance and calculated in accordance with European legislation. It may not be a reliable indication of the future risk profile.
- The risk and reward score is not guaranteed and may change over time.
- The lowest category does not mean risk free.
- The fund is actively managed and the manager will use its skill and judgement to identify investments which offer value. There is no guarantee that the manager will be successful.
- The fund may be exposed to currencies other than the base currency and is subject to currency fluctuations which could result in losses to the fund.
