Important information

No person has been authorised by the Manager to give any information or to make any representations in connection with the offering of Units other than those contained in this Prospectus and, if given or made, such information or representations must not be relied upon as having been made by the Manager. The delivery of this Prospectus (whether or not accompanied by any reports) or the issue of Units shall not, under any circumstances, create any implication that the affairs of the Funds have not changed since the date hereof.

The distribution of this Prospectus and the offering of Units in certain jurisdictions may be restricted. Persons into whose possession this Prospectus comes are required by the Manager to inform themselves about and to observe any such restrictions. This Prospectus does not constitute an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation.

The Units have not been and will not be registered in the United States of America under any applicable legislation. They may not be offered or sold in the United States of America, any state of the United States of America or in its territories and possessions or offered or sold to US Persons. The Funds and the Manager have not been and will not be registered in the United States of America under any applicable legislation.

Potential investors should not treat the contents of this Prospectus as advice relating to legal, taxation, investment or any other matters and are recommended to consult their own professional advisers concerning the acquisition, holding or disposal of Units.

The provisions of the Trust Deeds are binding on each of the Unitholders and a copy of the Trust Deed is available on request from Legal & General (Unit Trust Managers) Limited.

This Prospectus has been issued for the purpose of section 21 of the Financial Services and Markets Act 2000 by Legal & General (Unit Trust Managers) Limited.

The distribution of this Prospectus in certain jurisdictions may require that this Prospectus is translated into the official language of those countries. Should any inconsistency arise between the translated version and the English version, the English version shall prevail.

This Prospectus is based on information, law and practice at the date hereof. The Manager cannot be bound by an out of date Prospectus when a new version has been issued and investors should check with Legal & General (Unit Trust Managers) Limited that this is the most recently published prospectus.

The expression also includes any person falling within the definition of the term “U.S. Person” under Regulation S promulgated under the United States Securities Act of 1933;

“Valuation Point” the valuation point for each of the Funds as set out in Appendix I of this Prospectus;

“VAT” value added tax.

2. DETAILS OF THE FUNDS

2.1 GENERAL

The Funds are unit trusts authorised by the Financial Conduct Authority with effect from the dates shown in Appendix I. The Funds have an unlimited duration.

Unitholders are not liable for the debts of the Funds.

The Manager is also the manager of certain other authorised unit trusts, details of which are set out in Appendix VI.

2.2 BASE CURRENCY

The base currency of each Fund is Pounds Sterling.

2.3 THE STRUCTURE OF THE FUNDS

2.3.1 The Funds

The Funds are UCITS schemes.

Investment of the assets of the Funds must comply with the COLL Sourcebook and the investment objective and policy of that Fund. Details of the Funds, including their investment objectives and policies, are set out in Appendix I.

The eligible securities markets and eligible derivatives markets on which the Trusts may invest are set out in Appendix II. A detailed statement of the general investment and borrowing restrictions in respect of the Funds is set out in Appendix IV.

2.3.2 Units

The Trust Deed of each Fund permits Units to be issued in a variety of Classes. Classes of Unit are differentiated by their charging structures, entry and redemption requirements and minimum subsequent investment and holding requirements. The rights represented by Units are those of a beneficial interest under a trust.

The Funds may issue income/distribution and accumulation Units, although not necessarily both income and accumulation Units are currently in issue for every Fund. Details of the Classes of Unit presently available in respect of each Fund, including details of their eligibility criteria for investment, subscription and redemption requirements and minimum subsequent investment and holding requirements and charging structure, are set out in Appendix I.

The Manager reserves the right to reduce or waive the minimum investment holding and the minimum investment top up amounts detailed in Appendix 1.

Further Classes of Unit may be established from time to time by the Manager with the agreement of the Trustee and in accordance with the Trust Deeds and the Regulations. On the introduction of any new Class, either a revised prospectus or a supplemental prospectus will be prepared, setting out the details of each Class.

The currency in which each new Class of Units will be denominated will be determined at the date of creation and set out in the Prospectus issued in respect of the new Class of Units.

A Regular Savings Plan is available on certain Classes of Units. The Classes where such a plan is available are set out in Appendix I.

Units do not carry preferential or pre-emptive rights to acquire further Units.

Holders of income/distribution Units are entitled to be paid the distributable income attributed to such Units on any relevant interim and annual allocation dates. For investors who first invested in income/distribution Units prior to 24 August 2012 only, a facility for reinvestment of income from income/distribution Units is available.

Holders of accumulation Units are not entitled to be paid the income attributed to such Units, but that income is automatically transferred to (and retained as part of) the capital assets of each of the Funds on the relevant interim and/or annual accounting dates. This is reflected in the price of an accumulation Unit.

The Trust Deeds allow gross income and gross accumulation Units to be issued, as well as net income and net accumulation Units. Please see Appendix 1 for details of the gross Units which are available for certain Funds. Net Units are Units in respect of which income allocated to them is distributed periodically to the relevant Unitholders (in the case of income/distribution Units) or credited periodically to capital (in the case of accumulation Units), in either case in

accordance with relevant tax law, net of any tax deducted or accounted for by the Funds. Gross Units are income/distribution or accumulation Units where, in accordance with relevant tax law, distribution or allocation of income is made without any tax being deducted or accounted for by the Funds.

Where the Funds have different Classes, each Class may attract different charges and so monies may be deducted from the Scheme Property attributable to such Classes in unequal proportions. In these circumstances, the proportionate interests of the Classes will be adjusted accordingly.

Unitholders are entitled (subject to certain restrictions) to switch all or part of their Units in a Class for Units of another Class or Fund. Details of this switching facility and the restrictions are set out in paragraph 3.5.

2.3.3 Benchmarks

Unless otherwise disclosed in this Prospectus, the indices or benchmarks utilised by the Funds are, as at the date of this Prospectus, provided by benchmark administrators who are availing of the transitional arrangements afforded under Regulation (EU) 2016/1011 (the “**Benchmark Regulation**”) and accordingly do not appear on the register of administrators and benchmarks maintained by ESMA pursuant to Article 36 of the Benchmark Regulation.

3. BUYING, REDEEMING AND SWITCHING UNITS

3.1 BUYING UNITS

Procedure:

Units in a Fund may be purchased by application to our administration agent, Legal & General (Unit Trust Managers) Ltd. For all Units, this can be:

- in writing addressed to Legal & General Investments, PO Box 6080, Wolverhampton, WV1 9RB; or

via the Legal & General website www.legalandgeneral.com (for R Class units).

In respect of certain Classes of Unit, Units may also be purchased;

- by telephone application to the unit trust dealers on 0370 050 0955* between 8.30 a.m. and 6.00 p.m. (an earlier closure may occasionally apply) on Business Days; or
- by placing a valid dealing instruction via an electronic trading system that is supported by Legal & General (Unit Trust Managers) Limited.

* Please note that the Manager may record telephone calls for record keeping, security and/or training and monitoring purposes and to confirm investors' instructions. Recordings will be provided on request for a period of at least five years from the date of such recording, or, where requested by a competent regulatory authority, for a period of seven years, where we can identify the call coming from you. If you ask us to send you a recording of a particular call, we may ask for further information to help us identify the exact call to which your request relates.

Investors wishing to purchase gross Units must complete a Declaration of Eligibility and Undertaking which may be obtained from the Manager.

The Manager has the right to reject on reasonable grounds any application for Units in whole or part, and in this event the Manager will return any money sent, or the balance of such monies, at the risk of the applicant.

An order for the purchase of Units will only be deemed to have been accepted by the Manager once it is in receipt of cleared funds for the application. With the exception of the Legal & General All Stocks Gilt Index Trust and the Legal & General All Stocks Index Linked Gilt Index Trust where settlement is due by close of business on the first day following the issue of units, settlement is due by close of business on the fourth Business Day following the issue of Units. If settlement is not made within that time, then the Manager has the right to cancel any Units issued in respect of the application.

Applicants who have the right to cancel will be sent a cancellation notice from the Manager. Any such customers can cancel their application to buy units at any time during the 14 days

after the date on which they receive the cancellation notice. If an applicant decides to cancel the contract, and the value of the investment has fallen at the time the manager receives the completed cancellation notice, he or she will not receive a full refund as an amount equal to any fall in value will be deducted from the sum originally invested.

Documents the buyer will receive:

A contract note giving details of the number and price of Units bought will be issued by no later than the end of the Business Day following execution of that order, together with, where appropriate, a notice of the applicant's right to cancel.

Unit certificates will not be issued in respect of Units. Ownership of Units will be evidenced by an entry on a Fund's Register of Unitholders (and in the case of joint Unitholders, up to 4 persons only can be recorded on the Register). Statements in respect of periodic distributions on Units will show the number of Units held by the recipient.

Minimum subscriptions and holdings:

The minimum initial subscriptions, subsequent subscriptions and holdings for each Class of Unit in a Fund are set out in Appendix I. The Manager reserves the right to reduce or waive the minimum investment holding and the minimum investment top up amounts detailed in Appendix 1.

If following a redemption, a holding in any Class of Unit should fall below the minimum holding for that Class, the Manager has the discretion to require redemption of that Unitholder's entire holding in that Class of Unit.

3.2 REGULAR SAVINGS PLAN

A regular savings plan is available in respect of certain Classes in certain Funds. Please see Appendix I for details. Any further information on how to invest through the regular savings plan is available from the Manager.

Where payment is by direct debit and Units are purchased monthly only, accumulation Units are immediately available. Once Units to the value of £500 have been purchased the accumulation Units may be switched to income/distribution Units.

3.3 REDEEMING UNITS

Procedure:

Every Unitholder has the right to require that a Fund redeem its Units on any Dealing Day unless the value of Units which a Unitholder wishes to redeem will mean that the Unitholder will hold Units with a value less than the required minimum holding in the relevant Class, in which case the Unitholder may be required to redeem his or her entire holding in that Class of Unit in the relevant Fund.

Documents a redeeming Unitholder will receive:

A contract note giving details of the number and price of Units redeemed will be sent to the redeeming Unitholder (or the first named Unitholder, in the case of joint Unitholders) together with (if sufficient written instructions have not already been given) a form of renunciation for completion and execution by the Unitholder (or, in the case of a joint holding, by all the joint Unitholders) no later than the end of the Business Day following execution of the order. With the exception of the Legal & General All Stocks Gilt Index Trust and the Legal & General All Stocks Index Linked Gilt Index Trust where payment will be sent no later than the first business day, payment in satisfaction of the redemption monies will normally be sent by BACS no later than the fourth Business Day following the later of (a) receipt by the Manager of the form of renunciation (or other sufficient written instructions) duly signed and completed by all the relevant Unitholders, together with any other appropriate evidence of title, and (b) the Valuation Point following receipt by the Manager of the request to redeem.

Minimum redemption:

Part of a Unitholder's holding may be redeemed but the Manager reserves the right to refuse a redemption request if the value of the Units of any Fund to be redeemed is less than the minimum holding amounts stated in Appendix I.

3.4 CLIENT MONEY ACCOUNTS

We bank all Payments into a Client Money Account no later than the business day after they are received.

A Client Money Account is a current or deposit account at a bank that is in our name. Its title will also include an appropriate description to indicate that it holds only clients' money in accordance with our regulatory responsibilities. Each Client Money Account is used to hold the money of one or more clients.

This Client Money Account will be held with The Royal Bank of Scotland plc or such other bank or authorised institution as we may nominate from time to time.

Your money will be held in the Client Money Account until fund settlement date with the Trustees.

It will also be held in a Client Money Account when you are taking money out. The sale proceeds of your withdrawal instruction will be transferred to a Client Money Account when we have received these from the Trustee. This will be done within four business days from the Valuation Point at which your Units are sold. From that date it is your money and is held and protected in the Client Money Account, it cannot be used by us for any other purpose. The money will be retained in the Client Money Account until we are able to release the payment to you. You are not entitled to any interest on the money held in a Client Money Account. Withdrawal payments will be paid in Sterling from a Client Money Account.

Where we haven't been provided with sufficient payment details, we will make reasonable efforts to contact you or your personal representative, as appropriate, and confirm them before any payment is made. Whilst we are waiting for any such query to be resolved, the money will be held in a Client Money Account and no interest will be paid. We may delay payment of the withdrawal proceeds if we reasonably believe that we should delay payment for your, or your personal representative's protection (such as to prevent fraud) or as required by law.

You will not be entitled to any interest earned on your Payments held in a Client Money Account unless we tell you otherwise.

We hold any money in a Client Money Account separate from our own money.

If we become insolvent, all the money held in a Client Money Account will be paid to clients in accordance with the FCA Rules. If there is a shortfall in the money held in the Client Money Account, you will suffer in any shortfall in the same proportion to your share of the money held in the Client Money Account. You may be entitled to compensation under the Financial Services Compensation Scheme.

3.5 SWITCHING

A Unitholder in a Fund may at any time switch all or some of his or her Units of one Class or Fund (the "Original Units") for Units of another Class or Fund (the "New Units"), subject to meeting the eligibility criteria for investment in that particular Class, including in particular the minimum investment amount. Switches into any other Legal & General scheme, or class of scheme where available, are permitted at the discretion of the Manager.

The Manager may at its discretion make a charge on switching, including any applicable SDRT. The Manager does not currently make a charge on switching between Classes or between Funds. Any such charge on switching, if imposed, does not constitute a separate charge payable by the Unitholder but is rather the application of any redemption charge in respect of the Original Units, subject to certain waivers. A conversion between accumulation and distribution Units in the same Fund will not incur any charges.

Unitholders may be required to provide written instructions to the Manager (which, in the case of joint Unitholders must be signed by all the joint Unitholders) before a switch is effected. Any request for switching must be received by the earlier of relevant dealing cut off points for both the redemption of Original Units and for the acquisition of the New Units. Investors wishing to switch to gross Units (if they are available) must first complete a Declaration of Eligibility and Undertaking that may be obtained from the Manager. No switch will be allowed during any period where the right of Unitholders to require the redemption of their Units is suspended.

The number of New Units issued will be determined by reference to the respective prices of New Units and Original Units at the Valuation Point applicable at the time the Original Units are redeemed and the New Units are issued.

Switching of the Original Units specified in a switching notice shall take place at the first Valuation Point after the switching notice is received or deemed to have been received by the Manager or at such other Valuation Point as the Manager at the request of the Unitholder giving the relevant switching notice may determine. For the purposes of this clause and for the avoidance of doubt, the Manager shall be construed as the Unitholder of all Units in a Fund which are in issue and in respect of which no other person's name is entered on the Register. Switching requests for received after a Valuation Point will be held over until the next day which is a Dealing Day in of the relevant Fund(s).

The Manager shall determine the number of New Units to be issued or sold to the Unitholder on a switch in accordance with the following formula:

$$N = O \times \frac{(CP \times ER)}{SP}$$

where:

- N is the number of New Units to be issued or sold (rounded down to three decimal places);
- O is the number of Original Units specified (or deemed to be specified) in the switching notice which the Unitholder has requested to switch;
- CP is the price at which a single Original Unit may be cancelled or redeemed as at the Valuation Point applicable to the cancellation or redemption as the case may be;
- ER is 1, where the Original Units and the New Units are designated in the same currency and, in any other case, is the exchange rate determined by the Manager in its absolute discretion (subject to the COLL Sourcebook) as representing the effective rate of exchange between the two relevant currencies as at the date the switching notice is received (or deemed to have been received) by the Manager having adjusted such rate as may be necessary to reflect any costs incurred by the Fund in making any transfer of assets as may be required as a consequence of such a switch being effected; and
- SP is the price at which a single New Unit may be issued or sold as at the valuation point applicable to the cancellation or redemption as the case may be.

The Manager may adjust the number of New Units to be issued or sold to reflect the imposition of any switching charges (as set out above) together with any other charges or levies in respect of the issue or sale of the New Units or cancellation or redemption of the Original Units as may be made without infringement of the COLL Sourcebook.

If the switch would result in the Unitholder holding a number of Original Units or New Units of a value which is less than the minimum holding in the Class concerned, the Manager may, if it thinks fit, switch the whole of the applicant's holding of Original Units to New Units (and make a charge on such switch) or refuse to effect any conversion of the Original Units. No switch will be allowed during any period when the right of Unitholders to require the redemption of their Units is suspended. A switch of Units within the same Fund should not be treated as a disposal for the purposes of taxation of capital gains. However, a switch of Units in one Fund for Units in another Fund or scheme is treated as a redemption of the Original Units and a purchase of the New Units and will, for persons subject to United Kingdom taxation, be a disposal for the purposes of taxation of capital gains.

A Unitholder who switches will not be given a right by law to withdraw from or cancel the transaction. If a Unitholder wishes to cancel a switch, a reverse instruction can be sent to the Manager who will sell the New Units and then use the proceeds to buy Original Units at the next available Valuation Point. The number of Units may change due to market movements.

For the Legal & General Growth Trust, Legal & General All Stocks Gilt Index Trust, Legal & General All Stocks Index Linked Gilt Index Trust, Legal & General Global Equity Index Fund and the Legal & General UK Smaller Companies Trust, the Manager may also, in its sole discretion, convert some or all of the Units held by any Unitholder from one Class of Units to another Class of Units in the

same Fund, provided that the terms of the Original Units are substantially similar to the New Units and, in any event, the conversion does not materially prejudice any such Unitholder. The Manager will provide the Unitholder with 60 days' prior written notice of any such conversion. Please note that, under current tax law, a conversion of Units between different Unit Classes will not be deemed to be a realisation for the purposes of capital gains taxation.

3.6 DEALING CHARGES

The price per Unit at which Units are issued or cancelled is based on the dealing prices, the basis of calculation of which is set out at paragraph 4.3. Any redemption charge is payable in addition to the price.

3.6.1 Initial charge

There is no initial charge on the Funds.

3.6.2 Redemption charge

The Manager may make a charge on the redemption of Units in each Class. At present, no redemption charge is levied.

The Manager may only increase or introduce a redemption charge in accordance with the Regulations. Also, if such a charge was introduced, it would not apply to Units issued before the date of the introduction (i.e., those not previously subject to a redemption charge).

3.6.3 Charges on switching

There are currently no charges on switching between Funds or from one Class to another Class in the same Fund.

3.6.4 SDRT

Subscriptions and redemptions of Shares are exempt from SDRT..

Sales of Shares by one Shareholder to another may trigger SDRT at 0.5 per cent payable by the purchaser. If a Shareholder redeems Shares in specie, that is in return for an appropriate value of assets out of a Fund, there will be no SDRT on UK equities provided the Shareholder receives a proportionate part of each holding. Otherwise the Shareholder will be liable to SDRT at 0.5% on the value of any UK equities transferred.

OTHER DEALING INFORMATION

3.7 MARKET TIMING

The Manager has a policy to prevent investments in the Funds which are associated with market timing activities as these may affect the overall interests of Unitholders. The repeated or frequent purchasing and selling of units in response to short-term market fluctuations is known as "market timing".

The Manager also has a policy to prevent late trading. "Late trading" involves the acceptance of a dealing order received after the Valuation Point of a Fund for that Dealing Day. The Manager's policy is that orders will not be dealt with at the Valuation Point established on that Dealing Day where they have been received by the Manager after that Valuation Point. Late trading does not include a situation where the Manager is satisfied that orders which are received after the Valuation Point have been made by applicants before then, or instance due to technical reasons the transmission of an order has been delayed.

As part of its policy, the Manager may refuse to accept an application to subscribe or redeem Units, or an instruction to switch Funds from persons that they reasonably believe are engaged in market timing or late trading.

3.8 VERIFICATION OF IDENTITY

As a result of legislation in force in the United Kingdom to prevent money laundering, the Manager is responsible for compliance with anti money laundering regulations. In order to implement these procedures, in certain circumstances investors may be asked to provide proof

of identity when buying or redeeming Units. Until satisfactory proof of identity is provided, the Manager reserves the right to refuse to issue Units, pay the proceeds of a redemption of Units, or pay income on Units to the investor.

In order to establish the identity of new and sometimes existing Unitholders for the purposes of protecting the Unitholders, the Funds and the Manager from financial crime, the Manager may, in addition to requesting proof of identity from Unitholders, use reference agencies to search sources of information relating to a Unitholder (an identity search). This will not affect a Unitholder's credit rating.

3.9 RESTRICTIONS AND COMPULSORY TRANSFER AND REDEMPTION

The Manager may from time to time impose such restrictions as it may think necessary for the purpose of ensuring that no Units are acquired or held by any person in breach of the Trust Deed, the prospectus, the law or governmental regulation (or any interpretation of a law or regulation by a competent authority) of any country or territory or which would result in the Funds incurring any liability to taxation which the Funds are not able to recoup itself or suffering any other adverse consequence. In this connection, the Manager may, inter alia, reject in its discretion any application for the purchase, redemption, transfer or switching of Units.

If it comes to the notice of the Manager that any Units ("affected Units"):

- (a) are owned directly or beneficially in breach of the Trust Deed, the Prospectus any law or governmental regulation (or any interpretation of a law or regulation by a competent authority) of any country or territory; or
- (b) would result in a Fund incurring any liability to taxation which that Fund would not be able to recoup itself or suffering any other adverse consequence (including a requirement to register under any securities or investment or similar laws or governmental regulation of any country or territory); or
- (c) are held in any manner by virtue of which the Unitholder or Unitholders in question is/are not qualified to hold such Units or if it reasonably believes this to be the case;

the Manager may in its discretion (i):give notice to the Unitholder(s) of the affected Units requiring the transfer of such Units to a person who is qualified or entitled to own them or that a request in writing be given for the redemption of such Units in accordance with the COLL Sourcebook. If any Unitholder upon whom such a notice is served does not within 30 days after the date of such notice transfer his or her affected Units to a person qualified to own them or submit a written request for their redemption to the Manager or establish to the satisfaction of the Manager (whose judgement is final and binding) that he or the beneficial owner is qualified and entitled to own the affected Units, he shall be deemed upon the expiry of that 30 day period to have given a request in writing for the redemption or cancellation (at the discretion of the Manager) of all the affected Units; or (ii) redeem the affected Units and apply the proceeds of redemption in acquiring Units of some other class, which Units shall be registered in the same manner as the affected Units were registered. The Manager shall promptly notify the Unitholder in question of any such redemption and acquisition.

A Unitholder who becomes aware that he or she is holding or owns affected Units shall immediately, unless he or she has already received a notice as set out above, either transfer all his or her affected Units to a person qualified to own them or submit a request in writing to the Manager for the redemption of all his or her affected Units.

Where a request in writing is given or deemed to be given for the redemption of affected Units, such redemption will (if effected) be effected in the same manner as provided for in the COLL Sourcebook.

3.10 ISSUE OF UNITS IN EXCHANGE FOR IN SPECIE ASSETS

The Manager may arrange for the Funds to issue Units in exchange for assets other than cash, but will only do so where the Trustee has taken reasonable care to determine that the Fund's acquisition of those assets in exchange for the Units concerned is not likely to result in any material prejudice to the interests of Unitholders.

The Manager will ensure that the beneficial interest in the assets is transferred to the Fund with effect from the issue of the Units.

The Manager will not issue Units in any Fund in exchange for assets the holding of which would be inconsistent with the investment objective of that Fund.

3.11 IN SPECIE REDEMPTIONS

If a Unitholder requests the redemption of Units the Manager may at its discretion, where it considers the deal to be substantial in relation to the total size of the Fund concerned or in some way advantageous or detrimental to the Fund, arrange, having given prior notice in writing to the Unitholder, that in place of payment for the Units in cash, the Fund transfers property or, if required by the Unitholder, the net proceeds of sale of the relevant property, to the Unitholder. Before the redemption proceeds of the Units become payable, the Manager must give written notice to the Unitholder that the relevant property or the proceeds of sale of the relevant property will be transferred to that Unitholder so that the Unitholder can acquire the net proceeds of redemption rather than the relevant property if he so desires.

For this purpose, the Manager may consider a deal to be substantial if the relevant Units constitute 5% (or a lesser or higher percentage if considered appropriate) of those in issue in the relevant Fund. Some Funds may have a higher or lower threshold at which the Manager may consider a deal substantial. Where there is a different threshold for the purpose of this in specie redemption provision in respect of a Fund, this is specified in Appendix I.

The Manager will select the property to be transferred in consultation with the Trustee but will only do so where the Trustee has taken reasonable care to ensure the property concerned is not likely to result in any material prejudice to the interests of Unitholders.

3.12 SUSPENSION OF DEALINGS IN THE FUNDS

The Manager may, with the prior agreement of the Trustee, and must without delay if the Trustee so requires temporarily suspend the issue, cancellation, sale and redemption of Units in any or all of the Funds where due to exceptional circumstances it is in the interests of all the Unitholders in the relevant Fund or Funds.

The Manager and the Trustee must ensure that the suspension is only allowed to continue for as long as is justified having regard to the interests of Unitholders.

The Manager or the Trustee (as appropriate) will immediately inform the FCA of the suspension and the reasons for it and will follow this up as soon as practicable with written confirmation of the suspension and the reasons for it to the FCA and the regulator in each EEA state where the relevant Fund is offered for sale.

The Manager will notify Unitholders as soon as is practicable after the commencement of the suspension, including details of the exceptional circumstances which have led to the suspension, in a clear, fair and not misleading way and giving Unitholders details of how to find further information about the suspension.

Where such suspension takes place, the Manager will publish on its website or by other general means, sufficient details to keep Unitholders appropriately informed about the suspension, including, if known, its possible duration.

During the suspension none of the obligations in COLL 6.2 (Dealing) will apply but the Manager will comply with as much of COLL 6.3 (Valuation and Pricing) during the period of suspension as is practicable in light of the suspension.

Suspension will cease as soon as practicable after the exceptional circumstances leading to the suspension have ceased but the Manager and the Trustee will formally review the suspension at least every 28 days and will inform the FCA of the review and any change to the information given to Unitholders.

The Manager may agree during the suspension to deal in Units in which case all deals accepted during and outstanding prior to the suspension will be undertaken at a price calculated at the first Valuation Point after the restart of dealings in Units.

3.13 DEFERRED REDEMPTIONS

In times of high redemption, to protect the interests of continuing Unitholders the Manager may defer all redemptions at any Valuation Point to the next Valuation Point where requested redemptions exceed 10 per cent of the relevant Fund's value. This will allow the Manager to

match the sale of the Scheme Property to the level of redemptions, thereby reducing the impact of dilution on the relevant Fund. At the next such Valuation Point all deals relating to the earlier Valuation Point will be completed before those relating to a later Valuation Point are considered.

3.14 **LARGE DEALS**

Any purchase or redemption of Units with a value equal to or in excess of £15,000 will amount to a "large deal". For large deals (subject to the Regulations), the Manager may sell Units at more than, or redeem Units at less than, the published price.

3.15 **GOVERNING LAW**

All deals in Units are governed by English law.

4. **VALUATION OF THE FUNDS**

4.1 **GENERAL**

Each Fund will be valued in accordance with the provisions set out in Appendix VI at the Valuation Point of that Fund on each Dealing Day. For details of the Valuation Point of each Fund, please see Appendix I.

4.2 **CALCULATION OF THE VALUE**

Valuations of the Scheme Property of a Fund for the purpose of the calculation of prices of Units will be carried out on a dual priced basis in accordance with the Trust Deed and Appendix VI to this Prospectus. This means that the Scheme Property of a Fund is valued by reference to its offer price to determine the issue price of a Unit and by reference to its bid price to determine the cancellation price of a Unit. The prices used for these valuations are as follows:

FTSE 100 (including the reserve list):	Best offer and best bid prices.
Other order driven share markets:	Last traded price adjusted to bid and offer prices appropriate to the typical size of deal the trust makes in the market.
Other markets:	Best offer and best bid prices

Valuations will be made every Business Day at the relevant Valuation Point. The Manager may determine that any Business Day so defined shall not be a Business Day. Such a determination would generally only be made in respect of a particular day if that day were a holiday on a stock exchange which was the principal market for a significant portion of the Fund's portfolio of securities (namely, its assets other than cash, deposits and short term paper) or was a holiday elsewhere which impeded the calculation of the fair market value of the portfolio.

If, in the opinion of the Manager, the prices of Scheme Property obtained are unreliable or no recent price exists or does not reflect the Manager's best estimate of the value of the Scheme Property, the Manager may substitute a value which, in the Manager's opinion is fair and reasonable.

The Manager may at any time during a Business Day carry out an additional valuation if it considers it desirable to do so. The Manager shall inform the Trustee of any decision to carry out any such additional valuation. Valuations may be carried out for effecting a scheme of amalgamation or reconstruction which do not create a Valuation Point for the purposes of dealings. The Manager may carry out additional valuations if it considers it desirable to do so or value earlier than the Valuation Point as appropriate, if the length of the Business Day is curtailed. Such an additional valuation may be made if the Manager believes that the value of the Scheme Property has varied by 2% or more from that calculated at the previous valuation.

4.3 **PRICE OF UNITS**

The price per Unit at which Units are issued or cancelled is calculated by taking the proportion, attributable to the Units of the Class in question, of the value on the issue basis (when calculating the issue price per Unit) or the cancellation basis (when calculating the cancellation price per Unit) of the Scheme Property by reference to the most recent valuation, computing the number of Units of the relevant Class in issue immediately before that valuation, dividing the

total by that number of Units. Any redemption charge, is payable in addition to the price or deducted from the proceeds and is taken from the gross subscription or redemption monies.

The price of Units quoted for a Fund on any Dealing Day may be either a single price or a dual price. The pricing basis used for each Fund is set out at Appendix I.

4.3.1 Single priced Funds

For those Funds which quote a single price, there shall be a single price at which Units are issued and redeemed (excluding charges which may apply to the issue of Units) on each Dealing Day. The price for the issue of Units will be higher than the redemption price once applicable charges are added. On the issue of Units, certain charges may be applied so that the amount paid for the issue of Units may be higher than the single price quoted.

The price is typically determined by the Manager based on whether the Fund is expanding (where the Fund is experiencing net inflows of money) or contracting (where the Fund is experiencing net outflows of money). The price will usually be on an offer basis where the Fund is experiencing net inflows and on a bid basis where the Fund is experiencing net outflows. However the Manager may determine the dealing price on either an offer or a bid basis regardless of net flow. Where net transactions amount to less than £40,000 on a particular Dealing Day, the Manager reserves the right to continue to use the pricing basis of the previous day. The price of Units determined by the Manager shall be no higher than the issue price (plus any applicable charges) and no lower than the cancellation price.

The current practice for Funds using this method is that the difference between the sale and redemption price on any given Dealing Day will be equivalent to any preliminary charge.

4.3.2 Dual priced Funds

For Funds which quote a dual price, there is a single price at which Units can be purchased and another (lower) price at which Units can be sold on any Dealing Day.

The price at which the Manager sells Units (the offer price), may not exceed the issue price of Units. The price at which the Manager redeems Units (the bid price) will not be less than the cancellation price (less any redemption charge if applicable). The bid price will not exceed the relevant issue price. The price at which the Manager issues Units may be more than the published price and the price at which it redeems Units may be less than the published price.

4.3.3 General

Large deals (see paragraph 3.14) may be carried out at a higher offer price or a lower bid price than those published, provided these prices do not exceed the relevant maximum and minimum parameters set out in the paragraph above. The price at which the Manager issues Units may be more than the published price and the price at which it redeems Units may be less than the published price.

For the purposes of calculating the investment limits the Scheme Property is valued on a bid basis.

The Manager's pricing policy is subject to periodic review to ensure that it is applied consistently and fairly.

The Manager will, upon completion of each valuation, notify the Trustee of the issue price, the cancellation price, the maximum offer price and the minimum bid price of Units, of each Class.

A request for dealing in Units must be received by the Valuation Point on a particular Dealing Day in order to be processed on that Dealing Day. A dealing request received after this time will be held over and processed on the next Dealing Day, using the value per Unit calculated as at the Valuation Point on that next Dealing Day.

More detailed information on unit pricing is available, on request, from the Manager.

4.4 PRICING BASIS

The Manager deals on a forward pricing basis. A forward price is the price calculated at the next Valuation Point after the purchase or redemption is deemed to be accepted by the Manager.

4.5 PUBLICATION OF PRICES

Prices are available from the Legal & General website: www.legalandgeneral.com (A, E, F and R Class only) and from the unit trust dealers specified in paragraph 3.1 on request between 8.30 and 6.00 p.m. for these and all other Classes.

As the Manager deals on a forward pricing basis, the price that appears in these sources will not necessarily be the same as the one at which investors can currently deal. The Manager may also, at its sole discretion, decide to publish certain Unit prices in other third party websites or publications but the Manager does not accept responsibility for the accuracy of the prices published in, or for the non-publication of prices by, these sources for reasons beyond the control of the Manager.

5. RISK FACTORS

Potential investors should consider the risk factors set out at Appendix III before investing in the Funds (or, in the case of specific risks applying to specific Funds, in those Funds).

6. MANAGEMENT AND ADMINISTRATION

6.1 REGULATORY STATUS

The Manager, the Trustee and the Investment Manager are each authorised and regulated by the FCA of 12 Endeavour Square, London E20 1JN.

Share capital:	Authorised issued and paid up share capital of £15 million
Ultimate holding company:	Legal & General Group Plc, incorporated in England & Wales

The Manager is responsible for managing and administering the Funds' affairs in compliance with the COLL Sourcebook. The directors of the Manager are as follows:

R.M. Bartley (also a director of Legal & General Investment Management Limited)

H.J.E. Solomon

M.J Zinkula (also a director of Legal & General Investment Management Limited)

S. D. Thomas

A.J.C Craven

L.W. Toms

S. A. Hynes

A.R. Toutounchi

Secretary - Legal & General Company Secretary Limited

Save M. Zinkula, L.W. Toms and R.M Bartley, none of the directors have any significant business activities other than those connected with the business of the Manager.

The Manager may delegate its management and administration functions to third parties including associates subject to the rules in the COLL Sourcebook. Details of the functions the Manager currently delegates are set out in this section 6.

The Manager is under no obligation to account to the Trustee or the Unitholders for any profit it makes on the issue or reissue of Units or cancellation of Units which it has redeemed. The fees to which the Manager is entitled in respect of each Fund are included within the Fund Management Fee as set out in section 7 of this Prospectus.

The Manager acts as manager of various authorised unit trusts. Please see Appendix VII for further details.

6.3

THE TRUSTEE AND DEPOSITARY

The Trustee and Depositary is Northern Trust Global Services PLC, a private company limited by shares, incorporated in England and Wales on 11 June 2003 with registered number 4795756. Its registered office and its principal place of business is at 50 Bank Street, London E14 5NT, United Kingdom.

The Trustee and Depositary's ultimate holding company is Northern Trust Corporation, a company which is incorporated in the State of Illinois, United States of America. The principal business activity of the Depositary is the provision of trustee and depositary services.

The Trustee and Depositary is responsible for the safekeeping of all the property of each Fund and has a duty to take reasonable care to ensure that each Fund is managed in accordance with the provisions of the COLL Sourcebook relating to the pricing of, and dealing in, Units and relating to the income and the investment and borrowing powers of the Funds. The Depositary is also responsible for monitoring the cash flows of the Funds, and must ensure that certain processes carried out by the Manager are performed in accordance with the FCA Handbook, this Prospectus and the Trust Deed.

6.3.1 Terms of Appointment

The Trustee delegates the custody of Scheme Property of all Funds to The Northern Trust Company, London Branch. Its registered and head office is at 50 Bank Street, Canary Wharf, London. E14 5NT.

The appointment of the Trustee as Depositary has been made under an agreement between the Manager and the Trustee (the "Depositary Agreement"). The Depositary Agreement is terminable on receipt of six months' written notice given by either party. The Depositary may not retire voluntarily except on the appointment of a new depositary.

Subject to the UCITS regulations, the Depositary has full power under the Depositary Agreement to delegate (and authorise its delegate to sub-delegate) any part of its duties as Depositary. It has delegated custody services to The Northern Trust Company, London Branch (the "Custodian").

The Custodian has sub-delegated custody services to sub-custodians in certain markets in which the Funds may invest. A list of sub-custodians is given in Appendix IX. Investors should note that the list of sub-custodians in the Prospectus is updated only at each Prospectus review. An up to date list of sub-custodians is maintained by the Manager and is available on request.

The Depositary Agreement contains provisions indemnifying the Depositary and limiting the liability of the Depositary in certain circumstances.

The Trustee and the Depositary are entitled to receive remuneration out of the Scheme Property of each Fund for its services, and such fees are included within the Fund Management Fee as set out in section 7 of this Prospectus. The Trustee is under no obligation to account to the Manager, the Trusts or the Unitholders for any profits or benefits it makes or receives that are made or derived from or in connection with its role as trustee.

6.3.2 Conflicts of Interest

The Depositary may act as the depositary of other open-ended investment companies and as trustee or custodian of other collective investment schemes.

The Manager has delegated certain administrative functions to Northern Trust Global Services PLC, including registrar, fund accounting, valuation, calculation and transfer agency services. Northern Trust Global Services PLC has functionally and hierarchically separated the performance of its trustee and depositary functions from its administration tasks delegated to it by the Manager.

It is possible that the Depositary and/or its delegates and sub-delegates may in the course of its or their business be involved in other financial and professional activities which may on occasion have potential conflicts of interest with the Funds and/or other funds managed by the Manager or other funds for which the Depositary acts as the depositary, trustee or custodian. The Depositary will, however, have regard in such event to its obligations under the Trust Deed, the Depositary Agreement and the UCITS regulations and, in particular, will use reasonable endeavours to ensure that the performance of its duties will not be impaired by any such involvement it may have and that any conflicts which may arise will be resolved fairly and in the best interests of Unitholders collectively so far as practicable, having regard to its obligations to other clients.

Up to date information regarding (i) the Depositary's name, (ii) the description of its duties and any conflicts of interest that may arise between the Company, the Unitholders or the Fund and the Depositary, and (iii) the description of any safekeeping functions delegated by the Depositary, the description of any conflicts of interest that may arise from such delegation, and the list showing the identity of each delegate and sub-delegate, will be made available to Unitholders on request.

6.4 **THE INVESTMENT MANAGER**

The Manager has appointed Legal & General Investment Management Limited to provide investment management and advisory services to the Manager.

The Investment Manager is a member of the Legal & General group of companies.

The principal activity of the Investment Manager is the provision of investment management services.

Terms of appointment:

The Investment Manager was appointed by an agreement dated 8 March 1981 and its appointment is governed by an amended and restated investment management agreement dated 7 December 2015 between the Manager and the Investment Manager, as amended, restated and supplemented from time to time (the "Investment Management Agreement").

Subject to appropriate controls imposed by the Manager, all relevant law and regulation, this Prospectus and the Trust Deed, and further instructions given by the Manager, the Investment Manager has discretion to take day to day investment decisions and to deal in investments in relation to the investment management of the Funds, without prior reference to the Manager.

The Investment Management Agreement may be terminated on six months' written notice or immediately in certain circumstances.

The Investment Manager's fee is included within the Fund Management fee as set out in section 7 of this Prospectus.

6.5 **REGISTRAR AND REGISTER OF UNITHOLDERS**

The Manager has delegated to Legal & General (Unit Trust Managers) Limited responsibility for the maintenance of the Fund Registers and ISA plan sub-registers.

The Fund Registers and ISA plan sub-registers are kept at Legal & General Investments, Customer Services Centre, Brunel House, 2 Fitzalan Road, Cardiff CF24 0EB and may be inspected during normal business hours by any Unitholder or any Unitholder's duly authorised agent.

The Registrar's fee is included within the Fund Management Fee as set out in section 7 of this Prospectus.

6.6 **SALES, MARKETING, VALUATION AND TRUST ACCOUNTING AGENTS**

The customer service function for individual investors, the promotion, marketing, sales, investment and administration functions via all sales channels are outsourced to Legal & General (Unit Trust Managers) Limited.

The fund valuation and unit trust accounting functions for all Funds are outsourced to Northern Trust Global Services PLC.

The fees for carrying out these functions are included within the Fund Management Fee as set out in section 7 of this Prospectus.

6.7 **THE AUDITORS**

The auditor of the Funds is KPMG LLP of 15 Canada Square, London E14 5GL.

The fees of the Auditor for carrying out these functions are included within the Fund Management Fee as set out in section 7 of this Prospectus.

6.8 **CONFLICTS OF INTEREST**

The Manager, the Investment Manager and other companies within the Legal & General group of companies may, from time to time, act as managers or investment managers to other funds which follow similar investment objectives to those of the Funds. A Fund may also invest in other funds managed by the Manager and other companies within the Legal & General group.

It is therefore possible that the Manager and/or the Investment Manager may, in the course of their business, have potential conflicts of interests with a particular Fund. Each of the Manager and/or the Investment Manager will, however, have regard in such event to its obligations to act in the best interests of Unitholders so far as practicable, having regard to its obligations to other clients when undertaking any investment business where potential conflicts of interest may arise. Where a conflict of interest cannot be avoided, the Manager will ensure that the Funds and the other funds it manages are fairly treated.

The Manager acknowledges that there may be some situations where the organisational or administrative arrangements in place for the management of conflicts of interest are not sufficient to ensure, with reasonable confidence, that risks of damage to the interests of a Fund or its Unitholders will be prevented. Should any such situations arise the Manager will disclose these to Unitholders in the Fund's report and accounts or in another appropriate format.

The Trustee may, from time to time, act as trustee, depositary or custodian of other collective investment schemes.

6.9 **Inducements and Soft Commissions**

Inducements

The Manager is subject to inducement rules set out in the UCITS Directive pursuant to which it will not be regarded as acting honestly, fairly and in accordance with the best interests of the Company or its Shareholders if, in relation to the activities performed when carrying out its functions it pays or is paid any fee or commission, or provides or is provided with any non-monetary benefit, other than those permitted in the UCITS Directive e.g. a fee, commission or non-monetary benefit paid by or on behalf of a third party where the M can demonstrate (i) the existence, nature and amount of the fee, commission or benefit and (ii) the payment of the fee or commission, or the provision of the non-monetary benefit are designed to enhance the quality of the relevant service and not impair compliance with the Manager's duty to act in the best interests of the Company or its Shareholders.

Soft Commissions

The Manager or any non-MiFID authorised investment manager, its delegates or connected persons of the non-MiFID authorised investment manager may not retain cash or other rebates but may receive, and are entitled to retain, research products and services (known as soft dollar benefits) from brokers and other persons through whom investment transactions are carried out ("**brokers**") which are of demonstrable benefit to the Shareholders (as may be permitted under applicable rules and regulations) and where such arrangements are made on best execution terms and brokerage rates are not in excess of customary institutional full-service brokerage rates and the services provided must be of a type which assist in the provision of investment services to the Company.

MiFID Authorised Investment Managers

In accordance with its obligations under MiFID, the Investment Manager shall return to the relevant Fund any fees, commissions or other monetary benefits paid or provided by a third party in relation to the investment management services provided by the Investment Manager

to the Fund as soon as reasonably possible after receipt, and disclose in the annual report the fees, commissions or any monetary benefits transferred to them.

In particular, where the Investment Manager successfully negotiates the recapture of a portion of the commissions charged by brokers or dealers in connection with the purchase and/or sale of securities, permitted derivative instruments or techniques and instruments for the Company or a Fund, the rebated commission shall be paid to the Company or the relevant Fund as the case may be.

The Investment Manager shall however be permitted to retain minor non-monetary benefits received from third parties where the benefits are such that they could not impair the Investment Manager from complying with its obligation to act in the best interests of the Fund, provided they are disclosed to the Company prior to the provisions of investment management services by that entity.

The Investment Manager may only receive third-party investment research, provided it is received on such basis that it does not contravene MiFID or the rules of the FCA and is of a scale and nature such that they could not be judged to impair their compliance with its duty to act honestly, fairly and professionally in the best interests of each Fund.

Investment research will not constitute an inducement under MiFID where it is paid for by the Investment Manager itself out of its own resources or out of a research payment account funded by a specific research charge to the applicable Fund. In this regard, the Investment Manager will discharge the charges relating to investment research which is or may be used by the Investment Manager in managing the assets of the Company out of its own resources.

7. FEES AND EXPENSES

7.1 GENERAL

Each Fund formed after this Prospectus is superseded may bear its own direct establishment costs.

All fees or expenses payable by a Unitholder or out of the property of the Funds are set out in this section 7.

7.2 FUND MANAGEMENT FEE

The Manager is entitled to be paid an annual fee for its services in managing each Fund.

This fee is a fixed rate fee and is inclusive of all the fees and expenses which are paid by the Manager in relation to the operation and administration of each Fund. The fee will be reimbursed as part of a single charge that is deducted from the Scheme Property of each Fund, namely the Fund Management Fee (the "FMF").

The Investment Manager will bear the costs of the provision of investment research by third parties out of the fee it receives from the Manager for its discretionary investment management and investment advisory services.

The FMF is a fixed rate fee charged by the Manager to each Fund as set out in Appendix I and which is comprised of the following:

- (a) the fees, expenses and disbursements payable to each of the services providers (including the Manager, the Investment Adviser, the Registrar and the Auditor and legal or other professional advisers; the fees, expenses and disbursements payable to the Trustee, including custody and transaction charges and
- (b) those expenses properly incurred in the performance of, or arranging the performance of, functions conferred on the Trustee by the Trust Deed, the Regulations or by the general law;

All of the costs, charges, fees and expenses payable in relation to the operation and management of the Funds which may be taken from Scheme Property under the FCA Rules, excluding those set out in section 7.5 "Other payments from the Scheme Property" below.
- (c) The permitted costs, charges, fees and expenses referred to in (b) above in relation to all Funds except the Legal & General Sterling Corporate Bond Index Fund, Legal &

General Global Inflation Linked Bond Index Fund and the Legal & General Global Emerging Markets Index Fund are :

- i. any costs incurred in modifying the Trust Deed, including costs incurred in respect of meetings of Unitholders convened for purposes which include the purpose of modifying the Trust Deed, where the modification is necessary or expedient by reason of changes in the law or to remove obsolete provisions;
- ii. any costs incurred in respect of meetings of Unitholders convened on a requisition by Unitholders not including the Manager or an Associate of the Manager;
- iii. unanticipated liabilities arising after the transfer of the property of a body corporate or of another collective investment scheme to a Fund which is in consideration of the issue of Units in the Fund and which could be properly have been paid out of the transferred property;
- iv. the fees of the FCA under schedule 1 of part III of the Financial Services and Markets Act 2000 and the corresponding periodic fees of any regulatory authority in a country or territory outside the United Kingdom in which units of a Fund are or may be marketed ; and
- v. any value added or similar tax relating to any charge or expense set out above.

(d) The permitted costs, charges, fees and expenses referred to in (c) above in relation to the Legal & General Sterling Corporate Bond Index Fund, the Legal & General Global Emerging Markets Index Fund, Legal & General Global Inflation Linked Bond Index Fund and the Legal & General Emerging Markets Government Bond (US\$) Index Fund are:

- i. regulatory fees;
- ii. the costs and expenses of attending meetings relating to any asset of the Fund;
- iii. taxation and duties;
- iv. the costs and expenses of modifying the Trust Deed, Prospectus or any other document relating to the Fund;
- v. the costs and expenses of any meetings of Unitholders (including meetings of holders of any particular Class of Units) and any associated documentation;
- vi. fees and expenses incurred in relation to valuing assets, analysing or securing independent comparative fund performance;
- vii. complying with any law and any obligation whatsoever including meeting obligations to banks and funders, fees and expenses in respect of the listing of units on any stock exchange or incurred in registering, having recognised or going through any other process in relation to the Fund in any territory or country outside the United Kingdom for the purposes of marketing units in such territory or country;
- viii. the costs and expenses incurred in introducing any new Class of Unit;
- ix. the costs and expenses incurred in relation to the winding up of the Fund;
- x. the costs and expenses of collecting income and any costs and expenses incurred in producing, distributing and dispatching income and other payments to Unitholders;
- xi. any costs and expenses incurred in relation to effecting stock lending transactions in accordance with the provisions of COLL;

- xii. any other costs or expenses that may be taken out of the property of each Fund in accordance with COLL (including, without limitation, the payment of liabilities on the transfer of assets in accordance with COLL 6.7.15); and
- xiii. In relation to the Legal & General Global Inflation Linked Bond Index Fund only, the costs incurred in (u) above will be charged at 0.01% per annum of the value of the fund up to a set maximum. This maximum is currently £13,000 per annum, or any amount as agreed between the Auditor and the Manager for that financial year.

The expenses will be allocated to the capital or income account as set out in Appendix I.

7.3 Calculation and operation of the Fund Management Fee

The FMF is calculated as a percentage of the Scheme Property of each Fund and the amount each Unit Class in each Fund will pay will depend on the costs, fees and expenses attributable to each such Unit Class. The FMF accrues on a daily basis by reference to the value of the Scheme Property on the immediately preceding Dealing Day on accordance with Regulations and is payable to the Manager monthly.

The current FMF in relation to each Unit Class is set out in Appendix I.

In deducting the FMF at a fixed rate, the Manager is taking upon itself the risk that the market value of a Fund will fall to the extent that the FMF will not fully recompense it for the charges and expenses that the Manager would otherwise be entitled to charge to that Fund. Conversely, the manager is not accountable to Unitholders should the aggregate fees generated by the FMF in any period exceed the charges and expenses that the Manager would be entitled to charge under the traditional charging method. The FMF will be allocated to the capital or income account of a Fund as set out in Appendix I.

If the FMF is taken from the income of a Fund and the income received by the relevant Fund is insufficient to meet the FMF then all or some of the FMF may be taken from the capital of the relevant Fund, which may constrain capital growth. Please refer to Appendix III for an explanation of the risks relating to taking charges from capital.

7.4 Changes to the Fund Management Fee

Should the underlying fees and expenses that make up the FMF reduce or increase, the Manager may change the FMF where it reasonable considers this to be appropriate. The Manager reserves the right to increase or decrease the FMF.

In the event if any changes the FMF the Manager will notify Unitholders in writing in accordance with the FCA's requirements under the COLL Sourcebook, for example:

- (a) before increasing the FMF, the Manager will give Unitholders at least 60 days prior notice in writing.
- (b) before introducing a new category of costs, charges, fees or expenses which make up the FMF but which are not currently charged to the Funds, the Manager will seek the approval of an extraordinary resolution of relevant Unitholders at an Extraordinary General Meeting;
- (c) before decreasing the FMF the Manager will give a reasonable period of notice (which may be before or after the decrease in the FMF becomes effective) utilising an appropriate method of communication as specified in the Regulations, such as notice on the website and in the next Report and Accounts of the relevant Fund.

7.5 Other payments from the Scheme Property

- (a) In addition to the FMF, and in accordance with the Regulations, the following payments will be made out of the property of each Fund:
 - i. broker's commission;
 - ii. costs of dealing in the property of a Fund;

- iii. interest and charges in respect of permitted borrowings and any charges, costs or expenses incurred in effecting or terminating such borrowings or in negotiating or varying the terms of such borrowings;
- iv. taxation and duties and other fiscal charges or costs and expenses incurred in effecting transactions for a Fund (including costs and expenses incurred in acquiring and disposing of assets, including legal fees and expenses, whether or not the acquisition or disposal is carried out);
- v. any value added or similar tax relating to any charge or expense set out above.

8. UNITHOLDER MEETINGS AND VOTING RIGHTS

8.1 CLASS AND FUND MEETINGS

The provisions below, unless the context otherwise requires, apply to Class meetings as they apply to general meetings of the Funds, but by reference to Units of the Class concerned and the Unitholders and value and prices of such Units.

8.2 REQUISITIONS OF MEETINGS

8.2.1 The Manager or the Trustee may requisition a general meeting at any time.

8.2.2 Unitholders may also requisition general meetings of the Funds. A requisition by Unitholders must state the objects of the meeting, be dated, be signed by Unitholders who, at the date of the requisition, are registered as holding not less than one tenth in value of all Units then in issue and the requisition must be deposited at the office of the Trustee. The Manager must convene a general meeting no later than eight weeks after receipt of such requisition.

8.3 NOTICE AND QUORUM

Unitholders will receive at least 14 days' notice of a general meeting and are entitled to be counted in the quorum and vote at such meeting either in person or by proxy.

The quorum for a meeting is two Unitholders, present in person or by proxy. The quorum for an adjourned meeting is one person entitled to be counted in a quorum. Notices of meetings and adjourned meetings will be sent to Unitholders (or in the case of joint Unitholders, the first named Unitholder) at their registered addresses.

8.4 VOTING RIGHTS

At a meeting of holders a resolution put to the vote shall be decided on a show of hands unless a poll is demanded by the Chairman, by the Trustee or by at least two Unitholders.

On a show of hands every Unitholder who (being an individual) is present in person or (being a corporation) is present by its representative properly authorised in that regard, has one vote.

On a poll vote, a Unitholder may vote either in person or by proxy. The voting rights attaching to each Unit are such proportion of the voting rights attached to all the Units in issue that the price of the Unit bears to the aggregate price of all the Units in issue at a reasonable date before the notice of meeting is sent out such date to be decided by the Manager.

A Unitholder entitled to more than one vote need not, if he votes, use all his or her votes or cast all the votes he or she uses in the same way.

In the case of joint Unitholders, the vote of the first named in the Register who tenders a vote whether in person or by proxy shall be accepted to the exclusion of the votes of the other joint Unitholders.

Except where the COLL Sourcebook or the Trust Deeds require an extraordinary resolution (which needs at least 75% of the votes cast at the meeting to be in favour if the resolution is to be passed) any resolution required by the COLL Sourcebook will be passed by a simple majority of the votes validly cast for and against the resolution. In the case of an equality of, or an absence of, votes cast, the chairman is entitled to the casting vote.

The Manager and any associate (as defined in the COLL Sourcebook) may hold units in a Fund. They are entitled to receive notice of and attend any meeting but the Manager may not be counted in the quorum for a meeting and neither the Manager nor any associate of the Manager is entitled to vote at any meeting of the Funds except in respect of Units which the Manager or associate holds on behalf of or jointly with a person who, if the registered

Unitholder, would be entitled to vote and from whom the Manager or associate has received voting instructions.

Where all the Units in the Funds are registered to, or held by, the Manager or its associates and they are therefore prohibited from voting and a resolution (including an extraordinary resolution) is required to conduct business at a meeting, it shall not be necessary to convene such a meeting and a resolution may, with the prior written agreement of the Trustee, instead be passed with the written consent of Unitholders representing 50% or more, or for an extraordinary resolution 75% or more, of the Units in issue.

“Unitholders” in this context means Unitholders entered on the Register at a time to be determined by the Manager and stated in the notice of the meeting which must not be more than 48 hours before the time fixed for the meeting.

8.5 VARIATION OF CLASS RIGHTS

The rights attached to a Class may not be varied without the sanction of an extraordinary resolution passed at a meeting of Unitholders of that Class.

9. TAXATION

9.1 GENERAL

The comments below are of a general nature. They reflect the Manager's understanding of current UK taxation law and HM Revenue & Customs practice and they are subject to changes therein. They do not purport to constitute legal or tax advice. These comments are not exhaustive and unitholders who are in any doubt as to their tax position or who may be subject to tax in any other jurisdiction should consult their own professional advisers. The basis of taxation may change in the future.

9.2 THE FUNDS

The Funds are liable to corporation tax at 20% on their taxable income net of management expenses (and where interest distributions are paid the amount of such distribution).

Distributions paid by both UK and non-UK companies are generally not subject to corporation tax in the hands of a Fund.

As the Funds are authorised unit trust schemes they are exempt from UK corporation tax on capital gains realised on the disposals of Fund assets that are within the capital gains tax system, as well as on interest-bearing securities and derivative contracts.

9.3 THE UNITHOLDER

The income tax liability of a UK resident individual depends on whether a dividend distribution or an interest distribution is paid (or retained in the Trust in the case of accumulation units) as follows:

	Nature of Payment	Nil Rate Taxpayer	Basic Rate Taxpayer	Higher Rate Taxpayer	Additional Rate Taxpayer
Dividend Distribution or Accumulation	Distribution paid/retained	0% tax on first £5,000 of dividend income	7.5% tax due on distribution in excess of the 0% band	32.5% tax due on distribution in excess of the 0% band	Additional 38.1% tax due on distribution in excess of the 0% band
Interest Distribution or Accumulation	Distribution paid/retained after deduction of 20% income tax	Excess income tax deducted is recoverable	No further income tax liability	Additional 20% tax due on the gross distribution. (i.e. in addition to the 20% income tax deducted)	Additional 30% tax due on the gross distribution. (i.e. in addition to the 20% income tax deducted).

Interest distributions are paid gross (i.e., without income tax being deducted at source). Non-tax paying investors therefore do not need to reclaim tax from HM Revenue & Customs.

Unitholders subject to corporation tax will normally receive dividend distributions with an unfranked proportion so as to reflect the nature of the income received by the Fund. The

amount of the reclaimable tax credit in relation to the unfranked income will be limited as shown on the tax voucher.

The scheme is required to identify accounts maintained for account holders who are tax resident in the EU or jurisdictions with which the UK has entered into an agreement to automatically exchange tax information and collect and report information such as financial income, account balances and sale proceeds from financial assets to HM Revenue & Customs.

The first distribution received after the acquisition of units will include an amount of equalisation. This is the average of the amount of income included in the price at which the units were acquired for all incoming unitholders for the period. It is treated as capital for UK tax purposes and not as income and is deducted from the cost of the units in computing any capital gain realised on the subsequent disposal of the units.

UK residents may be liable to capital gains tax on gains arising from the sale or disposal of units. Individuals will have a liability to capital gains tax on the sale or disposal of their units, if their total capital gains (less relief for any losses) from all sources exceed the capital gains annual exemption applicable for the tax year in which the sale or disposal takes place.

UK corporates investing in 'Bond Funds' are required to adopt a fair value accounting policy for these funds for corporation tax purposes. Broadly, 'Bond Funds' are collective investment vehicles which hold 60% or more of their assets, by value, in qualifying investments at any time in the corporate investor's accounting period. Qualifying investments are broadly interest bearing assets or securities. If a Trust ceases to be a 'Bond Fund', then UK corporates will need to treat their unitholdings as loan relationships until the end of their accounting periods in which the Trust changes its status. Each corporate investor should then treat its unitholding as a new asset acquired at the start of the investor's subsequent accounting period for the units' issue price at that time.

Individual Unitholders who are not resident in the UK in the tax year when they dispose of units are not liable to capital gains tax arising from the sale or disposal of units, unless they have been resident in the UK for any part of at least four of the previous seven tax years and become not resident for less than five tax years. They will then be liable to capital gains tax on gains on the disposal while they are abroad of assets owned before they left the UK. All such gains in the tax year of departure are chargeable in that year. Gains on such assets arising while they are away from the UK will be charged in the tax year when they again resume tax residence in the UK. Unitholders who are non-UK resident companies are not subject to UK corporation tax on gains arising from the sale or disposal of units unless they carry on a trade in the UK through a UK permanent establishment.

Tax regulations require the Manager to collect certain information about each investor's tax arrangements.

If you are a UK resident you authorise the Manager to disclose all relevant information about you and your account to HM Revenue & Customs in connection with your tax responsibilities and in accordance with UK law.

If the Manager has reason to believe you are a resident for tax purposes outside of the UK you authorise the Manager to share information about you and your account with HM Revenue & Customs who may share it with relevant tax authorities, as prescribed by law.

10. WINDING UP OF A FUND

The Funds will not be wound up except in accordance with the COLL Sourcebook.

The Trustee shall proceed to wind-up the Funds:

- 10.1.1 if the orders declaring the Funds to be authorised unit trust schemes are revoked; or
- 10.1.2 if the Manager or the Trustee requests the FCA to revoke the order declaring the Funds to be authorised unit trust schemes and the FCA has agreed (provided no material change in any relevant factor occurs) that on the winding-up of the Funds, the FCA will accede to that request; or
- 10.1.3 the expiration of any period specified in the Trust Deeds as the period at the end of which the Funds are to terminate; or

- 10.1.4 on the effective date of a duly approved scheme of arrangement which is to result in the relevant Funds being left with no property.

If any of the events set out above occurs the rules in the COLL Sourcebook concerning Dealing (COLL 6.2), Valuation and Pricing (COLL 6.3) and Investment and Borrowing Powers (COLL 5), will cease to apply. The Trustee shall cease to issue and cancel units and the Manager will stop redeeming and selling units.

In the case of a scheme of arrangement referred to in paragraph 10.1.4 above, the Trustee shall wind up the Funds in accordance with the approved scheme of arrangement.

In any other case, the Trustee shall, as soon as practicable after the relevant Fund falls to be wound-up, realise the assets of the Fund and, after paying, or retaining adequate provision for, all liabilities properly payable and retaining provision for the costs of the winding-up, distribute the proceeds to the Unitholders and the Manager proportionately to their respective interest in the Fund.

Any unclaimed net proceeds or other cash (including unclaimed distribution payments) held by the Trustee after twelve months from the date the proceeds became payable, shall be paid by the Trustee into Court, although the Trustee will have the right to retain any expenses incurred in making that payment. On completion of the winding-up, the Trustee shall notify the FCA in writing of that fact and the Trustee or the Manager shall request the FCA to revoke the order of authorisation.

Where the Trustee and one or more Unitholders agree, the requirement to realise the Scheme Property does not apply to that part of the property proportionate to the entitlement of that or those Unitholders. The Trustee may distribute that part in the form of property, after making adjustments or retaining provisions as appears to the Trustee appropriate for ensuring that, that or those Unitholders bear a proportionate share of the liabilities and costs.

11. GENERAL INFORMATION

11.1 ACCOUNTING PERIODS

The annual and interim accounting periods of the Funds are set out in Appendix I.

11.2 NOTICE TO UNITHOLDERS

All notices or other documents sent by the Manager to a Unitholder will be sent by normal post to the last address (of the first named Unitholder in the case of joint Unitholders) notified in writing to the Manager by the Unitholder.

11.3 INCOME ALLOCATIONS

The interim (where relevant) and final income allocations are set out in Appendix I. Following upon each accounting date of a Fund, the Manager and the Trustee will agree the income and expenses of the Fund for that period and distribute to Unitholders an appropriate level of gross income commensurate with the investment objective of the Fund. Income is allocated in respect of the income available at each accounting date.

In relation to income/distribution Units, distributions of income for the Funds will be paid on or before the relevant income allocation date as instructed in each year as set out in Appendix I.

Where accumulation Units are issued, income will become part of the capital property of the Funds and will be reflected in the price of each such accumulation Unit as at the end of the relevant accounting period.

If a distribution made in relation to any income/distribution Units remains unclaimed for a period of six years after it has become due, it will be forfeited and will revert to the relevant Fund.

Where the average income allocation to a Unitholder (excluding the authorised fund manager or an associate thereof) is less than £10 the Trustee after consulting the Manager may decide not to proceed with the distribution and either carry forward the income to the next accounting period or credit it to capital.

11.4 EQUALISATION

When a Unit is bought, part of the price generally includes income already held by the Fund. At the first distribution date after a purchase, an amount in respect of this income is treated as a

return of capital. When selling Units, an investor is not subject to capital gains tax on the equalisation amount contained in those Units.

Equalisation is calculated on an average basis for all new investments in a distribution period. This is the period between two XD dates. This should be taken into account when calculating your capital gains tax liability.

Where Units in different Classes are available that capital sum will be calculated separately for each Class of Unit.

11.5 **ANNUAL REPORTS**

The annual reports of the Funds will be published and sent to Unitholders (or the first named Unitholder, in the case of joint Unitholders) within four months from the end of each annual accounting period and the half yearly report will be published within two months of each interim accounting period. Short reports will be issued.

A long report containing the full accounts is available to any person free of charge on request. Most Short Reports and full accounts are available on www.legalandgeneral.com

11.6 **DOCUMENTS OF THE FUNDS**

The following documents may be inspected free of charge during normal Business hours on any Business Day at the offices of the Manager:

- 11.6.1 the Prospectus;
- 11.6.2 the most recent annual and half yearly reports of each of the Funds; and
- 11.6.3 the Trust Deeds (and any amending documents).

Unitholders may obtain copies of the above documents from the Manager. The Manager may make a charge at its discretion for copies of documents (apart from the most recent versions of the Prospectus and annual and half yearly long reports of the Funds which are available free of charge to anyone who requests).

11.7 **COMPLAINTS**

Complaints concerning the operation or marketing of the Funds may be referred to the Complaints Manager, Legal & General (Unit Trust Managers) Limited, at the following address Legal & General Investments, Customer Services, PO Box 6080, Wolverhampton, WV1 9RB.

Making a complaint will not prejudice your rights to commence legal proceedings. Further information regarding any compensation scheme or any other investor-compensation scheme of which the Manager or the Company is a member (including, if relevant, membership through a branch) or any alternative arrangement provided, is available on request.

A copy of the Manager's procedure for investigating complaints is available to you on request from this address.

If the Manager does not resolve your complaint to your satisfaction, you can refer your complaint to the Financial Ombudsman Service, South Quay Plaza, 183 Marsh Wall, London E14 9SR.

11.8 **RISK MANAGEMENT**

The Manager will provide upon the request of a Unitholder further information relating to:

- (a) the quantitative limits applying in the risk management of any Fund;
- (b) the methods used in relation to (a) above; and
- (c) any recent development of the risk and yields of the main categories of investment.

11.9 **NON-ACCOUNTABILITY OF PROFITS**

Neither the Manager, the Trustee, the Investment Manager, any of their associates, nor the Auditor (an "affected person") is liable to account to another affected person or to the Unitholder for any profits or benefits (e.g. box profits) it makes or receives that are made or derived from or in connection with dealing in units of a Fund, any transactions in Scheme Property or the supply of services to the Funds.

11.10 **BEST EXECUTION**

The Manager's best execution policy sets out the basis upon which the Manager will effect transactions and place orders in relation to the Funds whilst complying with its obligations under the FCA Handbook to obtain the best possible result for the Funds. Details of the best execution policy are available from the Manager on request.

11.11 **EXERCISE OF VOTING RIGHTS**

The Manager has a strategy for determining when and how voting rights attached to ownership of Scheme Property are to be exercised for the benefit of each Fund. A summary of this strategy, together with details of the actions taken on the basis of this strategy in relation to each Fund, is available from the Manager on request.

11.12 **REFERENCES TO FTSE AND iBOXX**

The Units in the Legal & General Future World Equity Factors Index Fund, the Legal & General European Equity Income Fund, Legal & General European Index Trust, the Legal & General UK 100 Index Trust, the Legal & General Global Infrastructure Index Fund, the Legal & General Global Technology Index Trust, the Legal & General Global Health and Pharmaceuticals Index Trust, the Legal & General Japan Index Trust, the Legal & General Pacific Index Trust, Legal & General US Index Trust, the Legal & General International Index Trust, Legal & General Global Emerging Markets Index Fund, the Legal & General UK Mid Cap Index Fund, Legal & General All Stocks Gilt Index Trust, the Legal & General All Stocks Index Linked Gilt Index Trust, the Legal & General Ethical Trust, the Legal & General Global Equity Index and the Legal & General UK Index Trust are not in any way sponsored, endorsed, sold or promoted by FTSE International Limited ("FTSE") or by the London Stock Exchange Plc (the "Exchange") or by The Financial Times Limited ("FT") and neither FTSE nor Exchange nor FT makes any warranty or representation whatsoever, expressly or implied, either as to the results to be obtained from the use of the FTSE 350 Index, FTSE All Share Index, FTSE Europe ex-UK Index, FTSE 100 Index, FTSE Global Core Infrastructure Index, the FTSE World Europe ex UK Index, the FTSE World Index, the FTSE World Japan Index, the FTSE World Asia Pacific ex Japan Index or the FTSE World USA Index or the FTSE All World Emerging Market Index or the FTSE 250 ex. Investment Trusts Index ("the Indices") and/or the figure at which any of the said Indices stands at any particular time on any particular day or otherwise. The Indices are compiled and calculated by FTSE. However, neither FTSE nor Exchange nor FT shall be liable (whether in negligence or otherwise) to any person for any error in any of the Indices and neither FTSE or Exchange or FT shall be under any obligation to advise any person of any error therein.

"FTSE™", "FT-SE®" and "Footsie®" are trademarks of the London Stock Exchange Plc and The Financial Times Limited and are used by FTSE International Limited ("FTSE") under licence. "All-Share" and "All-World" are trademarks of FTSE.

("the Indices") "iBoxx" is a registered trademark of International Index Company (IIC), a wholly-owned subsidiary of Markit Group.

11.13 **PORTFOLIO INFORMATION**

Portfolio information relating to the top ten holdings in each Fund is available on request from the Manager. The Manager will not issue more detailed information to any customer or other external body unless they can demonstrate a legitimate purpose for receipt and use of that information.

11.14 **GENUINE DIVERSITY OF OWNERSHIP**

Units in the Funds are and will continue to be widely available. The intended categories of investors are retail investors (who should seek independent financial advice before investing in a Fund) and institutional investors. Different Unit Classes of a Fund are issued to different types of investors.

Units in the Funds are and will continue to be marketed and made available sufficiently widely to reach the intended categories of investors for each Unit Class, and in a manner appropriate to attract those categories of investors.

11.15 **PROVISIONS TO FACILITATE ANY FUTURE ELECTION FOR TAX-ELECTED FUND STATUS**

The Funds may not have a UK property business or an overseas property business (as defined for regulation 69Z46 of the Authorised Investment Funds (Tax) Regulations 2006).

No Fund may enter into or be a party to any form of debt, the interest on which is dependent on the results of that Fund or the value of its assets, or where the interest exceeds a normal commercial return on the principal, or where the capital to be repaid exceeds the amount lent or is not reasonably comparable with amounts generally repayable on listed securities (as provided in regulation 69Z47 of the Authorised Investment Funds (Tax) Regulations 2006).

11.16 **DERIVATIVE COUNTERPARTIES AND COLLATERAL POLICY**

Derivatives including over the counter derivatives ("OTCs") must be based on assets which are themselves admissible or based on an index of such assets or on an official index of retail prices. They should be capable of being readily closed out. They should be either listed or transacted with an approved counterparty and have a prescribed third party pricing basis.

Counterparty approval

The Manager delegates its counterparty approval to the Investment Manager under the terms of the Investment Management Agreement. The Investment Manager's Risk Management process policy outlines that each type of counterparty credit risk is based initially on a minimum credit rating (S&P, Moody's, Fitch) as a starting point for the approval and continued use of a counterparty. This credit rating may be different for each type of counterparty and is mandatory for Cash Instruments and Foreign Exchange, but is used as a guide for other trading relationships such as OTCs. The ongoing suitability of each counterparty will be monitored on an ongoing basis by the owner of that counterparty risk for each type of counterparty exposure. The types of counterparties used by the Funds are major European or global financial institutions and tend to be of good credit quality.

The Investment Manager will execute OTC Derivatives with bank counterparties on behalf of the Funds. However, before executing any OTC Derivative the Investment Manager requires that the clients must have executed ISDA Agreements (International Swaps and Derivative Association) & Credit Support Annexes (as appropriate) in place with one or more bank counterparties. Details of counterparties are maintained on appropriate trading systems and a list of OTC Derivative counterparties is maintained on a System maintained by the Investment Manager. The presence of the appropriate documentation ensures that each transaction is immediately covered by the collateralisation or margin processes set out in the agreements and provides protection for Funds in the event of a counterparty default.

Collateral Policy

The terms of the posting or receipt of collateral are outlined in the Fund's respective Credit Support Annexe (CSA) accompanying the ISDA. As these securities are traded OTC and not on exchange, the Fund or the relevant counterparty has the potential to be exposed in the event of default to each other. If a counterparty is in default (can no longer meet its obligations) and OTC positions are not fully collateralised, the relevant Fund could see a material impact on the unit price and therefore the Fund's investment return.

In order to mitigate this risk, the valuation of the OTC instrument is marked to market on a daily basis and collateral is posted or received if the value of the security differs from the value of the contract. The Investment Manager will transfer or receive assets that are sufficiently liquid, high quality and meet the criteria laid out in the CSA. Assets held tend to be cash, UK, French, US, German Government or Corporate bonds denominated in their domestic currencies with a preference for 0-5 years in maturity, indicating liquidity and less exposure to interest rate risk. The Collateral amount is determined by the maturity and liquidity of the underlying asset. Those bonds used as collateral with longer maturity dates will have lower haircuts, i.e. more bonds will be required to fully collateralise the OTC position.

Name	Legal & General Emerging Markets Government Bond (Local Currency) Index Fund
FCA Product reference number	590030
Date of authorisation	23 November 2012
Type of Fund	UCITS scheme which complies with COLL 5
Investment objective and policy	<p>The objective of the Fund is to provide a return in line with the JPMorgan GBI-EM Global Diversified Local Currency Index (after adjustment for management charges and taxation).</p> <p>The Fund will invest primarily in the constituents of the JPMorgan GBI-EM Global Diversified Local Currency Index. Securities will be held with weightings generally proportionate to the weightings in the JPMorgan GBI-EM Global Diversified Local Currency Index. The bonds the Fund invests in will be composed primarily of securities issued by emerging market sovereign entities and which are denominated in the national currency of the issuer. Sub-investment grade bonds will be used.</p> <p>The Fund may also invest in other transferable securities, permitted deposits, money market instruments, cash, near cash and units in collective investment schemes.</p> <p>The Fund may hold derivatives for efficient portfolio management purposes.</p> <p>Except where otherwise provided, all types of property at paragraph 1.1 of Appendix IV may be held.</p> <p>For the purposes of efficient portfolio management, any of the forms of derivative in Appendix IV paragraph 18 may be effected.</p>
Information on index	<p>The Index consists of locally denominated sovereign debt instruments issued by emerging market governments and is designed to be investable for the majority of international investors.</p> <p>To be deemed an emerging market by the index, a country must have Gross National Income per capita must be below the Index Income Ceiling (IIC) for three consecutive years. The Index Provider defines the IIC as the GNI per capita level that is adjusted every year by the growth rate of the World GNI per capita, Atlas method (current US\$), provided by the World Bank annually. An existing country may be considered for removal from the index if its GNI per capita is above the IIC for three consecutive years and its long-term local sovereign credit rating (the available rating agencies: S&P, Moody's & Fitch) is A-/A3/A- or above for three consecutive years.</p> <p>For further information in relation to the Index please use the Index provider's website – www.jpmorgan.com/pages/jpmorgan/investbk/solutions/research/indexes/product</p>
Information on tracking error	<p>The Fund will physically replicate the Index by investing in all, or substantially all, of the stocks that make up the Index, consistent with an anticipated Tracking Error of 0.5% per annum for two years out of three in normal market conditions. Factors which are likely to affect the ability of the Fund to track the performance of the Index include, but are not limited to, transaction costs (from Index turnover and income re-investment), portfolio weightings not being exactly the same as the Index, small amounts of cash not being invested in stock, Efficient Portfolio Management, illiquid components and trading restrictions in some currencies.</p>

Name	Legal & General Future World Equity Factors Index Fund
FCA Product reference number	792375
Date of authorisation	11 December 2017
Type of Fund	UCITS scheme which complies with COLL 5
Investment objective and policy	<p>The investment objective of the Fund is to seek to provide both income and capital growth by tracking the performance of the FTSE All-World ex CW Climate Balanced Factor Index (the “Index”).</p> <p>The Fund invests almost exclusively in the shares of companies that make up the Index. However, it may exclude shares of companies from the Index in accordance with the Manager’s climate impact pledge (the “Climate Impact Pledge”) and tracking error. The Fund may also invest in the shares of companies which are reasonably expected, at the Manager’s discretion, to become part of the Index. The Fund may also hold units in other collective investment schemes, money market instruments, cash, near cash and derivatives for efficient portfolio management purposes. From time to time non-index constituents may be held as a result of a corporate action.</p> <p>The index methodology is designed to reflect the performance of a global and diversified basket of securities where their weights are varied to (i) achieve balanced exposures to Value, Quality, Low Volatility and Size factors and (ii) to account for risks and opportunities associated with climate change.</p> <p>An overview of the Index is available on FTSE’s website: http://www.ftse.com/products/downloads/climate-balanced-factor-overview.pdf.</p> <p>A summary of the Manager’s Climate Impact Pledge is available at: http://www.lgim.com/climate-impact-pledge</p>
Information on tracking error	<p>The Fund will physically replicate the Index by investing in all, or substantially all, of the stocks that make up the Index, consistent with an anticipated tracking error of 0.6% per annum for two years out of three in normal market conditions. Of this tracking error, no more than 0.3% will be due to the exclusion of companies in line with the Manager’s Climate Impact Pledge, as detailed in the investment objective and policy. Other factors which are likely to affect the ability of the Fund to track the performance of the Index include, but are not limited to, transaction costs (from Index turnover and dividend re-investment), portfolio weightings not being exactly the same as the Index, small amounts of cash not being invested in stock, efficient portfolio management, illiquid components and trading restrictions in some currencies.</p>

- adds a more specialist investment in Health, Pharmaceuticals and Biotechnology, shares to an existing portfolio; and
- provides the potential for capital growth by tracking the Health, Pharmaceuticals and Biotechnology companies in the FTSE World index.

All investors should be aware that they may get back less than they invested.

Name	Legal & General Global Inflation Linked Bond Index Fund
FCA Product reference number	601219
Date of authorisation	28 August 2013
Type of Fund	UCITS scheme which complies with COLL 5
Investment objective and policy	<p>The objective of the Fund is to achieve income and capital growth in line with the performance of the Barclays World Government Ex UK Inflation Linked Bonds TR Hedged GBP Index (the "Index") (after adjustment for management charges and taxation).</p> <p>The Fund will invest predominantly in securities that are included in the Index. The Fund will be passively managed and employs a sampling strategy whereby such securities will be held with weightings generally proportionate to the weightings in the Index. The bonds the Fund invests in will be composed primarily of securities issued by sovereign entities excluding the UK which are denominated in the currency of the issuer and which are inflation linked. Sub-investment grade bonds may be held. The Fund may also invest in other transferable securities, fixed interest securities, permitted deposits, money market instruments, cash, near cash and units in collective investment schemes.</p> <p>The Fund will use forward foreign exchange or currency future derivatives in order to manage the currency exposure in line with the Index. This may mean that, at times, the Fund may use derivatives for investment purposes. The Fund may also hold other types of derivatives for efficient portfolio management purposes only.</p>
Information on index	<p>Inflation linked debt securities contained within the Index are issued in local currency and reflect domestic rates of inflation.</p> <p>Bonds must be capital indexed and linked to a commonly used domestic inflation index. Investability, minimum issuance and issuer ratings are key criteria for inclusion in the index. An annual review of the key criteria is carried out to ensure they reflect current market conditions, such as market size and exchange rates.</p> <p>The issuer must have a minimum credit rating of A3/A- for both G7 countries and euro area markets, and Aa3/AA- for issuers in other countries. To determine the ratings, the middle rating from Moody's, S&P and Fitch is used.</p> <p>The Index provider re-balances the Index composition and weightings monthly - with the objective of reflecting changes in this market in a timely manner.</p> <p>For further information on the Index please refer to the Index provider's website below –</p> <p>http://index.barcap.com/index.dxml?pageId=4377</p>
Information on tracking error	<p>The Fund is passively managed and will physically replicate the index by employing a sampling strategy. A sampling strategy ensures that eligible securities will be held with weightings generally proportionate to the issue and country weightings in the Index but will not hold all of the securities included in the Index. It is anticipated the Fund will have an anticipated Tracking Error of 0.5% per annum for two years out of three in normal market conditions. The Tracking Error is a measure of the performance of the Fund against the Index.</p> <p>Factors which are likely to affect the ability of the Fund to track the performance of the Index include, but are not limited to, transaction costs (from Index turnover and income re-investment), portfolio weightings not being exactly the same as the Index, small amounts of cash not being invested in securities, Efficient Portfolio Management, illiquid components and FX trading related to hedging the Fund. It is anticipated that the adjustments made to the Fund's portfolio for daily transactions will mean there is a difference between the Fund's assets and currency exposure and the Index composition.</p>

Currency hedging	The Fund engages in currency hedging transactions in relation to its portfolio in order to more closely track the Index and to manage the currency exposure risks of the Fund. Currency hedging transactions are entered into on a monthly basis. While the Manager monitors the currency hedging position of the Fund on a daily basis, in order to avoid having to make frequent and minor adjustments to the hedge which would incur increased costs for the Fund, it will only seek to adjust the hedge on a monthly basis. The Fund may at times be over hedged or under hedged in some or all of the currencies in the portfolio. It is not anticipated that the level of hedging would, under normal market circumstances, exceed 110% or would be less than 90% of the value of the Fund. There is no guarantee that the currency hedging strategy applied for the Fund will entirely eliminate the adverse effects of changes in exchange rates between sterling and the currency exposures of the Fund.

Investor Profile

This Fund may be suitable for any investors who want to invest for at least five years and are looking for an option that provides the potential for a combination of income and capital return from investment in global inflation linked bonds excluding those issued by the UK government, perhaps building on an existing portfolio. The Fund is passively managed in line with the Barclays World Government Ex UK Inflation Linked Bonds TR Hedged GBP Index. Foreign currency exposure is hedged back to Sterling. **All investors should be aware that they may get back less than they invested.**

Note

This Fund may invest more than 35% in securities issued by US Government.

Name	Legal & General Global Infrastructure Index Fund
Launch Date	26 March 2018
FCA Product reference number	796745
Date of authorisation	13 February 2018
Type of Fund	UCITS scheme which complies with COLL 5
Investment objective and policy	<p>The objective of the Fund is to aim to achieve capital growth and income by tracking the performance of the FTSE Global Core Infrastructure Index (the “Index”).</p> <p>The Fund will invest predominantly in equities that make up the constituents of the Index. Equity securities that make up the Index will be held with weightings generally proportionate to their company’s market capitalisation.</p> <p>The Fund may also invest in permitted deposits, money market instruments, cash, near cash, units in other collective investment schemes and other equities which are reasonably expected, at the investment manager’s discretion, to become part of the Index in the near future. The Fund may hold depositary receipts and derivatives for the purposes of efficient portfolio management only.</p> <p>From time to time non index constituents may be held as a result of a corporate action or index changes and these holdings will be sold or transferred as soon as reasonably practical.</p>
Information on Index	<p>The Index comprises of companies with infrastructure core activities that are selected from the FTSE Global All Cap Index. [Infrastructure core activities are defined by FTSE as the development, ownership, operation, management and/or maintenance of the transportation, energy and telecommunications infrastructure.]</p> <p>The Index will be reviewed on a semi-annual basis in March and September. For further information in relation to the Index please use the Index provider’s website – www.ftse.com.</p>
Information on tracking error	The Fund will track the Index by investing in all, or substantially all, of the stocks that make up the Index, consistent with an anticipated tracking error of 0.75% per annum for two years out of three in normal market conditions. Factors which are likely to affect the ability of the Fund to track the performance of the Index include, but are not limited to, transaction costs (from Index turnover and income re-investment), portfolio weightings not being exactly the same as the Index, small amounts of cash not being invested in stock, efficient portfolio management and illiquid components.

Investor Profile

This Fund may be suitable for any eligible investors who want to invest for at least five years and are looking for an option that provides the potential for a high income, or growth from reinvesting any income, from a broad spread of fixed interest securities including overseas issues. These issues will normally be sub investment grade.

All investors should be aware that they may get back less than they invested.

Name	Legal & General International Index Trust
FCA Product reference number	478822
Date of authorisation	26 March 2008
Type of Fund	UCITS scheme which complies with COLL 5
Investment objective and policy	<p>The objective of the Fund is to track the capital performance of global equity markets, as represented by the FTSE World (ex UK) Index, by investment mainly in a representative sample of stocks selected from all economic sectors.</p> <p>Exposure to securities in the FTSE World (ex UK) Index will be held with weightings generally proportionate to each company's market capitalisation. Derivatives will be used for efficient portfolio management purposes only.</p> <p>Where the Fund is of a relatively small size, the accuracy of the weighting of holdings may not reflect the composition of the FTSE World (ex UK) Index.</p> <p>From time to time non Index constituents may be held as a result of a corporate action and these holdings will be sold or transferred as soon as reasonably practical.</p> <p>The Fund may also invest in deposits, cash, near cash, collective investment schemes and money market instruments.</p>
Additional information about the investment objective and policy	<p>Except where otherwise provided, all types of property at paragraph 1.1 of Appendix IV may be held.</p> <p>For the purposes of efficient portfolio management, any of the forms of derivative in Appendix IV paragraph 18 may be effected.</p>
Information on index	<p>The Index captures large and mid cap sized companies across countries with developed and advanced emerging markets. The Index provider reviews the Index composition quarterly in March, June, September and December - with the objective of reflecting changes in the underlying equity markets in a timely manner.</p> <p>For further information in relation to the Index please use the Index provider's website – www.FTSE.co.uk.</p>
Information on tracking error	<p>The Fund will physically replicate the Index by investing in all, or substantially all, of the stocks that make up the Index, consistent with an anticipated Tracking Error of 0.75% per annum for two years out of three in normal market conditions. Factors which are likely to affect the ability of the Fund to track the performance of the Index include, but are not limited to, transaction costs (from Index turnover and dividend re-investment), portfolio weightings not being exactly the same as the Index, small amounts of cash not being invested in stock, Efficient Portfolio Management, illiquid components and trading restrictions in some currencies.</p>

Investor Profile

This Fund may be suitable for any eligible investors who want to invest for at least five years and are looking for an option that:

- provides the potential both income and capital growth by investing in a range of other Legal & General funds;
- provides exposure to global company shares, fixed interest securities and cash; and
- has a considerable UK content.

All investors should be aware that they may get back less than they invested.

APPENDIX II

ELIGIBLE SECURITIES MARKETS AND ELIGIBLE DERIVATIVES MARKETS

All the Funds may deal through securities and derivatives markets established in an EEA State on which transferable securities admitted to official listing in the EEA State are dealt in or traded and therefore these markets are not specifically listed below.

Each Fund may also deal through the securities markets and derivatives markets indicated below. In respect of Legal & General Emerging Markets Government Bond (US\$) Index Fund and Legal & General Global Inflation Linked Bond Index Fund only, additional markets have been identified as appropriate by agreement between the Manager and the Trustee (see below for further details).

GENERAL

The value of any investment and any income taken from it may fall as well as rise and are not guaranteed. Investors may not get back the money invested.

The performance of any Fund will generally follow the performance of the market in which it invests. Where this market falls, the value of an investment in that Fund will probably also fall.

The fund manager runs a Fund to meet its objectives and a Fund's investments should be expected to change over time.

A Fund's level of risk may also change in future, for example because of:

- Global economic conditions.
- Investment choices made by the Investment Manager.
- Change in the riskiness of the market(s) invested in.

If the performance of a Fund is less than the rate of inflation, the buying power of an investment will fall.

A Fund may have investments valued in currencies that are not Sterling (British pounds).

- If the value of these currencies falls compared to Sterling, this may mean the value of a Fund and the income paid will go down.
- If arrangements are made to protect the Fund against currency movements (known as 'hedging') and the currencies rise compared to Sterling, the value of the Fund will not benefit from those gains.

Where a Fund's charges are taken from income and there is not enough income to pay these charges, the Fund's capital will be used instead. This may reduce the potential for growth or lead to a fall in the value of the fund.

Past performance is not a guide to future performance.

Where a Fund invests in derivatives for Efficient Portfolio Management,

- If the counterpart defaults, the Funds performance may suffer as a result.

- There is no guarantee that the performance of a financial derivative instrument will result in a positive effect for the Fund and its investors.
- The use of financial derivative instruments may result in increased losses.
- The counterparty will forfeit its collateral if it defaults. However the value of the collateral, when sold may not be sufficient to settle the counterparties outstanding debt. This may result in losses for the Fund.

SMALLER COMPANIES

These Funds invest in smaller companies. Investments in smaller companies tend to be riskier than investments in larger companies because they can:

- be harder to buy and sell; and
- go up and down in value more often and by larger amounts, especially in the short term.

SPECIAL SITUATIONS

These Funds invest in companies considered to be undervalued because of a special situation. These companies tend to be riskier than companies not in special situations because they can:

- be harder to buy and sell; and
- go up and down in value more often and by larger amounts, especially in the short term.

CONCENTRATED PORTFOLIO

Most funds have lots of individual investments, so don't rely upon the performance of just a few. The whole of these Funds, or a large part of them, have relatively few individual investments. This means that a fall in the value of an individual investment can have a major impact on the overall performance of the Funds.

SECTOR CONCENTRATION

These Funds invest in companies from a particular market sector which means that there is higher level of risk due to the concentration of investment in that sector. The value of the investment may go up and down more often and by larger amounts than funds that are spread more widely.

EMERGING MARKETS

These Funds may invest in countries where investment markets are not as well developed as those in the UK. This means that investments are generally riskier than those in the UK because they:

- are not as well regulated;
- are more difficult to buy and sell; and
- have less reliable arrangements for the safekeeping of investments
- are more exposed to political uncertainties.

FIXED INTEREST SECURITIES

These Funds invest in fixed interest securities – usually corporate and government bonds. Investment returns are particularly sensitive to trends in interest rate movements and inflation. Fund values are likely to fall when interest rates rise.

The financial strength of a company or government issuing a fixed interest security determines their ability to make some or all of the payments they are committed to. If their financial strength weakens, the chances of them not making payments increases. This could reduce the value of an investment in these Funds and the amount of income paid.

These Funds hold investments that, rather being traded on a stock exchange, are traded through brokers or investment banks matching buyers and sellers. In times of market uncertainty it may become less easy to buy and sell these investments. If this happens, the value of your Fund may fall and in extreme circumstances redemptions from the Fund may be delayed.

GILT INVESTMENTS

These Funds invest in fixed interest securities – usually government bonds (gilts). Investment returns are particularly sensitive to trends in interest rate movements and inflation. Fund values are likely to fall when interest rates rise.

The financial strength of a government issuing a fixed interest security determines their ability to make some or all of the payments they are committed to. If their financial strength weakens, the chances of them not making payments increases. This could reduce the value of an investment in these Funds and the amount of income paid.

These Funds hold investments that, rather being traded on a stock exchange, are traded through brokers or investment banks matching buyers and sellers. In times of market uncertainty it may become less easy to buy and sell these investments. If this happens, the value of your Fund may fall.

SUB-INVESTMENT GRADE BONDS

These Funds invest in sub investment grade corporate bonds so there's an increased risk of fund values falling due to non-payment by the companies issuing the bonds and the amount of income paid.

ETHICAL INVESTING

The ethical standards used for this Fund mean that it cannot invest in some companies or in certain sectors (for example tobacco or mining). These restrictions mean that the value of an investment may go up and down more often and by larger amounts than a fund without such restrictions, particularly in the short term.

CHARGES FROM CAPITAL

The Fund Management Fee and other charges and expenses may be taken in full or in part from these Funds' capital rather than their income. This increases the amount of income paid out, but it reduces the growth potential.

FINANCIAL DERIVATIVE INSTRUMENTS

As well as the use of financial derivative instruments ("FDI") as part of efficient portfolio management, these Funds may also make use of derivatives in the pursuit of the investment objective. The use of futures, options and contracts for differences are subject to the limits and conditions imposed by the FCA Rules and this Prospectus. Such financial derivative instruments tend to have a greater volatility than the securities to which they relate and they bear a corresponding greater degree of risk. This may lead to high volatility in the unit price of the Funds and may cause the Funds' risk profile to rise.

The FCA Rules also permit a Fund to use derivatives to effectively short sell (agree to deliver the relevant asset without holding it in the Fund) under certain conditions. If a Fund uses derivatives to create short exposure, while there is the potential for a gain to be made when the underlying securities are falling in value there is also the risk of loss when the underlying is rising in value. The implication of such exposure is that a Fund's performance may be less closely related to the performance of the type of assets to which it would ordinarily be exposed.

Over-the-Counter (OTC) Markets Risk

In pursuit of the investment objective, the Funds may hold derivatives in OTC markets where there may be uncertainty as to the fair value of such derivatives due to their tendency to have limited liquidity and possibly higher price volatility. In addition, the Funds will be exposed to credit risk on counter-parties with whom the transactions are made and will bear the risk of settlement default with those counter-parties. However, there are specific FCA Rules with respect to OTC transactions in derivatives which may reduce the risk and magnitude of any potential loss to the Funds.

Credit Risk

The Funds may have a credit risk on the issuer of debt securities in which it invests which will vary depending on the issuer's ability to make principal and interest payments on the obligation. Not all of the securities in which the Funds may invest that are issued by sovereign governments or political sub-divisions, agencies or instrumentalities thereof, will have the explicit full faith and credit support of any such political sub-divisions, agencies or instrumentalities, as a result of which default will have adverse consequences for a Fund and will adversely affect the Net Asset Value per Unit of the Funds.

The Funds may also have a credit risk on the parties with which they trade including for example, counter-parties to repurchase agreements or securities lending contracts. In the event of the insolvency, bankruptcy or default of the seller under a repurchase agreement, the Funds may experience both delays in liquidating the underlying securities and losses, including possible decline in the value of securities, during the period while they seek to enforce their rights thereto, possible sub-normal levels of income, lack of access to income during the period and expenses in enforcing their rights. The risks associated with lending portfolio securities include the possible loss of rights against the collateral for the securities should the borrower fail financially.

The Funds' foreign exchange, futures and other transactions also involve counter-party credit risk and will expose the Funds to unanticipated losses to the extent that counter-parties are unable or unwilling to fulfil their contractual obligations. With respect to futures contracts and options on futures, the risk is more complex in that it involves the potential default of the clearing house or the clearing broker.

Derivative transactions involve counter-party credit risk and will expose the Funds to unanticipated losses to the extent that counter-parties are unable or unwilling to fulfil their contractual obligations. A Fund will have contractual remedies upon any default pursuant to the agreements related to the transactions. Such remedies could be inadequate, however, to the extent that collateral or other assets available are insufficient.

Liquidity Risk

The liquidity profile of the Funds are determined by the availability or ease of market trading of underlying securities or investments (equities or bonds) of the Funds. The Funds hold Units in other Unit Trusts which have daily dealing requirements and must therefore meet redemption requests or comply with the redemption policy laid out in respective prospectuses. The underlying Unit Trusts, tend to invest in companies with large market capitalisation (both equities and bonds) which have very large pools of available stock and shares trading in the market at any given time. The shares and therefore the Funds are considered relatively liquid.

Any allocation to commercial property would be via other collective investment schemes. Whilst the allocation to commercial property tends to be small in the wider context of the Funds, any allocation to commercial property within an underlying fund can be considered illiquid. All property investments are relatively illiquid compared to bonds and equities. Liquidity is a function both of the time to effect a sale and the extent to which it is possible to trade at the market price. Property is slow to transact in normal market conditions and hence is illiquid. In poor market conditions it will take even longer to find a buyer to pay an acceptable price for the scheme property. This may have an impact on the liquidity of the underlying fund used to access commercial property.

EU Market Infrastructure Reforms

The package of European Union market infrastructure reforms known as "MiFID II" is expected to have a significant impact on the European capital markets. MiFID II, which takes effect on 3 January 2018, will increase regulation of trading platforms and firms providing investment services, including the Investment Manager.

Among its many reforms, MiFID II will bring in significant changes to pre- and post-trade transparency obligations in respect of financial instruments admitted to trading on EU trading venues, including a new transparency regime for non-equity financial instruments; an obligation to execute transactions in shares and derivatives on a regulated trading venue; and a new focus on regulation of algorithmic and high frequency trading. These reforms may lead to a reduction in liquidity in certain financial instruments, as some of the sources of liquidity exit European markets, and an increase in transaction costs, and, as a consequence, may have an adverse impact on the ability of the Investment Manager, or where relevant its authorised delegates, to execute the investment strategy of the Funds effectively.

New rules requiring unbundling the costs of research and other services from dealing commission and further restrictions on the ability of the Investment Manager or, where relevant, its authorised delegates to receive certain types of goods and services from brokers are likely to result in an increase in the investment-related expenditure of the Company.

APPENDIX IV

INVESTMENT MANAGEMENT AND BORROWING POWERS OF THE FUNDS

GENERAL

The Scheme Property of a Fund will be invested with the aim of achieving the investment objective of a Fund but subject to the limits set out in that Fund's investment policy and the limits set out in Chapter 5 of COLL ("COLL 5") and this Prospectus. These limits apply as summarised below.

From time to time and in particular during periods of uncertain or volatile markets, the Manager may choose to hold a substantial proportion of the property of a Fund in money-market instruments and/or cash deposits, where permitted. From time to time, as a result of a corporate action, a Fund may hold investments that would not normally be permitted this prospectus. These holdings will be sold or transferred as soon as reasonably practical.

The Manager must ensure that, taking account of the investment objective and policy of a Fund, the Scheme property of that Trust aims to provide a prudent spread of risk.

Where the COLL Sourcebook allows a transaction to be entered into or an investment to be retained only (for example, investment in nil and partly paid securities and the general power to accept or underwrite) if possible obligations arising out of the investment transactions or out of the retention would not cause any breach of any limits in COLL 5, it must be assumed that the maximum possible liability of a Fund under any other of those rules has also to be provided for.

Where the COLL Sourcebook permits an investment transaction to be entered into or an investment to be retained only if that investment transaction, or the retention, or other similar transactions, are covered:

- (i) it must be assumed that in applying any of those rules, a Fund must also simultaneously satisfy any other obligation relating to cover; and
- (ii) no element of cover must be used more than once.

1. UCITS SCHEMES – GENERAL

- 1.1 The property a Fund must, subject to its investment objective and policy and except where otherwise provided in the COLL Sourcebook or this Appendix IV only consist of any or all of:
 - 1.1.1 transferable securities;
 - 1.1.2 approved money market instruments (in the case of certain Funds only);
 - 1.1.3 permitted derivatives and forward transactions;
 - 1.1.4 permitted deposits (in the case of certain Funds only); and
 - 1.1.5 permitted units in collective investment schemes.
- 1.2 None of the Funds are permitted to invest in approved money market instruments or permitted deposits referred to at paragraphs 1.1.2 and 1.1.4 except for: Legal & General Future World Equity Factors Index Fund, Legal & General Dynamic Bond Trust, Legal & General European Equity Income Fund, Legal & General UK Equity Income Fund, Legal & General International Index Trust, Legal & General Distribution Trust, Legal & General Emerging Markets Government Bond (US\$) Index Fund, Legal & General Global Inflation Linked Bond Index Fund, Legal & General Sterling Corporate Bond Index Fund and Legal & General UK Mid Cap Index Fund. Legal & General All Stocks Index Linked Gilt Index Trust, Legal & General All Stocks Gilt Index Trust do not invest in money market instrument or deposits apart from the use of cash and near cash in accordance with paragraph 26.
- 1.3 It is not intended that the Funds will have an interest in any immovable property or tangible movable property.
- 1.4 Transferable securities and approved money market instruments held within a Fund must (subject to paragraphs 1.5 and 1.6) be:
 - 1.4.1 admitted to or dealt in on an eligible market as described in paragraphs 7.1 and 7.2; or
 - 1.4.2 for an approved money market instrument not admitted to or dealt in on an eligible market, within paragraph 8.1: or

- 1.4.3 recently issued transferable securities (provided that the terms of issue include an undertaking that application will be made to be admitted to an eligible market; and such admission is secured within a year of issue).
- 1.5 Not more than 10% in value of the Scheme Property of a Fund is to consist of transferable securities and approved money market instruments (other than those that are referred to in paragraph 1.4).
- 1.6 The requirements on spread and investment in government and public securities do not apply until the expiry of a period of six months after the date of effect of the authorisation order in respect of the Fund (or on which the initial offer commenced if later) provided that the requirement to maintain prudent spread of risk is complied with.
- 1.7 The investments of Legal & General Managed Monthly Income Trust will be limited to investments on which any income is taxable under case III of Schedule D only, and which are neither chargeable to ad valorem stamp duty on transfer nor are chargeable securities for SDRT.

2. TRANSFERABLE SECURITIES

- 2.1 A transferable security is an investment which is any of the following:
 - 2.1.1 a share;
 - 2.1.2 a debenture;
 - 2.1.3 an alternative debenture;
 - 2.1.4 a government and public security;
 - 2.1.5 a warrant; or
 - 2.1.6 a certificate representing certain securities.
- 2.2 An investment is not a transferable security if the title to it cannot be transferred, or can be transferred only with the consent of a third party.
- 2.3 In applying paragraph 2.2 to an investment which is issued by a body corporate, and which is a share or a debenture the need for any consent on the part of the body corporate or any members or debenture holders of it may be ignored.
- 2.4 An investment is not a transferable security unless the liability of the holder of it to contribute to the debts of the issuer is limited to any amount for the time being unpaid by the holder of it in respect of the investment.

3. INVESTMENT IN TRANSFERABLE SECURITIES

- 3.1 A Fund may invest in a transferable security only to the extent that the transferable security fulfils the following criteria:
 - 3.1.1 the potential loss which the Fund may incur with respect to holding the transferable security is limited to the amount paid for it;
 - 3.1.2 its liquidity does not compromise the ability of the Manager to comply with its obligation to redeem Units at the request of any qualifying shareholder under the COLL Sourcebook;
 - 3.1.3 reliable valuation is available for it as follows:
 - 3.1.3.1 in the case of a transferable security admitted to or dealt in on an eligible market, where there are accurate, reliable and regular prices which are either market prices or prices made available by valuation systems independent from issuers;
 - 3.1.3.2 in the case of a transferable security not admitted to or dealt in on an eligible market, where there is a valuation on a periodic basis which is derived from information from the issuer of the transferable security or from competent investment research;
 - 3.1.4 appropriate information is available for it as follows:
 - 3.1.4.1 in the case of a transferable security admitted to or dealt in on an eligible market, where there is regular, accurate and comprehensive information available to the market on the transferable security or, where relevant, on the portfolio of the transferable security;

- 3.1.4.2 in the case of a transferable security not admitted to or dealt in on an eligible market, where there is regular and accurate information available to the Manager on the transferable security or, where relevant, on the portfolio of the transferable security;
- 3.1.5 it is negotiable; and
- 3.1.6 its risks are adequately captured by the risk management process of the Manager.
- 3.2 Unless there is information available to the Manager that would lead to a different determination, a transferable security which is admitted to or dealt in on an eligible market shall be presumed:
 - 3.2.1 not to compromise the ability of the Manager to comply with its obligation to redeem units at the request of any qualifying Unitholder; and
 - 3.2.2 to be negotiable.
- 3.3 No more than 5% of the value of a Fund may be invested in warrants. Many warrants are denominated in US Dollars or Swiss Francs so an element of risk in these currencies may be imported into the Funds.

4. CLOSED END FUNDS CONSTITUTING TRANSFERABLE SECURITIES

- 4.1 A unit in a closed end fund shall be taken to be a transferable security for the purposes of investment by a Fund, provided it fulfils the criteria for transferable securities set out in paragraph 3, and either:
 - 4.1.1 where the closed end fund is constituted as an investment company or a unit trust:
 - 4.1.1.1 it is subject to corporate governance mechanisms applied to companies; and
 - 4.1.1.2 where another person carries out asset management activity on its behalf, that person is subject to national regulation for the purpose of investor protection; or
 - 4.1.2 where the closed end fund is constituted under the law of contract:
 - 4.1.2.1 it is subject to corporate governance mechanisms equivalent to those applied to companies; and
 - 4.1.2.2 it is managed by a person who is subject to national regulation for the purpose of investor protection.

5. TRANSFERABLE SECURITIES LINKED TO OTHER ASSETS

- 5.1 A Fund may invest in any other investment which shall be taken to be a transferable security for the purposes of investment by the Fund provided the investment:
 - 5.1.1 fulfils the criteria for transferable securities set out in paragraph 3; and
 - 5.1.2 is backed by or linked to the performance of other assets, which may differ from those in which the Fund can invest.
- 5.2 Where an investment in paragraph 5.1 contains an embedded derivative component (see paragraph 16.4), the requirements of this Appendix with respect to derivatives and forwards will apply to that component.

6. APPROVED MONEY MARKET INSTRUMENTS

- 6.1 An approved money-market instrument is a money-market instrument which is normally dealt in on the money market, is liquid and has a value which can be accurately determined at any time.
- 6.2 A money-market instrument shall be regarded as normally dealt in on the money market if it:
 - 6.2.1 has a maturity at issuance of up to and including 397 days;
 - 6.2.2 has a residual maturity of up to and including 397 days;
 - 6.2.3 undergoes regular yield adjustments in line with money market conditions at least every 397 days; or
 - 6.2.4 has a risk profile, including credit and interest rate risks, corresponding to that of an instrument which has a maturity as set out in paragraphs 6.2.1 or 6.2.2 or is subject to yield adjustments as set out in paragraph 6.2.3.

- 6.3 A money-market instrument shall be regarded as liquid if it can be sold at limited cost in an adequately short time frame, taking into account the obligation of the Manager to redeem Units at the request of any qualifying Unitholder.
- 6.4 A money-market instrument shall be regarded as having a value which can be accurately determined at any time if accurate and reliable valuations systems, which fulfil the following criteria, are available:
- 6.4.1 enabling the Manager to calculate a net asset value in accordance with the value at which the instrument held in the portfolio could be exchanged between knowledgeable willing parties in an arm's length transaction; and
 - 6.4.2 based either on market data or on valuation models including systems based on amortised costs.
- 6.5 A money-market instrument that is normally dealt in on the money market and is admitted to or dealt in on an eligible market shall be presumed to be liquid and have a value which can be accurately determined at any time unless there is information available to the Manager that would lead to a different determination.

7. ELIGIBLE MARKETS REQUIREMENTS

- 7.1 A market is eligible for the purposes of the paragraph 1.4 if it is:
- 7.1.1 a regulated market;
 - 7.1.2 a market in an EEA State which is regulated, operates regularly and is open to the public.
- 7.2 If a market does not fall within paragraph 7.1 it may be eligible if the Manager, after consultation and notification with the Trustee, decides that:
- 7.2.1 the market is appropriate for investment of, or dealing in, the Scheme Property;
 - 7.2.2 the market is included in a list in the Prospectus; and
 - 7.2.3 the Trustee has taken reasonable care to determine that adequate custody arrangements can be provided for the investment dealt in on that market and all reasonable steps have been taken by the Manager in deciding whether that market is eligible.
- 7.3 In paragraph 7.2 a market must not be considered appropriate unless it is regulated, operates regularly, is recognised as a market or exchange or as a self regulating organisation by an overseas regulator, is open to the public, is adequately liquid and has adequate arrangements for unimpeded transmission of income and capital to or to the order of investors.
- 7.4 Eligible markets for each Fund are set out in Appendix II.

8. MONEY-MARKET INSTRUMENTS WITH A REGULATED ISSUER

- 8.1 In addition to instruments admitted to or dealt in on an eligible market, subject to 1.2 above, a Fund may invest in an approved money-market instrument provided it fulfils the following requirements:
- 8.1.1 the issue or the issuer is regulated for the purpose of protecting investors and savings; and
 - 8.1.2 the instrument is issued or guaranteed in accordance with paragraph 9.
- 8.2 The issue or the issuer of a money-market instrument, other than one dealt in on an eligible market, shall be regarded as regulated for the purpose of protecting investors and savings if:
- 8.2.1 the instrument is an approved money-market instrument;
 - 8.2.2 appropriate information is available for the instrument (including information which allows an appropriate assessment of the credit risks related to investment in it), in accordance with paragraph 10; and
 - 8.2.3 the instrument is freely transferable.

9. ISSUERS AND GUARANTORS OF MONEY-MARKET INSTRUMENTS

- 9.1 Subject to 1.2 above, a Fund may invest in an approved money-market instrument if it is:
- 9.1.1 issued or guaranteed by any one of the following:
 - 9.1.1.1 a central authority of an EEA State or, if the EEA State is a federal state, one of the members making up the federation;
 - 9.1.1.2 a regional or local authority of an EEA State;
 - 9.1.1.3 the European Central Bank or a central bank of an EEA State;
 - 9.1.1.4 the European Union or the European Investment Bank;
 - 9.1.1.5 a non-EEA State or, in the case of a federal state, one of the members making up the federation;
 - 9.1.1.6 a public international body to which one or more EEA States belong; or
 - 9.1.2 issued by a body, any securities of which are dealt in on an eligible market; or
 - 9.1.3 issued or guaranteed by an establishment which is:
 - 9.1.3.1 subject to prudential supervision in accordance with criteria defined by European Community law; or
 - 9.1.3.2 subject to and complies with prudential rules considered by the FCA to be at least as stringent as those laid down by European Community law.
- 9.2 An establishment shall be considered to satisfy the requirement in paragraph 9.1.3.2 if it is subject to and complies with prudential rules, and fulfils one or more of the following criteria:
- 9.2.1 it is located in the European Economic Area;
 - 9.2.2 it is located in an OECD country belonging to the Group of Ten;
 - 9.2.3 it has at least investment grade rating;
 - 9.2.4 on the basis of an in-depth analysis of the issuer, it can be demonstrated that the prudential rules applicable to that issuer are at least as stringent as those laid down by European Community law.

10. APPROPRIATE INFORMATION FOR MONEY-MARKET INSTRUMENTS

- 10.1 In the case of an approved money-market instrument within paragraph 9.1.2 or which is issued by an authority within paragraph 9.1.1.2 or a public international body within paragraph 9.1.1.6 but is not guaranteed by a central authority within paragraph 9.1.1.1, the following information must be available:
- 10.1.1 information on both the issue or the issuance programme, and the legal and financial situation of the issuer prior to the issue of the instrument, verified by appropriately qualified third parties not subject to instructions from the issuer;
 - 10.1.2 updates of that information on a regular basis and whenever a significant event occurs; and
 - 10.1.3 available and reliable statistics on the issue or the issuance programme.
- 10.2 In the case of an approved money-market instrument issued or guaranteed by an establishment within paragraph 9.1.3, the following information must be available:
- 10.2.1 information on the issue or the issuance programme or on the legal and financial situation of the issuer prior to the issue of the instrument updates of that information on a regular basis and whenever a significant event occurs; and
 - 10.2.2 available and reliable statistics on the issue or the issuance programme, or other data enabling an appropriate assessment of the credit risks related to investment in those instruments.
- 10.3 In the case of an approved money-market instrument:
- 10.3.1 within paragraphs 9.1.1.1, 9.1.1.4 or 9.1.1.5; or

- 10.3.2 which is issued by an authority within paragraph 9.1.1.2 or a public international body within paragraph 9.1.1.6 and is guaranteed by a central authority within paragraph 9.1.1.1;

information must be available on the issue or the issuance programme, or on the legal and financial situation of the issuer prior to the issue of the instrument.

11. SPREAD: GENERAL

- 11.1 This paragraph 11 on spread does not apply to government and public securities.
- 11.2 For the purposes of this requirement companies included in the same group for the purposes of consolidated accounts as defined in accordance with Directive 83/349/EEC or in the same group in accordance with international accounting standards are regarded as a single body.
- 11.3 Not more than 20% in value of the Scheme Property is to consist of deposits with a single body.
- 11.4 With the exception of those instruments specified in paragraph 13 below, not more than 5% in value of the Scheme Property is to consist of transferable securities or approved money market instruments issued by any single body, except that the limit of 5% is raised to 10% in respect of up to 40% in value of the Scheme Property. For these purposes certificates representing certain securities are treated as equivalent to the underlying security.
- 11.5 The exposure to any one counterparty in an OTC derivative transaction must not exceed 5% in value of the Scheme Property. This limit is raised to 10% where the counterparty is an Approved Bank.
- 11.6 Save where otherwise provided at paragraph 14, not more than 20% in value of the Scheme Property of a Fund is to consist of the units of any one collective investment scheme.
- 11.7 Not more than 20% in value of the Scheme Property may consist of transferable securities and approved money market instruments issued by the same group.
- 11.8 In applying the limits in paragraphs 11.3 to 11.6 not more than 20% in value of the Scheme Property is to consist of any combination of two or more of the following:
- 11.8.1 transferable securities or approved or money market instruments issued by; or
 - 11.8.2 deposits made with; or
 - 11.8.3 exposures from OTC derivatives transactions made with;
a single body.

12. COUNTERPARTY RISK AND ISSUER CONCENTRATION

- 12.1 The Manager must ensure that counterparty risk arising from an OTC derivative is subject to the limits set out in paragraphs 11.5 and 11.8.
- 12.2 When calculating the exposure of a Fund to counterparty in accordance with the limits in paragraph 11.5 the Manager must use the positive mark-to-market value of the OTC derivative contract with that counterparty.
- 12.3 The Manager may net the OTC derivative positions of a Fund with the same counterparty, provided:
- 12.3.1 they are able legally to enforce netting agreements with the counterparty on behalf of the Fund.
 - 12.3.2 the netting agreements in paragraph 12.3.1 above are permissible only with respect to OTC derivatives with the same counterparty and not in relation to any other exposures the Fund may have with that same counterparty.
- 12.4 The Manager may reduce the exposure of Scheme Property to a counterparty of an OTC derivative through the receipt of collateral. Collateral received must be sufficiently liquid so that it can be sold quickly at a price that is close to its pre-sale valuation.
- 12.5 The Manager must take collateral into account in calculating exposure to counterparty risk in accordance with the limits in paragraph 11.5 when it passes collateral to an OTC counterparty on behalf of a Fund.

- 12.6 Collateral passed in accordance with paragraph 12.5 may be taken into account on a net basis only if the Manager is able legally to enforce netting arrangements with this counterparty on behalf of that Fund.
- 12.7 In relation to the exposure arising from OTC derivatives as referred to in paragraph 11.8 the Manager must include in the calculation any counterparty risk relating to the OTC derivative transaction.
- 12.8 The Manager must calculate the issuer concentration limits referred to in paragraph 11 on the basis of the underlying exposure created through the use of OTC derivatives pursuant to the commitment approach.

13. SPREAD: GOVERNMENT AND PUBLIC SECURITIES

- 13.1 The following applies to government and public securities ("such securities").
- 13.2 Where no more than 35% in value of the Scheme Property is invested in such securities issued by any one body, there is no limit on the amount which may be invested in such securities or in any one issue.
- 13.3 A Fund may invest more than 35% in value of the Scheme Property in such securities issued by any one body provided that before any such investment is made, the Manager has consulted with the Trustee and as a result considers that:
- 13.3.1 the issuer of such securities is one which is appropriate in accordance with the investment objectives of the authorised fund;
 - 13.3.2 no more than 30% in value of the Scheme Property consists of such securities of any one issue; and
 - 13.3.3 the Scheme Property includes such securities issued by that or another issuer, of at least six different issues;
- 13.4 In relation to such securities:
- 13.4.1 issue, issued and issuer include guarantee, guaranteed and guarantor; and
 - 13.4.2 an issue differs from another if there is a difference as to repayment date, rate of interest, guarantor or other material terms of the issue.
- 13.5 Notwithstanding paragraph 11.1 and subject to paragraphs 11.2 and 11.3, in applying the 20% limit in paragraph 11.8 with respect to a single body, government and public securities issued by that body shall be taken into account.
- 13.6 **Legal & General Dynamic Bond Trust and Legal & General Managed Monthly Income Trust may invest over 35% of the value of Scheme Property in the following issues:**
- those issued by or on behalf of or guaranteed by the Government of the United Kingdom, (including the Scottish Administration, the Executive Committee of the Northern Ireland Assembly, the National Assembly of Wales), Australia, Austria, Belgium, Canada, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Japan, Latvia, Lithuania, Luxembourg, Malta, Netherlands, New Zealand, Norway, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, Switzerland and the United States or by one of the following international organisations: African Development Bank, Asian Development Bank, Bank Nederlandse Gemeenten, Council of Europe Development Bank, Deutsche Ausgleichsbank (DTA), Development Bank of Japan, Eurofima, European Bank for Reconciliation and Development (EBRD), European Investment Bank (EIB), Federal Home Loan Mortgage, Federal National Mortgage, Inter-American Development Bank (IADB), International Bank for Reconstruction & Development (IBRD), International Finance Corporation (IFC), Japan Finance Corporation, Kreditanstalt für Wiederaufbau (KfW), LCR Finance, Nordic Investment Bank (NIB) and Oesterreichische Kontrollbank.
- 13.7 **Legal & General Distribution Trust may invest over 35% of the value of Scheme Property in the following issues:**
- those issued by or on behalf of or guaranteed by the Government of the United Kingdom (including the Scottish Administration, the Executive Committee of the Northern Ireland Assembly, the National Assembly of Wales).

- 13.8 **Legal & General All Stocks Index Linked Gilt Index Trust and Legal & General All Stocks Gilt Index Trust, may invest over 35% of the value of Scheme Property in the following issues:**

those issued by or on behalf of or guaranteed by the Government of the United Kingdom.

- 13.9 **Legal & General Global Inflation Linked Bond Index Fund may invest over 35% of the value of Scheme Property in the following issues:**

those issued by or on behalf of or guaranteed by the Government of the United States.

- 13.10 In relation to the Legal & General All Stocks Gilt Index Trust and the Legal & General All Stocks Index Linked Gilt Index Trust, the portfolios will always include at least six issues. Furthermore, the whole property of the two Funds will consist of issues made by the UK Government.

14. INVESTMENT IN COLLECTIVE INVESTMENT SCHEMES

- 14.1 **The Funds may invest in units or shares in other collective investment schemes (“Second Scheme”) to the extent described in paragraphs provided that Second Scheme satisfies the conditions:**

- 14.1.1 for Legal & General All Stocks Index Linked Gilt Index Trust, Legal & General All Stocks Gilt Index Trust, Legal & General Dynamic Bond Trust, Legal & General UK Equity Income Fund, Legal & General High Income Trust, Legal & General Growth Trust, Legal & General Managed Monthly Income Trust, , Legal & General Emerging Markets Government Bond (Local Currency) Index Fund, Legal & General Emerging Markets Government Bond (US\$) Index Fund, Legal & General Global Inflation Linked Bond Index Fund, Legal & General Global Infrastructure Index Fund, Legal & General Global Real Estate Dividend Index Fund, Legal & General Sterling Corporate Bond Index Fund, Legal & General Short Dated Sterling Corporate Bond Index Fund, Legal & General UK Special Situations Trust and Legal & General European Equity Income Fund up to 10% of the value of Scheme Property may be invested in Second Schemes;
- 14.1.2 for Legal & General Worldwide Trust and Legal & General Distribution Trust up to 100% of the value of Scheme Property may be invested in Second Schemes (but no more than 30% of the value of its Scheme Property may be invested in schemes which are eligible non-UCITS schemes);
- 14.1.3 for all other Funds up to 5% of the value of the Scheme Property may be invested in Second Schemes;
- 14.1.4 provided that the Second Scheme satisfies the conditions in paragraph 14.2 and paragraph 14.3.

- 14.2 **In order for its units or shares to be a permitted investment of a Fund:**

- 14.2.1 the Second Scheme must:
- 14.2.1.1 satisfy the conditions necessary for it to enjoy the rights conferred by the UCITS Directive; or
- 14.2.1.2 be recognised under the provisions of s.270 of the Financial Services and Markets Act 2000; or
- 14.2.1.3 be authorised as a non-UCITS retail scheme (provided the requirements of Article 50(1)(e) of the UCITS Directive are met); or
- 14.2.1.4 be authorised in another EEA State provided the requirements of Article 50(1)(e) of the UCITS Directive are met.
- 14.2.1.5 be authorised by the competent authority of an OECD member country (other than another EEA State) which has:
- (a) signed the IOSCO Multilateral Memorandum of Understanding; and
- (b) approved the scheme's management company, rules and depositary/custody arrangements.

- 14.2.2 the Second Scheme must have terms which prohibit more than 10% in value of the scheme property consisting of units in collective investment schemes. Where the Second Scheme is an umbrella, the provisions in this paragraph 14.2.2 and paragraph 14.3 apply to each sub-fund as if it were a separate scheme.
- 14.3 Investment may only be made in other collective investment schemes managed by the Manager or an associate of the Manager if the Fund's Prospectus clearly states that it may enter into such investments and the rules on double charging contained in the COLL Sourcebook are complied with. In addition, the maximum level of management charges which may be charged by any collective investment scheme in which the Legal & General Distribution Trust invests is 2% of the value of such holding.
- 14.4 The Funds may, subject to the limits set out in paragraph 14.1 above, invest in collective investment schemes managed or operated by, or whose authorised corporate director is, the Manager of the scheme or one of its associates.

15. INVESTMENT IN NIL AND PARTLY PAID SECURITIES

- 15.1 A transferable security or an approved money market instrument on which any sum is unpaid falls within a power of investment only if it is reasonably foreseeable that the amount of any existing and potential call for any sum unpaid could be paid by the Fund, at the time when payment is required, without contravening the COLL Sourcebook.

16. DERIVATIVES: GENERAL

- 16.1 A transaction in derivatives or a forward transaction must not be effected for a Fund unless the transaction is of a kind specified in paragraph 18, and the transaction is covered, as required by paragraph 29 (Cover for investment in derivatives) of this Appendix.
- 16.2 Where a Fund invests in derivatives, the exposure to the underlying assets must not exceed the limits set out in paragraphs 11 and 13 except for index based derivatives where paragraph 16.6 applies.
- 16.3 Where a transferable security or approved money market instrument embeds a derivative, this must be taken into account for the purposes of complying with this Appendix.
- 16.4 A transferable security or an approved money-market instrument will embed a derivative if it contains a component which fulfils the following criteria:
- 16.4.1 by virtue of that component some or all of the cash flows that otherwise would be required by the transferable security or approved money-market instrument which functions as host contract can be modified according to a specified interest rate, financial instrument price, foreign exchange rate, index of prices or rates, credit rating or credit index or other variable, and therefore vary in a way similar to a stand-alone derivative;
 - 16.4.2 its economic characteristics and risks are not closely related to the economic characteristics and risks of the host contract; and
 - 16.4.3 it has a significant impact on the risk profile and pricing of the transferable security or approved money-market instrument.
- 16.5 A transferable security or an approved money-market instrument does not embed a derivative where it contains a component which is contractually transferable independently of the transferable security or the approved money-market instrument. That component shall be deemed to be a separate instrument.
- 16.6 Where a Fund invests in an index based derivative, provided the relevant index falls within paragraph 19, the underlying constituents of the index do not have to be taken into account for the purposes of the paragraphs 11 and 13. The relaxation is subject to the Manager continuing to ensure that the Scheme Property provides a prudent spread of risk.

17. EFFICIENT PORTFOLIO MANAGEMENT

- 17.1 The Manager may apply any efficient portfolio management techniques which must be economically appropriate for the following purposes:
- 17.1.1 the reduction of risk; or
 - 17.1.2 the reduction of cost; or

- 17.1.3 the generation of additional capital or income with a risk level which is consistent with the risk profile of the relevant Fund and the risk diversification rules laid down in the COLL Sourcebook.
- 17.2 Any derivative which a Fund acquires in relation to efficient portfolio management must be fully covered from within the property of the Fund in accordance with the requirements of COLL 5.3 and paragraph 29.
- 17.3 In the case of all Funds except for the Legal & General Dynamic Bond Trust, the Legal & General UK Equity Income Fund, the Legal & General Global Inflation Linked Bond Index Fund, Legal & General Short Dated Sterling Corporate Bond Index Fund and the Legal & General Global Emerging Markets Index Fund derivative transactions will be used for the purposes of efficient portfolio management and hedging only and their use is not expected to affect the risk profile of the Funds.
- 17.4 For the Legal & General Dynamic Bond Trust, the Legal & General UK Equity Income Fund, the Legal & General Global Inflation Linked Bond Index Fund and the Legal & General Global Emerging Markets Index Fund derivatives may be used for the purpose of meeting the investment objectives and policies of the Funds as well as for efficient portfolio management.
- 18. PERMITTED TRANSACTIONS (DERIVATIVES AND FORWARDS)**
- 18.1 A transaction in a derivative must be in an approved derivative; or be one which complies with paragraph 22
- 18.2 A transaction in a derivative must have the underlying consisting of any one or more of the following to which the Fund is dedicated:
- 18.2.1 transferable securities permitted under paragraphs 1.4.1 and 1.4.3;
 - 18.2.2 approved money market instruments permitted under paragraphs 1.4.1 and 1.4.2;
 - 18.2.3 deposits permitted under paragraph 25;
 - 18.2.4 permitted derivatives under this paragraph;
 - 18.2.5 collective investment scheme units permitted under paragraph 14.1;
 - 18.2.6 financial indices which satisfy the criteria in paragraph 19;
 - 18.2.7 interest rates;
 - 18.2.8 foreign exchange rates; and
 - 18.2.9 currencies.
- 18.3 A transaction in an approved derivative must be effected on or under the rules of an eligible derivatives market.
- 18.4 A transaction in a derivative must not cause a fund to diverge from its investment objectives as stated in the Trust Deed constituting the Fund and the most recently published version of this Prospectus.
- 18.5 A transaction in a derivative must not be entered into if the intended effect is to create the potential for an uncovered sale of one or more, transferable securities, approved money market instruments, units in collective investment schemes, or derivatives, provided that a sale is not to be considered as uncovered if the conditions in paragraph 21 are satisfied.
- 18.6 Any forward transaction must be with an Eligible Institution or an Approved Bank.
- 18.7 A derivative includes an instrument which fulfils the following criteria:
- 18.7.1 it allows the transfer of the credit risk of the underlying independently from the other risks associated with that underlying;
 - 18.7.2 it does not result in the delivery or the transfer of assets other than those referred to in paragraph 1.1 including cash;
 - 18.7.3 in the case of an OTC derivative, it complies with the requirements in paragraph 22.
 - 18.7.4 its risks are adequately captured by the risk management process of the Manager, and by its internal control mechanisms in the case of risks of asymmetry of information between the Manager and the counterparty to the derivative, resulting

from potential access of the counterparty to non-public information on persons whose assets are used as the underlying by that derivative.

- 18.8 A Fund may not undertake transactions in derivatives on commodities.

19. FINANCIAL INDICES UNDERLYING DERIVATIVES

- 19.1 The financial indices referred to in paragraph 18.2.6 are those which satisfy the following criteria:

- 19.1.1 the index is sufficiently diversified;
- 19.1.2 the index represents an adequate benchmark for the market to which it refers; and
- 19.1.3 the index is published in an appropriate manner.

- 19.2 A financial index is sufficiently diversified if:

- 19.2.1 it is composed in such a way that price movements or trading activities regarding one component do not unduly influence the performance of the whole index;
- 19.2.2 where it is composed of assets in which the Fund is permitted to invest, its composition is at least diversified in accordance with the requirements with respect to spread and concentration set out in this Appendix; and
- 19.2.3 where it is composed of assets in which the Fund cannot invest, it is diversified in a way which is equivalent to the diversification achieved by the requirements with respect to spread and concentration set out in this Appendix.

- 19.3 A financial index represents an adequate benchmark for the market to which it refers if:

- 19.3.1 it measures the performance of a representative group of underlyings in a relevant and appropriate way;
- 19.3.2 it is revised or rebalanced periodically to ensure that it continues to reflect the markets to which it refers, following criteria which are publicly available; and
- 19.3.3 the underlyings are sufficiently liquid, allowing users to replicate it if necessary.

- 19.4 A financial index is published in an appropriate manner if:

- 19.4.1 its publication process relies on sound procedures to collect prices, and calculate and subsequently publish the index value, including pricing procedures for components where a market price is not available; and
- 19.4.2 material information on matters such as index calculation, rebalancing methodologies, index changes or any operational difficulties in providing timely or accurate information is provided on a wide and timely basis.

- 19.5 Where the composition of underlyings of a transaction in a derivative does not satisfy the requirements for a financial index, the underlyings for that transaction shall where they satisfy the requirements with respect to other underlyings pursuant to paragraph 18.2 be regarded as a combination of those underlyings.

20. TRANSACTIONS FOR THE PURCHASE OF PROPERTY

- 20.1 A derivative or forward transaction which will or could lead to the delivery of property for the account of a Fund may be entered into only if that property can be held for the account of the Fund, and the Manager having taken reasonable care determines that delivery of the property under the transaction will not occur or will not lead to a breach of the rules in the COLL Sourcebook.

21. REQUIREMENT TO COVER SALES

- 21.1 No agreement by or on behalf of a Fund to dispose of property or rights may be made unless the obligation to make the disposal and any other similar obligation could immediately be honoured by the Fund by delivery of property or the assignment (or, in Scotland, assignation) of rights, and the property and rights above are owned by the Fund at the time of the agreement. This requirement does not apply to a deposit.

22. OTC TRANSACTIONS IN DERIVATIVES

- 22.1 Any transaction in an OTC derivative under paragraph 18 must be:
- 22.1.1 with an approved counterparty; a counterparty to a transaction in derivatives is approved only if the counterparty is an Eligible Institution or an Approved Bank; or a person whose permission (including any requirements or limitations), as published in the FCA Register or whose Home State authorisation, permits it to enter into the transaction as principal off-exchange;
 - 22.1.1.1 on approved terms; the terms of the transaction 22.1.1.1 in derivatives are approved only if the Manager carries out, at least daily, a reliable and verifiable valuation in respect of that transaction corresponding to its fair value and which does not rely only on market quotations by the counterparty; and
 - 22.1.1.2 can enter into a one or more further transactions to sell, liquidate or close out that transaction at any time, at its fair value; and
 - 22.1.2 capable of reliable valuation; a transaction in derivatives is capable of reliable valuation only if the Manager having taken reasonable care determines that, throughout the life of the derivative (if the transaction is entered into), it will be able to value the investment concerned with reasonable accuracy: on the basis of an up-to-date market value which the Manager and the Trustee have agreed is reliable; or, if that value is not available, on the basis of a pricing model which the Manager and the Trustee have agreed uses an adequate recognised methodology; and
 - 22.1.3 subject to verifiable valuation; a transaction in derivatives is subject to verifiable valuation only if, throughout the life of the derivative (if the transaction is entered into) verification of the valuation is carried out by an appropriate third party which is independent from the counterparty of the derivative, at an adequate frequency and in such a way that the Manager is able to check it; or a department within the Manager which is independent from the department in charge of managing the Scheme Property and which is adequately equipped for such a purpose.
- 22.2 For the purposes of paragraph 22.1.1.1 above, "fair value" is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

23. VALUATION OF OTC DERIVATIVES

- 23.1 For the purposes of paragraph 22.1.1.1, the Manager must:
- 23.1.1 establish, implement and maintain arrangements and procedures which ensure appropriate, transparent and fair valuation of the exposures of a Fund to OTC derivatives; and
 - 23.1.2 ensure that the fair value of OTC derivatives is subject to adequate, accurate and independent assessment.
- 23.2 Where the arrangements and procedures referred to in paragraph 23.1 above involve the performance of certain activities by third parties, the Manager must comply with the requirements in SYSC 8.1.13 R (Additional requirements for a management company) and COLL 6.6A.4 R (4) to (6) (Due diligence requirements of AFMs of UCITS schemes).
- 23.3 The arrangements and procedures referred to in this rule must be:
- 23.3.1 adequate and proportionate to the nature and complexity of the OTC derivative concerned; and
 - 23.3.2 adequately documented.

24. RISK MANAGEMENT

- 24.1 The Manager uses a risk management process, enabling it to monitor and measure at any time the risk of a Fund's positions and their contribution to the overall risk profile of a Fund.

24.2 The following details of the risk management process must be regularly notified by the Manager to the FCA and at least on an annual basis:

24.2.1 a true and fair view of the types of derivatives and forward transactions to be used within a Fund together with their underlying risks and any relevant quantitative limits; and

24.2.2 the methods for estimating risks in derivative and forward transactions.

25. INVESTMENTS IN DEPOSITS

25.1 A Fund may invest in deposits only with an Approved Bank and which are repayable on demand or have the right to be withdrawn, and maturing in no more than 12 months.

25.2 Apart from the use of cash in paragraph 26, the Funds, except for Legal & General Dynamic Bond Trust, Legal & General UK Equity Income Fund, Legal & General International Index Trust and Legal & General Distribution Trust, will not invest in deposits.

26. CASH AND NEAR CASH

26.1 Cash and near cash must not be retained in the Scheme Property except where this may reasonably be regarded as necessary in order to enable:

26.1.1 the pursuit of the Fund's investment objectives (except for Legal & General Asian Income Trust, Legal & General European Trust, Legal & General Growth Trust, Legal & General High Income Trust, Legal & General UK Alpha Trust, Legal & General UK Smaller Companies Trust, Legal & General UK Special Situations Trust and Legal & General Worldwide Trust); or

26.1.2 the redemption of Units; or

26.1.3 efficient management of the Fund in accordance with its investment objectives; or

26.1.4 other purposes which may reasonably be regarded as ancillary to the investment objectives of a Fund.

26.2 Liquidity should normally be no more than 10% of the value of the property of a Fund except for the Legal & General Dynamic Bond Trust, Legal & General European Equity Income Fund and Legal & General UK Equity Income Fund. In respect of the Legal & General UK Alpha Trust, and Legal & General Managed Monthly Income Trust, liquidity is more likely to be increased to more than 10% of the value of the Scheme Property to take account of particular market conditions and/or any regulatory requirement.

26.3 During the period of the initial offer the Scheme Property may consist of cash and near cash without limitation.

27. SCHEMES REPLICATING AN INDEX

27.1 Notwithstanding paragraph 11, a Fund may invest up to 20% in value of the Scheme Property in shares and debentures which are issued by the same body where the stated investment policy is to replicate the composition of a relevant index as defined in paragraph 28.

27.2 Replication of the composition of a relevant index shall be understood to be a reference to replication of the composition of the underlying assets of that index, including the use of techniques and instruments permitted for the purpose of efficient portfolio management.

27.3 The limit in paragraph 27.1 can be raised up to 35% in value of the Scheme Property, but only in respect of one body and where justified by exceptional market conditions.

27.4 Legal & General Future World Equity Factors Index Fund, Legal & General European Index Trust, Legal & General Japan Index Trust, Legal & General UK Index Trust, Legal & General Pacific Index Trust, Legal & General US Index Trust, Legal & General Global 100 Index Trust, Legal & General UK 100 Index Trust, Legal & General Global Emerging Markets Index Fund, Legal & General Global Equity Index Fund, Legal & General Global Health and Pharmaceuticals Index Trust, Legal & General Global Technology Index Trust, Legal & General Global Infrastructure Index Fund, Legal & General Global Real Estate Dividend Index Fund, Legal & General Sterling Corporate Bond Index Fund, Legal & General Short Dated Sterling Corporate Bond Index Fund, Legal & General Global Inflation Linked Bond Index Fund, Legal & General International Index Trust Legal & General Emerging Markets Government Bond (Local Currency) Index Fund, Legal

& General Emerging Markets Bond (US\$) Index Fund and Legal & General UK Mid Cap Index Fund are all Funds which replicate an Index in accordance with COLL.

28. RELEVANT INDICES

- 28.1 The indices referred to in paragraph 27 are those which satisfy the following criteria:
- 28.1.1 The composition is sufficiently diversified;
 - 28.1.2 The index represents an adequate benchmark for the market to which it refers; and
 - 28.1.3 The index is published in an appropriate manner.
- 28.2 The composition of an index is sufficiently diversified if its components adhere to the spread and concentration requirements in this Appendix.
- 28.3 An index represents an adequate benchmark if its provider uses a recognised methodology which generally does not result in the exclusion of a major issuer of the market to which it refers.
- 28.4 An index is published in an appropriate manner if:
- 28.4.1 it is accessible to the public;
 - 28.4.2 the index provider is independent from the index-replicating Manager; this does not preclude index providers and the Manager from forming part of the same group, provided that effective arrangements for the management of conflicts of interest are in place.

29. COVER FOR INVESTMENT IN DERIVATIVES

- 29.1 A Fund may invest in derivatives and forward transactions as part of its investment policy provided:
- 29.1.1 its global exposure relating to derivatives and forward transactions held in the Fund does not exceed the net value of the Scheme Property.

30. DAILY CALCULATION OF GLOBAL EXPOSURE

- 30.1 The Manager must calculate the global exposure of a Fund on at least a daily basis.
- 30.2 For the purposes of this section, exposure must be calculated taking into account the current value of the underlying assets, the counterparty risk, future market movements and the time available to liquidate the positions.

31. CALCULATION OF GLOBAL EXPOSURE

- 31.1 The Manager must calculate the global exposure of any Fund it manages either as:
- 31.1.1 the incremental exposure and leverage generated through the use of derivatives and forward transactions (including embedded derivatives as referred to in paragraph 16 (Derivatives: general), which may not exceed 100% of the net value of the Scheme Property of a Fund, by way of the commitment approach (the "Commitment Approach"); or
 - 31.1.2 the market risk of the Scheme Property of a Fund, by way of the value at risk approach either on an absolute or relative basis.
- 31.2 The Manager must ensure that the method selected above is appropriate, taking into account:
- 31.2.1 the investment strategy pursued by the Fund;
 - 31.2.2 the types and complexities of the derivatives and forward transactions used; and
 - 31.2.3 the proportion of the Scheme Property comprising derivatives and forward transactions.
- 31.3 Leverage will be calculated as the sum of the notionals of the derivatives used.
- 31.4 Where a Fund employs techniques and instruments including repo contracts or stock lending transactions in accordance with paragraph 39 (Stock lending) in order to generate additional leverage or exposure to market risk, the Manager must take those transactions into consideration when calculating global exposure.

- 31.5 For the purposes of paragraph 31.1, value at risk means a measure of the maximum expected loss at a given confidence level over the specific time period.
- 31.6 The Legal & General Dynamic Bond Fund will use the absolute value at risk approach to calculate the global exposure of the Fund. The Fund's expected level of leverage will normally vary between 100% and 800% of the Fund's Net Asset Value. This figure is not a limit and may be exceeded in certain circumstances.
- 31.7 Global exposure for all other Funds that use derivatives is calculated using the Commitment Approach.

32. COMMITMENT APPROACH

- 32.1 Where the Manager uses the commitment approach for the calculation of global exposure, it must:
- 32.1.1 ensure that it applies this approach to all derivative and forward transactions (including embedded derivatives as referred to in paragraph 16 (Derivatives: general)), whether used as part of the Fund's general investment policy, for the purposes of risk reduction or for the purposes of efficient portfolio management in accordance with paragraph 39 (Stock lending); and
 - 32.1.2 convert each derivative or forward transaction into the market value of an equivalent position in the underlying asset of that derivative or forward (standard commitment approach).
- 32.2 The Manager may apply other calculation methods which are equivalent to the standard commitment approach.
- 32.3 For the commitment approach, the Manager may take account of netting and hedging arrangements when calculating global exposure of a Fund, where these arrangements do not disregard obvious and material risks and result in a clear reduction in risk exposure.
- 32.4 Where the use of derivatives or forward transactions does not generate incremental exposure for the Fund, the underlying exposure need not be included in the commitment calculation.
- 32.5 Where the commitment approach is used, temporary borrowing arrangements entered into on behalf of the Fund in accordance with paragraph 34 (General power to borrow) need not form part of the global exposure calculation.

33. COVER AND BORROWING

- 33.1 Cash obtained from borrowing, and borrowing which the Manager reasonably regards an Eligible Institution or an Approved Bank to be committed to provide, is available for cover under paragraph 29 except where paragraph 33.2 applies.
- 33.2 Where, for the purposes of this paragraph the Fund borrows an amount of currency from an Eligible Institution or an Approved Bank; and keeps an amount in another currency, at least equal to such borrowing for the time on deposit with the lender (or his or her agent or nominee), then this applies as if the borrowed currency, and not the deposited currency, were part of the Scheme Property, and the normal limits on borrowing under paragraph 34 do not apply to that borrowing.

34. GENERAL POWER TO BORROW

- 34.1 The Trustee on the instruction of the Manager may, in accordance with this paragraph, borrow money for the use of the Fund on terms that the borrowing is to be repayable out of the Scheme Property. This power to borrow is subject to the obligation of the Fund to comply with any restriction in the instrument constituting the Fund. The Trustee may borrow money only from an Eligible Institution or an Approved Bank (as defined in the Glossary to the FCA Handbook).
- 34.2 The Manager must ensure that any borrowing is on a temporary basis and that borrowings are not persistent, and for this purpose the Manager must have regard in particular to the duration of any period of borrowing; and the number of occasions on which resort is had to borrowing in any period.
- 34.3 The Manager must ensure that no period of borrowing exceeds three months, whether in respect of any specific sum or at all, without the prior consent of the Trustee; the Trustee's consent may

be given only on such conditions as appear to the Trustee appropriate to ensure that the borrowing does not cease to be on a temporary basis only.

34.4 The Manager must ensure that the Fund's borrowing does not, on any Business Day, exceed 10% of the value of the Scheme Property.

34.5 These borrowing restrictions do not apply to "back to back" borrowing under paragraph 33.

35. RESTRICTIONS ON LENDING OF MONEY

35.1 None of the money in the Scheme Property of a Fund may be lent and, for the purposes of this prohibition, money is lent by a Fund if it is paid to a person ("the payee") on the basis that it should be repaid, whether or not by the payee.

35.2 Acquiring a debenture is not lending for the purposes of paragraph 35.1; nor is the placing of money on deposit or in a current account.

36. RESTRICTIONS ON LENDING OF PROPERTY OTHER THAN MONEY

36.1 The Scheme Property of a Fund other than money must not be lent by way of deposit or otherwise.

36.2 Transactions permitted by paragraph 39 are not lending for the purposes of paragraph 36.1.

36.3 The Scheme Property of a Fund must not be mortgaged.

37. GENERAL POWER TO ACCEPT OR UNDERWRITE PLACINGS

37.1 Any power in the COLL Sourcebook to invest in transferable securities may be used for the purpose of entering into transactions to which this paragraph applies, subject to compliance with any restriction in the Instrument.

37.2 This section applies, subject to paragraph 37.3, to any agreement or understanding:

37.2.1 which is an underwriting or sub-underwriting agreement; or

37.2.2 which contemplates that securities will or may be issued or subscribed for or acquired for the account of a Fund.

37.3 Paragraph 37.2 does not apply to:

37.3.1 an option; or

37.3.2 a purchase of a transferable security which confers a right:

37.3.2.1 to subscribe for or acquire a transferable security; or

37.3.2.2 to convert one transferable security into another.

37.3.3 The exposure of a Fund to agreements and understandings within paragraph 37.2 must, on any Business Day:

37.3.3.1 be covered in accordance with the requirements of paragraph 29; and

37.3.3.2 be such that, if all possible obligations arising under them had immediately to be met in full, there would be no breach of any limit in the COLL Sourcebook.

38. GUARANTEES AND INDEMNITIES

38.1 The Trustee for the account of a Fund must not provide any guarantee or indemnity in respect of the obligation of any person.

38.2 None of the Scheme Property of a Fund may be used to discharge any obligation arising under a guarantee or indemnity with respect to the obligation of any person.

38.3 Paragraphs 38.1 and 38.2 do not apply in respect of a Fund to:

38.3.1 any indemnity or guarantee given for margin requirements where the derivatives or forward transactions are being used in accordance with the COLL Sourcebook;

38.3.2 an indemnity falling within the provisions of regulation 62(3) (Exemptions from liability to be void) of the Treasury Regulations;

- 38.3.3 an indemnity (other than any provision in it which is void under regulation 62 of the Treasury Regulations) given to the Trustee against any liability incurred by it as a consequence of the safekeeping of any of the Scheme Property by it or by anyone retained by it to assist it to perform its function of the safekeeping of the Scheme Property; and
- 38.3.4 an indemnity given to a person winding up a Fund if the indemnity is given for the purposes of arrangements by which the whole or part of the property of that Fund becomes the first property of the Fund and the holders of units in that Fund become the first unitholders in the Fund.

39. STOCK LENDING

- 39.1 The Manager may request the Trustee to enter into stocklending transactions or a repo contract in respect of a Fund. However, the purpose of the stocklending transaction must be for the generation of capital or income for the Fund with no, or an acceptably low degree of risk.
- 39.2 There is no limit on the value of the Scheme Property which may be the subject of repo contracts or stock lending transactions.
- 39.3 Any stocklending arrangements or repo entered into must be of the kind described in section 263 B of the Taxation of Chargeable Gains Act 1992 (without extension by section 263 C), but only if:
 - 39.3.1 all the terms of the agreement under which securities are to be reacquired by the Trustee for the account of the Fund are in a form which is acceptable to the Trustee and are in accordance with good market practice;
 - 39.3.2 the counterparty is:
 - 39.3.2.1 an authorised person; or
 - 39.3.2.2 a person authorised by a Home State regulator; or
 - 39.3.2.3 a person registered as a broker-dealer with the Securities and Exchange Commission of the United States of America; or
 - 39.3.2.4 a bank, or a branch of a bank, supervised and authorised to deal in investments as principal, with respect to OTC derivatives by at least one of the following federal banking supervisory authorities of the United States of America: the Office of the Comptroller of the Currency; the Federal Deposit Insurance Corporation; the Board of Governors of the Federal Reserve System; and the Office of Thrift Supervision; and
 - 39.3.3 collateral is obtained to secure the obligation of the counterparty under the terms referred to in paragraph 39.3.1 and the collateral is:
 - 39.3.3.1 acceptable to the Trustee;
 - 39.3.3.2 adequate ; and
 - 39.3.3.3 sufficiently immediate .
- 39.4 The counterparty for the purpose of paragraph 39.3.2 is the person who is obliged under the agreement referred to in paragraph 39.3.1 to transfer to the Trustee the securities transferred by the Trustee under the stock lending arrangement or securities of the same kind.
- 39.5 Paragraph 39.3.3 does not apply to a stock lending transaction made through Euroclear Bank SA/NV's Securities Lending and Borrowing Programme.

40. TREATMENT OF COLLATERAL

- 40.1 Collateral is adequate for the purposes of this paragraph only if it is:
 - 40.1.1 transferred to the Trustee or its agent;
 - 40.1.2 at least equal in value, at the time of the transfer to the Trustee, to the value of the securities transferred by the Trustee; and
 - 40.1.3 in the form of one or more of:
 - 40.1.3.1 cash; or
 - 40.1.3.2 a certificate of deposit; or
 - 40.1.3.3 a letter of credit; or

- 40.1.3.4 a readily realisable security ; or
- 40.1.3.5 commercial paper with no embedded derivative content; or
- 40.1.3.6 a qualifying money market fund.
- 40.2 Where the collateral is invested in units in a qualifying money market fund managed or operated by (or, for an ICVC, whose authorised corporate director is) the Manager or an associate of the Manager, the conditions in paragraph 14.3 must be complied with.
- 40.3 Collateral is sufficiently immediate for the purposes of this paragraph if:
 - 40.3.1 it is transferred before or at the time of the transfer of the securities by the Trustee; or
 - 40.3.2 the Trustee takes reasonable care to determine at the time referred to in paragraph 40.3.1 that it will be transferred at the latest by the close of business on the day of the transfer.
- 40.4 The Trustee must ensure that the value of the collateral at all times is at least equal to the value of the securities transferred by the Trustee.
- 40.5 The duty in paragraph 40.4 may be regarded as satisfied in respect of collateral the validity of which is about to expire or has expired where the Trustee takes reasonable care to determine that sufficient collateral will again be transferred at the latest by the close of business on the day of expiry.
- 40.6 Any agreement for transfer at a future date of securities or of collateral (or of the equivalent of either) under this paragraph may be regarded, for the purposes of valuation and pricing of a Fund or this Appendix, as an unconditional agreement for the sale or transfer of property, whether or not the property is part of the property of a Fund.
- 40.7 Collateral transferred to the Trustee is part of the Scheme Property for the purposes of the rules in the COLL Sourcebook, except in the following respects:
 - 40.7.1 it does not fall to be included in any calculation of NAV or this Appendix, because it is offset under paragraph 40.6 by an obligation to transfer; and
 - 40.7.2 it does not count as Scheme Property for any purpose of this Appendix other than this paragraph.
- 40.8 Paragraphs 40.6 and 40.7.1 not apply to any valuation of collateral itself for the purposes of this paragraph.

41. GENERAL

- 41.1 It is envisaged that a Fund will normally be fully invested but there may be times that it is appropriate not to be fully invested when the Manager reasonably regards this as necessary in order to enable the redemption of units, efficient management of the Fund or any one purpose which may reasonably be regarded as ancillary to the investment objectives of the Fund.
- 41.2 Where the Fund invests in or disposes of units or shares in another collective investment scheme which is managed or operated by the Manager or an associate of the Manager, the Manager must pay to the Fund by the close of business on the fourth business day the amount of any preliminary charge in respect of a purchase, and in the case of a sale, any charge made for the disposal.
- 41.3 A potential breach of any of these limits does not prevent the exercise of rights conferred by investments held by a Fund but, in the event of a consequent breach, the Manager must then take such steps as are necessary to restore compliance with the investment limits as soon as practicable having regard to the interests of Unitholders.

42. SIGNIFICANT INFLUENCE

- 42.1 The Manager shall not acquire, or cause to be acquired for a Fund, transferable securities issued by a body corporate and carrying rights to vote (whether or not on substantially all matters) at a general meeting of that body corporate if immediately before the acquisition, the aggregate of any such securities held for the Fund, taken together with any such securities already held for other authorised unit trusts of which it is also the Manager, gives the Manager power significantly to influence the conduct of business of that body corporate; or the acquisition gives the Manager that power.

- 42.2 The Manager is to be taken to have power significantly to influence the conduct of business of a body corporate if it can, because of the transferable securities held for all the authorised unit trusts of which it is the Manager, exercise or control the exercise of 20% or more of the voting rights in that body corporate (disregarding for this purpose any temporary suspension of voting rights in respect of the transferable securities of that body corporate).

43. CONCENTRATION

43.1 The Funds:

- 43.1.1 must not acquire transferable securities other than debt securities which:
 - 43.1.1.1 do not carry a right to vote on any matter at a general meeting of the body corporate that issued them; and
 - 43.1.1.2 represent more than 10% of these securities issued by that body corporate;
- 43.1.2 must not acquire more than 10% of the debt securities issued by any single issuing body;
- 43.1.3 must not acquire more than 10% (or 25% in the case of Legal & General Dynamic Bond Trust, Legal & General UK Equity Income Fund, Legal & General Worldwide Trust, Legal & General Emerging Markets Government Bond (US\$) Index Fund, Legal & General Global Inflation Linked Bond Index Fund, Legal & General Global Real Estate Dividend Index Fund, Legal & General High Income Trust, Legal & General Growth Trust, Legal & General Short Dated Sterling Corporate Bond Index Fund, Legal & General UK Special Situations Trust, Legal & General Distribution Trust and Legal & General UK Mid Cap Index Fund) of the units in a collective investment scheme;
- 43.1.4 must not acquire more than 10% of the money market instruments issued by any single body; and
- 43.1.5 need not comply with the limits in paragraphs 40.3.2 and 43.1.3 of this Appendix if, at the time of the acquisition, the net amount in issue of the relevant investment cannot be calculated.

APPENDIX V

Valuation of the Funds

Calculation of the Net Asset Value

The value of the property of a Fund shall be the value of its assets less the value of its liabilities determined in accordance with the following provisions.

1. All the property of a Fund (including receivables) is to be included, subject to the following provisions.
2. The valuation of the property of a Fund shall consist of two parts, one on an issue basis and one on a cancellation basis calculated in accordance with the following provisions.

2.1 **The valuation of property for that part of the valuation which is on an issue basis is as follows:**

2.1.1 Property which is not cash (or other assets dealt with in paragraphs 3 and 4 below) shall be valued as follows and the prices used shall (subject as follows) be the most recent prices which it is practicable to obtain:

2.1.1.1 units or shares in a collective investment scheme:

- (a) if a single price for buying and selling units or shares is quoted, at that price (plus any dealing costs, which means any fiscal charges, commission or other charges (including any preliminary charge) payable in the event of the Fund carrying out the transaction in question, assuming that the commission and charges (other than fiscal charges) which would be payable by the Fund are the least that could reasonably be expected to be paid in order to carry out the transaction and including any dilution levy or SDRT provision which would be added in the event of a purchase by the Fund of the units in question (except that, where the Manager, or an Associate of the Manager, is also the manager or authorised corporate director of the collective investment scheme whose units are held by the Fund, dealing costs must not include a preliminary charge which would be payable in the event of a purchase by the Fund of those units); or
- (b) if separate buying and selling prices are quoted, the most recent maximum sale price, less any expected discount (plus any dealing costs, which means any fiscal charges, commission or other charges (but excluding any preliminary charge on sale of units in a collective investment scheme) payable in the event of the Fund carrying out the transaction in question, assuming that the commission and charges (other than fiscal charges) which would be payable by the Fund are the least that could reasonably be expected to be paid in order to carry out the transaction); but where the Manager, or an Associate of the Manager, is also the manager or authorised corporate director of the collective investment scheme whose units are held by the Fund, the issue price shall be taken instead of the maximum sale price; or
- (c) if, in the opinion of the Manager, the price obtained is unreliable or no recent traded price is available or if no recent price exists, at a buyer's price which, in the opinion of the Manager, is fair and reasonable;

2.1.1.2 any other investment:

- (a) the best available market dealing offer price on the most appropriate market in a standard size (plus any dealing costs, which means any fiscal charges, commission or other charges payable in the event of the Fund carrying out the transaction in question, assuming that the commission and charges (other than fiscal charges) which would be payable by the Fund are the least that could reasonably be expected to be paid in order to carry out the transaction); or
- (b) if, in the opinion of the Manager, the price obtained is unreliable or no recent traded price is available or if no recent price exists, at a buyer's price which, in the opinion of the Manager, is fair and reasonable.

2.1.1.3 if any other property, or no price exists under paragraphs 2.1.1.1 or 2.1.1.2 the Manager's reasonable estimate of a buyer's price (plus any

dealing costs, which means any fiscal charges, commission or other charges payable in the event of the Fund carrying out the transaction in question, assuming that the commission and charges (other than fiscal charges) which would be payable by the Fund are the least that could reasonably be expected to be paid in order to carry out the transaction but excluding any preliminary charge on sale of units in a collective investment scheme). The buyer's price is the consideration which would be paid by the buyer for an immediate transfer or assignment (or, in Scotland, assignation) to him or her at arm's length.

2.2 **The valuation of property for that part of the valuation which is on a cancellation basis is as follows:**

2.2.1 Property which is not cash (or other assets dealt with in paragraphs 3 and 4 below) shall be valued as follows and the prices used shall (subject as follows) be the most recent prices which it is practicable to obtain:

2.2.1.1 units or shares in a collective investment scheme:

- (a) if a single price for buying and selling units or shares is quoted, at that price (less any dealing costs, which means any fiscal charges, commission or other charges payable in the event of the Fund carrying out the transaction in question, assuming that the commission and charges (other than fiscal charges) which would be payable by the Fund are the least that could reasonably be expected to be paid in order to carry out the transaction, any charge payable on the redemption of units in a collective investment scheme, (taking account of any expected discount, any dilution levy or SDRT provision which would be deducted in the event of a sale by the Fund of the units in question (except that, where the Manager, or an Associate of the Manager, is also the manager or authorised corporate director of the collective investment scheme whose units are held by the Fund, dealing costs must not include a redemption charge which would be payable in the event of a sale by the Fund of those units); or
- (b) if separate buying and selling prices are quoted, at the most recent minimum redemption price (less any dealing costs, which means any fiscal charges, commission or other charges payable in the event of the Fund carrying out the transaction in question, assuming that the commission and charges (other than fiscal charges) which would be payable by the Fund are the least that could reasonably be expected to be paid in order to carry out the transaction and any charge payable on the redemption of units in a collective investment scheme (except that, where the Manager, or an Associate of the Manager, is also the manager or authorised corporate director of the collective investment scheme whose units are held by the Fund, dealing costs must not include a redemption charge which would be payable in the event of a redemption by the Fund of those units), less any expected discount); but, if the property sold in one transaction would amount to a large deal (as defined in the Glossary), the cancellation price shall be taken instead of the minimum redemption price; or
- (c) if, in the opinion of the Manager, the price obtained is unreliable or no recent traded price is available or if no recent price exists, at a seller's price which, in the opinion of the Manager, is fair and reasonable;

2.2.1.2 any other investment:

- (a) the best available market dealing bid price on the most appropriate market in a standard size (less any dealing costs, which means any fiscal charges, commission or other charges payable in the event of the Fund carrying out the transaction in question, assuming that the commission and charges (other than fiscal charges) which would be payable by the Fund are the least that could reasonably be expected to be paid in order to carry out the transaction); or
- (b) if, in the opinion of the Manager, the price obtained is unreliable or no recent traded price is available or if no recent price exists, at a seller's price which, in the opinion of the Manager, is fair and reasonable;

2.2.1.3 if any other property, or no price exists under paragraphs 2.2.1.1 or 2.2.1.2 the Manager's reasonable estimate of a seller's price (less any dealing costs, which means any fiscal charges, commission or other charges payable in the event of the Fund carrying out the transaction in question, assuming that the commission and charges (other than

fiscal charges) which would be payable by the Fund are the least that could reasonably be expected to be paid in order to carry out the transaction and including any charge payable on the redemption of units in a collective investment scheme, (taking account of any expected discount, any dilution levy or SDRT provision which would be deducted in the event of a sale by the Fund of the units in question) (except that, where the Manager, or an associate of the Manager, is also the manager or authorised corporate director of the collective investment scheme whose units are held by the Fund, dealing costs must not include a redemption charge which would be payable in the event of a sale by the Fund of those units). The seller's price is the consideration which would be received by a seller for an immediate transfer or assignment (or, in Scotland, assignation) to him or her at arm's length.

3. Property which is a derivative transaction shall be treated as follows:

- (a) if a written option, (and the premium for writing the option has become part of the Scheme Property) deduct the amount of the net valuation of premium (estimated on the basis of writing an option of the same series on the best terms then available on the most appropriate market on which such options are traded, but, in the case of the calculation of the issue basis, deduct and, in the case of the calculation of the cancellation basis, add, dealing costs); but if it is an OTC derivative, the valuation methods in COLL 5.2.23R shall be used; or
- (b) if an off-exchange future, include at the net value of closing out (in the case of the calculation of the issue basis and cancellation basis, estimated on the basis of the amount of profit or loss receivable or incurable by the Fund on closing out the contract and deducting minimum dealing costs in the case of profit and adding them in the case of loss; but if it is an OTC derivative, the valuation methods in COLL 5.2.23R shall be used); or
- (c) if any other form of derivative transaction, include at the net value of margin on closing out (estimated on the basis of the amount of margin (whether receivable or payable by the Fund on closing out the contract) on the best terms then available on the most appropriate market on which such contracts are traded if that amount is receivable by the Fund deduct dealing costs but if that amount is payable then add minimum dealing costs so that the value is the figure as a negative sum); but if it is an OTC derivative, the valuation methods in COLL 5.2.23R shall be used.

4. Cash and amounts held in current and deposit accounts shall be valued at their nominal values.

5. In determining the value of the Scheme Property, all instructions given to the Trustee to issue or cancel units shall be assumed (unless the contrary is shown) to have been carried out and any cash paid or received (or, in the case of an in specie transfer, assets transferred) and all required consequential action required by the COLL Sourcebook or the Trust Deed shall be assumed (unless the contrary is shown) to have been taken.

6. Subject to paragraphs 7 and 8 below, agreements for the unconditional sale or purchase of property which are in existence but uncompleted shall be assumed to have been completed and all consequential action required by their terms assumed to have been taken. Such unconditional agreements need not be taken into account if made shortly before the valuation takes place and, in the opinion of the Manager, their omission shall not materially affect the final net asset amount.

7. Futures or contracts for differences which are not yet due to be performed and unexpired written or purchased options which have not been exercised shall not be included under paragraph 6.

8. All agreements are to be included under paragraph 6 which are, or ought reasonably to have been, known to the person valuing the property assuming that all other persons in the Manager's employment take all reasonable steps to inform it immediately of the making of any agreement.

9. Deduct an estimated amount for anticipated tax liabilities (on unrealised capital gains where the liabilities have accrued and are payable out of the property of the Fund; on realised capital gains in respect of previously completed and current accounting periods; and on income where liabilities have accrued) including (as applicable and without limitation) capital gains tax, income tax, corporation tax, value added tax, stamp duty and stamp duty reserve tax.

10. Deduct an estimated amount for any liabilities payable out of the property of the Fund and any tax thereon (treating periodic items as accruing from day to day).
11. Deduct the principal amount of any outstanding borrowings whenever payable and any accrued but unpaid interest on borrowings.
12. In the case of a margined contract, deduct any amount reasonably anticipated to be paid by way of variation margin.
13. Add an estimated amount for accrued claims for tax of whatever nature which may be recoverable.
14. Add any other credits due to be paid into the property of the Fund.
15. In the case of a margined contract, add any amount reasonably anticipated to be received by way of variation margin.
16. Add a sum representing any interest or any income accrued due or deemed to have accrued but not received and any stamp duty reserve tax provision anticipated to be received.
17. The valuation is in the Fund's base currency. To convert to the base currency the value of property which would otherwise be valued in another currency the Manager will either:
 - 17.1.1 select a rate of exchange which represents the average of the highest and lowest rates quoted at the relevant time for conversion of that currency into base currency on the market on which the manager would normally deal if it wished to make such a conversion; or
 - 17.1.2 invite the Trustee to agree that it is in the interests of Unitholders to select a different rate, and, if the Trustee so agrees, use that other rate.

APPENDIX IX

Remuneration Policy

Legal & General (Unit Trust Managers) Limited (**LGUTM**) is authorised and regulated by the Financial Conduct Authority and has the regulatory permissions necessary to act as a UCITS Management Company in the UK. It also acts as the Alternative Investment Fund Manager (AIFM) to a range of UK Non UCITS Retail Schemes and Common Investment Fund, which are classified as Alternative Investment Funds under AIFMD.

LGUTM acts as Authorised Corporate Director to this authorised UCITS fund and it is therefore responsible for the day to day management of this fund or for each sub-fund that sits within this umbrella and it is also responsible for appointing delegates to act as discretionary investment manager on its behalf.

The UCITS legislation requires that UCITS Management Companies put in place remuneration policies and practices that:-

- are consistent with and promote sound and effective risk management of the UCITS;
- do not encourage risk-taking which is inconsistent with the risk profiles or fund rules governing the relevant UCITS; and
- do not impair compliance with the UCITS manager's duty to act in the best interests of the UCITS and its underlying investors
- are in line with the business strategy, objectives, values and interests of the management company and the UCITS which it manages and of the investors in those UCITS; and
- include measures to avoid conflicts of interest.

All UCITS Management Companies must disclose information regarding their remuneration policy in order to give visibility of remuneration practices to both existing and prospective investors. In particular the UCITS Management Company must ensure:-

1. the remuneration of the senior officers in the risk management and compliance functions is overseen directly by the remuneration committee, where such a committee exists
2. fixed and variable components of total remuneration are appropriately balanced and the fixed component represents a sufficiently high proportion of the total remuneration to allow the operation of a fully flexible policy on variable remuneration components, including the possibility to pay no variable remuneration component;
3. guaranteed variable remuneration is exceptional, occurs only in the context of hiring new staff and is limited to the first year of engagement;
4. the assessment of performance is set in a multi-year framework appropriate to the holding period recommended to the investors of the UCITS managed by the management company in order to ensure that the assessment process is based on the longer-term performance of the UCITS and its investment risks and that the actual payment of performance-based components of remuneration is spread over the same period;
5. only pay variable remuneration if it is sustainable according to the UCITS manager's financial situation as a whole;
6. a substantial portion, and in any event at least 40%, of the variable remuneration component, is deferred over a period which is appropriate in view of the holding period recommended to the investors of the UCITS concerned and is correctly aligned with the nature of the risks of the UCITS in question. The period referred to in this point shall be at least three years; remuneration payable under deferral arrangements vests no faster than on a pro-rata basis; in the case of a variable remuneration component of a particularly high amount, at least 60% of the amount shall be deferred.
7. subject to the legal structure of the UCITS and its fund rules or instruments of incorporation, a substantial portion, and in any event at least 50%, of any variable remuneration component consists of units of the UCITS concerned, equivalent ownership interests, or share-linked instruments or equivalent non-cash instruments with equally effective incentives as any of the instruments referred to in this point, unless the management of the UCITS accounts for less than 50% of the total portfolio managed by the management company, in which case the minimum of 50% does not apply;
8. payments relating to the early termination of a contract reflect performance achieved over time and are designed in a way that does not reward failure; and

9. the pension policy is in line with the business strategy, objectives, values and long-term interests of the management company and the UCITS that it manages.

UTM Company Structure

Legal & General (Unit Trust Managers) Limited (**LGUTM**) is a wholly owned subsidiary of Legal & General Investment Management (Holdings) Limited (**LGIMH**). Its primary delegate for the provision of Investment Management services as well as Promotion and Distribution of its UCITS fund range is Legal & General Investment Management Limited (**LGIM**), which is also a wholly owned subsidiary of LGIMH.

UTM Business Mix

- LGUTM acts as Authorised Fund Manager (**AFM**) to a range of 48 FCA Authorised Unit Trusts (AUTs) which are all UCITS schemes.
- LGUTM acts as Authorised Fund Manager (**AFM**) to a range of 4 FCA Authorised Unit Trusts (AUTs) which are all Non UCITS Retail Schemes (**NURS**) subject to AIFMD.
- LGUTM acts as Authorised Fund Manager (**AFM**) to the Legal & General Multi-Index Funds, an FCA authorised Umbrella Unit Trust company with 8 sub-funds, which are all Non UCITS Retail Schemes (**NURS**) subject to AIFMD.
- LGUTM acts as Authorised Corporate Director (**ACD**) to Legal & General Investment Funds ICVC, a single sub-fund Open Ended Investment Company, whose sole sub-fund is a Property Alternative Investment Fund (**PAIF**) subject to AIFMD.
- LGUTM acts as Manager to the Charities AID Foundation UK Equitrack Fund, a Common Investment Fund that is an unregulated Collective Investment Scheme subject to AIFMD.

UMBRELLA COMPANY	STATUS	AUM	% TOTAL AUM
AUTHORISED UNIT TRUSTS (VARIOUS)	UCITS	£34,027,000,000.00	84.77%
AUTHORISED UNIT TRUSTS (VARIOUS)	NURS (AIF)	£5,761,000,000.00	14.35%
UCIS	UCIS	£351,000,000.00	0.88%
As At 30.DEC.2016		TOTAL	£40,139,000,000.00
			100.00%

As per the table above more than 50% of the assets under management (**AUM**) held within pooled investment mandates that the UTM acts as Management Company is held in funds which are subject to the UCITS Directive, with the remaining 15.231% held in funds subject to the AIFMD Directive. This information is correct as at the 31.DEC.2016 and the business mix will be reviewed annually over time.

Practical Application

It is important to note that LGUTM does not contractually employ any full time or even part time employees therefore it pays no remuneration, either fixed or variable to any individuals itself. However

UTM does have individuals contractually employed by its holding company Legal & General Investment Management (Holdings) Limited (**LGIMH**) or by a group affiliate Legal & General Resources Limited (**LGR**) that are engaged by LGUTM to fulfil controlled functions on behalf of the LGUTM. LGUTM also delegates significant risk taking activities to its primary delegate, Legal & General Investment Management Limited (LGIM), the individuals acting on behalf of LGIM are also contractually employed by the same holding company.

LGUTM will be entirely reliant on the remuneration policy of LGIMH and LGR to ensure that both individuals undertaking controlled functions on its behalf and those individuals whose professional activities have a material impact on the risk profile of UCITS Management Company or the UCITS which they manage are remunerated in a fashion that is consistent with, if not exactly the same as, the UCITS V remuneration requirements.

LGIMH subsidiaries including, but not limited to, LGUTM and LGIMH and LGR are subject to a number of remuneration regimes, including BIPRU, AIFMD, Solvency II and UCITS V. Therefore, to the fullest extent possible, LGIMH and LGR will seek to apply a single remuneration policy for all of its employees that is consistent with the requirements of these varying directives. However it will also apply the concept of proportionality to allow for the payment of deferred variable remuneration in the shares of Legal & General Group Plc, as opposed to payment being made in the shares of a particular UCITS or range of UCITS.

The remuneration policy that has been put in place by LGIMH and LGR is consistent with the overarching Group-wide remuneration policy, which is applied across Legal & General Group plc., and is overseen by the Group Remuneration Committee, which operates within a documented terms of reference. The policy is designed to reward investment professionals and other senior management personnel for long term performance of the assets which they manage, it substantively observes the principles enshrined within the UCITS V directive. The policy will be under regular review for the remainder of 2017 and updated to ensure that it is consistent with FCA expectation and wider market practice. The key features of the remuneration policy include:-

- a documented appraisal process that ensure that individual performance is reviewed against objectives, that seek to ensure the fair treatment of customers;
- a specific percentage of any variable remuneration that is paid is deferred and is typically paid in non-cash instruments, namely in the shares of Legal & General Group Plc, these shares must be held for a specified period of time (usually three years) before they can be sold;
- The concepts of Malus and Clawback exist and are legally enforceable depending on the nature of a colleague's departure, i.e. they are a good leaver or a bad leaver.

Further details regarding the LGIMH and LGR remuneration policies will be published during 2016 and 2017 on its website <http://www.lgim.com/uk/en/remuneration/>.

Disclosure

LGIMH and LGR will ensure that appropriate information is made available to LGUTM to ensure that suitable disclosures are made to the investors in LGUTM's UCITS Funds, for the individuals employed to fulfil controlled functions on behalf of LGUTM, for the named lead Fund Manager and the Investment Desk which they work within. Context will be provided by disclosing the AUM of the particular UCITS Fund, against the AUM managed by the named Fund Manager and the Investment Desk which work within. The requisite disclosures will be made in the annual reports and accounts. The fact that LGUTM has no contractual employees does not mean that investors in its UCITS will not have transparency regarding the remuneration of the key risk takers involved in the management of their Fund.
